INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Synthomer Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Synthomer Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Synthomer Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- a. the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Synthomer Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Synthomer Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Synthomer Savings Plan's internal control. Accordingly, no such opinion is expressed.

- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Synthomer Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- a. the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- a. the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan

The following description of the Synthomer Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all domestic employees of OMNOVA Solutions Inc. ("OMNOVA", the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2021, the Plan was amended and restated in its entirety to comply with applicable laws, to integrate interim amendments, to change its name from the Omnova Solutions Retirement Savings Plan to Synthomer Savings Plan, and to reflect certain other changes.

As a result of an acquisition made by the Company, effective April 1, 2022, employees of Synthomer Adhesives Technologies USA LLC and Jefferson Hills LLC, were permitted to participate in the Plan, and assets of \$4,556,018 were transferred into the Plan.

Contributions

All eligible salaried and non-union hourly employees hired on or after January 1, 2005 are automatically enrolled in the Plan within 30 days of hire date at a before-tax contribution rate of 6%. If an eligible employee does not wish to participate in the Plan, the employee may waive such automatic enrollment. Effective January 1, 2022 and each January 1st thereafter, each eligible participant who has not enrolled in an Employee contribution option as of the last week of the prior November, and who does not make an affirmative election or otherwise opt out of auto-enrollment within 35 days of the applicable auto-enrollment effective date as designated by the Fiduciary Committee (the "Committee"), will be deemed to have elected to have a before-tax contribution allocated to their account in the amount of 6% of their compensation.

Participants may elect to make before-tax, after-tax, or Roth basis contributions to the Plan ranging from 1% to 50% of their annual compensation, subject to certain limitations. Effective January 1, 2021 the 50% limit is increased to 75% of compensation, the increase will be known as the participants "after tax contribution". Matching contributions for union hourly employees are determined by the collective bargaining agreements for each union but do not exceed the formula for matching contributions applicable to salaried and non-union hourly participants. Matching contributions for salaried and non-union hourly participants are at 100% of the first 1% of eligible compensation contributed by a participant and 50% of the next 5% of such compensation. Participants may also contribute amounts representing distributions from other qualified plans.

Upon enrollment, a participant may direct their contributions in whole percentage increments to any of the Plan's fund options. In addition, participants may appoint an investment professional and establish a self-directed investment account for the purpose of investing their contributions in investment options outside of the funds offered by the Plan, subject to limitations provided in the Plan document. Participants may change their investment options each payroll period. Employer matching contributions are made in cash and are invested in the same manner as that of the participant's elective contribution.

Effective January 1, 2021, each salaried and non-union hourly employee who are auto enrolled at a 6% before-tax contribution will have their contribution rate increased annually by a 1%

increment, up to a maximum of 15%. The same provision will apply to those employees who had elected employee contributions of at least 1% and no more than 9% unless the employee makes an affirmative election for a specified before-tax contribution rate. For those participants who had elected employee contributions more than 9% and no more than 14% prior to January 1, 2021, will be deemed to have elected a 1% incremental increase on January 1, 2022.

Participant Accounts

A separate account is maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions and, as the case may be, (b) Plan earnings (losses), and is charged with an allocation of certain administrative expenses (see Plan Expenses below). Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant's interest in the matching contributions made for his or her benefit is at all times vested and not subject to forfeiture, except such forfeitures as may be required or permitted in order to meet the non-discrimination provisions of the Internal Revenue Code (the "Code") or other applicable provisions of law.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50% of their account balance but not more than \$50,000, reduced by the highest outstanding balance of any loans during the previous one year period. Participants may have only one outstanding loan at any time. Synthomer matching contributions are not available for loans, but are included in computing the amount available for loans. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a fixed rate at the published prime rate plus a margin of 1%. Principal and interest is paid ratably through payroll deductions. The interest rates on loans outstanding at December 31, 2022 and 2021 range from 4.25% to 8.00%.

Distributions

Subject to certain limitations, a participant may withdraw all or part of their account balance upon the attainment of age 59½. Distributions are required to begin at age 72 (in accordance with The Setting Every Community Up for Retirement Enhancement Act of 2019). Distribution of the account balance to a participant who terminates or elects an in-service withdrawal is made in accordance with the terms of the Plan.

Hardship withdrawals are initiated and certified electronically by the participant. The electronic approval process requires that the participant verifies that their withdrawal meets the criteria per the Plan as a hardship withdrawal.

B. Summary of Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participant's are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as Plan expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeited non-vested accounts totaled \$20,521 and \$16,835 as of December 31, 2022 and 2021, respectively. Forfeitures are used to reduce Plan expenses in the subsequent year (There were no reductions of Plan expenses or company contributions during 2022 and reductions of Plan expenses of \$17,499 and Company contributions of \$72,102 in 2021).

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Effective February 28, 2023 the Company divested its Industrial Specialties business, which impacted 471 employees. All divested employees investments are fully vested. Through September 2023, approximately \$15M has been withdrawn by these employees.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying footnotes. Actual results could differ from those estimates.

C. Fair Value Measurements

Plan investments are recorded at fair value as prescribed under Accounting Standards Codification “*Fair Value Measurement* (ASC 820)”. ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Financial assets and liabilities are measured at fair value and categorized in three levels based on the assumptions (inputs) used to value the assets. The three levels are:

Level 1 inputs - Quoted market prices in active markets for identical assets or liabilities.

Level 2 inputs - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 inputs - Unobservable inputs that are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021. A description of the valuation methodologies used for assets measured at fair value is as follows:

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: assets primarily include investments in common stock, which are measured at fair value using methodologies previously discussed.

Common Collective Trust: valued at the NAV of the units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. There are no restrictions or liquidity provisions relating to withdrawals and timing of liquidations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrative Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following financial assets were measured at fair value on a recurring basis as of December 31, 2022:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 36,670,675	\$ 36,670,675	\$ —	\$ —
Self directed brokerage accounts	2,367,429	2,367,429	—	—
Assets in the fair value hierarchy	\$ 39,038,104	\$ 39,038,104	\$ —	\$ —
Investments measured at net asset value	105,453,724			
Investments at fair value	<u>\$ 144,491,828</u>			

The following financial assets were measured at fair value on a recurring basis as of December 31, 2021:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 42,431,767	\$ 42,431,767	\$ —	\$ —
Self directed brokerage accounts	3,491,060	3,491,060	—	—
Assets in the fair value hierarchy	\$ 45,922,827	\$ 45,922,827	\$ —	\$ —
Investments measured at net asset value	118,786,894			
Investments at fair value	<u>\$ 164,709,721</u>			

D. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and participant loans receivable shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

The Plan's auditors did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100 percent vested in their accounts.

F. Income Tax Status

On April 4, 2014, the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the Code for amendments through December 28, 2012. Although the Plan has been amended and restated since receiving this Determination Letter, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

The Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

G. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the Trustee as defined by the plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
