Midland Optical 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Midland Optical 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 and 2022 Financial Statements section of our report:

- the amounts and disclosures in the accompanying 2021 and 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 and 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Midland Optical 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Midland Optical 401(k) Plan's ability to continue as a going concern through October 12, 2023.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud if higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Midland Optical 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Midland Optical 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at year end and Reportable Transactions as of December 31, 2022 and for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDLAND OPTICAL
401 (k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the Midland Optical 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by Midland Optical (Company), effective June 26, 1989. The Plan was set up for the purpose of allowing employees of the Company to defer a portion of their annual base compensation for federal income tax purposes in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator and Trustees

The Company is the Plan Sponsor and named Plan Administrator. All money that is contributed to the Plan is held in a trust fund. Plan Trustees, appointed by the Company are responsible for oversight of the Plan. Plan Trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance, and oversees the reasonableness of expenses and fees. Voya Retirement Insurance and Annuity Company is the Plan's Custodian. The Custodian holds all the Plan's assets and executes all the Plan's transactions. Benefit Plans Plus, LLC provides all participant recordkeeping and administration services.

Eligibility

The Company's employees must complete three months of service and be age eighteen or older to become eligible to participate in the Plan and may enter the Plan on the first day of the month following the date employees satisfy the eligibility requirements.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances as defined in the Plan document.

Contributions to the Plan

Participants are permitted to contribute up to the maximum allowed by the IRS, as defined in the Plan document. Rollovers from qualified plans are allowed under the provisions of the Plan.

The Company makes a matching contribution equal to 25% of participant's contributions. This matching contribution does not take into consideration participant contributions that exceed 6% of salary. In addition, the Company may make profit sharing contributions to the Plan as well as certain qualified nonelective contributions (QNEC's). These Company contributions are discretionary in nature and are determined on an annual basis by the Board of Directors. Contributions are subject to certain limitations.

NOTE 1 DESCRIPTION OF PLAN (CONT'D)

Payment of Benefits and Distributions

On termination of service due to death, disability, retirement or for other reasons, participants may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account, receive payments in the form of an annuity (i.e. if the participant's vested account balance is greater than $5,000), or defer receipt of distribution until a later date.

Notes Receivable from Participants

Participants may borrow from their vested account balance up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan is secured by the balance in the participant's account. Plan Administrators determine the interest rate, which is based on similar types of loans by other lenders.

Vesting

Participants are vested immediately in their contributions to the plan. Vesting in the Company's matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. Participants terminating employment due to death, disability or attainment of age 65 are also 100% vested in their account balance.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer contributions. During 2021 and 2022, employer contributions were reduced by $1,631 and $7,298, respectively.

Investment Options

Upon enrollment in the Plan, participants may direct their participant accounts to be invested in various mutual funds. These funds include a variety of investment options with various objectives and degrees of financial risk.

Basis of Accounting

The accounting records and the accompanying financial statements are maintained on the accrual basis of accounting. Income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of the financial statements, in accordance with accounting principles generally accepted in the United States of America, requires the Plan management to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian and investment advisors. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan, including recordkeeping, investment management, and participant transaction fees are paid by the Plan. Fees related to the administration of notes receivable from participant and benefit payments are charged directly to the participant's accounts and are included in administrative expense. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year's presentation.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date which the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 – Observable inputs such as quoted prices in active markets.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When, as a practical expedient, an investment is measured at fair value on the basis of net asset value, its classification as Level 2 or 3 will be impacted by the ability to redeem the investment at net asset value at the measurement date. If there is uncertainty or the inability to redeem an investment at net asset value in the near term subsequent to the measurement date, the investment is categorized as Level 3.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts

The common/collective trust funds are not publicly traded and are measured at fair value based on the fair value of underlying assets of the common/collective trust accounts, using NAV as the practical expedient. The NAV's share price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The Plan includes the fair value estimates of these securities in Level 2.

These investments are pooled funds that look like mutual funds, but they are not registered with the Securities and Exchange Commission. Often times, they will be invested in mutual funds or other marketable securities, but the unit price generally will be different from the value of the underlying securities because the fund may also hold cash for liquidity purposes, and the fees imposed by the fund are deducted from the fund value rather than charged separately to investors. Some CCTs and PSAs have no restrictions as to their investment strategy and can invest in riskier investments, such as derivatives, hedge funds, private equity funds, or similar investments.

NOTE 3 FAIR VALUE MEASUREMENTS (CON'T)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or relative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the financial instruments carried at fair value as of December 31, 2021 and 2022:

		Fair Value Measurements Using:		
	Fair value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021				
Non-interest bearing deposits	$ 5,478	$ -	$ 5,478	$ -
Pooled separate accounts	5,583,325	5,583,325	-	-
Fully benefit-responsive contract	62,741		62,741	
Total	$ 5,651,544	$ 5,583,325	$ 68,219	$ -
December 31, 2022				
Non-interest bearing deposits	$ 12,903	$ -	$ 12,903	$ -
Pooled separate accounts	4,849,358	4,849,358	-	-
Fully benefit-responsive contract	81,915		81,915	
Total	$ 4,944,176	$ 4,849,358	$ 94,818	$ -

NOTE 4 RELATED PARTY and PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya Retirement Insurance and Annuity Company (the Custodian) of the Plan. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 5 RECONCILIATION TO FORM 5500

Net assets available for benefits from the Form 5500, "Annual Return/Report of Employee Benefit Plan" (Form 5500) agree with the Plan's financial statements.

NOTE 6 TAX STATUS OF THE PLAN

The Plan has obtained its latest determination letter dated July 22, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code; and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2022, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for further recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE 7 CERTIFIED INVESTMENTS

The Company (Plan Administrator) has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, Voya Retirement Insurance and Annuity Company, has certified that information included in the accompanying financial statements and supplemental schedules is complete and accurate. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits and the schedule of assets (held at end of year).

NOTE 8 SIGNIFICANT CONCENTRATIONS

Investments representing 5% or more of the Plan's net assets available for benefits are considered to be significant concentrations and are as follows at December 31:

The following presents investments that represent 5 percent or more of the Plan's net assets:

	2021	2022
Pooled Separate Accounts:		
Vanguard Growth Index Fund	$ 439,740	$ 222,032
Vanguard Life Strategy Growth Fund	658,371	588,246
Vanguard Life Strategy Conservative Growth Fund	263,494	237,236
Vanguard Life Strategy Income Fund	290,393	232,277
Vanguard Life Strategy Moderate Growth Fund	2,286,827	1,587,096
Voya Index Solution 2035	20,919	684,809

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participant' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may, at its discretion, elect to discontinue its contributions at any time, or terminate or amend the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.
