INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Trailer Bridge, Incorporated Retirement Savings Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trailer Bridge, Incorporated Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule Schedule of Assets Held For Investment Purposes at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Trailer Bridge, Incorporated Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan:

The following description of the Trailer Bridge, Incorporated Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full time U.S. employees of Trailer Bridge, Inc. (the Company) and all employees of its subsidiary, Trailer Bridge International, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 30, 2022, the Plan changed its trustee and custodial services from Reliance Trust Company and ADP, Inc., to Empower Annuity Insurance Company of America and Empower Retirements, LLC. Concurrent with this change the Plan transferred all assets to Empower Retirements, LLC.

Eligibility

Employees who are not otherwise excluded are eligible to participate in the Plan upon attaining age 18 and after 3 months of service. Eligible employees are automatically enrolled to contribute three percent of their compensation unless they opt out with auto escalation occurring on each anniversary date up to a maximum of six percent.

Contributions

Participants may elect to defer, subject to the limitation by the Internal Revenue Code of 1986, as amended, up to 90% of their annual eligible compensation. The Company makes a QACA safe harbor contribution and may make a matching contribution and/or a profit-sharing contribution. The Company’s QACA safe harbor contribution is calculated at an amount equal to the sum of 100% of the participant’s elective deferrals that do not exceed 1% of the participant’s compensation, plus 50% of the participant’s elective deferral that exceed 1% but do not exceed 6%.

Participant Accounts

A Deferred Salary Account, Non-Deductible Voluntary Contribution Account, a Rollover Account, a Company Optional Profit-Sharing Account, and a Company Match Account are maintained for each participant. Deferrals elected by each participant will be credited to the participant’s Deferred Salary Account and all Company match contributions will be allocated to the participant’s Company Match Account. Plan earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants invested in that fund. Any related administrative expenses based on participant earnings or account balances are deducted from the participant’s account. The participants’ accounts are adjusted daily to reflect contributions, income and expenses.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants.

Notes to Financial Statements

1. Description of Plan (Continued):

Vesting

The participant's Deferred Salary Account, nondeductible Voluntary Contribution Account and Rollover Account are always 100% vested. The Company Match and Optional Profit-Sharing Accounts are vested based on the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants are permitted one outstanding loan at a time. Participants may borrow a minimum of \$500, up to 50% of their vested contributions and related earnings, not to exceed \$50,000. Loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions within a five-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time not to exceed a maximum of 30 years. Generally, notes receivable from participants include interest at one percent above the prime rate.

Payment of Benefits

The entire vested balance in an individual participant's account, shall be payable to the participant, upon the election of the participant, upon retirement at or after age 65, upon determination of total and permanent disability, or to the participant's beneficiary in the event of death. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Plan. Balances between \$1,000 and \$5,000 may be transferred to an IRA, also at the discretion of the Plan.

Forfeited Accounts

Forfeitures from nonvested participant accounts are used to reduce future Company contributions and to pay Plan expenses. There were forfeitures of \$3,440 used to reduce Company contributions during 2022 and were no forfeitures used to reduce Company contributions during 2021. There was a balance of \$5,035 and \$892 in forfeited non-vested accounts at December 31, 2022 and 2021, respectively.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Trailer Bridge, Incorporated Retirement Savings Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Valuation

Participants in the Plan direct their accounts to be invested in various investment options. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The majority of administrative expenses are paid by the Company. The Company contributed \$9,026 and \$10,490 to the Plan to pay administrative expenses during the years ended December 31, 2022 and 2021, respectively. These contributions are included in other income. Administrative expenses recorded in the Plan pertain primarily to loan origination and record-keeping fees, which are charged directly to those participants with outstanding loans.

Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that the changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following descriptions of the valuation methods and assumptions used by the Plan to estimate fair values of investments apply to investments held directly by the Plan.

The following table summarizes by level within the fair value hierarchy, the Plan investments measured at fair value, as of December 31, 2022 and 2021:

<u>December 31,</u>	<u>Level</u>	<u>Fair Value</u>	
		<u>2022</u>	<u>2021</u>
Investments included in fair value hierarchy:			
Mutual funds	1	\$ 5,152,592	\$ 5,678,159
Common collective trust, measured at NAV	(a)	-	228,259
Total investments at fair value		<u>\$ 5,152,592</u>	<u>\$ 5,906,418</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at fair value using the net asset per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts represented in the table are intended to permit reconciliations of the fair value hierarchy to the amounts presented on the Statement of Net Assets Available for Benefits

Trailer Bridge, Incorporated Retirement Savings Plan

Notes to Financial Statements

3. Fair Value Measurements (Continued):

Mutual funds

The fair values of mutual fund investments held by the Plan are determined by obtaining quoted prices on nationally recognized security exchanges (Level 1 inputs).

Common Collective Trust

The Plan invests in the Invesco Stable Asset Trust, a common collective trust which owns investment contracts that may invest in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The investments in the common collective trust are valued at the net asset value (NAV) as determined by the issuer of the trust based on the value of the underlying investments held by the trust which is the basis for current transactions. Net asset value is used as a practical expedient to estimate fair value of the trust. The Plan is permitted to redeem investment units at NAV on the measurement date of the redemption.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investment Contract with Insurance Company:

The Plan invests in a guaranteed interest contract with Empower Retirement (“Empower”) at December 31, 2022, which is a fully benefit-responsive investment contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the guaranteed interest contract. Contract value of the guaranteed interest contract was \$214,274 at December 31, 2022. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) participant termination, 2) removal from the Plan of one or more groups or classifications of participants, 3) partial or complete Plan termination or 4) Plan disqualification. In general, the following events would permit Empower Retirement or MassMutual to terminate the contract and settle at other-than-contract value: 1) the Plan's loss of its qualified status, 2) Plan termination, 3) uncured breaches of material obligations under the contract, or 4) advance notification by either party.

5. Information Certified by the Trustee:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

<i>December 31,</i>	2022	2021
Mutual funds	\$ 5,152,592	\$ 5,678,159
Guaranteed investment contract	214,274	-
Common collective trust	-	228,259
Notes receivable from participants	84,207	80,903

<i>Years ended December 31,</i>	2022	2021
Dividend income	\$ 266,170	\$ 563,619
Net appreciation (depreciation) in fair value of investments	(1,322,503)	237,815
Other income	5,260	10,490
Interest on notes receivable from participants	3,766	4,585

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

7. Tax Status:

Effective January 1, 2022, the Plan was amended and restated under the Retirement Solutions Specialists Defined Contribution Pre-Approved Plan (the "Prototype Plan") to comply with all current Internal Revenue Service restatement requirements. The Internal Revenue Service issued a determination letter dated June 30, 2020, stating that the form of the Prototype Plan was in accordance with section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees.

Prior to 2022, the Plan was established and operated under the Automated Data Processing Flexible Defined Contribution Prototype Plan and Trust. (the "ADP Prototype Plan"). The Internal Revenue Service issued a determination letter dated April 2, 2012 stating that the ADP Prototype Plan was in accordance with the applicable Plan designed requirements as of that date.

The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and the Plan is qualified and the related trust is tax-exempt as of and for the years ended December 31, 2022 and 2021.

Trailer Bridge, Incorporated Retirement Savings Plan

Notes to Financial Statements

7. Tax Status (Continued):

Management evaluated the Plan's tax positions and concluded that as of December 31, 2022 and 2021, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2019.

8. Non-Exempt Transactions:

The Company determined that during the 2021 Plan year, it failed to remit employee deferrals within the appropriate time period totaling \$35,532. Late or delinquent deferrals constitute prohibited transactions as defined by ERISA and are included in the accompanying supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. Lost earnings related to the 2021 Plan year late remittances were calculated and remitted by the Company during the 2021 Plan year.

9. Recent Legislation:

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains approximately 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

10. Subsequent Events:

Management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be filed and has determined that, other than the information disclosed below, there were no material events requiring recognition or disclosure.
