INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants of
the Loffler Companies, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Loffler Companies, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Loffler Companies, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Loffler Companies, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Loffler Companies, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Loffler Companies, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Loffler Companies, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOFFLER COMPANIES, INC. 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE 1 – PLAN DESCRIPTION

The following description of the Loffler Companies, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Background: The employer established Loffler Companies, Inc. 401(k) Profit Sharing Plan (the "Plan") effective April 1, 1996 to provide employee benefits to all employees who have met certain eligibility requirements as described below.

General: The Plan is a defined contribution plan covering all employees who have attained the age of 18, and have completed one month of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions to the Plan, which are made by both the employee and the employer, are maintained in separate accounts for each employee. The employee may contribute any amount up to the annual dollar limitation set forth by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The employer's discretionary matching contribution is an amount equal to one-half of the employees' contributions, up to 6% of their compensation, plus any amount the employer, in its sole discretion, may designate as a non-elective contribution (profit sharing). The plan decided to stop the discretionary match on April 1, 2020. The plan resumed the discretionary match on June 1, 2021. Eligible employees for the discretionary contribution must have worked at least 1,000 hours during the plan year and must be employed by the employer on the last day of the plan year. The Plan has elected automatic enrollment of eligible employees at a rate of 3%, increasing by 1% each subsequent year to a maximum of 6%. Employees are able to opt-out if they desire.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of the employer's contribution portion is based on a top-heavy 6-year graded vesting schedule. An employee must complete at least 1,000 hours of service during each plan year in order to receive credit for a year of service. Vesting schedule is as follows:

<u>Years of Service</u>	<u>Non-forfeitable percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts: Under the current Plan, forfeitures can be used as additional employer matching contributions, non-elective contributions, or to pay administrative expenses of the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$38,426 and \$69,889, respectively. For 2022 and 2021, forfeitures were applied towards the employer match and to pay administrative expenses in the amount of \$111,341 and \$105,606, respectively. During 2022 and 2021, the Plan removed \$33,257 and \$19,441, respectively, from certain plan participants' accounts to the forfeiture account that were a result of 2021 and 2020 employer match excess contributions. However, \$12,780 of the \$33,257 2021 employer match excess was removed in error and was corrected during 2023.

Participant Accounts: Each participant's account is credited with the participant's voluntary contribution, the employer's matching and profit sharing contributions, and Plan earnings (losses), which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by any outstanding loans from the plan, or 1/2 of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25% to 7.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The receivables include interest that is accrued.

Notes to Financial Statements (Continued)
For the Years Ended December 31, 2022 and 2021

NOTE 1 – PLAN DESCRIPTION (continued)

Payment of Benefits: On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in installments as described in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates: The preparation of financial statements in conformity with generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain administrative expenses are paid by the employer.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 3 – TAX STATUS

The Company adopted the Minnesota Life Insurance Company Volume Submitter 401(k) Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 4 – TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no investments required to be presented in the fair value hierarchy by level at December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: The Plan invests in pooled separate accounts. A pooled separate account is an investment vehicle in the form of a "special account" that is separate from the general assets of an insurance company. A pooled separate account permits comingled investment of plan assets of employee benefits plans sponsored by unrelated employers. Pooled separate accounts are measured at net asset value. Net asset value (NAV) is value per share of mutual fund or an exchange-traded fund (ETF) on a specific date or time. With both security types, the per-share dollar amount of the fund is based on the total value of all the securities in its portfolio, any liabilities the fund has and the number of fund shares outstanding.

There are no restrictions on when the Plan may redeem its investments other than when a Plan is in discontinuance (blackout) or if a plan participant has been placed on restrictions due to market timing. Investments may be redeemed daily. The investment objective for each separate account can be found on the particular investments' fact sheet. This fact sheet is located in the investment section of the sponsor website. None of the pooled separate accounts have any unfunded commitments, and all funds are liquid at the time of distribution from the plan.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

The following table reflects, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements at Reporting Date Using (Level 2):
	<u>Fair Value</u>
<u>December 31, 2022</u>	
Investments measured at net asset value	<u>\$44,082,900</u>
Investments at fair value	<u>\$44,082,900</u>
<u>December 31, 2021</u>	
Investments measured at net asset value	<u>\$52,235,322</u>
Investments at fair value	<u>\$52,235,322</u>

NOTE 6 – INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Minnesota Life Insurance Company (the Fund). The Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts; the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the company to terminate the agreement prior to the scheduled maturity date.

LOFFLER COMPANIES, INC. 401(K) PROFIT SHARING PLAN
Notes to Financial Statements (Continued)
For the Years Ended December 31, 2022 and 2021

NOTE 6 – INVESTMENT CONTRACT (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle an amount different from contract value.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

	December 31,	
	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Pooled separate account	\$44,082,900	\$52,235,322
Investments at contract value:		
Guaranteed return account	1,283,263	1,079,916
Investment income (loss)	(9,458,852)	6,908,761
Notes receivable from participants	329,284	360,098
Interest income on notes receivable from participants	15,651	21,981

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$22,720,199 and \$28,700,444, which were concentrated in three funds.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Minnesota Life Insurance Company is the custodian as defined by the Plan and, therefore, any transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$12,501 and \$23,212 for the years ended December 31, 2022 and 2021, respectively.

Additionally, the Plan paid \$23,260 and \$20,163 for the years ended December 31, 2022 and 2021, respectively, to pay audit fees to Foley, Kalseim & Co, Ltd, a party in interest.

NOTE 10 – EMPLOYER MATCHING CONTRIBUTIONS

Due to the uncertainties of the COVID-19 pandemic the Employer suspended the employer match contribution effective April 1, 2020. The Employer reinstated the match contribution on June 1, 2021.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were issued.

NOTE 12 – PLAN CORRECTIONS

During 2022, there were employee contributions in the amount of \$45,959, which were not remitted timely to the Plan in accordance with the Department of Labor (DOL). The deposits were made in 2022 and 2023, along with lost earnings of \$1,993 to participant accounts. An excise tax of \$87 was paid.
