Scott Equipment Company Employees 401(k) Profit Sharing Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Scott Equipment Company Employees 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood

that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (see accompanying table of contents), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Scott Equipment Company Employees 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan, providing self-directed, individual investment accounts for all eligible participating employees of Scott Equipment Company (the "Employer" and Plan Sponsor). Members of Scott Equipment Company's management serve as Plan Trustee and Plan Administrator.

The Plan was established in January 1990 and most recently amended effective January 2018 (see Eligibility section below). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Operational changes to the Plan were enacted during 2021 for recent legislative and regulatory updates, such as the *Setting Every Community Up for Retirement Enhancement (SECURE) Act* and the *Coronavirus Aid, Relief and Economic Security (CARES) Act*. Such changes include increasing the age certain participants must begin receiving required minimum distributions from age 70 ½ to age 72.

Eligibility

Effective January 1, 2018, the Plan was amended so that employees are eligible to participate in the Plan upon reaching age 20 and completion of either 500 hours in the first six months or 1,000 hours in the first year of eligibility service, as defined in the Plan document. Eligible employees may begin participating in the Plan on the first day of each Plan quarter. Employee classes that are excluded from participation eligibility include leased employees, non-resident aliens, or employees covered by a collective bargaining agreement.

Contributions

All contributions are subject to certain IRS limitations. Each year, participants may contribute on either a pre-tax or after-tax basis up to 100% of eligible compensation, as defined in the Plan. Participants age 50 and older may defer additional "catch-up" amounts. The Plan may accept rollover contributions representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

(See Independent Auditor's Report)

1. Description of the Plan (continued)

The Employer will annually make safe harbor non-elective contributions to the Plan in the amount of 3% of participants' eligible compensation. Highly-compensated employees, as defined in the Plan document, are not eligible to receive a safe harbor contribution. The Employer may, in its sole discretion, also make a profit sharing contribution to the Plan. Such contributions will be allocated in an amount designated by the Employer to be allocated to each eligible participant. In addition, the Employer may, at its discretion, make additional qualified non-elective contributions for the benefit of participants. Employer contributions receivable at December 31, 2022 and 2021 comprised only safe harbor contributions.

Participant Accounts

Each participant's account is credited with the participant's elective salary deferral and an allocation of any applicable Employer contribution, as well as any investment earnings or losses (net of expenses) generated by the assets in which the participant's account is invested. Participants direct the investment of their contributions and any applicable Employer safe harbor or profit sharing contributions into various investment options offered by the Plan. The Plan currently offers investments comprised of pooled separate accounts through sub-accounts held in a group annuity contract with John Hancock Life Insurance Company (U.S.A.) ("John Hancock").

Vesting

Participants are immediately vested in their contributions and Employer safe harbor non-elective contributions, plus actual earnings thereon. Vesting in Employer discretionary profit sharing contributions is based on years of continuous service; a participant is fully vested after six years of such service. Additionally, participants shall become fully vested upon death, or after normal retirement age of 65 or upon becoming disabled while under employment with the Employer.

Forfeited Accounts

The Plan allows for forfeited non-vested accounts to be used to pay Plan administrative expenses, be reallocated to currently eligible participants, or to reduce Employer contributions in the year the forfeitures occurred. Forfeitures occurring during 2022 and 2021 totaled \$299 and \$8,861. During 2021, forfeitures totaling \$11,642 were used to offset employer deferrals. There was no use of forfeitures by the Plan during 2022. Forfeitures available for disposition totaled \$7,280 at December 31, 2022.

1. Description of the Plan (continued)

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon retirement, death, disability, or termination of service, subject to the terms of the Plan, a participant may receive a single lump-sum payment. The Plan allows for in-service withdrawals by participants who attain age 59 and one-half years from all fully-vested accounts. The Plan also allows for in-service hardship withdrawals from participants' elective pre-tax deferrals, subject to restrictions as defined in the Plan document. Participants may receive a distribution from rollover contributions at any time. The Plan generally requires lump sum distributions of vested account balances not exceeding \$5,000.

Notes Receivable from Participants

Active participants may apply for a loan from the Plan, subject to approval by the Plan Administrator. Participants may have more than one loan outstanding at any given time; however, the sum of all outstanding loan balances may not exceed the lesser of \$50,000 minus the difference between the highest outstanding balance of loans in the past twelve months and the outstanding balance of loans from the Plan on the date of the newest loan, or one half of the present value of the participant's vested account balance.

Loans are secured by the balance in the participant's account and bear interest at a reasonable rate based on prevailing rates charged by lenders for loans made under similar circumstances. Interest rates on loans outstanding at December 31, 2022 range from 4.25% to 7.25%. Principal and interest are paid through payroll deductions over terms not to exceed five years from the date of the loan, unless such loan is used to acquire a principal residence, where the maximum loan term is thirty years.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their Employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

**Scott Equipment Company Employees 401(k)
Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

(See Independent Auditor's Report)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of any financial statements in accordance with accounting principles generally accepted in the United States of America may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from such estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan asset custodian did not provide a breakdown of investment income between appreciation in fair value and interest and dividends, as is required by accounting principles generally accepted in the United States of America ("U.S. GAAP"). The effect of this departure from U.S. GAAP is not considered to be material to the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Investment related expenses are included in the net appreciation (depreciation) in fair value of investments. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

3. Information Prepared and Certified by the Asset Custodian

John Hancock, the Plan asset custodian, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reported on the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021;
- Investment activity and interest on notes receivable from participants reported on the Statement of Changes in Net Assets Available for Benefits as of December 31, 2022; and,
- Schedule of Assets (Held at End of Year) as of December 31, 2022.

4. Income Tax Status

The prototype adopted by the Plan obtained its latest opinion letter on November 19, 2020, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected.

5. Party-in-Interest and Related Party Transactions

Plan investments are units of pooled separate accounts managed by John Hancock, the custodian of the Plan's assets, and therefore investment transactions qualify as exempt party-in-interest transactions. Certain fees incurred for John Hancock investment management services are included in the net appreciation (depreciation) of fair value of those investments while direct fees paid from participant accounts totaled \$81,495 for the year ended December 31, 2022. Fees paid to other parties in interest for administration and advisory services totaled \$5,186 for the year ended December 31, 2022. The Employer pays directly any other fees related to the Plan's operations.

Notes receivable from participants also qualify as party-in-interest transactions.

6. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The accounting framework for measuring fair value provides a hierarchy prioritizing the measurement inputs. The levels of this hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. As such, valuations of Level 1 investments does not entail a significant degree of judgment.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts

Pooled separate accounts (PSA) comprise sub-account participation units of a group annuity contract with John Hancock. The underlying investments in these PSA, except for the stable value fund, are listed on national securities exchanges and valued on the basis of year-end closing prices.

The stable value fund offered within the PSA is comprised of participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is primarily invested in fully benefit-responsive investment contracts issued by state-regulated insurance companies. Each insurance company either contractually guarantees or obtains contractual guarantees from third parties insuring against the loss of principal deposited into the stable value fund and providing that individual participant withdrawals will be paid promptly at book value (i.e. the amount of participant contributions plus interest previously credited, less previous withdrawals) even if the stable value fund's total book value exceeds the market value of its underlying securities.

6. Fair Value Measurements (continued)

In such instances, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to twelve months unless the participant elects to accept such payment subject to a market value adjustment. Certain events may limit the ability of the Plan to transact at contract value with the contract issuers, and thus limit the ability of the Plan to transact at contract value with Plan participants. The Plan has concluded that the occurrence of such events is not probable. Contract value of the collective investment trust approximated fair value at December 31, 2022.

The per-unit value of the PSA may be subject to certain fees or adjustments that would thus cause the PSA unit value to differ from the unadjusted value of the underlying investments, such as mutual funds. Thus, the Plan has concluded that the PSA value itself is based on quoted market prices for similar assets in active markets and are appropriately valued in Level 2 of the fair value hierarchy. The Plan has no unfunded commitments related to the PSA and redemptions and subscriptions are permitted daily. The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2022 and 2021:

7. Contingencies, Risks and Uncertainties

Investment Options

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

Both these audited financial statements and the Plan's Form 5500 have been prepared using the accrual basis of accounting. Net assets available for benefits per the Plan's Form 5500 are \$18,074,054 and \$21,740,784 as of December 31, 2022 and 2021. The net (decrease) in net assets available for benefits per the Plan's Form 5500 is (\$3,666,730) for the year ended December 31, 2022. Such amounts agree to these audited financial statements.

9. Subsequent Events

Management has evaluated subsequent events through October 5, 2023, the date on which the financial statements were available for issue, and identified no significant events or transactions requiring recording or disclosure in these financial statements.
