Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Akron General Medical Center Retirement Income Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Akron General Medical Center (Medical Center) Retirement Income Plan (Plan) provides only general information. Participants should refer to the Plan Document or the Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General – The Plan is a noncontributory defined benefit plan sponsored by the Medical Center and provides for retirement and death benefits for non-bargaining and United Steel Workers AFL-CIO, LLC employees hired before January 1, 2004, Ohio Nurses Association employees hired before January 2, 2005, and employees of Edwin Shaw Hospital for Rehabilitation, who was an employee of Edwin Shaw Rehab Hospital for Rehabilitation on December 31, 2003, was continuously employed by Edwin Shaw Rehab Hospital for Rehabilitation from January 1, 2004, through May 15, 2005 when they became a Former Edwin Shaw Employee, and opted out of the Ohio Public Employees Retirement System (OPERS). Participants are eligible for normal retirement benefits upon reaching age 65. The amount of individual pensions is based upon several factors including, among other items, compensation, years of service and age. The Plan also provides for the payment of early retirement benefits, disability benefits, as well as the payment of benefits to the surviving spouse of a participant. Benefits require five years of vested service except for disability benefits which require ten years of vested service. The Plan allows non-bargaining employees, and after July 1, 2022, all participants, at the time of retirement or other termination of employment, the option for a lump sum benefit. The Plan requires lump sum payments to surviving spouses with a benefit present value of \$5,000 or less and provides the option of lump sum payments to surviving spouses with a benefit present value of \$5,000 or more. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All benefit accruals ceased as of or prior to December 31, 2017. Benefit accruals ceased for all non-bargaining employees at various dates through December 31, 2017, for United Steel Worker employees at various dates through December 31, 2016 and for Ohio Nurse Association employees on January 1, 2012. Vested benefits earned through these dates will be available for distribution in accordance with the Plan.

On November 1, 2015, the Foundation became the full member of Akron General Health System (AGHS) pursuant to a Member Substitution Agreement.

The Plan Administrator is Akron General Medical Center (AGMC). The Board of Directors of AGMC has authorized the Retirement Committee of the Foundation to act on behalf of AGMC to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

(2) Summary of significant accounting policies

Master Trust - The investments of the Plan, along with the investments of certain other defined benefit plans sponsored by the Foundation and its affiliates are pooled for investment purposes into a master trust pursuant to an agreement between The Bank of New York/BNY Mellon N.A. and the Foundation – The Cleveland Clinic Health System Pension Trust (“Master Trust”). The Plan’s interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Employee Benefit Master Trust Reporting*. ASU 2017-16 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan’s interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan’s assets into the Master Trust had no impact on the Plan’s net assets available for benefits.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The Plan’s expenses are paid either by the Plan or the Medical Center, as provided by the Plan document. Expenses that are paid directly by the Medical Center are excluded from these financial statements. The Medical Center may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net investment income (loss) – participation in Master Trust presented in the accompanying statements of changes in net assets available for benefits.

Valuation of investments held by the Master Trust – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

The Master Trust also holds investments in privately held registered investment company funds, common collective trusts and alternative investments which are valued using, as a practical expedient, the Net Asset Value (NAV) per share as provided by the respective investment companies, partnerships or third-party fund administrators.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Recognition of income by the Master Trust – Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued when earned. Dividends are recorded on the ex-dividend date. Net investment income (loss) – participation in Master Trust includes gains and losses on investments bought and sold, as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits (see Note 6) are those future periodic payments, including lump-sum, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits are based on plan provisions in effect at the time of the employee's service, and consider compensation, age, and years of service. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Bank of New York Mellon/BNY Mellon, N.A., ("BNY Mellon") the trustee of the Plan, certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Plan interest in Master Trust
- Net investment income (loss) – participation in Master Trust

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) Master Trust

The following is financial information with respect to the Master Trust:

The Plan's investments are held in the Cleveland Clinic Health System Pension Trust, which was established for the investment of assets of the Plan and several other Foundation sponsored defined benefit retirement plans. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by BNY Mellon, the trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and an allocation of investment income (loss), less actual distributions and allocated administrative expenses. The Plan's interest in the Net Assets of Master Trust was approximately 11.64% and 11.74% at December 31, 2022 and 2021, respectively.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at December 31, 2022:

	Investments at Fair Value as of December 31, 2022

Total investments at fair value	<u>\$ 1,714,989,598</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value held by the Master Trust.

Fair value for Level 1 investments is based upon quoted market prices. Level 1 investments are actively-traded, liquid securities that are traded on many of the world's major exchanges, and fair value is determined at the closing prices on the respective exchange or market. Level 1 investments in registered investment companies are open-end mutual funds that are registered with the Securities and Exchange Commission, and are required to publish and transact at their daily NAV.

Fair value for Level 2 investments for fixed income securities and common and preferred stocks is primarily determined using techniques that are consistent with the market approach. Valuations are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs include broker/dealer quotes, reported/comparable trades, and benchmark yields. These inputs are obtained from various sources including market participants, dealers, and brokers.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Fair value measurements (continued)**

Common collective trusts and privately held registered investment company funds allow for redemptions as determined by the fund's management. The funds generally have a daily redemption frequency which require redemption notifications between 1 to 2 days. The Master Trust had no commitments in these funds as of December 31, 2022.

Hedge funds generally contain lock-up provisions that do not allow for redemption of investments for up to 2 years after acquisition. Following the lock-up period, the funds can generally be redeemed providing there are no restrictions on the underlying securities. Redemption provisions are determined by the fund's management. Hedge funds have redemption frequencies ranging from monthly to annually which require redemption notifications that range from 10 to 90 days. The Master Trust had no unfunded commitments in these funds as of December 31, 2022.

Private equity funds do not have redemption rights. Distribution from such funds will be received as the underlying investments in the fund are liquidated. It is estimated that the investments in these funds would be liquidated over a weighted average period of approximately 4 years. The Master Trust had unfunded commitments in these funds totaling \$62,577,115 as of December 31, 2022.

(6) **Actuarial present value of accumulated plan benefits**

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is presented based on a beginning-of-year benefit information date.

The significant assumptions underlying the actuarial computations are as follows:

Long-term rate of return	5.35% per year
Mortality	IRS prescribed mortality (PRI-2012) (separate employees, retirees and contingent survivors) (Scale MP 2021)
Retirement	Rates varying by age (55 to 70)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Actuarial present value of accumulated plan benefits (continued)

A summary of the actuarial present value of accumulated plan benefits as of January 1, 2022 is as follows:

Vested benefits	
Participants currently receiving payments	\$ 88,409,548
Other participants	65,732,980
	<hr/>
Total vested benefits	154,142,528

	<hr/>
	745,363
	<hr/>
Total actuarial present value of accumulated plan benefits	\$ 154,887,891
	<hr/>

The change in the actuarial present value of accumulated plan benefits for the year ending January 1, 2022 consists of the following:

Actuarial present value of accumulated plan benefits at January 1, 2021	\$ 152,108,430
Change in actuarial assumptions	6,269,714
Actuarial losses	507,257
Increase due to passage of time	8,446,815
Decrease due to benefits paid	<hr/> (12,444,325)
Actuarial present value of accumulated plan benefits at January 1, 2022	<hr/> \$ 154,887,891

(7) Funding policy

The Medical Center has voluntarily agreed to contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to plan participants. The contributions of the Medical Center are made in amounts sufficient to fund the Plan's current service cost on a current basis and to fund past service cost plus interest thereon over a period of 30 years. The Medical Center may elect to increase its contributions above the minimum amount required by ERISA. The Plan has met the ERISA minimum funding requirements in 2022 and 2021.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(8) **Related party transactions and party-in-interest transactions**

Certain plan investments are managed by BNY Mellon. BNY Mellon is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for legal, accounting and other services are paid by the Medical Center. Administrative and trustee fees are paid by the Plan. Other party-in-interest transactions include the purchase and sale of investments through the trustee. Such transactions are exempt from being prohibited transactions. Certain fees incurred by the Plan for the investment management services are included in net investment income (loss) – participation in Master Trust, as they are deducted from the NAV of the respective investment, rather than through a direct payment.

(9) **Plan termination**

Although it has not expressed any intention to do so, the Medical Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency of the Plan's net assets to provide those benefits, the financial condition of the Medical Center, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

(10) **Tax status**

The Plan received a determination letter from the Internal Revenue Service (IRS) dated May 21, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter and the Plan Administrator believes that the Plan and the related trust continue to be operated in compliance with the applicable requirements of the Code.

AKRON GENERAL MEDICAL CENTER RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(10) **Tax status (continued)**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits for any periods.

(11) **Risks and uncertainties**

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

(12) **Subsequent events**

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2022 through October 5, 2023, which is the date the financial statements were available to be issued. On September 15, 2022, \$1,000,000 was funded to the Plan for plan year 2023. Other than the noted funding, no significant matters were identified for disclosure during this evaluation.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with the Hospital and based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

Alight furnished participant data as of January 1, 2022. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data were adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. No data adjustments were made and we are unaware of any data adjustment made by the data provider.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Expected return on plan assets	We understand the expected return on assets assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.

SCHEDULE SB ATTACHMENTS

Plan-related expenses As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).

Assumptions Rationale - Significant Demographic Assumptions

Healthy mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Disabled mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Termination Termination rates were based on experience studies conducted in 2019, with consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed termination rates differ by age and union membership because observed differences in termination rates by union membership.

Retirement Retirement rates were based on experience studies conducted in 2019, with considerations of whether any conditions have changed that would be expected to produce different results in the future.

Assumed retirement rates differ by age and union membership because observed differences in retirement rates by union membership.

Source of Prescribed Methods

Funding methods The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430 or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions and methods since prior valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as requested by IRC §430. Segment interest rates under ARPA were first reflected with the January 1, 2021 valuation.
- The mortality projection scale used to calculate the funding target was updated from Scale MP-2019 to Scale MP-2020, as required by IRC §430.
- The mortality table used to complete §417(e) conversions when calculating the funding target were revised from the IRS table applicable for plan year 2021 to the IRS table applicable for plan year 2022.
- The assumed plan-related expenses added to the target normal cost were changed from \$479,498 for the prior valuation to \$636,201 for the current valuation to account for higher expected expenses to be paid from the trust.

Subsequent to January 1, 1996 – The monthly future service benefit is equal to the greater of a) 1/12 of 1% of compensation for all Plan Years commencing on or after January 1, 1996, or b) \$20.00 multiplied by years of Credited Service after January 1, 1996.

Accrued benefits are frozen effective August 30, 2009 for non-bargaining caregivers who were not age 55 with at least 10 years of service as of August 29, 2009, and frozen effective December 31, 2017 for all remaining non-bargaining caregivers.

“Compensation” means total salary or wages, including overtime pay, overtime premium, shift differential, on call or call-in pay or other paid time off, but excludes imputed income, car allowances, expense reimbursements of any kind, or any other special bonus of any kind. Effective January 1, 1994, compensation recognized for pension purposes is limited to \$150,000 (indexed).

(a) Supplemental Benefit

- i) Eligibility – Caregivers who meet the requirements of eligibility for coverage must also have earnings in excess of \$3,900 per year (\$4,800 per year prior to October 1, 1965) and must make the required contributions. Effective January 1, 1991, the caregivers must be an ONA or USWA participant to make contributions and accrue benefits on or after that date. Effective April 1, 1995, employee contributions by USWA caregivers ceased. Effective June 11, 1995, employee contributions by ONA caregivers ceased.
- ii) Past Service Benefit – Monthly past service benefit at retirement is 1/12 of 1% of October 1, 1958 annual earnings in excess of \$4,800 times years of Credited Service prior to October 1, 1958.
- iii) Future Service Benefit – The monthly future service benefit at retirement is 1/12 of 1-1/2% of each year’s pension earnings. “Pension earnings” are base earnings in excess of \$4,800 for the period from October 1, 1958 to September 30, 1965, and base earnings in excess of \$3,900 after October 1, 1965.

Early retirement benefit

Upon early retirement, an employee will be entitled to his accrued benefits, reduced 1/180 per month for the first 60 months and 1/360 per month for the next 60 months of early payments.

Disability retirement benefit

An eligible disability pensioner will receive his accrued Basic Benefit at time of disability without actuarial reduction plus the actuarially reduced accrued Supplemental Benefit.

Employee contributions

- a) Basic Benefit – none.
- b) Supplemental Benefit – 3% of annual earnings in excess of \$3,900 (5% of annual earnings in excess of \$4,800 prior to October 1, 1965). This applies only to bargaining unit participants on or after January 1, 1991. Effective April 1, 1995, employee contributions by USWA caregivers ceased. Effective June 11, 1995, employee contributions by ONA caregivers ceased.

Benefit upon termination of service

A caregiver who terminates after five years of service is entitled to receive his accrued Basic and Supplemental Benefits commencing at age 65.

In all other cases of termination, the employee contributions, if any, with applicable interest are returned. This benefit is also paid in the event of the death of a caregiver.

Pre-retirement spouse's benefit

Upon death after completion of five years of service, provided the caregiver has been married to his current spouse for at least one year, a spouse's benefit is payable.

The surviving spouse will receive the benefit she would have received if the caregiver had retired on the day prior to his death and had elected a 50% Joint and Survivor option. If death occurs prior to early retirement age, benefits to the spouse will commence with the month following the date the caregiver would have first reached eligibility for early retirement.

Form of payment

A participant may elect to receive his benefit on straight-life, 100% Joint and Survivor, 50% Joint and Survivor or 120 months Certain and Continuous benefit basis. Non-bargained participants may elect a full lump sum option. Unless otherwise elected, any benefit payable under the plan shall be paid:

- a) on a 50% Joint and Survivor basis if the participant has been married to his current spouse for at least one year; or
- b) on a straight-life basis otherwise,

with the provision all benefits paid shall be actuarially equivalent to a straight-life benefit.

Actuarial equivalence uses the UP-1984 Mortality Table (with a 3-year setback) and a discount rate of 7%.
