and Plan Participants
Billion Motors, Inc. Salary Deferral 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Billion Motors, Inc. Salary Deferral 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following is a brief description of the Billion Motors, Inc. Salary Deferral 401(k) Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established on November 1, 1970, and is a defined contribution plan covering all qualified employees of Billion Motors, Inc. (the Plan Sponsor) and includes the following related participating employers: Billion Motors, Inc. and Subsidiaries (Billion C, Inc., Billion G, Inc., Billion T, Inc., Billion Clear Lake, Inc., and Billion Dells Auto, Inc.), Billion Empire Motors, Inc. and Subsidiary (Billion FT, Inc.), Billion Southtown, Inc., Billion Hawkeye, Inc. and Subsidiaries (Billion Community, Inc., Billion CC, Inc., Billion H, Inc., Billion K, Inc., and Billion Clinton, Inc.), Billion West, Inc., Billion Auto, Inc. and Subsidiaries (Billion SC, Inc. and Billion NSC, Inc.), Billion Montana Motors, Inc., Sterling eMarketing, VGP, Inc., Billion Air Management, LLC, CGR Pilot Management, LLC, Great Place Construction, LLC, Dougherty & Associates, Inc., and Billion Minnesota Motors, Inc. and Subsidiaries (Billion WC, Inc., Billion WF, Inc., and Billion WCDJR, Inc.) (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Principal Trust Company as the trustee of the Plan. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

Plan amendment: Effective January 1, 2022, the Plan was amended and restated to adopt the Findley, Inc. Non-standardized defined contribution pre-approved plan to bring the Plan into compliance with the Cycle 3 restatement. There were no significant changes to the Plan's provisions as a result of this Plan restatement.

Eligibility: Employees of the Company are eligible to participate in the Plan upon reaching the age of 18 and the earlier of completing 250 hours of service within 90 days of employment or 12 consecutive months of employment and at least 1,000 hours of service, as defined in the Plan. Entrance dates are the date eligibility requirements are met or as soon as administratively feasible following that date. Employees contributing to the Plan are eligible for employer matching contributions and additional discretionary contributions, if any, upon completion of 12 consecutive months of employment and at least 1,000 hours of service.

Contributions: Participants are permitted to contribute up to 100% of their pretax or after-tax annual compensation, as defined in the Plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have obtained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Employer matching contributions and additional discretionary contributions may be contributed at the option of the Board of Directors. Participants received an employer matching contribution equal to 50% of the first 6% of employee compensation contributed for the year ended December 31, 2022. No additional discretionary contributions were made for the year ended December 31, 2022. Participants are also permitted to make rollover contributions from other qualified plans.

Participant accounts: The Plan maintains an individual account for each participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, as well as allocations of the Company's additional discretionary contributions, if any, and Plan investment results, less an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants are vested according to the following schedule:

	<u>Vested Percentage</u>
Years of service:	
Less than 1	0%
1	10%
2	25%
3	50%
4	75%
5	100%

Investment options: The Plan offers various funds as well as separately managed accounts, whereby the Plan permits participants to direct the investment of his or her account balance into several model portfolios, including separate portfolios based on an employee's expected retirement age. The model portfolios are composed of various investments that fit each model's targeted investment criteria. Participants may change their investment options daily. Participants are not required to utilize the separately managed accounts; there are also other investment options for them to choose from, as more fully described in the Plan's literature.

Notes receivable from participants: Participants are able to borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan Administrator. The rate of interest on existing notes at December 31, 2022, was 4.25% to 8.50%. Principal and interest payments are received ratably from participants through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the loan may be 30 years. Participants are able to have up to two loans outstanding at a time.

Benefits paid to participants: Participants may elect to receive a lump-sum amount equal to the value of their vested interest or partial payment of their vested balance, as defined in the Plan document, upon retirement, termination, death, hardship, as defined, or disability. An employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination, retirement, death or disability. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or upon hardship as defined in the Plan document.

Forfeitures: As of December 31, 2022 and 2021, forfeited unvested accounts totaled approximately \$8,000 and \$81,000, respectively. These accounts are used first to fund Company contributions and then to pay reasonable Plan administrative expenses. During the year ended December 31, 2022, forfeitures used to fund Company matching contributions was approximately \$120,000.

Plan termination: Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all participant accounts become 100% vested in their accounts.

Note 2. Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as those held, during the year.

Notes receivable from participants: Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—schedule of assets (held at end of year).

Benefits paid to participants: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Administrative expenses are paid by the Plan or the Company as provided in the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Subsequent events: The Plan Administrator evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal Trust Company. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments, at fair value:		
Mutual funds	\$ 24,926,606	\$ 32,369,301
Collective funds	27,573,318	28,701,840
Notes receivable from participants	1,132,193	1,105,648
	<u>\$ 53,632,117</u>	<u>\$ 62,176,789</u>

The trustees also certified the completeness and accuracy of \$10,250,513 of net depreciation in fair value of investments, \$330,511 of interest and dividends, and \$51,989 of interest income related to notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Billion Motors, Inc. Salary Deferral 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There were no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the net asset value (NAV) of identical shares as determined in active markets, held by the Plan as of year-end.

Collective funds: The collective funds are valued at NAV, which is provided by the trustee and used as a practical expedient to estimate fair value. The NAV is based on the fair value of the observable market prices of the underlying assets held by the funds less liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,926,606			\$ 24,926,606
Total assets in the fair value hierarchy	\$ 24,926,606	\$ -	\$ -	24,926,606
Investments at net asset value (a)				27,573,318
Total assets at fair value				\$ 52,499,924
Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,369,301			\$ 32,369,301
Total assets in the fair value hierarchy	\$ 32,369,301	\$ -	\$ -	32,369,301
Investments at net asset value (a)				28,701,840
Total assets at fair value				\$ 61,071,141

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance is determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable that the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient. There are no unfunded commitments related to these investments.

Note 5. Income Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by Findley Inc and is placing reliance on an advisory letter dated June 30, 2020, received from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has no uncertain tax positions that require adjustment to or disclosure in the financial statements. Therefore, no provision or liability for income taxes is included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan has investments in collective investment funds, which are managed by Principal Trust Company. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as an offset to net investment results, as they are paid through revenue sharing rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7. Reconciliation of Form 5500 to Financial Statements
