Independent Auditors' Report

Plan Sponsor and Plan Administrator
Service Lloyds Insurance Company
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Service Lloyds Insurance Company Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institutions as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i, - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Service Lloyds Insurance Company Profit Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Service Lloyds Insurance Company Profit Sharing and 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established and effective on January 1, 1968. All employees, except leased employees, re-classified employees, and temporary casual employees, of Service Lloyds Insurance Company (the “Company”) are eligible to participate in the Plan. The Plan provides for a qualified cash or deferred arrangement (“CODA”) described in Section 401(k) of the Internal Revenue Code (the “Code”). The Plan is administered and trusted by Fidelity Management Trust Company and is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Investments and Investment Options

Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various common collective trusts and mutual funds. Participant contributions may be invested in any or all of the investment options. Participants may change their investment options at any time.

The Plan offers a stable value investment option (“SVF”), which is intended to provide a stable return on investment and protection of principal from changes in market interest rates. The SVF is a collective investment trust that invests in a group annuity contract (which has underlying investments in various guaranteed investment contracts, synthetic guaranteed investment contracts and securities) issued by the fund provider. Participant withdrawals from the SVF are generally transacted at the fund’s per-share net asset value (“NAV”).

Certain events prompting a withdrawal from the SVF may be transacted at the fair value of its underlying investments, which may be less than the NAV. Participants are generally prohibited from transferring their respective balances (in whole or in any part) in the Stable Value Fund directly into other Plan investment options that are considered to be competing investment options. Instead, participants must first transfer such balances into a non-competing Plan investment option for 90 days before transferring such balances into a competing Plan investment option. There were no unfunded commitments as of December 31, 2022 and 2021.

Contributions

Participants may elect to contribute to the Plan up to the maximum dollar limitation contained in Section 402(g) of the Code in effect at the beginning of the Plan year. Such contributions are recorded by the Plan in the period in which the Company makes applicable payroll deductions.

Service Lloyds Insurance Company

Profit Sharing and 401(k) Plan

Notes to Financial Statements

The Company may elect to make a matching contribution to all employees as a percentage of the employee's deferral compensation, as defined, subject to the limits provided by the Code. The Company may also elect to make a profit-sharing contribution with allocation based on the participant's compensation, as defined.

For the years ended December 31, 2022 and 2021, the Company elected to contribute a match contribution to all employees at a rate of 100% of the first 3% and 50% of the next 2% of their deferral compensation. The total matching contribution for the years ended December 31, 2022 and 2021 were \$345,811 and \$324,690, respectively. Additionally, the Company elected to make a profit-sharing contribution, net of forfeitures, in the amount of \$916,103 and \$831,829 for the years ended December 31, 2022 and 2021, respectively.

Participant's Account

Each participant's account is credited with the participant's contributions and allocations of the Company matching contributions, the Company's profit-sharing contribution, if any, and investment earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employees become eligible to participate in the contribution portion of the Plan on the first day of the month following the completion of one month of service. Employees may change their Plan contribution and may stop their Plan contribution at anytime. Employees become eligible to participate in the safe harbor contribution after completion of one year and 1,000 hours of service. A participant will receive an allocation of the Company's profit-sharing contributions if the participant is employed by the Company on the last day of the Plan year, has completed one year of service and has completed at least 1,000 hours during such Plan year, as defined in the Plan document.

Vesting and Forfeitures

Participants are immediately 100% vested in their deferral contributions and in their allocation of the Company's matching contribution and the related earnings thereon. The Company's profit-sharing contribution becomes vested based on the participant's number of years of service with the Company according to the following schedule: 2 years – 20% vested; 3 years – 40% vested; 4 years – 60% vested; 5 years – 80% vested; and 6 years or more – 100% vested.

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeiture occurs in the Plan year in which a participant receives a distribution of their vested account or after five consecutive one-year breaks in service, as defined. The Plan allows the Company to use forfeitures to reduce profit sharing and employer matching contributions.

Service Lloyds Insurance Company

Profit Sharing and 401(k) Plan

Notes to Financial Statements

Forfeitures were used to reduce the Company's profit-sharing contributions in the amount of \$26,114 and \$37,376 for the years ended December 31, 2022 and 2021, respectively. Forfeitures were used to reduce the Company's employer matching contributions in the amount of \$7,455 and \$1,458 for the years ended December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their deferral contributions fund account a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid within five years unless used for purchase of a primary residence. Loans are secured by the vested balance of the participant's account and bear interest at the prime rate plus 1% as reported by Thomson Reuters on the date of the loan application. The interest rate on all outstanding loans was 4.25% - 6.50% as of December 31, 2022. Principal and interest are paid rateably through monthly payroll deductions.

Benefit Payments

The Plan provides for distributions to participants or their beneficiaries, upon retirement, death, disability, or termination of employment. A participant's account may be distributed by:

1. lump sum payments
2. annuities
3. installment payments
4. partial withdrawals
5. cash outs and implementation of required rollover rule
6. a combination of the above

The Plan also provides for hardship withdrawals from a participant's elective deferral account in the event of an immediate and heavy financial hardship, as defined. Certain restrictions apply.

If the Plan is terminated, the assets will be liquidated and distributed, less the proportionate share of the expenses of the termination, to the participants. The Company does not have any present intention to terminate the Plan.

Administrative Expenses

Administrative costs and expenses, including trustee, legal, loan administration, and accounting fees are paid out of the Plan unless paid directly by the Company.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payments of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

<i>December 31,</i>	2022	2021
Common collective trusts	\$ 12,873,802	\$ 15,027,177
Mutual funds	17,229,160	19,267,367
Notes receivable from participants	383,509	359,795
<i>Years ended December 31,</i>	2022	2021

Interest and dividends income	454,589	592,347
Interest income on notes receivable from participants	17,772	18,660

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered investment funds. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of shares held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value.

Service Lloyds Insurance Company

Profit Sharing and 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,229,160	\$ -	\$ -	\$ 17,229,160
Total assets in the fair value hierarchy	17,229,160	-	-	17,229,160
Investments measured at net asset value*	-	-	-	12,873,802
Investments at fair value	\$ 17,229,160	\$ -	\$ -	\$ 30,102,962

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,267,367	\$ -	\$ -	\$ 19,267,367
Total assets in the fair value hierarchy	19,267,367	-	-	19,267,367
Investments measured at net asset value*	-	-	-	15,027,177
Investments at fair value	\$ 19,267,367	\$ -	\$ -	\$ 34,294,544

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Service Lloyds Insurance Company

Profit Sharing and 401(k) Plan

Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021.

<i>December 31, 2022</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trusts	\$ 12,873,802	n/a	Daily	*

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trusts	\$ 15,027,177	n/a	Daily	*

*Collective investment trusts totaling \$11,588,342 and \$13,748,175 as of December 31, 2022 and 2021, respectively, have no redemption period. The stable value fund held by the Plan totaling \$1,285,460 and \$1,279,002 as of December 31, 2022 and 2021, respectively, has a redemption notice period of 12 months.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Internal Revenue Service Status

The Internal Revenue Service ("IRS") ruled on June 30, 2020 that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA of Fidelity Management and Research Company (the prototype plan of Trust Company upon which the Plan is based) qualifies under section 401(a) of the Code and the related trust is, therefore, not subject to tax under present income tax law. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Service Lloyds Insurance Company

Profit Sharing and 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2022, the Plan's tax years that are subject to income tax examination are 2019 through 2022.

7. Related Party Transactions

During 2022 and 2021, certain Plan investments consist of shares of mutual funds managed by Fidelity Management and Research Company. Fidelity Management Trust Company is the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan's investment transactions are covered by exemptions from the prohibited transaction provision of ERISA and the Code.

Calhoun, Thomson + Matza, LLP is the independent auditor of the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits, through October 12, 2023, the date the financial statements were issued. The Plan does not believe any subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
