INDEPENDENT AUDITOR'S REPORT

September 5, 2023

To the Plan Trustee of the
Hanson Logistics Employee Stock Ownership Plan
St. Joseph, Michigan

Opinion

We have audited the accompanying financial statements of Hanson Logistics Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of assets available for benefits as of December 31, 2022 and 2021 – liquidation basis, and the related statements of changes in assets available for benefits – liquidation basis for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits – liquidation basis of Hanson Logistics Employee Stock Ownership Plan as of December 31, 2022 and 2021, and the changes in assets available for benefits – liquidation basis for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hanson Logistics Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hanson Logistics Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hanson Logistics Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hanson Logistics Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Plan Termination and Liquidation Basis of Accounting

As described in Note A, the Plan trustee approved a plan to redeem all shares of common stock owned by the Plan and determined that liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting to the liquidation basis for the years ended December 31, 2022 and 2021. Our opinion is not modified with respect to this matter.

NOTES TO FINANCIAL STATEMENTS

HANSON LOGISTICS EMPLOYEE STOCK OWNERSHIP PLAN

For the years ended December 31, 2022 and 2021

Note A – Description of Plan

The following description of the Hanson Logistics Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

Hanson Cold Storage Co. (Company) established the Plan effective as of January 1, 2020. The Plan operates as a leveraged employee stock ownership plan (ESOP), is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan purchased 20,343 shares of the Company's common stock with a promissory note payable to the Company and holds the stock in a trust established under the Plan. The borrowing is secured by the unallocated shares of stock and is to be repaid by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

On July 23, 2021, the Plan's trustee agreed to redeem all the Plan's shares at a price not less than the amount offered the Company by an acquiring entity. Consequently, on that date, the Plan agreed to transfer all 20,343 shares of Hanson Cold Storage Co. common stock to the Company and redeem the shares for cash. All remaining unallocated shares were allocated and redeemed at this time, and participants became 100% vested in the Plan as a result of this transaction. All participants were paid benefits and the Plan was fully liquidated in December 2022. The following is a description of the Plan prior to termination.

Eligibility and Contributions

Employees in covered employment on July 31, 2020, who have attained age 18 and completed one year of service as of January 1, 2020 became participants in the Plan as of January 1, 2020. Company contributions to the Plan will be allocated to eligible participants who are employed on the last day of the plan year and have completed at least one year of service. Company contributions to the Plan will be allocated based on eligible compensation of each participant as a percentage of total eligible compensation.

Plan Operations

The Company acts as plan administrator and has appointed a third-party to act as Trustee. The Trustee is responsible for holding the investment assets of the Plan, voting shares of Company stock, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants.

NOTES TO FINANCIAL STATEMENTS

HANSON LOGISTICS EMPLOYEE STOCK OWNERSHIP PLAN

For the years ended December 31, 2022 and 2021

Note A – Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, forfeitures, gains, or losses. Allocations to participant accounts are based on compensation or employer stock allocated to the participant's account, as specified by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock on its last valuation date. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure participants have the ability ultimately to obtain cash.

Vesting and Forfeitures

Vesting in the participant accounts is based on years of continuous service. Participants become 100% vested on a cliff basis after three years of service. As of July 23, 2021, all participants were 100% vested.

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed, or upon attainment of normal retirement age. Forfeitures of nonvested account balances will be used first to restore any forfeited amounts that are required to be restored, and then are allocated as an additional Company contribution. The Company did not reallocate any shares to participant accounts during the years ended December 31, 2022 or 2021. There were no forfeitures during the years ended December 31, 2022 or 2021.

Diversification

Diversification is offered to participants close to retirement, so they have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 and have at least ten years of service may elect either to sell up to 25% of the Company stock in their account and transfer it to the Hanson Cold Storage Co. 401(k) Retirement Savings Plan (401(k) Plan) or receive Company stock from the Plan and immediately resell the stock to the Company. As discussed above, all stock was fully redeemed for cash during 2021.

NOTES TO FINANCIAL STATEMENTS

HANSON LOGISTICS EMPLOYEE STOCK OWNERSHIP PLAN

For the years ended December 31, 2022 and 2021

Note A – Description of Plan (Continued)

Payment of Benefits

No distributions from the Plan will be made unless the Plan is terminated and liquidates, or until a participant retires, dies, or otherwise terminates employment with the Company. Distributions are made in cash. The participant is generally paid either in a lump-sum payment or in up to five annual installments with interest.

Operating Expenses

Costs and expenses of maintaining the Plan are paid by the Company.

Voting Rights

All shares of employer stock held by the Trustee shall be voted by the Trustee. However, each participant shall be entitled to direct the Trustee as to the manner in which all employer stock allocated to the participant's account shall be voted with respect to any corporate matter which involves the voting of shares for the approval or disapproval of a merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of the Company, or similar transactions. Unallocated shares, if any, shall be voted for by the Trustee.

Note B – Summary of Accounting Policies

Basis of Accounting

As discussed in Note A to the financial statements, the common stock of the Plan was fully redeemed during the year ended December 31, 2021, and due to imminent liquidation, the Plan changed its basis of accounting in 2021 from the going concern basis to the liquidation basis. The Plan was fully liquidated during 2022.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred in the liquidation process.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

HANSON LOGISTICS EMPLOYEE STOCK OWNERSHIP PLAN

For the years ended December 31, 2022 and 2021

Note B – Summary of Accounting Policies (Continued)

Investments and Income Recognition

Investments are recorded in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Income from Company distributions is recorded on the date the distribution is declared. Purchases and sales of Company stock are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date.

Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 5, 2023, which is the date the financial statements were available to be issued.

Note C – Investments

As stated in Note A, during 2021 all shares of common stock were redeemed for cash, and therefore there were no such investments as of December 31, 2022 or 2021.

Note D – Loan Payable to Company

On July 31, 2020, the Plan entered into a \$3,366,767 promissory note agreement with the Company. The proceeds of the loan were used to purchase 20,343 shares of the Company's outstanding common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be repaid over 34 years in annual installments of \$244,394 including interest. The loan payable was repaid in full during 2021.

Note E – Employer Contributions

Prior to the full repayment of the term loan, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans.

NOTES TO FINANCIAL STATEMENTS

HANSON LOGISTICS EMPLOYEE STOCK OWNERSHIP PLAN

For the years ended December 31, 2022 and 2021

Note F – Party-In-Interest Transactions

Prior to redemption of the common stock, plan investments consisted of shares of Company common stock. In addition, the Plan had a promissory note payable to the Company which was repaid in full during the year ended December 31, 2021. These transactions qualify as a party-in-interest transactions.

Note G – Plan Termination

As permitted by ERISA, the Plan was terminated during the year ended December 31, 2021, at which time participants became 100% vested in their accounts.

Note H – Tax Status

The Plan obtained a determination letter dated July 14, 2021, in which the Internal Revenue Service stated the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.
