Independent Auditor's Report

To the Benefits Committee of the
Centauri, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Centauri, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Centauri, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Centauri, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with

the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centauri, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centauri, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Centauri, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess

whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTAURI, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of Plan

The following description of the Centauri, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions. Effective January 1, 2022 (Freeze Date), the Plan was frozen and restated so that no new participants or contributions are allowed in the Plan.

General – The Plan was established on January 1, 1999. The Plan is a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of January 1, 2021, the Plan covered all employees, except interns and Puerto Rico based employees, of Centauri, LLC (the Company or Plan Sponsor) and its wholly owned subsidiaries, Pacific Defense Solutions, LLC (PDS) and Integrity Technology Solutions, LLC. During 2022, PDS was merged into Centauri, LLC. There is no minimum age or length of service requirement to participate in the Plan.

Effective January 1, 2020, the Plan was amended to add Xebec Global Corporation (Xebec) and Dependable Global Solutions, LLC (DGS) as adopting employers. Accordingly, the employees of Xebec and DGS became eligible to participate in the Plan effective January 1, 2020. The Company also has several affiliated entities. Effective January 4, 2021, the Plan was amended to add several of the affiliated companies to the Plan as adopting employers. Those companies are The Design Knowledge Company (TDKC), Kord Technologies, LLC (Kord), and PreTalen, LTD (PreTalen). Accordingly, the employees of TDKC, Kord and PreTalen became eligible to participate in the Plan effective January 1, 2021. During 2022, TDKC and PreTalen were merged into Centauri, LLC.

Effective January 1, 2020, Chares Schwab Trust Bank was appointed directed trustee.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Participant Contributions – Prior to January 1, 2022, participants could make salary deferral contributions, including “catch-up” contributions if they qualified, subject to the limitations of the IRC. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Company Contributions – The Plan is a “Safe Harbor Plan”. Prior to January 1, 2022, the Plan Sponsor was required to match 100% of the first 4% of each participant's eligible compensation contributed to the Plan. Additionally, the Plan Sponsor had the option to make a discretionary profit-sharing contribution to the Plan, with the amount determined annually. Plan Sponsor discretionary profit-sharing contributions were allocated to participants based upon compensation, as defined in the Plan document. All participants in the Plan were eligible to receive the discretionary contribution, if any, provided they continued to work for the Plan Sponsor or adopting employer and receive compensation.

During 2022, the Company made a Qualified Non-Elective Contribution of approximately \$4,500 to the Plan on behalf of certain TDKC participants.

Participants' Accounts – Participants may have a Schwab Personal Choice Retirement Account (PCRA), which is a self-directed brokerage account or a “core” funds account, or both. Accounts are maintained for each participant and each participant account includes the participants' salary deferral contribution, plus an allocation of the Plan Sponsor matching and discretionary contribution (if any) and plan earnings/losses, including realized and unrealized gains and losses on investments. Participant accounts are charged with an allocation of administrative expenses.

CENTAURI, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Vesting – Participants are immediately fully vested in their salary deferral and rollover contributions and the earnings thereon. Participants are also immediately vested in Plan Sponsor matching and discretionary profit-sharing contributions.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their eligible account balance, reduced by any outstanding loan balance. Participant loans require the employee to sign a promissory note for the face amount of the loan and interest and must be repaid, in most cases, within five years. The interest rate will be determined by the Plan administrator. Participant loans require that payments will be made through payroll deductions unless earnings for a pay period are not enough to cover the loan payment, at which point the employee will be responsible to make a payment. The participant may have only one loan outstanding. At December 31, 2022 and 2021, interest rates ranged from 4.25% to 8.50% and the notes receivable from participants mature at various dates through September 2033.

Payment of Benefits – Distributions to participants or their beneficiary are made after retirement, termination of service, death or disability. The Plan also provides for in-service distributions once a participant attains the age of 59 1/2. Generally, a participant may elect to receive (1) a lump-sum cash distribution (which is automatic for vested amounts up to \$5,000) or (2) installment payments not exceeding the assumed life expectancy of the employee and his or her beneficiary.

The Plan permits hardship distributions if certain conditions are met.

Note 2–Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation and depreciation are reflected in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses of maintaining the Plan are paid by the Company and the Plan. Recordkeeping services for participant loans and distributions are paid by the Plan or by the account of the participant.

CENTAURI, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Risks and Uncertainties – The Plan utilizes various investment instruments, including mutual funds, a common collective trust, self-directed brokerage accounts, and interest-bearing cash funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

Note 3–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical assets or liabilities that the Plan has the ability to access on the reporting date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

PCRA – Securities within the PCRA are valued at closing price reported on the active market for which the individual securities are traded. Money market accounts are valued on a historical cost basis plus accrued interest which approximates fair value. Securities within the PCRA are classified within level 1 of the valuation hierarchy.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CENTAURI, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Common Collective Trust - Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services-Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide the amount and corresponding level of hierarchy for the Plan's investments that were measured at fair value on a recurring basis.

hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Morley Stable Value Fund (the Fund) is a common collective trust fund whose objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile and liquidity for benefit responsive payments. The Fund invests primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicted on underlying fixed income securities), as well as cash and cash equivalents.

Participants ordinarily may direct either the withdrawal or transfer of all or a portion of their investment at contract value. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Redemption is generally permitted daily. Individual participant redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the common collective trust are generally permitted without restriction. Were the Plan to initiate a full redemption of the common collective trust, a twelve-month advance written notice is required.

Note 4—Tax status

The Plan has adopted a non-standardized prototype pre-approved defined contribution profit sharing plan with the IRC Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated September 21, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or require disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

Note 5—Information prepared and certified by the trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Charles Schwab Trust Bank, the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Charles Schwab Trust Bank has supplied the Plan administrator with a certification to the completeness and accuracy of all investment information presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2022.

The following information and related data included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified is complete and accurate by Charles

Note 6—Plan termination

The Plan Sponsor was acquired by KBR Wyle Services, LLC, a wholly owned subsidiary of KBR, Inc., in 2020. In 2023, KBR, Inc. approved the merger of this Plan into either the KBR Wyle Services, LLC or Kellogg Brown & Root LLC (also a wholly owned subsidiary of KBR, Inc.) employee benefit plan, effective October 2, 2023.

Note 7—Related party and Parties-in-interest transactions

Under ERISA rules related to 401(k) plans, transactions with related parties of the plan such as a plan sponsor, administrator, trustees or participant (Parties-in-interest) are considered either exempt or nonexempt from ERISA prohibited transaction provisions. Nonexempt transactions are subject to penalty taxes.

Certain Plan investments and the related transactions at December 31, 2022 and 2021 are invested in funds sponsored by Charles Schwab Trust Bank and Charles Schwab Bank. Transactions involving these investments are considered to be party-in-interest transactions for which statutory exemption exists under the Department of Labor Regulations. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 8—Subsequent events

Effective October 2, 2023, net assets available for benefits of approximately \$240,820,000 were transferred from the Plan as follows: 1) \$233,620,721 to the KBRwyle Technology 401(k) Plan and 2) \$7,198,845 to the Kellogg Brown & Root, Inc. Retirement and Savings Plan.

The Plan has evaluated events through October 9, 2023 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
