Independent Auditors' Report

The Plan Committee
GoRaleigh Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GoRaleigh Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, the statements of accumulated plan benefits as of January 1, 2023 and 2022, and the related statements of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules by ERISA

The supplemental schedules of assets (held at end of year), of reportable transactions, and of delinquent participant contributions as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GORALEIGH PENSION PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Plan Description

Description of the Plan – Effective August 3, 2017, the name of the Raleigh Division of ATC/VANCOM Management Services Limited Partnership ATU Local Union 1328 Retirement Plan was changed to GoRaleigh Pension Plan (“the Plan”). The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a tax-qualified plan established pursuant to Section 401(a) of the Internal Revenue Code of 1986 and is sponsored by GoRaleigh (the “Partnership”). See note 14. The Plan began December 1, 1972 and is a defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees of the Partnership, classified as bus operators and maintenance employees, must complete a 120 working day probationary period before joining the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator and plan actuary to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(b) Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: one or more significant inputs or significant value drivers are unobservable or based on market assumptions.

(2) Summary of Significant Accounting Policies, Continued

(c) Investments

Investments are stated at fair value as provided by the Plan's trustee (see note 5). Investments in mutual funds under the group annuity separate account with Standard Insurance Company ("Standard") are composed of assets that are either priced by a pricing service or directly by the relevant mutual fund company trading partner, with the group annuity separate account then subject to unit value determination by Standard.

Securities transactions are recognized on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2023 and 2022 were (a) market value method, (b) life expectancy of participants (Pri-2012 (Total Dataset) projected with MP-2021 for 2022 and 2021), (c) retirement age assumptions (at age 62 with 10 years of vesting service or age 65 or age on actuarial valuation date, if greater), (d) discount rate (5.0% for 2022 and 2021), (e) funding target interest rates based on a 24-month average of the current yields on high quality corporate bonds, ranging from 4.75% to 5.74% for 2022 and 4.75% to 5.92% for 2021, and (f) employee contributions of 6.0% of pay. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(e) Benefits

Benefit payments to participants are recorded as an expense when paid.

(f) Administrative and Investment Costs

Administrative expenses, such as insurance premiums and audit costs, are paid by the Plan. Investment expenses are included in net investment return.

(3) Contributions

The cost of the Plan is shared by the Partnership and the participants. The contribution rates for the Partnership and the participants are defined in the Labor Agreement by and between the Partnership and the Plan and satisfy the minimum funding requirements of ERISA. From January 1, 2021 through December 31, 2022, the Partnership contributed 6.0% of each participant's gross wages to the Plan, and each participant contributed 6.0% of his/her gross wages to the Plan.

In September 2020, the Labor Agreement was renewed, and effective July 1, 2020 through June 30, 2023 the contribution rates for the Partnership and the participants will each remain at 6.0%. Subsequent to June 30, 2023, contributions are continuing at 6% while management is in the process of negotiating a new agreement.

(4) Vesting and Benefits

Participants are immediately vested in 100% of employee contributions and earnings thereon. Participants' benefits with regard to Partnership contributions and earnings thereon are not vested at all until the participant has completed five years of service, at which time the participant becomes 100% vested.

Upon separation from service with the Partnership because of termination after five years of service, the participant is eligible to receive 100% of the monthly retirement benefit, with payments beginning on the participant's normal retirement date. A participant's monthly benefit is defined in the Plan agreement.

A participant who terminates employment due to total and permanent disability will be paid his accrued benefit beginning on the month after termination due to total and permanent disability. If a participant dies prior to retiring, the participant's spouse will receive a survivor benefit equal to one-half the benefit that the participant otherwise would have received upon leaving employment on his earliest retirement date.

(5) Investments

The Plan's investments are nonparticipant directed, are held in a trust, and are managed by the trustee, Standard. All information in the financial statements, related notes, and supplemental schedules relating to investments and investment transactions was obtained from data that has been prepared and certified as complete and accurate by the trustee.

The following table presents the fair values of investments:

	<u>2022</u>	<u>2021</u>

(5) Investments, Continued

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated and appreciated in fair value by (\$1,942,262) and \$1,609,087, respectively. The Plan also recognized interest income of \$95,210 and \$96,342 during 2022 and 2021, respectively.

Standard's Stable Asset Fund II is an interest-bearing account with the goal of conservation of principal. Standard invests these deposits as part of its general assets, investing in high-quality bonds and insurance contracts, and return is determined by the declared interest rate, not by the investment performance of Standard's general assets. Standard determines contract value, and has represented that contract value (or net asset value) approximates fair value. Certain events that may limit the ability of the Plan to transact at contract value with Standard. Standard may terminate the contract with 30 days advance written notice for reasonable cause. Upon these events or upon such termination, a market value adjustment may apply. The effective rate of return for 2022 and 2021 was 1.57% and 1.61%, respectively. Redemptions from the fund may be made each business day, subject to certain restrictions by the Fund. There are no unfunded commitments as of December 31, 2022 and 2021.

Standard's Separate Account A is composed of assets invested in various mutual funds with various investment strategies. Redemptions may be made each business day and there are no unfunded commitments as of December 31, 2022 and 2021. The investment strategies of the underlying mutual funds, along with the relative percentage of Separate Account A as of December 31, 2022, are as follows:

Dodge & Cox Income (23%) seeks a high and stable rate of current income, consistent with long-term preservation of capital, and normally invests in a diversified portfolio of high-quality bonds and other debt securities.

Vanguard Wellington Admiral (19%) seeks to provide long-term capital appreciation and moderate current income, and invests 60-70% of its assets in dividend-paying common stocks of established large companies, and 30-40% of its assets mainly in fixed income securities.

DFA International Core Equity I (9%) seeks long-term capital appreciation, investing at least 80% of the fund's net assets in equity securities of non-U.S. companies.

MFS Mid Cap Value (8%) seeks capital appreciation, investing at least 80% of the fund's net assets in issuers with medium market capitalizations.

JP Morgan Equity Income R6 (8%) seeks capital appreciation and current income, investing at least 80% of the fund's assets in the equity securities of corporations that regularly pay dividends.

Fidelity 500 Index (8%) seeks to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States, investing in at least 80% of assets in common stocks included in the S&P 500 Index.

(5) Investments, Continued

T. Rowe Price Growth Stock I (7%) seeks long-term capital growth through investing at least 80% of its net assets in the common stocks of a diversified group of growth companies.

JP Morgan Small Cap Growth R6 (6%) seeks long-term capital growth by investing in a portfolio of equity securities of small-capitalization and emerging growth companies.

DFA US Targeted Value I (6%) seeks long-term capital appreciation, and the fund purchases a broad and diverse group of the readily marketable securities of U.S. small and midcap companies that it determines to be "value stocks".

Carillon Eagle Mid Cap Growth R6 (3%) seeks long-term capital appreciation, investing at least 80% of its net assets in the equity securities of mid-capitalization companies.

T. Rowe Price New Horizons (3%) seeks long-term capital growth, investing primarily in a diversified group of small, emerging growth companies, preferably early in their corporate life cycle before the companies become widely recognized by the investment community.

(6) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

		Fair Value Measurements at Reporting Date Using:
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Level 2</u>
Assets in fair value hierarchy - Separate Account A	\$ 10,800,926	<u>10,800,926</u>

Investments measured at net asset value -		
Stable Asset Fund II	<u>6,543,126</u>	
	\$ <u>18,537,618</u>	

Stable Asset Fund II account balances are considered to be fully benefit-responsive investment contracts because they are fully liquid and immediately cashable once a participant terminates employment with the employer. As of December 31, 2022 and 2021, fully benefit-responsive investment contracts totaled \$5,880,438 and \$6,543,126, respectively. The Plan trustee has represented that contract value (or net asset value) approximates fair value for Stable Asset Fund II.

(7) Federal Income Taxes

The Plan's trustee has received a determination letter dated March 30, 2018, in which the Internal Revenue Service ("IRS") stated that the form of the prototype plan which the Partnership has adopted, as then designed, is acceptable under the applicable requirements of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) Related Party Transactions

The Plan has investments in the group annuity separate account of its trustee. These funds incurred fees to the trustee for investment advisory and trustee services totaling \$27,638 in 2022 and \$26,869 in 2021. Included in administrative expenses payable due to the trustee totaling \$5,950 and \$22,231 as of December 31, 2022 and 2021, respectively.

(8) Related Party Transactions, Continued

As of December 31, 2022 and 2021, the Plan had contributions receivable from the Partnership of \$142,164 and \$88,007, respectively.

(9) Plan Termination and Insurance

Although the Partnership expects the Plan to be continued indefinitely, it reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, all employer contributions will cease, no additional employees will enter the Plan, and each participant will be fully vested and nonforfeitable in his accrued benefit to the extent funded after reduction for expenses of administration and liquidation of the Plan. Additionally, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC"), an agency of the United States government. Generally, the PBGC guarantees vested benefits at the level in effect on the date of termination of the Plan. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC. PBGC premium expense totaled \$158,032 and \$288,697 during 2022 and 2021, respectively, and is included in administrative expenses.

(10) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>

(11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(12) Liquidity

As of December 31, 2022, the actuarial present value of accumulated plan benefits exceed the Plan's net assets available for benefits by approximately \$370,000, due primarily to negative investment returns during 2022. Participant and Partnership contributions will remain at 6.00% of compensation through at least June 30, 2023. Management believes the Plan has sufficient liquidity to currently meet its obligations.

(13) Non-Exempt Party-in-Interest Transactions

For 2022, the Company did not remit certain participant contributions to the custodian in a timely manner based on when the participant contributions were withheld from wages as required under DOL Regulation §2510.3-102. Such amounts withheld from wages totaling \$680,356 were remitted to the Plan during 2022, and additional amounts totaling \$31,388 were remitted to the Plan in January 2023. Other amounts that should have been withheld in 2022, but were not, totaled \$26,202 that have yet to be corrected.

For 2021, the Company did not remit certain participant contributions to the custodian in a timely manner based on when the participant contributions were withheld from wages as required under DOL Regulation §2510.3-102. Such amounts withheld from wages totaling \$95,334 were remitted to the Plan during 2021, and additional amounts totaling \$30,512 were remitted to the Plan in January 2022. Other amounts that should have been withheld in 2021 and 2020, but were not, totaled \$3,624 and \$9,868, respectively, that have yet to be corrected.

(14) Subsequent Events

RATP Dev USA, Inc. acquired GoRaleigh in April of 2023, and as a result became the sponsor of the Plan effective April 23, 2023.

The date to which events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 10, 2023, the date the financial statements were available to be issued.

Appendix A – Summary of Principal Plan Provisions

*For attachment to 2022 Schedule SB, Part V – Summary of Plan Provisions
EIN 52-1493194 / PN 011*

Original Effective Date:	Restated Effective January 1, 2020. Originally effective December 1, 1972.
Employee:	Any person who is employed by the employer as a bona fide, common law employee whose wages are subject to laws requiring withholding by the employer of income and Social Security taxes, and who is compensated on an hourly basis, including union members, but excluding any part-time person who works less than 1,000 hours during a plan year. Effective January 1, 1998, an Employee does not include any other common law employee or an individual not treated as a common law employee on the employer's payroll records.
Participation:	Effective January 1, 2000, each Employee will become a Participant in the plan on the first day of the first pay period following the completion of 120 days of employment.
Vesting Service:	The number of full years of employment.
Benefit Service:	The number of years and fractions of a year beginning on an Employee's latest employment date, and ending on the first to occur of his date of termination of employment, retirement date, death, disability or transfer to an uncovered division during which employee contributions are made. For each calendar month in which the Employee works at least one day, one-twelfth of a year shall be credited.
Normal Retirement Date:	The first day of the calendar month coincident with or next following the later of age 65 and the effective date of participation.
Early Retirement Date:	Any participant who has attained age 62 and completed 10 years of vesting service may elect early retirement on the first day of any calendar month following the termination of service.
Total and Permanent Disability	A physical or mental condition which renders a participant disabled to the extent that he is eligible for and receives payments under the Social Security Act.

Vesting Schedule:	<u>Years of Vesting Service</u>	<u>Vested Interest</u>
	Less than 5	0%
	5 or more	100%

Appendix A – Summary of Principal Plan Provisions (cont.)

Normal Retirement Benefit:	For each year of Benefit Service on and after January 1, 2001, a participant accrues an annual benefit of \$630. Lesser dollar multipliers apply to Benefit Service earned before January 1, 2001.
Early Retirement Benefit:	The amount of the benefit accrued as of Normal Retirement Date, without actuarial reduction for early commencement.
Disability Benefit:	A participant who retires because of Total and Permanent Disability and who has at least 10 years of vesting service shall be eligible to commence receipt of their benefit regardless of age. The disability benefit is the amount of the benefit accrued as of Normal Retirement Date, without actuarial reduction for early commencement.
Other Termination Benefits:	A terminated participant is entitled to the value of his employee contributions with interest at any time. Otherwise, if retirement has not been reached, no benefit is payable unless the lump sum amount of the participant's total benefit is less than \$5,000.
Normal Form of Benefit:	The normal form of benefit is a monthly annuity payable for the participant's life. If the participant dies before receiving the full amount of his employee contributions account with interest, his beneficiary will receive the difference.
Optional Benefit Forms:	100%, 75% or 50% Joint and Survivor Annuity; Ten-year Certain and Life Annuity.
Death Benefits (Pre-Retirement):	If the participant is married, his spouse is entitled to the standard statutory survivor's benefit equal to one-half of the benefit that would have been payable in the form of a 50% joint and survivor annuity. If the participant is not married, the death benefit is the value of his employee contributions with interest.
Death Benefits (Post-Retirement):	None except as provided by the annuity form elected.
Employee Contributions:	Prior to February 20, 2009, employee contributions were made at the rate of 5% of compensation. The contribution rate was increased to 5.5% on February 20 and to 6.00% on January 1, 2010.
Changes Since Last Year:	None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
