Independent Auditors' Report

To the Plan Participants and Plan Administrator
Unilever Advantage Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unilever Advantage Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Unilever Advantage Savings Plan (the "Plan") is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's sponsor is Unilever United States, Inc. (the "Company"). Assets of the Plan along with assets from the UNI*Care* Savings Plan and Savings Plan for Union Employees of Unilever, affiliated plans, are maintained in the Unilever United States, Inc. Master Trust (the "Master Trust"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the summary plan description for more complete information.

Eligibility
Participating companies of the Plan are:

- Conopco, Inc. for employees in the following business units:
    - The Laundress, LLC (effective July 1, 2019)
    - Dermalogica, LLC (effective December 2, 2019)
    - Kingdom Animalia, LLC (Hourglass Cosmetics, effective December 2, 2019)
    - Murad, LLC (effective June 1, 2021)
    - Tatcha, LLC (effective June 15, 2021)
    - The Liv Group, Inc. (effective April 30, 2021)
    - Ren USA, Inc. (effective June 1, 2021)
    - Living Proof, Inc. (effective January 1, 2022)
    - Kate Somerville Holdings, LLC (effective July 6, 2022)
    - Ben & Jerry's Homemade, Inc. (only with respect to eligible Ben & Jerry's Scoop Shop hourly employees - effective May 8, 2023)
- Blueair, Inc. (effective June 22, 2022)
- Paula's Choice, LLC (effective August 15, 2023)

All employees of the participating companies scheduled to work twenty or more hours a week are eligible to participate in the Plan immediately upon hire, except for:

- full-time temporary status employees;
- independent contractors;
- directors active only in that capacity;
- employees covered by collective bargaining agreements;
- nonresident aliens;
- leased employees
- interns employed by Kingdom Animalia, LLC

Subject to the exceptions above, employees who are not regularly scheduled to work twenty or more hours a week can participate in the Plan after completing one year of service during which the employee completes at least 1,000 hours of service in a calendar year. Participants in Dermalogica, LLC and those hired prior to December 2, 2019 by Kingdom Animalia, LLC do not have a minimum age or service requirement.

If a non-highly compensated employee does not enroll in the Plan within 60 days of hire, that employee will be automatically enrolled in the Plan at a contribution rate of 4%, 5% or 6%, based on the participating employer. His or her money will be invested in the custom Target Date Fund that most closely aligns with the participant's assumed retirement date at age 65. In addition, the employee will be enrolled in the Automatic Increase Program (AIP), which will increase an employee's contribution rate by 1% on April 1st each year, to a maximum of 10% (15% effective January 1, 2021). Highly Compensated Employees will not be automatically enrolled in the Plan or in the AIP plan feature. The employee may stop or change the elections at any time. Automatic enrollment and escalation only apply to employees of Kingdom Animalia, LLC (Hourglass Cosmetics) who were hired or rehired on or after December 2, 2019.

Contributions

Plan participants are permitted to make voluntary contributions to the Plan through payroll deductions. Before-tax contributions, representing 401(k) contributions are deposited in a "before-tax account", Roth after-tax contributions are deposited in a "Roth account" and after-tax contributions, where applicable, are deposited in an "after-tax account." Before-tax and Roth contributions are limited to $20,500 for 2022 and $19,500 for 2021. Participants who will be age 50 or older by the end of the Plan year are eligible to make before-tax and/or Roth catch-up contributions limited to $6,500 for 2022 and 2021.

The maximum permitted contributions are 1% to 50% of eligible compensation through payroll deductions on a before-tax basis, Roth basis, an after-tax basis or a combination of all three, provided that the maximum participant contributions to the before-tax, Roth and after-tax accounts do not exceed 50% of eligible compensation.

Additionally, participants may contribute amounts representing distributions from other qualified plans as Rollover contributions.

The Company matches contributions made by participants for some employees, based on the terms of the Plan document. Company matching contributions vary for each participating employer and ranges from 50% of 6% of the participant's contribution to 100% of the participant's contribution limited to 5% of a participant's compensation per pay period.

Plan Mergers and Transfer of Assets to Plan
In June 2022, the assets of the Blueair, Inc. 401(k) Plan, were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $990,685.

In July 2022, the assets of the Kate Somerville Skincare, LLC 401(k) PS Plan, were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $4,407,455.

In July 2022, the Plan received assets of $135,654 from previously merged plans.

In addition to $16,931 of notes receivable from participants, total transfers above amounted to $5,533,794, both of which are reflected in total as transfers on the Statements of Changes in Net Assets for the year ended December 31, 2022.

In June 2021, the assets of the Tatcha, LLC Retirement Trust, were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $2,739,435.

In June 2021, the assets of the Murad, LLC 401(k) Plan, were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $16,175,174.

In June 2021, the assets of the Ren USA, Inc 401(k) Plan, were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $227,071.

In December 2021, the assets of the Living Proof, Inc. 401(k) Profit Sharing Plan and Trust were merged into the Plan. The assets transferred into the Plan pursuant to the merger totaled $7,715,838.

In addition to $244,307 of notes receivable from participants, total transfers above amounted to $26,857,518, both of which are reflected in total as transfers on the Statements of Changes in Net Assets for the year ended December 31, 2021.

Participant Accounts
Each participant's account is credited with: (a) the participant's contribution; (b) the Company's contribution; and (c) an allocation of Plan earnings (losses) and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting
Participants are fully vested in all of their before-tax, Roth and after-tax contributions as well as the earnings thereon.

Participants are immediately vested in company matching contributions.

The balance of forfeitures was $105,667 and $56,632 at December 31, 2022 and 2021, respectively. The balances at December 31, 2022 and 2021 were results of previously forfeited amounts that were transferred into the Plan as part of the 2022 and 2021 mergers (see Plan Mergers and Transfer of Assets to Plan). Forfeitures reduced Company matching contributions and Company non-elective contributions in the amount of $0 and $58,541 for the years ended December 31, 2022 and December 31, 2021, respectively.

There were no amounts forfeited by non-vested participants who terminated employment during the years ended December 31, 2022 and 2021.

Payment of Benefits
Provisions for the withdrawal of contributions of active participants include 1) in-service withdrawals of the rollover account and after-tax account prior to attainment of age 59.5, 2) withdrawals of the before-tax account and Roth elective deferral account for reasons of hardship, provided the participant made the maximum withdrawals from the rollover and after-tax accounts and does not exceed four hardship withdrawals in a calendar year, and 3) withdrawals of the after-tax account, before-tax account, Roth account, rollover account, and Company matching account following attainment of age 59.5.

Effective July 1, 2022, participants who withdraw after-tax contributions (and associated earnings) that were contributed to the Plan after July 1, 2022 are suspended from making after-tax contributions to the Plan for a period of six months.

Upon termination of employment, participants are entitled to all of their vested balances and must receive their full balance if under $1,000 or upon reaching the age of 65.

Investments
Participants have the option to direct contributions towards a wide variety of funds in the Master Trust including capital preservation, bond, real assets, equity and Target Date Funds. The fund line-up includes custom Target Date Funds, seven core investment funds and Fidelity Brokerage Link. The funds offered by the Plan are as follows:

- Capital Preservation Fund
  This fund is primarily invested in a diversified portfolio of synthetic fully benefit responsive guaranteed investment contracts issued by highly rated financial institutions such as insurance companies and banks. Each contract has its own specific terms, including interest rate and maturity date. The crediting interest rates at December 31, 2022 and 2021 for the contracts range from 1.25% to 2.27% and 0.01% to 1.93%, respectively. The weighted average crediting interest rates at December 31, 2022 and 2021 for the contracts are 2.13% and 1.47%, respectively.

- Diversified Bond Fund

- US Equity Index Fund

- Diversified Equity Fund

- International Equity Index Fund

- Real Assets Fund

- Diversified Equity Sustainability Fund

- Target Retirement, Target Date 2025, Target Date 2030, Target Date 2035, Target Date 2040, Target Date 2045, Target Date 2050, Target Date 2055, Target Date 2060, Target Date 2065

- Self-directed brokerage accounts, whereby the participant is able to select from various mutual funds and short-term investments.

Notes Receivable from Participants
Eligible participants may borrow from their vested account balances up to the lesser of $50,000 reduced by the largest outstanding loan balance in the previous 12 months or one-half of the participants' vested interest in their accounts less any outstanding loans. Loans bear interest at a fixed rate determined at the time of origination based on the Reuters published prime rate in effect on the last day of the calendar quarter plus one percent. Loans relating to the acquisition or construction of a participant's principal residence are to be repaid within fifteen years. All other loans are required to be repaid within five years.

Interest rates ranging from 3.25% to 7.25% and 3.25% to 7.00% were charged on the loans for the years ended December 31, 2022 and 2021, respectively.

Administration
The Plan provides that the Benefits Administration Committee is responsible for the general administration of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Valuation of Plan Investments and Income Recognition
The assets of the Plan have been commingled in the Master Trust with the assets of the UNI*Care* Savings Plan and Savings Plan for Union Employees for investment and administrative purposes. The investment in the Master Trust represents the Plan's interest in the net assets of the Master Trust. The Plan's investment in the Master Trust is primarily stated at fair value and is based on the beginning of the year value of the Plan's interest in the Master Trust plus contributions and allocated investment income (loss) less distributions and allocated expenses. However, certain fully benefit-responsive investment contracts are stated at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on the sale of investment securities are determined on the average cost method. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the investment income (loss) for the Plan's interest in the Master Trust, which consists of its allocated share of investment income and (loss), realized gains and losses, and the change in unrealized appreciation and depreciation from the Master Trust.

Notes Receivable from Participants
Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan.

Benefit Payments
Benefit payments are recorded when paid and include deemed distributions of $76,188 and $37,053 for the years ended December 31, 2022 and 2021, respectively.

Administrative Expenses
Investment management fees for all funds are included as a reduction of investment income. Certain other professional fees are paid by the Plan. Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, if any, at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties
Through the Master Trust, the Plan provides for various investment options in any combination of stocks, commingled funds, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the December 31, 2022 and 2021 Statements of Net Assets Available for Benefits.

The Master Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan does not anticipate non-performance by these companies and believes that the risk to the Master Trust portfolio from credit loss is not material due to the diversified nature of assets held.

Effects of New Accounting Pronouncements
The Plan is not aware of any new accounting standards that were required to be adopted in 2022, or yet to be adopted, that would impact the Plan’s 2022 or prospective financial statements.

3. Tax Status of the Plan

The Plan last received a favorable tax determination letter dated June 7, 2021. The Plan has been amended subsequent to the receipt of the Internal Revenue Service ("IRS") determination letter, however the Plan Administrator believes that the plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires the Plan's administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The Plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the Trustee of the Plan has certified the completeness and accuracy of all investments and related activity and notes receivable from participants and interest from notes receivable from participants, included in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. The Plan's independent accountants did not extend their audit procedures to the information certified by the Trustee, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

5. Investments Held by the Master Trust

At December 31, 2022 and 2021, the Master Trust is comprised of the investment assets of the Plan, the UNI*Care* Savings Plan, and the Savings Plan for Union Employees of Unilever, affiliated plans of Unilever US.

Investment assets of the Master Trust, held by Fidelity Management Trust Company, the Trustee, related earnings (losses) and expenses are allocated to the plans participating in the Master Trust based upon the total of each individual plan's share of the Master Trust.

As of December 31, 2022, the investment categories of the Master Trust and Plan's share were as follows:

Investments, at fair value, except for synthetic guaranteed investment contracts which are at contract value	**Master Trust Balances**	**Plan's Interest in Master Trust Balances**
Short-term investment funds	$ 23,015,269	$ 424,130
Self-directed brokerage accounts	121,694,864	1,094,313
Commingled funds	1,566,766,287	79,371,151
Synthetic guaranteed investment contracts	181,943,272	2,623,957
Master Trust investments	$ 1,893,419,692	$ 83,513,551

As of December 31, 2021, the investment categories of the Master Trust and Plan's share were as follows:

Investments, at fair value, except for synthetic guaranteed investment contracts which are at contract value		
Short-term investment funds	$ 20,488,641	$ 397,329
Self-directed brokerage accounts	166,555,651	1,472,313
Commingled funds	1,897,442,146	79,500,894
Synthetic guaranteed investment contracts	213,714,753	2,217,239
Master Trust investments	$ 2,298,201,191	$ 83,587,775

During the years ended December 31, 2022 and 2021, the investment income of the Master Trust was as follows:

	2022	**2021**
Net (depreciation) appreciation in fair value of net investments	$ (298,754,720)	$ 239,101,842
Interest	3,289,784	3,401,037
Dividends	6,397,044	12,980,662
Total net investment (loss) income	$ (289,067,892)	$ 255,483,541

The Plan's interest in the net investment (loss) income of the Master Trust for the years ended December 31, 2022 and 2021 was $(11,658,215) and $7,075,411, respectively.

Investment valuation and income recognition of Master Trust

Master Trust investments, with the exception of synthetic guaranteed investment contracts, are stated at fair value. The Investment Committee reviews the valuation and performance of the investment options on an annual basis. There are no redemption restrictions or unfunded commitments for any Master Trust investments.

Investment income for the Master Trust includes net appreciation of investments, as well as interest and dividends from investments. The net appreciation of investments held in the Master Trust consists of the realized gains (losses) and the unrealized appreciation (depreciation) on these investments.

Investment Contracts
As of December 31, 2022 and 2021, the following are synthetic guaranteed investment contracts, of the Master Trust, which are fully benefit-responsive:

Investments, at contract value

	2022	2021
Transamerica (IGT Jennison AAA Intermediate Fund, IGT Invesco High Quality Short-term Bond Fund and IGT PIMCO AAA or Better Intermediate Fund)	$ 30,252,319	$ 35,496,263
Met Tower Life (IGT Jennison AAA Intermediate Fund, IGT Invesco High Quality Short-term Bond Fund and IGT PIMCO AAA or Better Intermediate Fund)	30,849,660	36,218,721
State Street Bank (IGT Jennison AAA Intermediate Fund and IGT Invesco High Quality Short-term Bond Fund)	30,204,188	35,387,754
Voya (IGT Invesco High Quality Short-term Bond Fund, IGT PIMCO AAA or Better Intermediate Fund and IGT Jennison AAA Intermediate Fund)	30,221,454	35,516,259
Pacific Life Insurance (IGT Invesco High Quality Short-term Bond Fund)	30,196,251	35,522,416
RGA (IGT Invesco High Quality Short-term Bond Fund and IGT PIMCO AAA or Better Intermediate Fund)	30,219,400	35,573,340
	$ 181,943,272	$ 213,714,753

The Master Trust entered into fully benefit-responsive investment contracts, such as synthetic guaranteed investment contracts ("GICs"), with various third party financial institutions. These fully benefit-responsive investment contracts are held through the INVESCO Interest Income Fund (the “Fund”). Contract values represent contributions made to the investment contract plus earnings, less participant withdrawals and administrative expenses.

A synthetic GIC provides for a fixed return on principal over a specified period of time through fully benefit-responsive wrapper contracts issued by third party financial institutions which are backed by underlying assets owned by the Master Trust. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying investments, typically over the duration of the investments through adjustments to the future interest crediting rate (which is the rate earned by participants). The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

Calculating the Interest Crediting Rate in Wrapper Contracts
The key factors that influence future interest crediting rates for a wrapper contract include:

- The level of market interest rates
- The amount and timing of participant contributions, transfers, and withdrawals into/out of the wrapper contract
- The investment returns generated by the fixed income investments that back the wrapper contract
- The duration of the underlying investments backing the wrapper contract

Wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis. While there may be slight variations from one contract to another, most wrapper contracts use a formula that is based on the characteristics of the underlying portfolio. Over time, the crediting rate formula amortizes the Fund's realized and unrealized market value gains and losses over the duration of the underlying investments. Because changes in the market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Fund are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate. The amortization of the embedded market value gains (losses) are reflected in future interest crediting rates higher (lower) than if they otherwise would have been.

All wrapper contracts provide for a minimum interest crediting rate of zero percent. In the event that the interest crediting rate should fall to zero and the requirements of the wrapper contract are satisfied, the wrapper issuers will pay to the Plan the shortfall needed to maintain the interest crediting rate at zero. This helps to ensure that participants' principal and accrued interest will be protected.

Events That Limit the Ability of the Master Trust to Transact at Contract Value
In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include termination of the Master Trust, a material adverse change to the provisions of the Master Trust, if the employer elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could result in the payment of benefits at market value rather than contract value are not probable of occurring in the foreseeable future.

Issuer-Initiated Contract Termination
Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Master Trust's loss of its qualified status, un-cured material breaches of responsibilities, or material and adverse changes to the provisions of the Master Trust. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described as follows:

• Level 1 - Inputs to the valuation methodology are unadjusted quoted, or published for the commingled funds, prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

• Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

• Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds (Self-directed Brokerage Account)

A mutual fund's Net Asset Value ("NAV") is based on the value of underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding calculated as of the close of business of the New York Stock Exchange. The mutual fund's assets normally are fair valued for the purpose of computing the fund's NAV. Since the NAV is a quoted price in a market that is active, they are classified within Level 1 of the valuation hierarchy.

Commingled Funds

These investments are investment vehicles valued using the NAV provided by the administrator of the fund. The values of the underlying assets owned by the fund are valued at quoted market prices in an active market. Each common/collective trust fund provides for daily redemptions by the Plan at reported NAVs with no advance notice requirement. The NAV is valued daily based on the fair value of the underlying investments held by the trust and classified within Level 1 of the valuation hierarchy.

Short-term Investment Funds

The short-term investment funds, which include money market funds, are valued at quoted market prices in an active market, which represent the NAVs held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

In accordance with the guidance relating to fair value measurements, the following tables represent the Master Trust's, and Plan's interest therein, fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2022 and 2021. For the years ended December 31, 2022 and 2021, all of the following financial assets were measured within Level 1 of the valuation hierarchy.

December 31, 2022	**Master Trust Balances**	**Plan's Interest in Master Trust Balances**
Short-term investment funds	$ 23,015,269	$ 424,130
Self-directed brokerage accounts	121,694,864	1,094,313
Commingled funds	1,566,766,287	79,371,151
Master Trust investments	$ 1,711,476,420	$ 80,889,594

December 31, 2021	**Master Trust Balances**	**Plan's Interest in Master Trust Balances**
Short-term investment funds	$ 20,488,641	$ 397,329
Self-directed brokerage accounts	166,555,651	1,472,313
Commingled funds	1,897,442,146	79,500,894
Master Trust investments	$ 2,084,486,438	$ 81,370,536

There have been no changes in methodologies used for the years ended December 31, 2022 and 2021.

6. Transactions with Related Parties and Parties-in-Interest

Certain Master Trust investments consist of units in investment funds managed by Fidelity, the Trustee. Fidelity owns these investment funds, and is a party-in-interest as defined by ERISA. In the opinion of the Plan administrator, fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services. Administration fees paid by the Plan to Fidelity during 2022 and 2021 are disclosed within administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, the participant's rights to their accrued benefits are non-forfeitable. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as disclosed in the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021 to amounts presented in Form 5500:

	2022	2021
Net assets available for benefits as disclosed in the financial statements	$ 85,075,205	$ 85,113,745
