INDEPENDENT AUDITOR'S REPORT

The Board of Trustees of
Tierra Lease Service, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tierra Lease Service, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tierra Lease Service, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tierra Lease Service 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Members: American Institute of Certified Public Accountants ■ Texas Society of Certified Public Accountants

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tierra Lease Service, LLC Employees' 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tierra Lease Service, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tierra Lease Service, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment and Reportable Transaction are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- DESCRIPTION OF PLAN

The following description of the Tierra Lease Service, LLC 401(K) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. ***General****.* The Plan is a defined contribution plan covering all employees of Tierra Lease Service, LLC (Company) who have completed six months of service and attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. ***Contributions****.* Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, or the lesser of the maximum contribution limits as defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contributions are calculated at 100 percent of the first 3 percent and 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. All contributions are invested in investment options directed by the participant. Contributions are subject to certain limitations.

3. ***Participant Accounts****.* The participant's contributions, the Company's matching contributions, and investment earnings increase each participant's account. Each participant's account is reduced by investment losses and participant's distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. ***Investment Options.*** All investment funds or the Plan are participant directed.

6. ***Vesting****.* Participants are immediately vested in both participant and Company contributions plus actual earnings thereon.

7. ***Participant Loans.*** Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the Participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing interest rate charged on similar commercial loans under the same circumstances by persons in business of lending money. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE A -- DESCRIPTION OF PLAN, continued

8. ***Participant Withdrawals.*** Prior to attaining age 59 1/2, participants may make withdrawals from their salary deferral contribution account exclusive of the income allocated to the account, but only if they have a qualifying hardship as defined by the Internal Revenue Service.

9. ***Payment of Benefits***. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's accounts or choose an installment plan. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by Fidelity Management Trust Company are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Participant benefit distributions are recorded when paid.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Date of Management's Review

Management has evaluated subsequent events through October 5, 2023, the date on which the financial statements were available to be issued.

NOTE C -- PLAN TERMINATION

Although the Company intends to contribute to the Plan indefinitely, the Company necessarily reserves the right to amend or even to terminate the Plan at any time. Any such amendment or termination shall not reduce any of the participants' accrued benefits at such time.

NOTE D -- CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (FMTC), the trustee of the Plan. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E -- TAX STATUS

The Plan is a standardized volume submitter defined contribution plan sponsored by Fidelity Management and Research Company. The Internal Revenue Service has issued a determination letter dated March 31, 2014, to Fidelity Management and Research Company that the form of the Plan and underlying trust, as designed, are in compliance with the applicable requirements of the Code and therefore the Plan is exempt from income taxes. The Plan employs a "safe harbor" provision under IRC section 401(k)(12) to meet the non-discrimination requirements under IRC Section 401(m). The Plan's sponsor and tax counsel believe the Plan is currently being operated as designed and in compliance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy under Accounting Standards Codification ("ASC") 820-10 that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2, inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were Level 1 and 3 inputs included for the years ended December 31, 2022 and 2021.

NOTE F -- FAIR VALUE MEASUREMENTS, continued

The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year end. The fair value of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following tables present information about the Plan's assets measured at fair value on a recurring basis:

	Level 1	Level 3	Total
At December 31, 2022:			
Mutual funds	$ 2,459,343	$ 0	$ 2,459,343
Notes receivable from participants	0	120,080	120,080

	$ 2,018,442	$ 2,083,972

NOTE H -- PARTY-IN-INTEREST TRANSACTIONS

A number of investments of the Plan are shares of mutual funds managed by the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions.

NOTE I -- RELATED PARTY TRANSACTIONS AND EXPENSES OF THE PLAN

The Plan Sponsor may pay administrative and trust expenses in whole or in part. All expenses not paid by the Plan Sponsor shall be paid by the Plan. Administrative and trust expenses paid by the Company and not charged to the Plan amounted to $30,410 and $34,615 for the years ended December 31, 2022 and 2021, respectively. The Sponsor also pays the salaries of the benefits coordinator and other personnel who perform services for the Plan as part of their duties. These expenses are not recorded as Plan expenses.

NOTE J -- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H (FORM 5500)

NOTE K -- ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the year or $500,000. For the years ended December 31, 2022 and 2021, the Plan's sponsor-maintained bond coverage at 10% of Plan Assets.

NOTE M – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE N – SUBSEQUENT EVENTS

On May 1, 2023, the Plan transferred participant accounts totaling $840,763, to a sister Plan, CK Newberry LLC 401(k) Plan. CK Newberry LLC is in a control group with Tierra Lease Service, LLC, and the two Plans are considered as one plan for compliance testing purposes.
