Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Contractors Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Contractors Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any asset information related to the investment in The Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity (DFE) or 103-12 Investment Entity (103-12 IE) described in the instructions to Form 5500 Annual Return/Report.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the 103-12 IE investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by 103-12 IE agrees to, or is derived from, in all material respects, the information prepared by the trustee that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Contractors Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter

We performed a compilation engagement with respect to the 2021 financial statements, and our report thereon, dated October 12, 2023, stated we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Contractors Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the investment in and investment transactions associated with the 103-12 IE, except for obtaining and reading the Form 5500 of the 103-12 IE, comparing the 103-12 IE investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the 103-12 IE investment information to assess whether they were in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the 103-12 IE investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the 103-12 IE investment information, we compared such information to the investment information provided by the trustee.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the 103-12 IE investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the 103-12 IE investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by the 103-12 IE agrees to, or is derived from, in all material respects, the information prepared by the trustee that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Contractors Retirement Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Robertson Construction Services, Inc. (Company) The Contractors Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees performing services subject to the Services Contract Act, Davis-Bacon Act or similar federal, state, or municipal prevailing wage statutes who are not covered under any collective bargaining agreement and who are not a nonresident alien. There are no age or service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company contributes an amount equal to the hourly rate designated for each participant's employment classification for the project at which the work was performed. Additional non-elective contributions may be contributed at the option of the Company's managing body. Employees are also able to contribute rollover amounts to the plan. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of the prevailing wage contributions, employer non-elective contributions, and rollover contributions into investment options offered by the Plan. For those participants that do not direct their investments, the prevailing wage and non-elective contributions will be invested in accordance with the default investment alternatives established under the Plan. Participants may change their investment options upon notice to Fringe Benefit Group.

Participant Accounts

Each participant's account is credited with the Company's prevailing wage contribution, non-elective contribution, if applicable, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their rollover contributions and Company prevailing wage contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

The Contractors Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest. The loans are secured by the vested interest in the participant's account and bear an interest at prime, as defined. Loan terms may not exceed five years. Principal and interest are paid ratably through payment plans set up by the participant separately from payroll.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in installment payments not to exceed the life expectancy of the participant, applied to the purchase of an annuity contract, or a joint and 50% or 75% survivor annuity for those that are married. A participant who has reached age 59-1/2 may request an in-service distribution. Participants who have reached age 62 may withdraw all or a portion of their account balance attributable to pension contributions prior to termination of employment.

Forfeited Accounts

At December 31, 2022, there were no forfeited nonvested accounts. Forfeited nonvested accounts are used to offset Plan expenses and then may be used to reduce future employer contributions.

Plan Amendment

Effective January 1, 2022, the Plan was amended and restated to bring it in compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting; consequently, contributions and investment income are recorded as received and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.

The Contractors Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the notes when paid. Related fees are recorded as administrative expenses and are expensed when they are paid. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation of fair value of investments.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

The Contractors Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Refer to Note D for the fair value hierarchy for the 103-12 IE.

NOTE D – INTEREST IN 103-12 INVESTMENT ENTITY

The Plan's investments are in The Contractors Retirement Plan Master Trust, which was established for the investment of assets of the Plan and multiple employers that have established single employer plans. Each participating retirement plan has an undivided interest in The Contractors Retirement Plan Master Trust. The assets of The Contractors Retirement Plan Master Trust are held by ERISA Smart, the trustee.

The value of the Plan's interest in The Contractors Retirement Plan Master Trust is based on the beginning of year value of the Plan's interest in the 103-12 IE plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2022 and 2021, The Plan's interest in the net assets of The Contractors Retirement Plan Master Trust was approximately 0.22% and 0.19%, respectively. Total investment income (including net appreciation and (depreciation) in fair value of investments) of The Contractors Retirement Plan Master Trust is allocated to the individual plans on a daily basis based on investment funds.

	\$ <u>(268,008,797)</u>	\$ <u>(502,933)</u>

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE F – TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferred arrangement, which received a favorable opinion letter from the Internal Revenue Service on August 24, 2020. The letter stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The preparation of financial statements in conformity with the modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

NOTE G – PLAN ADMINISTRATION

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan.

NOTE H – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are managed by ERISA Smart, Inc. ERISA Smart, Inc. is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fringe Benefit Group provides third party administration. Contract administration fees paid to Fringe Benefit Group amounted to \$10,765 for the year ended December 31, 2022. Fees paid by the Plan for investment management services were included as a reduction of the return of each fund.

NOTE I – RISKS AND UNCERTAINTIES

The Plan, through the 103-12 IE, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – SUBSEQUENT EVENTS

Date of Management Evaluation

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statement were available to be issued.
