INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Participants of
Southwest Mountain States Regional Council of Carpenters 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southwest Mountain States Regional Council of Carpenters 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southwest Mountain States Regional Council of Carpenters 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southwest Mountain States Regional Council of Carpenters 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Mountain States Regional Council of Carpenters 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southwest Mountain States Regional Council of Carpenters 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Mountain States Regional Council of Carpenters 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southwest Mountain States Regional Council of Carpenters 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Southwest Mountain States Regional Council of Carpenters 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General

On January 1, 2005, Southwest Regional Council of Carpenters (the “Sponsor”) established Southwest Regional Council of Carpenters 401(k) Plan. During 2022, the Sponsor and the Plan changed their names to Southwest Mountain States Regional Council of Carpenters. The Plan was established to provide retirement benefits for eligible employees of the Sponsor. The Plan is financed by contributions from participants and by the net earnings of the investments of the Plan. This is a defined 401(k) plan covering all eligible employees of the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Participants may elect to defer a portion of their compensation, not to exceed the legal maximum, as calculated in accordance with the Internal Revenue Code. The limit for regular contributions for December 31, 2022 and 2021, was \$20,500 and \$19,500, respectively. The limit for catch-up contributions for both 2022 and 2021 was \$6,500. The Plan accepts rollover contributions from other qualified plans. Rollover contributions are recorded separately on the statements of changes in net assets available for benefits. The Plan provides for discretionary employer contributions equal to 50% of participant contributions up to a \$5,000 and \$4,000 annual maximum for the years ended December 31, 2022 and 2021, respectively.

The Plan provides automatic enrollment with respect to certain covered participants at 6% of compensation, unless the participant elects to withhold a different percentage or not to withhold at all. The participants’ initial automatic contribution percentage will be increased by one percentage point on the July 1st following the initial automatic enrollment date and each July 1st thereafter until the annual contribution equals 10% of compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, rollover, the employer’s contribution, and investment earnings, and is charged with an allocation of certain administrative expenses based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer’s matching and discretionary contribution portions of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested after four years of credited service.

Investment Options

Contributions to the Plan are invested, as directed by the participants, in mutual funds, common/collective trust funds, pooled separate accounts and an insurance contract. If participants do not direct the investment of their contributions, the contributions will be directed according to the provisions of the Plan.

Participants may evaluate their own investment goals and objectives and may choose mutual funds, common/collective trust funds, pooled separate accounts, and a guaranteed insurance contract best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their balances to be lower than the amounts contributed to the Plan.

Southwest Mountain States Regional Council of Carpenters 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25% to 9.00% for the years ended December 31, 2022 and 2021, which is prime rate (as published by *The Wall Street Journal*) plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or may request a direct rollover to another qualified plan that accepts direct rollovers. The Plan allows for automatic lump-sum distribution of participant account balances that do not exceed \$5,000.

Forfeited Accounts

Forfeitures are retained in the Plan and used to reduce future employer contributions. At December 31, 2022 and 2021, the Plan had \$1,385 and \$0, respectively, of forfeited non-vested accounts, which are held in the sweep account. During the year ended December 31, 2022, no previously forfeited amounts were used.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC 820"), *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Southwest Mountain States Regional Council of Carpenters 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below:

Mutual Funds: The fair value of the mutual funds is generally based on quoted market prices in active markets (Level 1).

Common/Collective Trust Funds: The fair value of the units in common/collective trust funds is estimated based on the net asset value per unit of the investments, which is calculated based on quoted market prices or other observable inputs. The net asset value is being used as a practical expedient to estimate fair value.

Pooled Separate Accounts: The fair value of pooled separate accounts is estimated based on net asset value, which is based on the underlying investments held by the pooled separate accounts. The underlying investments consist of commercial real estate, publicly traded mutual funds, and fixed-income securities. The net asset value is being used as a practical expedient to estimate fair value.

Guaranteed Investment Contract: The guaranteed investment contract is a traditional investment contract, which meets the fully benefit-responsive investment contract criteria; therefore, the investment is reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Contributions Receivable

Employer contributions receivable are based on employer contributions due and not paid prior to year-end. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Other Receivable

During December of 2021, the Plan's record keeper overpaid a participant's requested distribution. This amount was credited back to the participant's account as a return of unclaimed benefit during January 2022. This amount was shown as a receivable on the 2021 financial statements.

Revenue Credit

The revenue credit is an amount received from the Principal Life Insurance Company, under a fee levelization agreement, whereby, the administrative fees are partially paid from the investments.

Southwest Mountain States Regional Council of Carpenters 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Administrative Expenses

Substantially all expenses incurred for administering the Plan are paid by the Plan's Sponsor. Certain expenses such as fees paid to the Plan's record keeper and expenses billed to individual participant accounts are paid by the participants of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in mutual funds, common/collective trust funds, pooled separate accounts, and a guaranteed investment contract. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right to terminate the Plan subject to the provisions of ERISA. Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated until all participants' accounts have been completely distributed to, or for the benefit of, the participants or their beneficiaries in accordance with the Plan.

4. TAX STATUS

The Plan adopted the Principal Financial Group Prototype Basic Savings Plan, which received a favorable opinion letter from the Internal Revenue Service, dated June 30, 2020. The opinion letter stated that the Plan and related trust, as then designed, were in compliance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken and has concluded that, as of year-end, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Southwest Mountain States Regional Council of Carpenters 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information (such as mutual funds, common/collective trust funds, pooled separate accounts, and a guaranteed insurance contract) certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements, as follows:

	<u>2022</u>	<u>2021</u>
Investments at fair value	<u>\$ 10,355,417</u>	<u>\$ 10,681,584</u>
Investment at contract value	<u>\$ 2,616,141</u>	<u>\$ 2,382,145</u>
Investment income (loss)		
Net depreciation in fair value of investments	\$ (2,025,481)	
Interest and dividends	<u>52,335</u>	
Total investment income (loss)	<u>\$ (1,973,146)</u>	

In addition, the information in Note 7 and on the accompanying supplemental schedule of assets (held at end of year) was derived from information certified by the custodians.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate, which is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at December 31, 2022 and 2021, are as follows:

	2022			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Mutual funds	\$ 4,695,837	\$ -	\$ -	\$ 4,695,837
Investments measured at net asset value				
Common/collective trust funds				1,630,351
Pooled separate accounts				4,029,229
Total investments at net asset value				5,659,580
Total investments at fair value				\$ 10,355,417

	2021

Pooled separate accounts				3,546,844
Total investments at net asset value				4,965,011
Total investments at fair value				\$ 10,681,584

8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include funds managed by Principal Life Insurance Company, which is a custodian of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Additionally, notes receivable from participants are considered party-in-interest transactions.

9. INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE

FASB ASC 820 allows entities to use net asset value ("NAV") per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting.
