EAST BAY TIRE CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the East Bay Tire Co. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees who have completed six months of service and are at least twenty-one years of age. Employees become eligible the first day of the month following the date they satisfy the eligibility requirements. Employees whose employment is governed by a collective bargaining agreement, non-resident aliens, leased employees, and employees who are employed by an affiliated employer which does not adopt the Plan are excluded and are not eligible to participate in the Plan.

The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated on January 1, 2016 to comply with Pension Protection Act of 2006 (PPA).

Administration - The sponsor of the Plan is East Bay Tire Co. (the "Company"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. A third-party record-keeper processes and maintains the records of the Plan. Empower Retirement, a division of Great West Life & Annuity Insurance Co. and Great West Trust Company, LLC, a subsidiary of Great West Life Annuity Insurance Co. (collectively "Great West Life"), serves as custodian and directed trustee of the Plan's participant-directed investments.

Expenses incurred for administering the Plan may be paid by either the Plan or the Company at its discretion. For the year ended December 31, 2018, all administrative expenses were paid by the Company, except for investment management fees, recordkeeping and administrative fees and redemption charges, which were paid by the Plan.

Basis of Accounting - The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

EAST BAY TIRE CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Employee Contributions - Eligible participants may defer up to 100% of eligible compensation, as defined by the Plan, up to the maximum allowed by law. Eligible participants who are at least 50 years old by the end of the year are eligible to make catch-up contributions. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants may also elect to have the Company contribute a portion of their compensation after-tax in the form of a Roth deferral. Participants may also elect to contribute amounts representing distributions from other qualified plans.

Employer Contributions – The Plan allows for employer discretionary contributions in the form of: a) safe-harbor matching contributions at the rate of 100% of participants' deferrals not exceeding 5% of participants' contributions for employees who have met the service requirement of one year or 1,000 hours and are age 21 years or older, and b) non-elective profit sharing contributions, which are allocated to participants based on relative eligible compensation. Entry in the Plan for purposes of the discretionary matching or profit-sharing contribution is on the first day of the first or seventh month of the plan year, following attaining eligibility. For the year ended December 31, 2018, the Company safe-harbor made matching contributions equal to \$364,288. The Company made no discretionary non-elective profit-sharing contributions for the year ended December 31, 2018.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions and administrative expenses, if any. Participants direct the investment of their contributions into the various investment options offered by the Plan. Investment income allocations are made daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions and safe harbor match plus actual earnings thereon. Vesting in the employer's profit-sharing contributions is based on years of continuous service. A participant is fully vested after six years of credited service. To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the Plan year.

Forfeitures – Forfeitures may first be applied to pay administrative expenses under the Plan or used to reduce employer contributions. Forfeitures totaling \$2,534 were used to reduce administrative expenses for the Plan during the year ended December 31, 2018. No forfeitures were used to reduce employer contributions during the year ended December 31, 2018. There were no unallocated forfeitures at December 31, 2018. Total unallocated forfeitures were \$2,515 at December 31, 2017.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments – Investments of the Plan are held by the Plan’s custodian, valued at fair values and are invested based solely upon instructions from participants.

Mutual funds – Mutual funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed actively traded and are valued based on prices quoted on a national exchange.

Self-directed brokerage accounts – Self-directed brokerage accounts consist primarily of interest-bearing cash, common stocks and money market mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market mutual funds held by the Plan are deemed actively traded.

Guaranteed investment contract – The Plan’s investment in a guaranteed investment contract is valued at contract value, which approximates fair value, on a daily basis as reported by Great West Life. The value of the guaranteed investment contract is measured by discounting the related cash flows with the interest rate for the portfolio investment contract reset quarterly.

The Plan follows the guidance of GAAP for measuring fair value of investments. Those principles establish a framework for the measurement of fair value and provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements).

The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

EAST BAY TIRE CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued) -

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, within the fair value hierarchy of GAAP, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018	2017
Level one:		
Self-directed accounts	\$ 953,408	\$ 1,044,771
Mutual funds	7,760,445	8,381,011
Level two:		
Guaranteed investment contract	<u>2,428,355</u>	<u>2,420,491</u>
Total investments, at fair value	<u>\$ 11,142,208</u>	<u>\$ 11,846,273</u>

At December 31, 2017, the Plan incorrectly reported mutual fund investments as pooled separate accounts and corrected this inconsistency to properly classify the Plan's investments as mutual funds as of December 31, 2018 and 2017.

Investment Income – Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – The Plan provides a provision that allows a participant to borrow up to the lesser of \$50,000 or 50% of their vested account balance, with a minimum borrowing of \$1,000. Such loans shall bear interest at rates at commercially reasonable rates, which are generally equivalent to available market financing rates. The term of the loans generally cannot exceed five years, except for the purchase of a principal residence, which may be repaid over a period of up to 15 years. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits – Participant contributions can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement. On termination or service due to death, disability or retirement, a participant will receive an amount equal to the value of the vested interest in their account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in their account as a lump sum distribution. On termination of service for account balances less than \$5,000, a lump-sum distribution may be made at the employer's discretion. For account balances, greater than \$5,000, written consent by the employee is required before distribution can be made.

The normal retirement age under the Plan is later of 65 years of age or the fifth anniversary of the participation in the Plan. Participants who have reached age 50 may take an in-service lump sum distribution of their profit-sharing, rollover and discretionary match contributions, provided that they are 100% vested.

Upon termination of service, age 59 ½, disability, retirement, death, or hardship, the participants or beneficiaries receive, upon request, a lump-sum payment equal to the value of the vested funds in the participant's account. Benefits (which include rollover transfers to other plans) are recorded when paid.

Plan Termination - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Subsequent Events – Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, September 16, 2019, have been evaluated in the preparation of the accompanying financial statements.

EAST BAY TIRE CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

2. GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract with Great West Life that maintains contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by Great West Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great West Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

3. INCOME TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code and, therefore, the underlying trust is not subject to tax under IRC 501(a). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

4. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Great West Life has certified the current value of assets held at December 31, 2018 and 2017, and transactions entered into during the year ended December 31, 2018, that were used in the preparation of the accompanying financial statements and supplemental schedule.

	2018	2017
Investments, at fair value	<u>\$ 11,142,208</u>	<u>\$ 11,846,273</u>
Interest and dividend income	<u>\$ 553,256</u>	
Net depreciation in fair value of investments	<u>\$ (1,194,330)</u>	

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Great West Life, the Plan's custodian, or their affiliate. Therefore, payments from the Plan to Great West Life or its affiliates related to transactions involving investment management services and recordkeeping and other related services qualify as party-in-interest transactions as defined by ERISA.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of mutual funds, a guaranteed investment contract and individual investment securities held in various self-directed brokerage accounts.

As the portfolio is well diversified and issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.
