INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
Servatii, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Servatii, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Servatii, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution for the period August 1, 2021 to December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Servatii, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Servatii, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Servatii, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Servatii, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held At End Of Year) and schedule of delinquent participants contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information,

are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SERVATII, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of Servatii, Inc. 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all employees of Servatii, Inc. (the Company). Employees of the Company are eligible to participate after performing six months of service and attaining age 21.

The plan entry date is the first date of the quarter following attainment of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 100% of their compensation, subject to a limit of \$20,500 for 2022 and \$19,500 for 2021. Eligible employees may elect to make additional “catch up” contributions. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a matching contribution on behalf of each participant in an amount equal 100% of the participants employee contribution that are not in excess of 3% of the participant’s compensation contributed plus 50% of the participant’s employee contribution that exceed 3% of the participant’s compensation but does not exceed 5% of the participant’s compensation contributed to the plan. The Company contributes a discretionary profit sharing contribution.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, the Company’s profit sharing contribution, and the Plan’s earnings. Allocation of the Plan’s earnings is based on participant’s account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers twenty-nine funds as investment options for participants.

Payment of Benefits

In the case of normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their account balance in either a lump sum or as a rollover in whole to an eligible retirement plan, in accordance with provision of the Plan.

SERVATH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in employee contributions and employer safe harbor contributions. Profit sharing contributions vest based on a 6 year graded schedule. As follows:

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards plan expenses or used to reduce employer contributions. At December 31, 2022 and 2021 forfeited non-vested amounts totaled \$9 and \$0, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Voya Retirement Insurance and Annuity Company and are stated at fair value. Units held in pooled separate accounts are reported at fair value based on the unit prices quoted by the funds, representing the fair value of the underlying investments. Units held in fixed funds are reported at contract value.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SERVATH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a non-standardized profit sharing plan document sponsored by CCH Incorporated DBA FTWilliam.com. which received an opinion letter from the IRS dated June 30, 2020, stating that the prototype plan, as designed, satisfied the applicable sections of the Internal Revenue Code ("IRC"). The Plan itself has not received its own determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRS and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are investment funds managed by Voya Financial Advisors, Inc. Voya Financial Advisors, Inc. is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping and administrative expenses are with the custodian and are not considered prohibited transactions under ERISA.

NOTE 5 – INVESTMENTS

The Plan's investments are held by Voya Retirement Insurance and Annuity Company. As custodian, Voya Retirement Insurance and Annuity Company maintains the investments in separate accounts, which comprise a significant portion (100% - 2022, 99.29% - 2021) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statement at contract value which approximates fair value as reported by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company certified as of December 31, 2022 and 2021 as to the completeness and accuracy of the information reported. Unrealized gains(loss) on investments totaled (\$31,348) for the year ended December 31, 2022. Investment income totaled \$229 for the year ended December 31, 2022.

NOTE 6 - INFORMATION CERTIFIED BY CUSTODIAN (CONTINUED)

The income and expenses reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021 were certified by Voya Retirement Insurance and Annuity Company.

The information included in the Schedule of Assets was certified by Voya Retirement Insurance and Annuity Company.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 – PARTICIPANTS SEPARATED FROM SERVICE WITH A DEFERRED VESTED INTEREST

As of December 31, 2022, two participants with an account balance totaling \$2,123 has separated from service and have not been paid.

NOTE 9 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued using the unit value calculated based on the net asset value of the underlying pool of securities that are mutual funds. Mutual funds trade on one or more U.S. or foreign exchanges and the fair value is derived based on the closing prices for the underlying securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

DECEMBER 31, 2022 AND 2021

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

Events that would limit the pooled separate accounts to transact at the NAV may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, and implementation of early retirement incentive programs.

NOTE 10 - VOYA FIXED ACCOUNT

The Plan has a benefit-responsive fixed account with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. The current credited interest rate is 1.00% and the guaranteed minimum rate is 1.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or amendment to the Plan or a change in the administration or operation of the Plan, including the division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 11 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employer contributions. The Plan removed the excess employer contributions for 2021 into a forfeiture account in July 2022. The plan removed the 2022 excess contributions from the applicable participants into a forfeiture account in July 2023.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
Servatii, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Servatii, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Servatii, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution for the period August 1, 2021 to December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Servatii, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Servatii, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Servatii, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Servatii, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held At End Of Year) and schedule of delinquent participants contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information,

are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SERVATII, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of Servatii, Inc. 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all employees of Servatii, Inc. (the Company). Employees of the Company are eligible to participate after performing six months of service and attaining age 21.

The plan entry date is the first date of the quarter following attainment of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 100% of their compensation, subject to a limit of \$20,500 for 2022 and \$19,500 for 2021. Eligible employees may elect to make additional “catch up” contributions. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a matching contribution on behalf of each participant in an amount equal 100% of the participants employee contribution that are not in excess of 3% of the participant’s compensation contributed plus 50% of the participant’s employee contribution that exceed 3% of the participant’s compensation but does not exceed 5% of the participant’s compensation contributed to the plan. The Company contributes a discretionary profit sharing contribution.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, the Company’s profit sharing contribution, and the Plan’s earnings. Allocation of the Plan’s earnings is based on participant’s account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers twenty-nine funds as investment options for participants.

Payment of Benefits

In the case of normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their account balance in either a lump sum or as a rollover in whole to an eligible retirement plan, in accordance with provision of the Plan.

SERVATH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in employee contributions and employer safe harbor contributions. Profit sharing contributions vest based on a 6 year graded schedule. As follows:

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards plan expenses or used to reduce employer contributions. At December 31, 2022 and 2021 forfeited non-vested amounts totaled \$9 and \$0, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Voya Retirement Insurance and Annuity Company and are stated at fair value. Units held in pooled separate accounts are reported at fair value based on the unit prices quoted by the funds, representing the fair value of the underlying investments. Units held in fixed funds are reported at contract value.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SERVATH, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a non-standardized profit sharing plan document sponsored by CCH Incorporated DBA FTWilliam.com. which received an opinion letter from the IRS dated June 30, 2020, stating that the prototype plan, as designed, satisfied the applicable sections of the Internal Revenue Code ("IRC"). The Plan itself has not received its own determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRS and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are investment funds managed by Voya Financial Advisors, Inc. Voya Financial Advisors, Inc. is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping and administrative expenses are with the custodian and are not considered prohibited transactions under ERISA.

NOTE 5 – INVESTMENTS

The Plan's investments are held by Voya Retirement Insurance and Annuity Company. As custodian, Voya Retirement Insurance and Annuity Company maintains the investments in separate accounts, which comprise a significant portion (100% - 2022, 99.29% - 2021) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statement at contract value which approximates fair value as reported by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company certified as of December 31, 2022 and 2021 as to the completeness and accuracy of the information reported. Unrealized gains(loss) on investments totaled (\$31,348) for the year ended December 31, 2022. Investment income totaled \$229 for the year ended December 31, 2022.

NOTE 6 - INFORMATION CERTIFIED BY CUSTODIAN (CONTINUED)

The income and expenses reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021 were certified by Voya Retirement Insurance and Annuity Company.

The information included in the Schedule of Assets was certified by Voya Retirement Insurance and Annuity Company.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 – PARTICIPANTS SEPARATED FROM SERVICE WITH A DEFERRED VESTED INTEREST

As of December 31, 2022, two participants with an account balance totaling \$2,123 has separated from service and have not been paid.

NOTE 9 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued using the unit value calculated based on the net asset value of the underlying pool of securities that are mutual funds. Mutual funds trade on one or more U.S. or foreign exchanges and the fair value is derived based on the closing prices for the underlying securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments Measured at NAV:				
Pooled Separate Accounts	\$ _____	\$ _____	\$ _____	\$ 302,774
Total Assets at Fair Value	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ 302,774</u>

Total Assets at Fair Value	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$ 154,533</u>

The following table summarizes investments measured at fair value based on the net asset value of the underlying pool of securities that are mutual funds as of December 31, 2022.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

Events that would limit the pooled separate accounts to transact at the NAV may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, and implementation of early retirement incentive programs.

NOTE 10 - VOYA FIXED ACCOUNT

The Plan has a benefit-responsive fixed account with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. The current credited interest rate is 1.00% and the guaranteed minimum rate is 1.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or amendment to the Plan or a change in the administration or operation of the Plan, including the division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 11 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employer contributions. The Plan removed the excess employer contributions for 2021 into a forfeiture account in July 2022. The plan removed the 2022 excess contributions from the applicable participants into a forfeiture account in July 2023.
