Independent Auditors' Report

To the Board of Directors of:
American Military Academy Retirement Plan
Guaynabo, PR

Opinion

We have audited the accompanying financial statements of American Military Academy Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of American Military Academy Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Military Academy Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Military Academy Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Military Academy Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Military Academy Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Military Academy Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the American Military Academy Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established in 1996 as a profit-sharing plan with a cash-or-deferred arrangement, covering substantially all employees of Corporación Educativa Ramón Barquín/ DBA American Military Academy (the Plan Sponsor), who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute to the Plan on a voluntary basis up to 10% of their pre-tax compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan's sponsor will contribute a discretionary matching contribution. The Plan's Sponsor contributes \$.05 for each dollar of the participant's contribution up to 4% of their compensation, as defined. The employer reserves the right to increase, decrease or eliminate its matching contributions for the subsequent Plan years. To be eligible for allocation of the Plan Sponsor's contributions, a participant must have worked at least 1,000 hours during the applicable computation period.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of: (a) the Plan Sponsor's contribution and, (b) Plan earnings. The Plan Sponsor absorbs the Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions portion of their accounts plus earnings thereon is based on year of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	40%
3	60%
4	80%
5	100%

Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers equity and money market funds.

Participant Loans – Loans to participants were terminated during 2013.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's

vested interest in his or her account in either a lump-sum amount, in annuity or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures – Upon a participant's termination from the Company or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited and will be used to reduce future Plan Sponsor contribution. At December 31, 2022 and 2021, the forfeitures account balance amounted to \$6,518 and \$7,479, respectively.

Administrative Expenses – Administrative expenses are paid directly by the Plan Sponsor.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies followed by the Plan:

Basis of Presentation – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices when available and/or yields currently available on comparable securities of issuers with similar credit ratings are used to value investments. Shares of Mutual Funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties – The Plan invests in various investment instruments, including money market and mutual funds. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated the impact of subsequent events through October 12, 2023, which is the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820-10-35 establishes a framework, for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurement) and the lowest priority to unobservable inputs (level III measurements). The three levels of the fair value hierarchy are described as follows:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the plan has the ability to access.
Level II	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund is valued using amortized cost which approximates fair value.

Mutual funds are valued at the net asset value of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021:

Assets At Fair Value as of December 31, 2022

	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Money market fund	\$ 451,810	\$ —	\$ —	\$ 451,810
Mutual funds	1,235,177	—	—	1,235,177
Total investments	<u>\$ 1,686,987</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,686,987</u>

Assets At Fair Value as of December 31, 2021

	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Money market fund	\$ 495,861	\$ —	\$ —	\$ 495,861
Mutual funds	1,494,842	—	—	1,494,842
Total investments	<u>\$ 1,990,703</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,990,703</u>

4. TAX STATUS

The Plan constitutes a qualified plan, exempt from income tax under the provisions of Section 1081.01 of the Puerto Rico Internal Revenue Code for New Puerto Rico (the 2011 Code), as amended. The Plan is not a qualified plan under the Internal Revenue Code of the United States.

Accounting principles generally accepted in the United States of America (GAAP) require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Commonwealth of Puerto Rico. The plan is subject to routine audits by the Commonwealth of Puerto Rico; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

The Plan complied with the nondiscrimination tests for the years ended December 31, 2022 and 2021. This test requires compliance with a determined percentage of contributions to the Plan as established in Section 1081.01. The Plan Sponsor has the following alternatives to correct a non-compliance: additional employer contributions to non-highly compensated participants; reimbursement to highly compensated participants of their excess contributions, which would result in reporting this reimbursement as taxable income for the year in which the noncompliance takes place; or reclassifying the excess contributions of high compensated participants as a post tax contributions, which require reporting this excess amount as a taxable income for the year in which reclassification takes place.
