Independent Auditor's Report

401(k) Committee
BRP US Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BRP US Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the BRP US Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of BRP US Inc., Triton Industries, Inc., Alumacraft Boat Co. and related entities (collectively, the Company) who are at least 18 years of age and have completed 30 days of service, with certain exceptions. Ineligible employees, as defined in the Plan agreement, include union employees, non-resident alien employees, leased employees, employees classified as independent contractors and expatriate employees who are participating in their home country's retirement benefit Plan. The Plan's 401(k) Committee is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants are allowed to contribute a percentage of pretax compensation as defined by the Plan, subject to the maximum amount allowed by the Internal Revenue Code (IRC), as defined, up to the maximum amount allowable by the Internal Revenue Service (IRS). Participants are subject to an automatic deferral amount which requires 6% of compensation to be withheld unless the participant makes a contrary election. Notwithstanding any of the foregoing, a participant may elect to defer 0% and may elect to contribute up to 50% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Roth deferrals are allowed.

For employees of BRP US Inc., the Company contributes a match equal to 100% of the first 6% of compensation, as defined in the Plan, that a participant contributes to the Plan.

For employees of Triton Industries, Inc., the Company contributes a match equal to 100% of elective deferrals that do not exceed 3% of compensation, plus 50% of elective deferrals that exceed 3% but do not exceed 5% of compensation.

For employees of Alumacraft Boat Co., the Company contributes a match equal to 100% of elective deferrals that do not exceed 1% of compensation, plus 50% of elective deferrals that exceed 1% but do not exceed 6% of compensation.

Additional discretionary contributions may be made at the option of the Company's Board of Directors. There were no Company discretionary contributions made for the year ended December 31, 2022.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, and (b) Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting: Participants are vested immediately in their contributions, and actual earnings thereon.

For employees of BRP US Inc., Triton Industries, Inc., and Alumacraft Boat Co., participants are immediately vested in the Company's match, and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. Company discretionary contributions for BRP US Inc. have a four-year graded vesting period. Employees of BRP US Inc. who have completed less than two years of service are 0% vested, employees who have completed at least two years of service are 50% vested, employees who have completed at least three years of service are 75% vested, and employees who have completed at least four years of service are 100% vested.

For employees of Triton Industries, Inc., the Company's discretionary contribution portion of their accounts has a two-year graded vesting period. Employees who have completed one year of service are 50% vested and employees who have completed at least two years of service are 100% vested.

For employees of Alumacraft Boat Co., the Company's discretionary contribution portion of their accounts has a two-year graded vesting period. Employees who have completed one year of service are 25% vested and employees who have completed at least two years of service are 100% vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balance in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to two loans outstanding at a certain point in time. The term of the loans may not exceed five years unless it is for the purchase of a primary residence in which case the loan term may be up to 15 years. The loans are secured by the balance in the participant's accounts and bear interest, as defined in the Plan. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are paid to the participant or beneficiary upon death, hardship, retirement or termination of employment or attaining the age of 70½, up to the amount of the participant's vested account balance. Once a participant has reached the age of 59½, distributions may be made, at the participant's election. The Plan allows for the automatic lump-sum distribution of terminated participants' vested account balances that do not exceed \$1,000.

Forfeited accounts: These accounts may be used to reduce future Company contributions and/or to pay the expenses of the Plan. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$59,300 and \$66,800, respectively. During 2022, forfeitures of approximately \$62,200 were used to reduce Company contributions.

Note 2. Summary of Significant Accounting Policies

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits: Benefits paid to participants are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i – schedule of assets (held at end of year).

Administrative expenses: Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. Expenses paid by the Plan sponsor are excluded from these Plan financial statements. Loan administration fees are paid by the participant electing the loan.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Charles Schwab Trust Bank, the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Charles Schwab Trust Bank, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at fair value:		
Units of common collective trusts	\$ 25,692,670	\$ 31,048,752
Shares of registered investment companies	94,893,000	109,664,907
Notes receivable from participants	1,421,391	1,256,558

Charles Schwab also certified to the completeness and accuracy of \$27,342,169 of net depreciation in fair value of investments, \$3,940,595 of interest and dividends and \$55,941 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Units of common collective trusts: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021. Classifications within the fair value hierarchy table are based on the lowest level of any input that is significant to the fair value measurement.

2022				
Assets Measured at Fair Value				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 94,893,000	\$ -	\$ -	\$ 94,893,000
Investments measured at NAV ^(a)				25,692,670
Investments at fair value				<u>\$ 120,585,670</u>

2021				
Assets Measured at Fair Value				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 109,664,907	\$ -	\$ -	\$ 109,664,907
Investments measured at NAV ^(a)				31,048,752
Investments at fair value				<u>\$ 140,713,659</u>

^(a) In accordance with Subtopic 820-10, certain investments at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The 401(k) Committee evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

Investments measured using the NAV per share practical expedient: The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan:

	2022			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Invesco units of common collective trusts	\$ 7,712,849	\$ -	Daily	12 months
State Street units of common collective trusts	\$ 17,979,821	\$ -	Daily	None

	2021			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Invesco units of common collective trusts	\$ 6,241,450	\$ -	Daily	12 months
State Street units of common collective trusts	\$ 24,807,302	\$ -	Daily	None

Note 5. Related-Party and Party-in-Interest Transactions

Charles Schwab is the trustee, as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab, or its affiliates, were approximately \$199,000 for the year ended December 31, 2022.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a pre-approved defined contribution plan sponsored by Charles Schwab Trust Bank. The pre-approved defined contribution plan has received an opinion letter from the Internal Revenue Service as to the pre-approved defined contribution plan's qualified status. The pre-approved defined contribution plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved defined contribution plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 122,431,789	\$ 142,316,969
Differences in:		
Company contributions receivable	(119,305)	(85,595)
Participant contributions receivable	(191,682)	(123,244)
Net assets available for benefits per Form 5500	<u>\$ 122,120,802</u>	<u>\$ 142,108,130</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Decrease in net assets available for benefits per the financial statements	\$ (19,885,180)
Differences in:	
Participant contributions	(68,438)
Company contributions	(33,710)
Investment income	(12,607)
Interest on notes receivable from participants	12,607
Net decrease in net assets available for benefits per Form 5500	<u>\$ (19,987,328)</u>

Note 9. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
