Independent Auditor's Report

To the Plan Administrator
Scantron Corporation 401(k) Plan
Eagan, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Scantron Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of the year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Scantron Corporation 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of Scantron Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan’s provisions.

General

The Plan was established effective March 22, 2020. The Plan is a defined contribution plan with a 401(k) feature sponsored by Scantron Corporation (the “Primary Employer”, “Plan Sponsor” or “Plan Administrator”). All employees of the Employer are eligible to participate in this Plan. The Employer shares control and management of operation and administration of the Plan with the Trustee. The Plan Trustee manages and serves as custodian of the Plan’s assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Effective December 4, 2020, Article I & II of the Plan was amended to address the treatment of hardship distributions in accordance with regulations issued by the Internal Revenue Service and Treasury. Effective January 1, 2021, Article I & II of the Plan was amended to expand on the Safe Harbor provisions within the Plan.

Contributions

Each year, eligible participants may make salary deferral contributions, subject to certain limitations, up to 75% of their annual compensation, as defined in the Plan. The company then provides a safe harbor matching contribution in an amount equal to 100% of the first 3% of participants’ annual compensation and then a 50% match of the next 2% of participants’ annual compensation. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions can be in the form of pre-tax contributions or post-tax Roth contributions. The Plan allows for participants to transfer contributions into the Plan from another qualified plan or from an individual retirement account.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the participant’s allocation of the Employer’s contribution, an allocation of plan earnings/losses and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined, or participant directed transactions.

Vesting

A participant is 100% vested in their elective deferral and all employer contributions at all times.

Benefits Paid to Participants

The benefit to which a participant is entitled is the vested balance in their accounts. The payment of benefits shall be made according to the election of the participant in the form of a rollover to another qualified plan, lump sum distribution or installment payments as prescribed by the Plan.

Scantron Corporation 401(k) Plan

Notes to Financial Statements

Distributions of a participant's account can be made upon death, cessation of employment, total disability, or retirement. Voluntary withdrawals from participants' pre-tax contributions are permitted for qualified financial hardship. Participants may also obtain in-service distributions under certain circumstances, as defined in the Plan. Vested benefits for terminated participants between \$1,000 and \$5,000 are automatically rolled into an Individual Retirement Rollover Account and balances that do not exceed \$1,000 are automatically distributed in a lump-sum payment. If the vested benefit exceeds \$5,000, the participant may elect a lump-sum distribution or installment payments.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, subject to certain restrictions. Note terms may not exceed 5 years unless the note is for the purchase of the participant's primary residence. The notes are secured by the vested balance in the participant's account and bear interest at Prime plus 1%. Principal and interest are paid ratably through deductions from the participant's payroll. Upon eligibility for a distribution or if the employee terminates employment, the note generally becomes immediately payable in full.

Plan Expenses

All Plan expenses shall be charged against and withdrawn from the Fund.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant accounts.

Scantron Corporation 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2022 there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost which approximates fair value. Amortized cost represents unpaid loan principal plus accrued interest at year end. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan and Plan's loan rules, as determined by the Plan Administrator.

3. Fair Value Measurements

Generally accepted accounting principles (GAAP) provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Scantron Corporation 401(k) Plan

Notes to Financial Statements

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value:

Mutual Funds: Valued daily based on quoted prices from national exchanges in an active market.

Collective Investment Trust (CIT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Stable Value Fund: The Galliard Stable Return Fund Q (the "Fund") is a common collective trust fund sponsored by Galliard Capital Management. The Fund invests primarily in both security-backed contracts ("SBCs"), also known as synthetic guaranteed investment contracts and guaranteed investment contracts ("GICs") issued by insurance companies and other financial institutions. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of \$1 per unit. Participants initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all Fund unit holders. The Fund requires participants to invest in a "non-competing fund" for at least 90 days before transferring to a "competing" fund option. The Fund also imposes certain restrictions on Plan sponsors such that withdrawal from the Fund will require a 12-month written notice of the intent to withdraw assets from the Fund.

Investments in the Fund's collective investment funds are Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022	Fair Value Measurements				Total
	Level 1	Level 2	Level 3

Investments at fair value	\$ 79,273,873	\$ -	\$ -	\$ 79,273,873
Collective Investment Trusts*	-	-	-	25,554,503
Total investments	\$ 79,273,873	\$ -	\$ -	\$ 104,828,376

* Certain investments that are measured at fair value using the net asset value per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America N. A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2022 and December 31, 2021.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Party in Interest Transactions

Bank of America, N.A. is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid and accrued by the Plan for the investment management services amounted to \$78,013 for the year ended December 31, 2022.

Scantron Corporation 401(k) Plan

Notes to Financial Statements

6. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, it has the right to do so at any time subject to the provisions of the Employee Retirement Income Security Act (ERISA).

7. Tax Status

The Plan adopted a prototype nonstandardized profit sharing plan which received an opinion from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the prototype plan is qualified and the Trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Service Code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its tax qualification. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan's management has evaluated subsequent events through October 12 2023, the date on which the financial statements were available to be issued.
