To the Plan Administrator
PA Consulting Group, Inc. Salary Savings Plan
Arlington, Virginia

We have audited the financial statements of PA Consulting Group, Inc. Salary Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2022, and we have issued our report thereon dated October 11, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by Vanguard Fiduciary Trust Company (“Vanguard”, or the “qualified institution”), which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (“U.S. GAAP”). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 23, 2023. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management’s assessment for each of the Plan’s investment input levels under Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. ASC 820 requires the Plan assess and disclose in the financial statements the level of input used for purposes of valuing each Plan investment. We evaluated the methods, assumptions, and data used to make your assessment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of fair value measurements for each investment held by the Plan as of December 31, 2022. The Plan followed the guidance of ASC 820, which requires the Plan to disclose how it determined the fair value of its investments based upon one of three possible input levels. The three levels of inputs are: 1) quoted prices in an active market, 2) significant observable inputs, and 3) significant unobservable inputs.

The information summarized in Note 3 that was certified by Vanguard, the qualified institution of the Plan, which we did not perform any auditing procedures over except for comparing such information with the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Party-in-interest transactions described in Note 5, which describes the relationship between the Plan and Vanguard.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements noted during our audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings below:

During our testing of participant data, we identified an instance of a missed deferral for one participant. The missed deferral was not identified by Plan management but was subsequently corrected. We recommend a routine review over deferrals, elections, and amounts paid to participant's each pay period to ensure there are no missed deferrals for any participants which would result in lost earnings.

During our testing of eligibility and participant data testing, we identified one instance where formal supporting documentation of employee compensation and eligibility was missing. We recommend Plan's Management obtain and retain formal documentation for employee compensation and any changes thereto. Additionally, we recommend that Plan's Management retain formal supporting documentation related to Plan eligibility.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Under DOL Reg. 2520.104-46, the DOL released new rules for determining which qualified plans require a plan audit. Historically, plans with over 100 participants at the beginning of the plan year have required an audit. Whether a plan exceeded the threshold was based on the number of eligible employees, even if the employees did not participate in the plan. Beginning January 1, 2023, instead of counting eligible employees on the first day of the year, the threshold will be based on the number of participants with account balances as of the first day of the year. We recommend a review of the Plan’s participant count as of January 1, 2023 to determine if this new rule will impact the Plan’s audit requirement.

This information is intended solely for the use of the Plan administrator, trustee, and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Participants and Plan Administrator
PA Consulting Group, Inc. Salary Savings Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PA Consulting Group, Inc. Salary Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following description of the PA Consulting Group, Inc. Salary Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan, established January 6, 1983, is a defined-contribution plan available to qualifying employees of PA Consulting Group, Inc. (the “Company” or the “Plan Sponsor”) except for temporary employees including student interns, occasional part-time employees who are scheduled to work less than 1,000 service hours on an annual basis, employees of oversea subsidiaries, project employees, and transferees from another company outside of the United States of America, which is part of the PA International Group, which group presently has its principal offices in London, England. There is no age or service requirement to be eligible to participate in the Plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator and Plan fiduciary are responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Administration Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are either paid directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – Participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis, subject to statutory limitations of the IRC. The Plan was amended on May 13, 2020, to add Roth 401(k) contributions to the Plan. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$6,500 for the year ended December 31, 2022. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Automatic Enrollment – Newly-hired eligible employees are automatically enrolled to contribute salary deferrals equal to 3% of compensation. Each year, the contribution percentage is increased by 1%, up to a maximum of 10%. A participant may specifically request to opt out of the automatic enrollment or may elect to contribute a different amount.

Employer Contributions – The Company makes an employer matching contribution of 6% of eligible compensation to eligible employees, as defined in the Plan. Matching contributions are made to only those participants who are employed on the last day of the Plan year. For the year ended December 31, 2022, the Company allocated employer matching contributions of \$4,026,714. Forfeitures of \$81,223 were used to reduce the 2022 employer matching contributions. The Company may also make qualified matching contributions, as determined necessary. No such qualified matching contributions were made during the year ended December 31, 2022. All contributions are subject to certain IRC limitations.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Investment Options – Participants may direct Vanguard Fiduciary Trust Company (“Vanguard”), the “Trustee”, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at the beginning of each quarter. Transfers of account balances between elected investment options may be made at the beginning of each quarter.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, qualified matching contributions, plus actual earnings (losses) thereon. Participants may direct the investment of contributions on a daily basis into various investment options offered by the Plan. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan. The employer matching contribution is vested as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year	33%
2 years	66%
3 years	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants’ salary deferral contributions, rollover contributions, plus an allocation of the Plan Sponsor’s qualified matching contributions, if any, matching contribution, if any, and Plan earnings (losses), including realized and unrealized gains and losses on investments, and charged with the participant’s distributions and the allocation of Plan expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits – A participant may make a withdrawal, at termination of the Plan, becoming disabled, for certain in-service withdrawals upon attainment of 59½, or attaining normal retirement age. Upon termination of service due to retirement, death, or disability, a participant or beneficiary may elect to receive the value of the vested interest in his or her account either by a lump-sum distribution or in monthly, quarterly, or annual installments over a period not to exceed the participant’s or beneficiary’s life expectancy at the time of distribution.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Notes must be repaid within five years (or up to 20 years for the purchase of a primary residence). The notes are secured by the balance in the participant’s account and accrue interest (as of the loan start date) equal to the then existing prime rate of interest plus 1%. At December 31, 2022, interest rates ranged from 4.25% to 8.50% with maturities through June 2041.

Forfeitures – Terminating participants forfeit nonvested Plan Sponsor profit-sharing contributions. Remaining forfeitures shall be applied against Plan Sponsor contributions in accordance with specific Plan provisions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$125,581 and \$81,822, respectively. For the year ended December 31, 2022, forfeitures of \$81,823 were used to reduce the 2022 employer profit-sharing contributions.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Account – This investment is a public investment vehicle valued at the closing price reported on the active market on which the individual securities are traded. This investment is classified within Level 1 of the valuation hierarchy.

Common Collective Trust – This investment is a public investment vehicle valued using NAV as a practical expedient to estimate fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. In accordance with Accounting Standards Codification (“ASC”) Subtopic 820-10, this investment has not been classified under the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the Trustee, has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,782,092	\$ -	\$ -	\$ 117,782,092
Self-directed brokerage account	2,853,386	-	-	2,853,386
Total assets in the fair value hierarchy	<u>\$ 120,635,478</u>	<u>\$ -</u>	<u>\$ -</u>	120,635,478
Common collective trust measured at NAV (*)				9,544,055
Investments, at fair value				<u>\$ 130,179,533</u>

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 147,090,999	\$ -	\$ -	\$ 147,090,999
Self-directed brokerage account	2,145,278	-	-	2,145,278
Total assets in the fair value hierarchy	<u>\$ 149,236,277</u>	<u>\$ -</u>	<u>\$ -</u>	149,236,277
Common collective trust measured at NAV (*)				9,207,656
Investments, at fair value				<u>\$ 158,443,933</u>

* In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2022			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 9,544,055	n/a	Daily	30 days

	As of December 31, 2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 9,207,656	n/a	Daily	30 days

Note 5—Parties-in-interest

Certain Plan investments are managed by Vanguard and, therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists. Fees paid to the Trustee totaled \$116,849 for the year ended December 31, 2022.

Notes receivable also qualifies as party-in-interest transactions.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 7—Tax status

The Plan utilized a prototype plan document sponsored by The Vanguard Group. The prototype plan sponsor has obtained a favorable opinion letter dated February 21, 2019, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 134,716,981	\$ 161,900,741
Less employer contributions receivable	(4,026,714)	(3,058,050)
Adjustment from fair value to contract value	696,063	(97,603)
Total net assets per Schedule H of Form 5500	<u>\$ 131,386,330</u>	<u>\$ 158,745,088</u>

The following is a reconciliation of the net increase/decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (27,183,760)
Changes in employer contribution receivable	(968,664)
Changes in adjustment from fair value to contract value	793,666
Net loss per Schedule H of Form 5500	<u>\$ (27,358,758)</u>

Note 9—Subsequent events

During December 2022, the Plan Sponsor acquired the Cambridge Group. As a result, effective August 1, 2023, the Cambridge Group plan assets were transferred into the Plan.

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 11, 2023, the date these financial statements were available to be issued.

Report of Independent Auditor

To the Participants and Plan Administrator
PA Consulting Group, Inc. Salary Savings Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PA Consulting Group, Inc. Salary Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following description of the PA Consulting Group, Inc. Salary Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan, established January 6, 1983, is a defined-contribution plan available to qualifying employees of PA Consulting Group, Inc. (the “Company” or the “Plan Sponsor”) except for temporary employees including student interns, occasional part-time employees who are scheduled to work less than 1,000 service hours on an annual basis, employees of oversea subsidiaries, project employees, and transferees from another company outside of the United States of America, which is part of the PA International Group, which group presently has its principal offices in London, England. There is no age or service requirement to be eligible to participate in the Plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator and Plan fiduciary are responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Administration Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are either paid directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – Participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis, subject to statutory limitations of the IRC. The Plan was amended on May 13, 2020, to add Roth 401(k) contributions to the Plan. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$6,500 for the year ended December 31, 2022. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Automatic Enrollment – Newly-hired eligible employees are automatically enrolled to contribute salary deferrals equal to 3% of compensation. Each year, the contribution percentage is increased by 1%, up to a maximum of 10%. A participant may specifically request to opt out of the automatic enrollment or may elect to contribute a different amount.

Employer Contributions – The Company makes an employer matching contribution of 6% of eligible compensation to eligible employees, as defined in the Plan. Matching contributions are made to only those participants who are employed on the last day of the Plan year. For the year ended December 31, 2022, the Company allocated employer matching contributions of \$4,026,714. Forfeitures of \$81,223 were used to reduce the 2022 employer matching contributions. The Company may also make qualified matching contributions, as determined necessary. No such qualified matching contributions were made during the year ended December 31, 2022. All contributions are subject to certain IRC limitations.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Investment Options – Participants may direct Vanguard Fiduciary Trust Company (“Vanguard”), the “Trustee”, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at the beginning of each quarter. Transfers of account balances between elected investment options may be made at the beginning of each quarter.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, qualified matching contributions, plus actual earnings (losses) thereon. Participants may direct the investment of contributions on a daily basis into various investment options offered by the Plan. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan. The employer matching contribution is vested as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year	33%
2 years	66%
3 years	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants’ salary deferral contributions, rollover contributions, plus an allocation of the Plan Sponsor’s qualified matching contributions, if any, matching contribution, if any, and Plan earnings (losses), including realized and unrealized gains and losses on investments, and charged with the participant’s distributions and the allocation of Plan expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits – A participant may make a withdrawal, at termination of the Plan, becoming disabled, for certain in-service withdrawals upon attainment of 59½, or attaining normal retirement age. Upon termination of service due to retirement, death, or disability, a participant or beneficiary may elect to receive the value of the vested interest in his or her account either by a lump-sum distribution or in monthly, quarterly, or annual installments over a period not to exceed the participant’s or beneficiary’s life expectancy at the time of distribution.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Notes must be repaid within five years (or up to 20 years for the purchase of a primary residence). The notes are secured by the balance in the participant’s account and accrue interest (as of the loan start date) equal to the then existing prime rate of interest plus 1%. At December 31, 2022, interest rates ranged from 4.25% to 8.50% with maturities through June 2041.

Forfeitures – Terminating participants forfeit nonvested Plan Sponsor profit-sharing contributions. Remaining forfeitures shall be applied against Plan Sponsor contributions in accordance with specific Plan provisions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$125,581 and \$81,822, respectively. For the year ended December 31, 2022, forfeitures of \$81,823 were used to reduce the 2022 employer profit-sharing contributions.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Account – This investment is a public investment vehicle valued at the closing price reported on the active market on which the individual securities are traded. This investment is classified within Level 1 of the valuation hierarchy.

Common Collective Trust – This investment is a public investment vehicle valued using NAV as a practical expedient to estimate fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. In accordance with Accounting Standards Codification (“ASC”) Subtopic 820-10, this investment has not been classified under the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the Trustee, has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,782,092	\$ -	\$ -	\$ 117,782,092
Self-directed brokerage account	2,853,386	-	-	2,853,386
Total assets in the fair value hierarchy	<u>\$ 120,635,478</u>	<u>\$ -</u>	<u>\$ -</u>	120,635,478
Common collective trust measured at NAV (*)				9,544,055
Investments, at fair value				<u>\$ 130,179,533</u>

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 147,090,999	\$ -	\$ -	\$ 147,090,999
Self-directed brokerage account	2,145,278	-	-	2,145,278
Total assets in the fair value hierarchy	<u>\$ 149,236,277</u>	<u>\$ -</u>	<u>\$ -</u>	149,236,277
Common collective trust measured at NAV (*)				9,207,656
Investments, at fair value				<u>\$ 158,443,933</u>

* In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 9,544,055	n/a	Daily	30 days

As of December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 9,207,656	n/a	Daily	30 days

Note 5—Parties-in-interest

Certain Plan investments are managed by Vanguard and, therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists. Fees paid to the Trustee totaled \$116,849 for the year ended December 31, 2022.

Notes receivable also qualifies as party-in-interest transactions.

PA CONSULTING GROUP, INC. SALARY SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 7—Tax status

The Plan utilized a prototype plan document sponsored by The Vanguard Group. The prototype plan sponsor has obtained a favorable opinion letter dated February 21, 2019, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 134,716,981	\$ 161,900,741
Less employer contributions receivable	(4,026,714)	(3,058,050)
Adjustment from fair value to contract value	696,063	(97,603)
Total net assets per Schedule H of Form 5500	<u>\$ 131,386,330</u>	<u>\$ 158,745,088</u>

The following is a reconciliation of the net increase/decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (27,183,760)
Changes in employer contribution receivable	(968,664)
Changes in adjustment from fair value to contract value	793,666
Net loss per Schedule H of Form 5500	<u>\$ (27,358,758)</u>

Note 9—Subsequent events

During December 2022, the Plan Sponsor acquired the Cambridge Group. As a result, effective August 1, 2023, the Cambridge Group plan assets were transferred into the Plan.

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 11, 2023, the date these financial statements were available to be issued.
