Independent Auditors' Report

To the Participants and Plan Administrator of
Whitworth University Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Whitworth University Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan does not have sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 8 to the financial statements, the plan administrator has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by Department of Labor Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Whitworth University Retirement Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Whitworth University Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Whitworth University (the University) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the requirements of Section 403(b) of the Internal Revenue Code (IRC). The University is the sponsor and administrator of the Plan and the University's Retirement Plan Committee is responsible for oversight of the Plan and has appointed Principal Life Insurance Company and Principal Trust Company to be the Custodians and Recordkeeper. The Custodians manage the investments of the Plan as directed by the participants and provides recordkeeping services. The Plan's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. A participant may direct employer and employee contributions to any combination of available investment options.

Eligibility

Prior to January 1, 2023, eligible employees who are regularly scheduled to work at least half-time for nine or more months during the plan year will be automatically enrolled in the Plan by the University for purposes of the mandatory salary reduction contribution, and are required to contribute 5% of their regular salary. Eligible employees who are subject to the mandatory salary reduction contribution must enter into a written voluntary salary reduction agreement with the University if they wish to contribute more than 5% of their regular salary.

Changes to the Plan, which became effective beginning January 1, 2023, adjusted the required contribution percentage to 2% of an eligible employee's regular salary. Eligible employees who are subject to the mandatory salary reduction contribution must enter into a written voluntary salary reduction agreement with the University if they wish to contribute more than 2% of their regular salary.

Contributions

Each year, eligible employees may make salary reduction contributions of up to 100% of their eligible pretax annual compensation as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). These contributions may be made on a tax-deferred basis or a pre-tax basis. Tax-deferred withholdings must follow certain restrictions, as to not exceed the maximum under Code Section 402(g). Any employee who has completed 15 years of experience or has attained the age of 50, may be eligible to make additional catch up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover contributions).

From January 1, 2021 to June 30, 2021, the University suspended the 5% required employee contributions and contributed an amount equal to 4% of eligible employees' eligible salary. As of July 1, 2021, the employees' 5% required contributions were restored and the University began contributing of the employees' eligible compensation of 8% to the Plan.

Changes to the Plan, which became effective beginning January 1, 2023, adjust the required contribution percentage to 2% for eligible employees and the University matching contributions equal to the employees' required and voluntary contributions up to a maximum of 8%.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, catch-up contributions, rollover contributions, and an allocation of the University's contributions and plan earnings or losses (net of administrative expenses). Income or loss allocations are based on the participant's number of shares for participant selected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their contributions, rollover contributions, and the University's employer contributions plus actual earnings thereon. As participants are immediately vested in their accounts, the Plan has no forfeitures.

Notes Receivable From Participants

Plan loans may be requested by a participant, using their account as collateral for the loan. A participant may apply for a loan to be made from their vested account balance in the Plan not to exceed the lesser of (i) \$50,000 or (ii) 50% of the participant's vested account balance in the Plan. Loans may be further limited by the funding vehicles. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25 and 8.00% at December 31, 2022, which are commensurate with local prevailing rates at inception of the loan as determined by the plan administrator. Principal and interest is paid ratably through monthly or semi-monthly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Benefits may be paid to the participant or designated beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. In-service withdrawals are also allowed for individuals who attain age 62, as set forth by the plan agreement. In addition, if certain criteria under the plan agreement are met and approved by the University, hardship distributions are allowed for participants who have immediate and heavy financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodians. See Note 3 for discussion of fair value measurements.

Whitworth University Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

All reasonable plan administrative expenses including those involved in retaining necessary professional assistance may be paid by the Plan to the extent permitted by the participant's individual agreements. These expenses may be allocated to all plan participants, or for expenses directly related to one participant, charged against that participant's account balance. The University may, at its discretion, pay a portion or all of these expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The University has evaluated subsequent events through October 11, 2023, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

Whitworth University Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 73,835,601	\$ -	\$ -	\$ 73,835,601
Total investments at fair value	\$ 73,835,601	\$ -	\$ -	\$ 73,835,601

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 94,047,089	\$ -	\$ -	\$ 94,047,089
Total investments at fair value	\$ 94,047,089	\$ -	\$ -	\$ 94,047,089

4. Fully Benefit-Responsive Investment Contracts

The Plan holds an investment contract with New York Life Investment Management. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The New York Life Guaranteed Interest Account investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is reset on January 1 and July 1 and is guaranteed for a six-month period. The minimum guaranteed rate of interest for the contract is subject to change every six months, but will always fall within a range between 1.00% and 3.00%.

Whitworth University Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Related-Party and Party in Interest Transactions

Certain of the Plan's assets are managed by the Custodians, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the University. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Allowable Excluded Investments

The Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (as clarified by Field Assistance Bulletin No. 2010-01) allows a plan administrator of a 403(b) plan to exclude certain contracts and accounts from plan assets for purposes of ERISA's annual reporting and audit requirements under specified conditions. Therefore, effective January 1, 2009, the Plan has excluded from the investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. The related investment income and distributions have also been excluded in the accompanying statement of changes in net assets available for benefits. These amounts relate to vendors other than Principal Trust Company to whom contributions were made prior to January 1, 2009. No contributions were allowed to be made to vendors other than Principal Trust Company after January 1, 2009. The amount of these excluded annuity and custodial accounts and the related income and distributions has not been determined, but management estimates that they are material to the financial statements. Accounting principles generally accepted in the United States of America require that these excluded annuity and custodial accounts and the related income and distributions be included in the accompanying financial statements.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$34,383,461 and \$34,788,579 respectively, which were concentrated in four and three funds, respectively.

10. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Principal Life Insurance Company and Principal Trust Company, the Custodians of the Plan have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

11. Delinquent Participant Contributions

For the year ended December 31, 2022, the University did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled \$247,265, were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2022. Additionally, the University has compensated participants for lost earnings resulting from the delay in contributions.
