Independent Auditor's Report

To the Administrative Committee of
Arthur J. Gallagher & Co. Employees' 401(k) Savings and Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arthur J. Gallagher & Co. Employees' 401(k) Savings and Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arthur J. Gallagher & Co.
Employees' 401(k) Savings and Thrift Plan

Notes to Financial Statements
Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the Arthur J. Gallagher & Co. Employees' 401(k) Savings and Thrift Plan (the "Plan") provides only general information regarding the Plan. Arthur J. Gallagher & Co. ("Gallagher") is the Plan Sponsor. Participants should refer to the Plan's "Summary Plan Description" for a more complete description of the Plan's provisions, copies of which are available from the Plan Sponsor.

General and Eligibility

The Plan is a defined contribution plan covering substantially all eligible employees of Gallagher and its participating subsidiaries. Employees are eligible to make contributions to the Plan after attaining the age of 21. All participants may elect to contribute funds directly rolled over from a benefit plan that is qualified under the rules and regulations of the Internal Revenue Service ("IRS").

The Plan's Trustees are officers of Gallagher. Empower Retirement LLC ("Empower"), a wholly-owned subsidiary of Great-West Lifeco Inc. ("GWLC"), acts as the asset manager and custodian for the Plan's group annuity contract and as the record-keeper and service provider for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Empower is referred to herein as the "Custodian".

All assets of the Plan are held in a trust called the Arthur J. Gallagher & Co. (Illinois) Employees' 401(k) Savings and Thrift Trust (the "Trust"). The Trust is administered by a trustee appointed by Gallagher. Prior to February 1, 2022, the trustee of the Plan was Reliance Trust Company ("Reliance"). Effective February 1, 2022, Great-West Life & Annuity Insurance Company ("GWLA" or "Trustee") became the trustee of the Plan. Empower, Reliance, and GWLA are qualified institutions pursuant to ERISA.

Enrollment

The Plan has an automatic enrollment feature such that on the first day of the month coincident with or following the first anniversary date of employment, eligible employees are automatically enrolled to make before-tax contributions of 5% of their eligible earnings unless the employee elects otherwise or affirmatively declines to participate in the Plan. For employees hired from January 1, 2022 through December 31, 2022, there will be a 90-day election period following the first anniversary of employment before the automatic enrollment begins. For employees hired from and after January 1, 2023, the 90-day election period starts upon participant hire date.

Participant Accounts

Each participant's account is credited with the participant's elective deferral, any Employer matching contribution, any discretionary employer contributions and the participant's earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balance as described in the Plan Agreement.

1. Description of the Plan (Continued)

Contributions

Participants may make before-tax and after-tax (Roth) contributions of up to a combined 75% of their annual compensation, subject to IRS limitations. Contributions from participants include rollover contributions totaling \$51,983,839 and \$65,950,012 for the years ended December 31, 2022 and 2021, respectively.

Gallagher matching contributions to eligible participants begin to accrue in the month after the first anniversary of the participant's date of hire. Gallagher contributes, on behalf of each participant, 100% of the participant's combined before-tax and after-tax (Roth) contributions up to a maximum of 5% of the participant's eligible earnings. Matching contributions are deposited to participant accounts in the first quarter following the Plan year end provided that the participant was an active employee on December 31 of the Plan year or otherwise eligible under Plan provisions. Gallagher contributed its matching contribution of \$73,823,857 and \$65,670,557 in Gallagher company stock for 2022 and 2021, respectively. Additional amounts may be contributed by Gallagher at the option of Gallagher's Board of Directors. No discretionary contributions were made in 2022 or 2021.

Vesting

Participants are immediately vested at all times in their contributions, plus actual investment earnings thereon. Gallagher matching contributions plus actual investment earnings thereon vest in an amount equal to the following percentage:

Completed Years of Service	Percentage Vested
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Participants also become 100% vested in Gallagher matching contributions, plus actual investment earnings thereon, upon attainment of age 65, death or permanent disability.

1. Description of the Plan (Continued)

Notes Receivable from Participants

The Plan's loan provision allows participants to borrow against their account balances. The loan provision allows active participants to borrow an amount up to 50% of their vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans bear interest at a reasonable rate, as determined by the Plan trustees. The loans are secured by the account balances of the participants and are carried at amortized cost. The period of repayment may not exceed five years, except loans used to purchase the participant's principal residence are to be repaid within 15 years. Certain loans transferred into the Plan via acquisitions may have a repayment period longer than 15 years. A one-time loan origination fee of \$125 is charged directly against each participant's account by the Plan's service provider when the loan proceeds are disbursed.

Investment Options

The Plan has a group annuity contract with Empower to provide investment options to participants. Participants can specifically direct their investments within the group annuity contract into various fund accounts sponsored by Empower (see Note 2). The group annuity contract has no maturity date and therefore can be terminated at any time. Participants have the opportunity to change the investment options previously elected on their accumulated values on a daily basis. Participants also have the opportunity to change the investment direction of their future contributions on a daily basis.

Prior to July 1, 1997, participants had the option to establish a segregated account for their voluntary contributions only and to direct the investment of such accounts. Effective July 1, 1997, participants may no longer establish a new segregated account, but those participants with existing balances in a segregated account can continue to maintain and direct the investment of such accounts. Each individual segregated account is credited with the actual income earned from the specific investments within the segregated account. When participants with segregated account balances terminate employment, the participant has the option to move the segregated account to Empower or take a distribution from the Plan.

During 2021, the Plan added an Employer Stock Fund which holds the Gallagher stock matching contribution. The participant is able to sell this investment at any time and reinvest those funds at a later date. Gallagher dividends are paid to the Plan and proportionately allocated to participants who maintain a balance in the Employer Stock Fund.

Payment of Benefits

Participants may withdraw funds from their participant accounts, subject to certain hardship withdrawal requirements under the rules and regulations of the IRS.

1. Description of the Plan (Continued)

Payment of Benefits (Continued)

Upon retirement, termination or total disability, a participant may elect, in either cash or direct rollover under the rules and regulations of the IRS. Under the cash option, participants may receive their vested benefits in the form of either a lump-sum payment, a series of installment payments over a reasonable period of time (beginning at age 55) not to exceed the participant's life expectancy or the joint and survivor life expectancy of the participant and the participant's spouse, or a combination of both. All distributions will be made in cash; however, a participant with a segregated account may elect to receive the amounts invested in the segregated account in kind.

Participants, upon leaving Gallagher before normal retirement age, are required to withdraw their vested account balance below \$5,000. In the event the terminated participant's vested account balance is greater than \$1,000 but less than \$5,000 and the participant does not elect to have a distribution paid directly to an eligible retirement plan or to receive the distribution directly, then the Plan's service provider will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan's administrator.

The Plan allows a terminated participant's vested account balance to remain in the Plan until requested to be withdrawn by the participant, if the balance exceeds \$5,000. Withdrawals by terminated participants are reported in the Plan's financial statements when disbursed.

Forfeitures

Upon termination, the participant's unvested portion of their Gallagher matching contributions, plus actual earnings thereon, are forfeited. Gallagher may use these amounts to satisfy the payment of future matching contributions. Forfeited non-vested account balances were \$1,621,529 and \$2,164,976 at December 31, 2022 and 2021, respectively. Gallagher used \$1,640,568 and \$2,164,976 of forfeitures to fund their matching contributions in 2022 and 2021, respectively.

Plan Expenses

Administrative expenses of the Plan were \$1,228,653 and \$1,243,916 for the years ended December 31, 2022 and 2021, respectively. These expenses are reported in net realized and unrealized appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits.

Reclassifications

Certain amounts in the 2021 financial statements have been reclassified to conform with the 2022 presentation (See Note 4).

Recent Legislation

The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024. Management is currently evaluating the legislation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates and Assumptions

The preparation of the Plan's financial statements requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

Contributions

Contributions from participants are recorded when Gallagher makes semi-monthly payroll deductions from Plan participants. Matching contributions from Gallagher are recorded once a year to participants employed on the last day of the Plan year.

Distributions and Withdrawals to Participants

Distributions and withdrawals to participants are recorded when disbursed by the Plan.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan's administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The contract value of the Guaranteed Interest Fund represents contributions made under the contract, plus interest earned at the contract rate, less funds used to pay benefits. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The collective trust funds and variable annuities are carried at fair value, as reported by Empower.

Investments in common stocks, mutual funds, and exchanged traded funds are stated at fair value, which is determined by their market value as of the end of the Plan year. Market value is the last reported sales price on the last business day of the year for securities traded on a national securities exchange or securities listed on the NASDAQ National Market. Securities not so traded or listed are valued at the last current bid quotation if market quotations are available. Investment transactions are recorded on the trade date.

Refer to Note 4 for additional information on the determination of fair value for these investments.

The net realized and unrealized appreciation or depreciation in fair value of all these investments are included in the accompanying statements of changes in net assets available for benefits.

Recent Accounting Pronouncements

In June 2016, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, to revise the criteria for the measurement, recognition, and reporting of credit losses on financial instruments to be recognized when expected. This update is effective for fiscal years beginning after December 15, 2022, with early adoption permitted. Management has adopted this for the current Plan year.

3. Custodian and Trustee Certifications

Other than the investments held in participants' segregated accounts and the associated net investment income (loss), which represents approximately 0.67% and 0.60% of total investments and approximately 0.30% and 1.00% of total net investment income, as of and for the years ended December 31, 2022 and 2021, respectively, all investments and notes receivable from participants reported in the accompanying financial statements and supplemental schedule, held at December 31, 2022 and 2021, and the net realized and unrealized appreciation (depreciation) in fair value of investments, interest and dividends on investments, and interest income from notes receivable from participants for the years then ended, and the amounts disclosed in Note 4 was obtained or derived from information provided to the Plan's administrator and certified as complete and accurate by the Custodian and Trustees.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical financial instruments;
- Level 2 – Inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Pricing or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement of the financial instrument. Such inputs may reflect Plan management's own assumptions about the assumptions a market participant would use in pricing the financial instrument.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective Trust Funds and Variable Annuities

Valued at the net asset value of units of the underlying funds at the reporting date ("NAV"). NAV is calculated each business day with issuances and redemptions of units of the funds made based on the net asset value per unit as determined on the valuation date. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Information reported in the audited financial statements of the respective funds, if available, was used by Empower in the determination of NAV. No adjustments to the net asset values provided by Empower have been made by the Plan Sponsor. Participant transactions (purchases and sales) may occur daily. There are no restrictions as to the Plan's ability to redeem its investment at the net asset value of the respective funds as of the reporting date.

Common Stocks, Mutual Funds, Exchange Traded Funds, Treasury Securities and Liquid Assets and Cash

Valued at quoted market prices as of the end of the Plan year.

Fixed Maturities

Valued at the market value of the underlying investments held by the fixed maturity accounts.

During the year ended December 31, 2022, after GWLA became the trustee of the Plan, it was determined that certain investments were classified as level 1 investments instead of NAV. The fair value measurement table as of December 31, 2021 was changed to conform with the reclassification of these investments in 2022.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds the Guaranteed Interest Fund which meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The Guaranteed Interest Fund held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% or more than 3%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "Code") or the failure of the trust to be tax-exempt under Section 501(a) of the Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

5. Fully Benefit-Responsive Investment Contracts (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. Risks and Uncertainties

The Plan invests in various investments. The collective trust funds and variable annuities provide Plan participants with a variety of investment choices that have a range of risk/return characteristics. The funds offered under collective trust funds and variable annuities currently include the following asset classes: intermediate term bond, large cap value, large cap core, large cap growth, mid cap value, mid cap growth, small cap growth, international/global large growth and asset allocations based on target retirement dates through 2065. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect individual participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

There are no reserves recorded against the contract value of the Guaranteed Interest Fund for the credit risk of Empower or otherwise.

Certain events limit the ability of the Plan to transact at contract value under the Guaranteed Interest Fund. Such events include amendments to the Plan document (including the complete or partial termination of the Plan or its merger with another plan), the bankruptcy of Gallagher or other Gallagher events that cause a significant withdrawal from the Plan, or the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. Plan Termination

Although it has not expressed any intention to do so, Gallagher has the right under the Plan document to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the accounts of each affected participant become fully vested.

8. Income Taxes

The Plan has received a determination letter from the IRS dated January 31, 2018, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore the related Plan is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code in order to maintain its qualified status. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related Trust is tax exempt.

9. Subsequent Events

Subsequent events have been evaluated for the Plan through October 10, 2023, the date the financial statements were available to be issued. There were no material items identified in the period subsequent to December 31, 2022 that have not been disclosed in the Plan's financial statements.
