Independent Auditors' Report

To the Administrative Committee of
Blue Grass Automotive, Inc. Salary Deferral
401(k) Profit Sharing Plan
Louisville, Kentucky

Opinion

We have audited the accompanying financial statements of Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4a – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**BLUE GRASS AUTOMOTIVE, INC.
SALARY DEFERRAL 401(K) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Blue Grass Automotive, Inc. (Employer). Prior to September 15, 2016, an employee could join the Plan on January 1 or July 1 following the date of twelve months of continuous employment and attainment of age twenty-one. Effective September 15, 2016, the age and service requirements were removed for employee contributions, and a special one-time entry date was allowed for those current employees who became eligible as a result of the change. Employer matching contributions require a participant to have twelve months of continuous employment and attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants may also elect to defer a portion of their after-tax compensation as a Roth contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of compensation, and effective July 1, 2016, all newly automatically enrolled participants will have their deferral rate escalate at 1% annually until such time as their deferral reaches 6% of their eligible compensation. Contributions for automatically enrolled participants are invested in a designated lifestyle fund until changed by the participant.

NOTES TO FINANCIAL STATEMENTS

The Employer makes an annual discretionary matching contribution for all participants. For 2022, the discretionary matching contribution is equal to 34.7926% of the first 5% of participant's compensation deferred, and for 2021, the discretionary matching contribution was equal to 81.881137% of the first 5% of participant's compensation deferred. The Employer may also make an annual discretionary profit sharing contribution. The Employer made no discretionary profit sharing contributions for 2022 or 2021. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of plan earnings and the employer profit sharing contribution. Participant accounts are charged with an allocation of investment expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>% Vested</u>
0-1	0
2	20
3	40
4	60
5	80
6 or more	100

Payment of benefits:

On termination of service due to death, disability, retirement, termination of employment, or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan specifically restricts the timing and method of benefit payments based upon the participant's age, length of service, account value, and reason for termination.

NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Interest rates currently range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions.

Forfeited accounts:

At December 31, 2022 and 2021, forfeited non-vested accounts from discretionary employer contributions totaled \$10,936 and \$7,006, respectively. These funds will be used to reduce future Plan expenses or will be allocated as additional employer match contributions. No forfeitures were utilized in 2022 and 2021.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of Blue Grass Automotive, Inc. Salary Deferral 401(k) Profit Sharing Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain administrative expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent events:

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants held by John Hancock Life Insurance Company disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the insurance company of the Plan.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS

Pooled separate accounts – valued at the net asset value of units held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value.

Self-directed brokerage accounts – valued at the sum of the fair value of the underlying investments, based on the underlying investments' exchange traded closing price or net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>2022</u>	
	<u>Level 2</u>	<u>Total</u>
Self-directed brokerage accounts	\$3,204,054	\$3,204,054
Investments measured at net asset value:		
Pooled separate accounts	<u> </u>	<u>4,317,413</u>
Total assets at fair value	<u>\$3,204,054</u>	<u>\$7,521,467</u>
	<u>2021</u>	
	<u>Level 2</u>	<u>Total</u>
Self-directed brokerage accounts	\$3,792,051	\$3,792,051
Investments measured at net asset value:		
Pooled separate accounts	<u> </u>	<u>4,520,524</u>
Total assets at fair value	<u>\$3,792,051</u>	<u>\$8,312,575</u>

Investments Measured Using Net Asset Value per Share Practical Expedient:

The pooled separate accounts have no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' net asset value (NAV). The NAV is updated daily.

NOTES TO FINANCIAL STATEMENTS

A description of the investment strategies for all pooled separate accounts whose value is derived using NAV are as follows:

Large cap – seeks long-term growth of capital by investing majority of assets in common stocks of companies with large market capitalizations,

Mid cap – seeks long-term growth of capital by investing majority of assets in common stocks of companies with medium market capitalizations,

Small cap – seeks long-term growth of capital by investing majority of assets in common stocks of companies with small market capitalizations,

Fixed income – seeks total return by investing majority of assets in a diversified portfolio of fixed income investments,

International – seeks long-term growth of capital by investing majority of assets in a diversified portfolio of equity securities issued by companies domiciled outside the United States,

Growth – seeks long-term growth of capital by investing majority of assets in common stocks of companies that are diversified,

Target – seeks long-term growth of capital by investing majority of assets in underlying funds that invest primarily in equity securities,

Moderate – seeks both long-term and short-term growth of capital by investing majority of assets in common stocks and bonds of companies that are diversified,

Balanced – seeks long-term growth of capital by investing majority of assets in common stocks and fixed income securities of companies engaged in various economic sectors,

Lifestyle – seeks long-term growth of capital by investing majority of assets in underlying funds that invest primarily in equity securities,

Conservative – seek maximum total return consistent with capital preservation.

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party and Party-in-Interest Transactions

Certain plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the insurance company of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock Life Insurance Company by the Plan for the years ended December 31, 2022 and 2021 for investment services were \$38,585 and \$38,602, respectively.

Trinity Pension Consultants, LLC (TPC) is the third-party administrator of the Plan and therefore transactions with TPC qualify as party-in-interest transactions. Fees paid to TPC by the Plan for the years ended December 31, 2022 and 2021 were \$1,620 and \$1,080, respectively.

Certain administrative functions are performed by officers or employees of the Employer. No officer or employee receives compensation from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Income Tax Status

The Plan is a volume submitter prototype plan offered by Trinity Pension Consultants, Inc. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan invests in various securities held by John Hancock Life Insurance Company; Morgan Stanley Smith Barney; and Robert W. Baird & Co., Inc. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts which are not direct filing entities. As such, per Form 5500 instructions, the Plan's interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on Schedule H. Therefore, these investments are reflected as mutual funds on Form 5500, but as pooled separate accounts for financial statement purposes.
