INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Westlake Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Westlake Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Vanguard Fiduciary Trust Company, a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1987, for the employees of participating affiliates of the Westlake Polymers Corporation, the predecessor to Westlake Chemical Corporation ("WCC"). The Plan allows participation by substantially all employees of Westlake Management Services, Inc. ("WMS").

WMS is the Plan sponsor. The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code of 1986 ("IRC") and the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 1, 2021, the Plan was amended whereby the amount of employer Annual Retirement Contributions ("ARC") for employees of WMS at the following work locations: Booneville, EXT – Columbus Siding, EXT – Bristol, EXT – Marion, Greensboro, Janesville, Lenexa, Leola, Lodi, McPherson, Pope & Fittings – Shelby, Wichita Falls and Yucca, shall be equal to 2% of compensation for each eligible participant, except for those assigned to the Vinyl Products Group – Corporate Benefits – Remote organization code.

Effective October 1, 2021, the Plan was amended whereby former employees of Boral Industries Inc. (which includes Headwater's Incorporated), Boral Roofing LLC, Boral Stone Products LLC and Boral Windows LLC (collectively, "Boral"), who were employed by Boral as of September 30, 2021, became eligible to participate in the Plan effective October 1, 2021, except for certain employees subject to a collective bargaining agreement between Boral Roofing LLC and Teamsters Union Local No. 166. On December 16, 2021, participant balances totaling \$152.6 million were transferred into the Plan.

The October 1, 2021 effective amendment also includes certain specified provisions applicable to Boral employees for the period October 1, 2021 to December 31, 2021. Such provisions, as further described in the Plan document, include, matching contribution percentage, ARC percentage, and vesting. Effective January 1, 2022, the provisions mentioned, are no longer applicable, per the January 1, 2022 restatement

The Plan was amended and restated effective January 1, 2022 to incorporate all the amendments in 2021 and reflect the most recent statutory and regulatory changes applicable to plans maintained under IRC Sections 401(a) and 401(k).

The January 1, 2022 restatement also includes the Lasco Fitting, Inc 401(k) Plan merger into the Plan whereas its participants became eligible to participate in the Plan effective January 14, 2022. On January 14, 2022, a total of \$22.2 million in participant balances and \$1 million in outstanding loan balances were transferred into the Plan.

On May 13, 2022, the Hexion Inc. Retirement Savings Plan was merged into the Plan and a total of \$71.3 million in participant balances and \$1.5 million in outstanding loan balances were transferred into the Plan.

Administration

The Plan is administered by WMS. Vanguard Fiduciary Trust Company serves as the Plan's trustee and The Vanguard Group, Inc. serves as the Plan's recordkeeper.

Eligibility

Employees are eligible to participate in the Plan as of the first day following the employee's date of hire.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Contributions

Participants may contribute 100% of their eligible annual compensation as pre-tax contributions, Roth 401(k) contributions, or a combination thereof, which is deposited in individual employee salary contribution accounts. The Plan incorporates an automatic contribution feature which provides that participants will be automatically enrolled with a contribution amount of four percent (4%) of eligible compensation and can, within a thirty (30) day grace period prior to initial enrollment, elect a different level of contribution or decline participation under the Plan. The Plan also incorporates an annual automatic increase feature, as of each April 1, increasing the participant's contribution level in one percent (1%) intervals up to four percent (4%) of the participant's eligible compensation, applicable to any participant whose prior contribution level is greater than zero percent (0%) but less than four percent (4%) of his or her eligible compensation, also subject to the participant's affirmative election to change the contribution rate or continue to decline participation.

Participants may not exceed the limit set forth in Section 402(g) (\$20,500 thousand in 2022) of the IRC. Participants age 50 or older during the year can make a special "catch-up" contribution not to exceed an additional \$6,500 thousand in 2022. Participants may change their contribution percentage at any time during the Plan year.

The Company makes safe harbor matching contributions on behalf of each participant. The employer matching formula for participants not represented by a collective bargaining agreement and collective bargained participants employed at the Company's Aberdeen, Lake Charles, Longview and Natrium locations (collectively, the "Axiall Union Participants"), is 100% of each participant's salary deferral contribution and/or Roth 401(k) contribution, not in excess of 4% of that participant's eligible compensation.

The employer shall contribute an Annual Retirement Contribution ("ARC") on behalf of each participant who is employed by WMS who is not eligible to accrue a benefit based on current or future service under the Westlake Defined Benefit Plan. Certain participants employed by WMS shall be excluded as further described in the Plan document. The amount of the ARC is 8% of the eligible compensation earned during the Plan year for which such allocation is made for each eligible participant except participants employed at the Calvert City location, Axiall Union participants, Boral participants and participants employed at certain locations as further described above under the heading "General". The amount of the ARC for each eligible participant at the Calvert City location whose employment is subject to a collective bargaining agreement is 5% of the eligible compensation earned during the Plan year for which such allocation is made. The amount of the ARC for Axiall non-union participants is 8% of the eligible compensation for participants at the Lake Charles, Longview and Natrium location and 6% of eligible compensation for Union participants at the Longview location. Axiall Union participants at the Lake Charles and Natrium locations receive an ARC ranging from 3% to 7% based on the participant's age and years of benefit service, as defined in the Plan document. Axiall Union participants hired on or after June 1, 2021, at the Lake Charles location receive an ARC ranging from 3% to 5% based on the participant's age and years of benefit service, as defined in the Plan document. For the period October 1, 2021 to December 31, 2021, Boral employees who received compensation during such period shall receive a base contribution equal to 1% of such compensation in lieu of an ARC.

Effective January 1, 2022, the participants previously employed by Boral became eligible to receive ARC contribution of 2% of the compensation earned during the Plan year.

The employer may make additional contributions at the discretion of its Board of Directors. Plan contributions are directed by Plan participants into investments provided by the trustee.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. For participants who do not make an investment election, a qualified default investment alternative is provided. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their pre-tax, Roth 401(k) and rollover contributions, and any employer matching contributions designated as safe harbor contributions, plus any earnings on such contributions.

The participant's interest in his or her non-safe harbor employer matching contribution account shall vest as follows: (i) as to certain participants who were formally represented under a collective bargaining agreement, his or her employer matching contribution account shall be 100% vested if he or she completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his or her employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, (ii) as to participants formerly employed by Boral, his or her employer matching contributions received during the period October 1, 2021 to December 31, 2021 shall be 100% vested, and (iii) as to all other participants, the participant vests in non-safe harbor employer matching contributions at a rate of 20% per year until fully vested.

Prior to January 1, 2017, a participant vests in the ARC and the employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

The participant's interest in his or her ARC and employer discretionary profit-sharing contribution accounts shall vest as follows: (i) as to certain participants who are not represented under a collective bargaining agreement and collectively bargained employees at the Aberdeen and Longview locations, and who complete one hour of service on or after January 1, 2017, shall vest at a rate of 33% per year until fully vested after three years of service; (ii) any such participant who does not complete one hour of service on or after January 1, 2017, shall vest in his or her ARC and employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested after five years of service; and (iii) collectively bargained employees at the Lake Charles and Natrium locations vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Participants employed at the Calvert City location on or after January 1, 2020 whose employment is subject to a collective bargaining agreement shall vest in his or her ARC and employer discretionary contribution accounts at a rate of 33% per year until fully vested after 3 years. Prior to January 1, 2020, participants employed at the Calvert City locations vest in his or her ARC and employer discretionary contribution accounts at a rate of 20% per year until fully vested after 5 years.

Participants who were previously employed by Boral vest 100% immediately in his or her employer base contribution and any employer discretionary contribution accounts made during the period October 1, 2021 and December 31, 2021.

Effective January 1, 2022, the vesting on non-safe harbor employer matching contributions for participants formerly employed by Boral are at a rate of 33% per year until fully vested.

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50 thousand or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2022 and 2021 totaled \$25.0 million and \$21.9 million, respectively, and bore interest at rates ranging from 4.25% to 8.5% during 2022.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are initially used to correct participant accounts, then used to pay administrative expenses of the Plan and then used to reduce the employer contribution to the Plan. During the year ended December 31, 2022, \$465 thousand in employer contributions were forfeited. Forfeitures used to pay Plan expenses and to reduce the employer contributions during 2022 were \$132 thousand and \$396 thousand, respectively. At December 31, 2022 and 2021, unallocated forfeiture accounts and earnings thereon amounted to \$261 thousand and \$269 thousand, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments, or as to certain accounts to have the account balance distributed in the form of an annuity. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Prior Plan Account

Participants in the Plan who were previously in the Axiall Plans, may have participated in a predecessor plan, which consisted of employer and employee funds. Employer fund balances consisted of annual contributions plus earnings. Employee fund balances consisted of employee after-tax contributions plus earnings. Upon establishment of the Axiall Plans, these prior plan account balances were transferred to the Plan. The participant may direct the investment of his or her balance among the investment funds available under the Plan.

When a participant leaves the Company, he or she may elect to receive his or her entire employer fund prior plan account balance as a lump-sum distribution or, if eligible, to transfer the amount to the Westlake Defined Benefit Plan in order to increase the annuity benefit under the Westlake Defined Benefit Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in collective trust funds are valued based on the fair value of the underlying investments held by the funds less its liabilities at year-end.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is accrued as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value ("NAV"). Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021 (in thousands):

<u>Assets at Fair Value as of December 31, 2022</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 495,179	\$ -	\$ 495,179
Investments measured at NAV ^(a)			904,297
Total investments at fair value			\$ 1,399,476

<u>Assets at Fair Value as of December 31, 2021</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at NAV ^(a)			1,025,452
Total investments at fair value			\$ 1,553,642

^(a) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on participant notes receivable for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan obtained its latest determination letter on July 20, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal income tax has been recorded

5. Tax Status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, WMS has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

8. Party-In-Interest Transactions

Certain Plan investments are in accounts managed by the trustee and the Plan has notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021 (*in thousands*):

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 1,471,265	\$ 1,612,521
Deemed distributions	<u>(394)</u>	<u>(276)</u>
Net assets available for benefits per Form 5500	<u>\$ 1,470,871</u>	<u>\$ 1,612,245</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022 (*in thousands*):

Net decrease in net assets available for benefits per the financial statements	\$ (141,256)

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Westlake Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Westlake Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Vanguard Fiduciary Trust Company, a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1987, for the employees of participating affiliates of the Westlake Polymers Corporation, the predecessor to Westlake Chemical Corporation ("WCC"). The Plan allows participation by substantially all employees of Westlake Management Services, Inc. ("WMS").

WMS is the Plan sponsor. The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code of 1986 ("IRC") and the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 1, 2021, the Plan was amended whereby the amount of employer Annual Retirement Contributions ("ARC") for employees of WMS at the following work locations: Booneville, EXT – Columbus Siding, EXT – Bristol, EXT – Marion, Greensboro, Janesville, Lenexa, Leola, Lodi, McPherson, Pope & Fittings – Shelby, Wichita Falls and Yucca, shall be equal to 2% of compensation for each eligible participant, except for those assigned to the Vinyl Products Group – Corporate Benefits – Remote organization code.

Effective October 1, 2021, the Plan was amended whereby former employees of Boral Industries Inc. (which includes Headwater's Incorporated), Boral Roofing LLC, Boral Stone Products LLC and Boral Windows LLC (collectively, "Boral"), who were employed by Boral as of September 30, 2021, became eligible to participate in the Plan effective October 1, 2021, except for certain employees subject to a collective bargaining agreement between Boral Roofing LLC and Teamsters Union Local No. 166. On December 16, 2021, participant balances totaling \$152.6 million were transferred into the Plan.

The October 1, 2021 effective amendment also includes certain specified provisions applicable to Boral employees for the period October 1, 2021 to December 31, 2021. Such provisions, as further described in the Plan document, include, matching contribution percentage, ARC percentage, and vesting. Effective January 1, 2022, the provisions mentioned, are no longer applicable, per the January 1, 2022 restatement

The Plan was amended and restated effective January 1, 2022 to incorporate all the amendments in 2021 and reflect the most recent statutory and regulatory changes applicable to plans maintained under IRC Sections 401(a) and 401(k).

The January 1, 2022 restatement also includes the Lasco Fitting, Inc 401(k) Plan merger into the Plan whereas its participants became eligible to participate in the Plan effective January 14, 2022. On January 14, 2022, a total of \$22.2 million in participant balances and \$1 million in outstanding loan balances were transferred into the Plan.

On May 13, 2022, the Hexion Inc. Retirement Savings Plan was merged into the Plan and a total of \$71.3 million in participant balances and \$1.5 million in outstanding loan balances were transferred into the Plan.

Administration

The Plan is administered by WMS. Vanguard Fiduciary Trust Company serves as the Plan's trustee and The Vanguard Group, Inc. serves as the Plan's recordkeeper.

Eligibility

Employees are eligible to participate in the Plan as of the first day following the employee's date of hire.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Contributions

Participants may contribute 100% of their eligible annual compensation as pre-tax contributions, Roth 401(k) contributions, or a combination thereof, which is deposited in individual employee salary contribution accounts. The Plan incorporates an automatic contribution feature which provides that participants will be automatically enrolled with a contribution amount of four percent (4%) of eligible compensation and can, within a thirty (30) day grace period prior to initial enrollment, elect a different level of contribution or decline participation under the Plan. The Plan also incorporates an annual automatic increase feature, as of each April 1, increasing the participant's contribution level in one percent (1%) intervals up to four percent (4%) of the participant's eligible compensation, applicable to any participant whose prior contribution level is greater than zero percent (0%) but less than four percent (4%) of his or her eligible compensation, also subject to the participant's affirmative election to change the contribution rate or continue to decline participation.

Participants may not exceed the limit set forth in Section 402(g) (\$20,500 thousand in 2022) of the IRC. Participants age 50 or older during the year can make a special "catch-up" contribution not to exceed an additional \$6,500 thousand in 2022. Participants may change their contribution percentage at any time during the Plan year.

The Company makes safe harbor matching contributions on behalf of each participant. The employer matching formula for participants not represented by a collective bargaining agreement and collective bargained participants employed at the Company's Aberdeen, Lake Charles, Longview and Natrium locations (collectively, the "Axiall Union Participants"), is 100% of each participant's salary deferral contribution and/or Roth 401(k) contribution, not in excess of 4% of that participant's eligible compensation.

The employer shall contribute an Annual Retirement Contribution ("ARC") on behalf of each participant who is employed by WMS who is not eligible to accrue a benefit based on current or future service under the Westlake Defined Benefit Plan. Certain participants employed by WMS shall be excluded as further described in the Plan document. The amount of the ARC is 8% of the eligible compensation earned during the Plan year for which such allocation is made for each eligible participant except participants employed at the Calvert City location, Axiall Union participants, Boral participants and participants employed at certain locations as further described above under the heading "General". The amount of the ARC for each eligible participant at the Calvert City location whose employment is subject to a collective bargaining agreement is 5% of the eligible compensation earned during the Plan year for which such allocation is made. The amount of the ARC for Axiall non-union participants is 8% of the eligible compensation for participants at the Lake Charles, Longview and Natrium location and 6% of eligible compensation for Union participants at the Longview location. Axiall Union participants at the Lake Charles and Natrium locations receive an ARC ranging from 3% to 7% based on the participant's age and years of benefit service, as defined in the Plan document. Axiall Union participants hired on or after June 1, 2021, at the Lake Charles location receive an ARC ranging from 3% to 5% based on the participant's age and years of benefit service, as defined in the Plan document. For the period October 1, 2021 to December 31, 2021, Boral employees who received compensation during such period shall receive a base contribution equal to 1% of such compensation in lieu of an ARC.

Effective January 1, 2022, the participants previously employed by Boral became eligible to receive ARC contribution of 2% of the compensation earned during the Plan year.

The employer may make additional contributions at the discretion of its Board of Directors. Plan contributions are directed by Plan participants into investments provided by the trustee.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. For participants who do not make an investment election, a qualified default investment alternative is provided. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their pre-tax, Roth 401(k) and rollover contributions, and any employer matching contributions designated as safe harbor contributions, plus any earnings on such contributions.

The participant's interest in his or her non-safe harbor employer matching contribution account shall vest as follows: (i) as to certain participants who were formally represented under a collective bargaining agreement, his or her employer matching contribution account shall be 100% vested if he or she completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his or her employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, (ii) as to participants formerly employed by Boral, his or her employer matching contributions received during the period October 1, 2021 to December 31, 2021 shall be 100% vested, and (iii) as to all other participants, the participant vests in non-safe harbor employer matching contributions at a rate of 20% per year until fully vested.

Prior to January 1, 2017, a participant vests in the ARC and the employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

The participant's interest in his or her ARC and employer discretionary profit-sharing contribution accounts shall vest as follows: (i) as to certain participants who are not represented under a collective bargaining agreement and collectively bargained employees at the Aberdeen and Longview locations, and who complete one hour of service on or after January 1, 2017, shall vest at a rate of 33% per year until fully vested after three years of service; (ii) any such participant who does not complete one hour of service on or after January 1, 2017, shall vest in his or her ARC and employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested after five years of service; and (iii) collectively bargained employees at the Lake Charles and Natrium locations vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Participants employed at the Calvert City location on or after January 1, 2020 whose employment is subject to a collective bargaining agreement shall vest in his or her ARC and employer discretionary contribution accounts at a rate of 33% per year until fully vested after 3 years. Prior to January 1, 2020, participants employed at the Calvert City locations vest in his or her ARC and employer discretionary contribution accounts at a rate of 20% per year until fully vested after 5 years.

Participants who were previously employed by Boral vest 100% immediately in his or her employer base contribution and any employer discretionary contribution accounts made during the period October 1, 2021 and December 31, 2021.

Effective January 1, 2022, the vesting on non-safe harbor employer matching contributions for participants formerly employed by Boral are at a rate of 33% per year until fully vested.

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50 thousand or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2022 and 2021 totaled \$25.0 million and \$21.9 million, respectively, and bore interest at rates ranging from 4.25% to 8.5% during 2022.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are initially used to correct participant accounts, then used to pay administrative expenses of the Plan and then used to reduce the employer contribution to the Plan. During the year ended December 31, 2022, \$465 thousand in employer contributions were forfeited. Forfeitures used to pay Plan expenses and to reduce the employer contributions during 2022 were \$132 thousand and \$396 thousand, respectively. At December 31, 2022 and 2021, unallocated forfeiture accounts and earnings thereon amounted to \$261 thousand and \$269 thousand, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments, or as to certain accounts to have the account balance distributed in the form of an annuity. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Prior Plan Account

Participants in the Plan who were previously in the Axiall Plans, may have participated in a predecessor plan, which consisted of employer and employee funds. Employer fund balances consisted of annual contributions plus earnings. Employee fund balances consisted of employee after-tax contributions plus earnings. Upon establishment of the Axiall Plans, these prior plan account balances were transferred to the Plan. The participant may direct the investment of his or her balance among the investment funds available under the Plan.

When a participant leaves the Company, he or she may elect to receive his or her entire employer fund prior plan account balance as a lump-sum distribution or, if eligible, to transfer the amount to the Westlake Defined Benefit Plan in order to increase the annuity benefit under the Westlake Defined Benefit Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in collective trust funds are valued based on the fair value of the underlying investments held by the funds less its liabilities at year-end.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is accrued as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value ("NAV"). Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021 (in thousands):

	<u>Assets at Fair Value as of December 31, 2022</u>

4. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on participant notes receivable for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan obtained its latest determination letter on July 20, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal income tax has been recorded

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

5. Tax Status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, WMS has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

8. Party-In-Interest Transactions

Certain Plan investments are in accounts managed by the trustee and the Plan has notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021 (*in thousands*):

	<u>2022</u>	<u>2021</u>

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Westlake Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Westlake Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Vanguard Fiduciary Trust Company, a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1987, for the employees of participating affiliates of the Westlake Polymers Corporation, the predecessor to Westlake Chemical Corporation ("WCC"). The Plan allows participation by substantially all employees of Westlake Management Services, Inc. ("WMS").

WMS is the Plan sponsor. The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code of 1986 ("IRC") and the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 1, 2021, the Plan was amended whereby the amount of employer Annual Retirement Contributions ("ARC") for employees of WMS at the following work locations: Booneville, EXT – Columbus Siding, EXT – Bristol, EXT – Marion, Greensboro, Janesville, Lenexa, Leola, Lodi, McPherson, Pope & Fittings – Shelby, Wichita Falls and Yucca, shall be equal to 2% of compensation for each eligible participant, except for those assigned to the Vinyl Products Group – Corporate Benefits – Remote organization code.

Effective October 1, 2021, the Plan was amended whereby former employees of Boral Industries Inc. (which includes Headwater's Incorporated), Boral Roofing LLC, Boral Stone Products LLC and Boral Windows LLC (collectively, "Boral"), who were employed by Boral as of September 30, 2021, became eligible to participate in the Plan effective October 1, 2021, except for certain employees subject to a collective bargaining agreement between Boral Roofing LLC and Teamsters Union Local No. 166. On December 16, 2021, participant balances totaling \$152.6 million were transferred into the Plan.

The October 1, 2021 effective amendment also includes certain specified provisions applicable to Boral employees for the period October 1, 2021 to December 31, 2021. Such provisions, as further described in the Plan document, include, matching contribution percentage, ARC percentage, and vesting. Effective January 1, 2022, the provisions mentioned, are no longer applicable, per the January 1, 2022 restatement

The Plan was amended and restated effective January 1, 2022 to incorporate all the amendments in 2021 and reflect the most recent statutory and regulatory changes applicable to plans maintained under IRC Sections 401(a) and 401(k).

The January 1, 2022 restatement also includes the Lasco Fitting, Inc 401(k) Plan merger into the Plan whereas its participants became eligible to participate in the Plan effective January 14, 2022. On January 14, 2022, a total of \$22.2 million in participant balances and \$1 million in outstanding loan balances were transferred into the Plan.

On May 13, 2022, the Hexion Inc. Retirement Savings Plan was merged into the Plan and a total of \$71.3 million in participant balances and \$1.5 million in outstanding loan balances were transferred into the Plan.

Administration

The Plan is administered by WMS. Vanguard Fiduciary Trust Company serves as the Plan's trustee and The Vanguard Group, Inc. serves as the Plan's recordkeeper.

Eligibility

Employees are eligible to participate in the Plan as of the first day following the employee's date of hire.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Contributions

Participants may contribute 100% of their eligible annual compensation as pre-tax contributions, Roth 401(k) contributions, or a combination thereof, which is deposited in individual employee salary contribution accounts. The Plan incorporates an automatic contribution feature which provides that participants will be automatically enrolled with a contribution amount of four percent (4%) of eligible compensation and can, within a thirty (30) day grace period prior to initial enrollment, elect a different level of contribution or decline participation under the Plan. The Plan also incorporates an annual automatic increase feature, as of each April 1, increasing the participant's contribution level in one percent (1%) intervals up to four percent (4%) of the participant's eligible compensation, applicable to any participant whose prior contribution level is greater than zero percent (0%) but less than four percent (4%) of his or her eligible compensation, also subject to the participant's affirmative election to change the contribution rate or continue to decline participation.

Participants may not exceed the limit set forth in Section 402(g) (\$20,500 thousand in 2022) of the IRC. Participants age 50 or older during the year can make a special "catch-up" contribution not to exceed an additional \$6,500 thousand in 2022. Participants may change their contribution percentage at any time during the Plan year.

The Company makes safe harbor matching contributions on behalf of each participant. The employer matching formula for participants not represented by a collective bargaining agreement and collective bargained participants employed at the Company's Aberdeen, Lake Charles, Longview and Natrium locations (collectively, the "Axiall Union Participants"), is 100% of each participant's salary deferral contribution and/or Roth 401(k) contribution, not in excess of 4% of that participant's eligible compensation.

The employer shall contribute an Annual Retirement Contribution ("ARC") on behalf of each participant who is employed by WMS who is not eligible to accrue a benefit based on current or future service under the Westlake Defined Benefit Plan. Certain participants employed by WMS shall be excluded as further described in the Plan document. The amount of the ARC is 8% of the eligible compensation earned during the Plan year for which such allocation is made for each eligible participant except participants employed at the Calvert City location, Axiall Union participants, Boral participants and participants employed at certain locations as further described above under the heading "General". The amount of the ARC for each eligible participant at the Calvert City location whose employment is subject to a collective bargaining agreement is 5% of the eligible compensation earned during the Plan year for which such allocation is made. The amount of the ARC for Axiall non-union participants is 8% of the eligible compensation for participants at the Lake Charles, Longview and Natrium location and 6% of eligible compensation for Union participants at the Longview location. Axiall Union participants at the Lake Charles and Natrium locations receive an ARC ranging from 3% to 7% based on the participant's age and years of benefit service, as defined in the Plan document. Axiall Union participants hired on or after June 1, 2021, at the Lake Charles location receive an ARC ranging from 3% to 5% based on the participant's age and years of benefit service, as defined in the Plan document. For the period October 1, 2021 to December 31, 2021, Boral employees who received compensation during such period shall receive a base contribution equal to 1% of such compensation in lieu of an ARC.

Effective January 1, 2022, the participants previously employed by Boral became eligible to receive ARC contribution of 2% of the compensation earned during the Plan year.

The employer may make additional contributions at the discretion of its Board of Directors. Plan contributions are directed by Plan participants into investments provided by the trustee.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. For participants who do not make an investment election, a qualified default investment alternative is provided. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their pre-tax, Roth 401(k) and rollover contributions, and any employer matching contributions designated as safe harbor contributions, plus any earnings on such contributions.

The participant's interest in his or her non-safe harbor employer matching contribution account shall vest as follows: (i) as to certain participants who were formally represented under a collective bargaining agreement, his or her employer matching contribution account shall be 100% vested if he or she completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his or her employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, (ii) as to participants formerly employed by Boral, his or her employer matching contributions received during the period October 1, 2021 to December 31, 2021 shall be 100% vested, and (iii) as to all other participants, the participant vests in non-safe harbor employer matching contributions at a rate of 20% per year until fully vested.

Prior to January 1, 2017, a participant vests in the ARC and the employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

The participant's interest in his or her ARC and employer discretionary profit-sharing contribution accounts shall vest as follows: (i) as to certain participants who are not represented under a collective bargaining agreement and collectively bargained employees at the Aberdeen and Longview locations, and who complete one hour of service on or after January 1, 2017, shall vest at a rate of 33% per year until fully vested after three years of service; (ii) any such participant who does not complete one hour of service on or after January 1, 2017, shall vest in his or her ARC and employer discretionary profit-sharing contribution account at a rate of 20% per year until fully vested after five years of service; and (iii) collectively bargained employees at the Lake Charles and Natrium locations vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Participants employed at the Calvert City location on or after January 1, 2020 whose employment is subject to a collective bargaining agreement shall vest in his or her ARC and employer discretionary contribution accounts at a rate of 33% per year until fully vested after 3 years. Prior to January 1, 2020, participants employed at the Calvert City locations vest in his or her ARC and employer discretionary contribution accounts at a rate of 20% per year until fully vested after 5 years.

Participants who were previously employed by Boral vest 100% immediately in his or her employer base contribution and any employer discretionary contribution accounts made during the period October 1, 2021 and December 31, 2021.

Effective January 1, 2022, the vesting on non-safe harbor employer matching contributions for participants formerly employed by Boral are at a rate of 33% per year until fully vested.

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50 thousand or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2022 and 2021 totaled \$25.0 million and \$21.9 million, respectively, and bore interest at rates ranging from 4.25% to 8.5% during 2022.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are initially used to correct participant accounts, then used to pay administrative expenses of the Plan and then used to reduce the employer contribution to the Plan. During the year ended December 31, 2022, \$465 thousand in employer contributions were forfeited. Forfeitures used to pay Plan expenses and to reduce the employer contributions during 2022 were \$132 thousand and \$396 thousand, respectively. At December 31, 2022 and 2021, unallocated forfeiture accounts and earnings thereon amounted to \$261 thousand and \$269 thousand, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments, or as to certain accounts to have the account balance distributed in the form of an annuity. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Prior Plan Account

Participants in the Plan who were previously in the Axiall Plans, may have participated in a predecessor plan, which consisted of employer and employee funds. Employer fund balances consisted of annual contributions plus earnings. Employee fund balances consisted of employee after-tax contributions plus earnings. Upon establishment of the Axiall Plans, these prior plan account balances were transferred to the Plan. The participant may direct the investment of his or her balance among the investment funds available under the Plan.

When a participant leaves the Company, he or she may elect to receive his or her entire employer fund prior plan account balance as a lump-sum distribution or, if eligible, to transfer the amount to the Westlake Defined Benefit Plan in order to increase the annuity benefit under the Westlake Defined Benefit Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in collective trust funds are valued based on the fair value of the underlying investments held by the funds less its liabilities at year-end.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is accrued as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value ("NAV"). Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021 (in thousands):

<u>Assets at Fair Value as of December 31, 2022</u>

^(a) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on participant notes receivable for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan obtained its latest determination letter on July 20, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal income tax has been recorded

WESTLAKE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

5. Tax Status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, WMS has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

8. Party-In-Interest Transactions

Certain Plan investments are in accounts managed by the trustee and the Plan has notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021 (*in thousands*):
