INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR
OF REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Redwood Trust, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1995 to provide retirement benefits for employees of Redwood Trust, Inc. (the “Company”), and was subsequently amended to include employees of 5 Arches, LLC (“5 Arch”) and CoreVest American Finance Lender, LLC (“CoreVest”). The Plan is a defined contribution plan available to all full-time United States employees who have reached at least 21 years of age and who are not nonresident aliens, members of a collective bargaining agreement or part-time employees credited with less than 1,000 hours of service. Employees meeting the aforementioned eligibility criteria may participate in the Plan on the first day of the calendar month following thirty consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended and certain provisions of the Internal Revenue Code (“IRC”).

Effective April 1, 2022, the Plan changed its trustee and recordkeeper from Prudential Retirement Insurance and Annuity Company (“Prudential”) to Fidelity Management Trust Company (“Fidelity”) and Fidelity Workplace Services LLC, respectively. Effective April 4, 2022, the Plan’s assets were transferred to Fidelity. The Plan also adopted the provisions of Fidelity’s Pre-Approved Defined Contribution Plan. The terms of the plan are substantially the same as the terms of the prior plan agreement.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants in the Plan may elect to contribute, on a pretax, after-tax and post-tax (“Roth”) basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may contribute up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. All newly eligible employees are automatically enrolled to contribute 5% of their eligible compensation unless they decline participation in the Plan. Thereafter, effective January 1st of each year, the contribution will automatically increase by 1%, up to a maximum of 10%, not to exceed the annual maximum amount permitted by the IRC.

For the year ended December 31, 2022, the annual limitation was \$20,500. Participants who reached at least 50 years of age by the end of the Plan year were permitted to make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022. Participants are also allowed to roll over contributions from other qualified retirement plans, subject to approval by the Plan administrator.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching contributions determined annually based on a percentage of the participant's pretax contributions. For the year ended December 31, 2022, the Company's matching contribution equaled 50% of the participant's contributions to the Plan, up to a maximum of 4% of the participant's annual eligible compensation, limited to a maximum of \$10,250 per participant. The Plan also allows the Company to make discretionary profit-sharing contributions. For the year ended December 31, 2022, the Company elected to make no profit-sharing contributions to the Plan.

Participant Accounts – The Plan maintains an account for each participant that is credited with the participant's contributions and the Company's matching contributions and allocations of (a) the Company's profit-sharing contributions, if any, and (b) the Plan's investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid for by the Plan, offset by an allocation of revenue sharing credits, if any. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is equivalent to the participant's vested account balance.

Vesting – Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in employer contributions and earnings thereon is based on years of continuous service. Participants become 33% vested on their first anniversary of employment with the Company and vest an additional 33% annually thereafter. Participants become 100% vested after three years of credited service. Upon disability or death while employed by the Company, the participant becomes 100% vested in their account balance.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balances into various funds offered through the Plan. Each investment option has its own strategy, which can be obtained through the prospectus of the respective fund or investment.

Notes Receivable from Participants – Eligible participants may borrow from their vested account balance and are permitted a maximum of two loans. The minimum loan amount is \$1,000 and the maximum is equal to the lesser of \$50,000 or 50% of their vested account balance. Permitted loan terms are 12 to 60 months for general loans and 61 to 180 months for loans made to finance the purchase of a primary residence. Interest rates are based on the prime rate published in the Wall Street Journal and the rate remains fixed for the life of the loan.

Principal and interest are paid ratably through semi-monthly or bi-weekly payroll deductions. Loans, and any unpaid interest, become due and payable immediately upon termination of employment or death.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching normal or early retirement age, termination of service, disability, or death. Normal retirement age is 62 years and early retirement age is 59 ½ years. A participant who has reached 59 1/2 years of age may elect to receive a pre-retirement distribution. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 72 or the year in which the participant terminates employment. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump-sum payment or in monthly, quarterly or annual installments totaling the value of the participant's vested interest in his or her account. If a terminated participant's account is \$1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between \$1,000 and \$5,000 will be directly rolled over into an individual retirement account ("IRA").

Forfeited Accounts – A participant's non-vested account balance is forfeited upon separation of employment with the Company. Forfeited balances are used to reduce future Company matching contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts amounted to \$41,953 and \$13,435, respectively. Forfeitures of \$144,494 were used to partially fund employer contributions during the year ended December 31, 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, the Guaranteed Income Fund, which was reported at contract value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Contract value represented deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reported as distributions of benefit payments based upon the terms of the plan document. During the year ending December 31, 2022, there were no delinquent participant loans.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Contributions – Participant and Company contributions are recorded in the Plan year which coincides with the payroll date.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to participants’ accounts and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Concentrations – As of both December 31, 2022 and 2021, approximately 46% of the Plan’s investment assets were from three investment funds.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a common collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding valuation method may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEES OF THE PLAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Prudential held the Plan's investment assets and executed investment transactions as of December 31, 2021 and from January 1, 2022 through April 4, 2022 and Fidelity held the Plan's investment assets and executed investment transactions from April 5, 2022 to December 31, 2022. Prudential and Fidelity were trustees of the Plan for these respective periods and have certified to the completeness and accuracy of all investments and notes receivable from participants reported on the Statements of Net Assets Available for Benefits and in the related notes as of December 31, 2022 and 2021, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment income/(loss) and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – GUARANTEED INCOME FUND

The Plan entered into a general account backed evergreen (no maturity date) group annuity contract with Prudential Retirement Insurance and Annuity Company. This contract was terminated upon the change in trustees on April 1, 2022 and all funds related to this contract were transferred to funds offered by Fidelity. Prudential Retirement Insurance and Annuity Company maintained contributions to this fund in a general account. The account was credited with earnings at guaranteed crediting rates and charged for Plan withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Generally, there were no circumstances that could limit the ability of the Plan to transact at contract value or which would result in benefits to be paid out over an extended period of time. This contract was considered to be benefit responsive.

The Plan had determined that the contract value of this fund represented its fair value because, there were not any specific securities in the general account that backed the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. Also, because the Plan had the right to receive interest at crediting rates which were announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract, there were not any known cash flows that could be discounted. As a result, the contract value represented the fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – GUARANTEED INCOME FUND (Continued)

Interest was credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest crediting rate was applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates were reviewed on a semi-annual basis for resetting. When establishing interest crediting rates for this product, the issuer considered many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer’s general account. These rates were established without the use of a specific formula.

The following table summarizes information regarding the Guaranteed Income Fund as of December 31, 2021:

<u>Year</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Significant Input Values</u>	<u>Weighted Average</u>
2021	<u>\$5,406,493</u>	Contract Value	Composite Guaranteed Rate	Minimum Rate of 1.50%	1.50%

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan assets are managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An affiliate of Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity and affiliates receive revenue from most of the mutual fund service providers for services Fidelity and affiliates provide to the funds. This revenue is used to offset certain amounts owed to Fidelity and affiliates for its administrative services to the Plan and to pay the investment advisor. Because these fees are paid through this revenue-sharing arrangement, rather than a direct payment, they are netted against (included in) the net appreciation (depreciation) in fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 – TAX STATUS

Effective April 1, 2022, the Plan has adopted a pre-approved defined contribution plan of Fidelity Management Trust Company, which received an opinion letter from the IRS on June 30, 2020 regarding the qualified status of this pre-approved plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Prior to April 5, 2022, the Plan had adopted a prototype plan which received a favorable determination letter from the IRS on April 29, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds offered through Fidelity. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR
OF REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Redwood Trust, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1995 to provide retirement benefits for employees of Redwood Trust, Inc. (the “Company”), and was subsequently amended to include employees of 5 Arches, LLC (“5 Arch”) and CoreVest American Finance Lender, LLC (“CoreVest”). The Plan is a defined contribution plan available to all full-time United States employees who have reached at least 21 years of age and who are not nonresident aliens, members of a collective bargaining agreement or part-time employees credited with less than 1,000 hours of service. Employees meeting the aforementioned eligibility criteria may participate in the Plan on the first day of the calendar month following thirty consecutive days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended and certain provisions of the Internal Revenue Code (“IRC”).

Effective April 1, 2022, the Plan changed its trustee and recordkeeper from Prudential Retirement Insurance and Annuity Company (“Prudential”) to Fidelity Management Trust Company (“Fidelity”) and Fidelity Workplace Services LLC, respectively. Effective April 4, 2022, the Plan’s assets were transferred to Fidelity. The Plan also adopted the provisions of Fidelity’s Pre-Approved Defined Contribution Plan. The terms of the plan are substantially the same as the terms of the prior plan agreement.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants in the Plan may elect to contribute, on a pretax, after-tax and post-tax (“Roth”) basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may contribute up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. All newly eligible employees are automatically enrolled to contribute 5% of their eligible compensation unless they decline participation in the Plan. Thereafter, effective January 1st of each year, the contribution will automatically increase by 1%, up to a maximum of 10%, not to exceed the annual maximum amount permitted by the IRC.

For the year ended December 31, 2022, the annual limitation was \$20,500. Participants who reached at least 50 years of age by the end of the Plan year were permitted to make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022. Participants are also allowed to roll over contributions from other qualified retirement plans, subject to approval by the Plan administrator.

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching contributions determined annually based on a percentage of the participant's pretax contributions. For the year ended December 31, 2022, the Company's matching contribution equaled 50% of the participant's contributions to the Plan, up to a maximum of 4% of the participant's annual eligible compensation, limited to a maximum of \$10,250 per participant. The Plan also allows the Company to make discretionary profit-sharing contributions. For the year ended December 31, 2022, the Company elected to make no profit-sharing contributions to the Plan.

Participant Accounts – The Plan maintains an account for each participant that is credited with the participant's contributions and the Company's matching contributions and allocations of (a) the Company's profit-sharing contributions, if any, and (b) the Plan's investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid for by the Plan, offset by an allocation of revenue sharing credits, if any. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is equivalent to the participant's vested account balance.

Vesting – Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in employer contributions and earnings thereon is based on years of continuous service. Participants become 33% vested on their first anniversary of employment with the Company and vest an additional 33% annually thereafter. Participants become 100% vested after three years of credited service. Upon disability or death while employed by the Company, the participant becomes 100% vested in their account balance.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balances into various funds offered through the Plan. Each investment option has its own strategy, which can be obtained through the prospectus of the respective fund or investment.

Notes Receivable from Participants – Eligible participants may borrow from their vested account balance and are permitted a maximum of two loans. The minimum loan amount is \$1,000 and the maximum is equal to the lesser of \$50,000 or 50% of their vested account balance. Permitted loan terms are 12 to 60 months for general loans and 61 to 180 months for loans made to finance the purchase of a primary residence. Interest rates are based on the prime rate published in the Wall Street Journal and the rate remains fixed for the life of the loan.

Principal and interest are paid ratably through semi-monthly or bi-weekly payroll deductions. Loans, and any unpaid interest, become due and payable immediately upon termination of employment or death.

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching normal or early retirement age, termination of service, disability, or death. Normal retirement age is 62 years and early retirement age is 59 ½ years. A participant who has reached 59 1/2 years of age may elect to receive a pre-retirement distribution. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 72 or the year in which the participant terminates employment. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump-sum payment or in monthly, quarterly or annual installments totaling the value of the participant's vested interest in his or her account. If a terminated participant's account is \$1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between \$1,000 and \$5,000 will be directly rolled over into an individual retirement account ("IRA").

Forfeited Accounts – A participant's non-vested account balance is forfeited upon separation of employment with the Company. Forfeited balances are used to reduce future Company matching contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts amounted to \$41,953 and \$13,435, respectively. Forfeitures of \$144,494 were used to partially fund employer contributions during the year ended December 31, 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, the Guaranteed Income Fund, which was reported at contract value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Contract value represented deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reported as distributions of benefit payments based upon the terms of the plan document. During the year ending December 31, 2022, there were no delinquent participant loans.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Contributions – Participant and Company contributions are recorded in the Plan year which coincides with the payroll date.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to participants’ accounts and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Concentrations – As of both December 31, 2022 and 2021, approximately 46% of the Plan’s investment assets were from three investment funds.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

REDWOOD TRUST, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a common collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding valuation method may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	2022			Total
	Level 1	Level 2	Level 3	
Total Investments in the Fair Value Hierarchy:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEES OF THE PLAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Prudential held the Plan's investment assets and executed investment transactions as of December 31, 2021 and from January 1, 2022 through April 4, 2022 and Fidelity held the Plan's investment assets and executed investment transactions from April 5, 2022 to December 31, 2022. Prudential and Fidelity were trustees of the Plan for these respective periods and have certified to the completeness and accuracy of all investments and notes receivable from participants reported on the Statements of Net Assets Available for Benefits and in the related notes as of December 31, 2022 and 2021, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment income/(loss) and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – GUARANTEED INCOME FUND

The Plan entered into a general account backed evergreen (no maturity date) group annuity contract with Prudential Retirement Insurance and Annuity Company. This contract was terminated upon the change in trustees on April 1, 2022 and all funds related to this contract were transferred to funds offered by Fidelity. Prudential Retirement Insurance and Annuity Company maintained contributions to this fund in a general account. The account was credited with earnings at guaranteed crediting rates and charged for Plan withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Generally, there were no circumstances that could limit the ability of the Plan to transact at contract value or which would result in benefits to be paid out over an extended period of time. This contract was considered to be benefit responsive.

The Plan had determined that the contract value of this fund represented its fair value because, there were not any specific securities in the general account that backed the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. Also, because the Plan had the right to receive interest at crediting rates which were announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract, there were not any known cash flows that could be discounted. As a result, the contract value represented the fair value.

NOTE 5 – GUARANTEED INCOME FUND (Continued)

Interest was credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest crediting rate was applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates were reviewed on a semi-annual basis for resetting. When establishing interest crediting rates for this product, the issuer considered many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer’s general account. These rates were established without the use of a specific formula.

The following table summarizes information regarding the Guaranteed Income Fund as of December 31, 2021:

<u>Year</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Significant Input Values</u>	<u>Weighted Average</u>
2021	<u>\$5,406,493</u>	Contract Value	Composite Guaranteed Rate	Minimum Rate of 1.50%	1.50%

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan assets are managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An affiliate of Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity and affiliates receive revenue from most of the mutual fund service providers for services Fidelity and affiliates provide to the funds. This revenue is used to offset certain amounts owed to Fidelity and affiliates for its administrative services to the Plan and to pay the investment advisor. Because these fees are paid through this revenue-sharing arrangement, rather than a direct payment, they are netted against (included in) the net appreciation (depreciation) in fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 – TAX STATUS

Effective April 1, 2022, the Plan has adopted a pre-approved defined contribution plan of Fidelity Management Trust Company, which received an opinion letter from the IRS on June 30, 2020 regarding the qualified status of this pre-approved plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Prior to April 5, 2022, the Plan had adopted a prototype plan which received a favorable determination letter from the IRS on April 29, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds offered through Fidelity. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of amounts presented in the financial statements to Form 5500 as of December 31, 2022 and 2021, and for the year ended December 31, 2022:
