INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Southwest Missouri Bancorporation, Inc.
Employee Stock Ownership Plan
Carthage, Missouri

Opinion

We have audited the financial statements of **Southwest Missouri Bancorporation, Inc. Employee Stock Ownership Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended December 31, 2022 and 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held (at the end of the year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SOUTHWEST MISSOURI BANCORPORATION, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. Description of plan

The following description of the **Southwest Missouri Bancorporation, Inc.** (the Company) **Employee Stock Ownership Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Company established the **Southwest Missouri Bancorporation, Inc. Employee Stock Ownership Plan** with 401(k) provisions effective January 1, 1984. As of January 1, 2022, the Plan was amended and is designed to comply with Section 4975 (e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is overseen by an administrative committee, which makes recommendations to the Plan's trustee. In the absence of an administrative committee appointment, the Plan Administrator assumes all responsibilities and duties of the administrative committee.

The Plan purchased Company common shares using the proceeds of a loan from the Company (Note 6) and holds the stock in a trust established under the Plan. The loan is to be repaid over a period of 20 years by fully deductible company contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the code.

The loan is collateralized by the unallocated shares of stock. The Company has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan for 2022 and 2021 present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of employees in allocated stock (allocated) and
- (b) stock not yet allocated to employees (unallocated).

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was enacted and was effective beginning on January 1, 2020. The SECURE Act provision included, among other things, an increase in the age limit for required minimum distributions from age 70 ½ to 72. The Plan is in the process of operationally being amended to implement certain changes related to the SECURE Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted. The CARES Act provides immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by the coronavirus. The Plan made the election not to be amended to allow for the provisions of the CARES Act related to coronavirus distributions and loans. The Plan did elect to allow for the temporary waiver of required minimum distributions for the 2020 calendar year.

Eligibility

Employees of the Company are eligible to participate on January 1 or July 1 following the date of hire provided they have reached age 18 and completed at least 1,000 hours of service. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of company contributions for such year.

Contributions

Each year, participants may contribute up to 75 percent of pre-tax annual compensation to be withheld or otherwise contributed on his or her behalf to the Plan. The Company may make three types of contributions to the Plan:

Basic contributions: Discretionary contributions made for all non-highly compensated participants in order to satisfy the non-discrimination test requirements of the Internal Revenue Code.

Matching contributions: The Company matches the employee deferral contribution at a rate equal to 50 percent of the employee salary deferral up to a 4 percent election rate. Anything in excess of 4 percent is disregarded.

Optional contributions: Other discretionary contributions determined by the Board of Directors.

The Company is required to make cash contributions to the Plan which, when aggregated with the Plan's dividends on unallocated stock and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled debt payments of principal and interest due on its loan. Any excess cash contributions are used for future stock purchases.

Participant accounts

At the end of each Plan year, each participant's ESOP account is credited with a share of the Company's matching and/or discretionary contributions, Plan earnings including dividends on allocated stock, and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant compensation or account balances as defined in the Plan.

Benefit payments

Upon termination of service, participants with an account balance less than \$1,000 will receive a lump sum distribution equal to the value of the vested portion of their account. Participants with an account balance exceeding \$1,000 will receive a lump sum payment upon request.

Upon termination of service, participants' 401(k) account balances are distributed in a single distribution of cash or rolled over to another eligible retirement plan, depending on the participant's election.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Retirement, death, and disability benefits

A participant is entitled to 100 percent of his or her account balance upon normal retirement, death or disability.

Vesting

Participants are immediately vested in their individual 401(k) contributions, plus actual earnings thereon, employer basic and matching contributions, and rollover contributions.

Optional account balance vesting is based on years of service, as defined by the Plan. Based on the current vesting schedule, a participant is vested according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 years	20%
4 years	40%
5 years	60%
6 years	80%
7 or more years	100%

Notes receivable from participants

Participants may borrow from their mutual fund accounts a minimum of \$1,000 up to 50 percent of their vested account balance, or \$50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that were commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates during 2022 and 2021 are between 4.25 and 6.25 percent. Principal and interest are paid ratably through payroll deductions.

Voting rights

Normally all shares of employer stock will be voted by the Plan's trustee in the manner they determine is appropriate, but the trustee may decide to allow each participant to direct them in exercising any voting rights attributable to shares of employer stock allocated to his or her employer stock account. However, each participant will be given an opportunity to vote on matters which (as determined by Missouri law or Southwest Missouri Bancorporation's company charter) must be decided by more than a majority vote of outstanding shares voted. In such cases, each participant will be entitled to direct the trustee as to the exercise of any voting rights attributable to shares of employer stock allocated to his or her employer stock account. If there is any employer stock for which voting directions are not received from participants, the trustee will vote those shares in the manner they determine.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2022 and 2021, totaled \$34,088 and \$19,613, respectively. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2022 and 2021, were \$76,296 and \$14,884, respectively.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Administrator to use estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuations and income recognition

The common shares of the Company are valued at estimated fair value. All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivables from participant

Notes receivable from plan participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Subsequent events

The Plan has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

SOUTHWEST MISSOURI BANCORPORATION, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

<i>Level 1</i>	Quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
<i>Level 2</i>	Observable inputs other than Level 1 process, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
<i>Level 3</i>	Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Institutional cash: Valued at the amount held in institutional interest-bearing cash accounts.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Sponsor company common stock: The fair value of the Southwest Missouri Bancorporation, Inc. common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser takes into account historical and projected cash flow, net income and dividends, return on assets, return on equity, market comparable and estimated fair value of company assets and liabilities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investments

The Plan's investment in Southwest Missouri Bancorporation, Inc. common shares at December 31, 2022 and 2021, are as follows:

	2022		2021	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	201,249	-	195,991	-
Cost	\$ 11,626,023	\$ -	\$ 10,964,212	\$ -
Market	\$ 23,620,595	\$ -	\$ 23,317,049	\$ -

5. Administration of plan assets

The Plan's assets, which consist primarily of Southwest Missouri Bancorporation, Inc. common shares, are held by the trustee of the Plan.

Employer contributions to the ESOP are held and managed by the trustee, who invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan.

Participants' 401(k) contributions, including employee salary deferrals and rollover contributions are invested in accordance with participants' direction in the investments available under the Plan.

6. Long-term debt

In 2002, the Plan entered into a \$1,499,978 term loan agreement with Southwest Missouri Bancorporation, Inc., bearing interest at a fixed rate of 4.92 percent. The proceeds of the loan were used to purchase 27,051 shares of Southwest Missouri Bancorporation, Inc. common stock. Certain shares purchased with the loan proceeds are being held as collateral pending the repayment of the loan. These shares are presented in these financial statements as "unallocated." The agreement provides for the loan to be repaid over twenty years. As of December 31, 2021, the loan was fully paid off with no unallocated shares remaining in the Plan.

7. Related party transactions and party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the plan, the employer, and certain others. Certain professional fees related to the administration and audit of the Plan are paid by the Company on behalf of the Plan and are reimbursed by the Plan. During 2022 and 2021, \$46,849 and \$47,103 of administrative expenses were paid by the Plan respectively. In addition, the Plan paid interest expenses of \$0 and \$2,481 under the loan agreement with Southwest Missouri Bancorporation, Inc. during 2022 and 2021, respectively.

SOUTHWEST MISSOURI BANCORPORATION, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Substantially all of the Plan's investments are shares of the Plan sponsor's common stock and indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

Plan investments are managed by American Funds. American Funds is the custodian of the 401(k) investments, and therefore, these transactions qualify as party-in-interest transactions exempt from prohibited transaction rules.

8. Plan termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to plan provisions. Upon such termination of the Plan, the interest of each participant in the Plan will be distributed to such participant or beneficiary, regardless of years of service, at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the administrative committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account (unallocated shares) to the extent it determines such sale to be necessary in order to repay the loan.

9. Tax status

The Plan obtained its latest determination letter June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code and has no income subject to unrelated business income tax. The Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan is qualified, and the related trust was tax-exempt as of the financial statement date.

10. Risks and uncertainties

The 401(k) Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

11. Subsequent events

Effective January 1, 2023, the Plan was amended to allow participants to become immediately eligible to join the Plan as of the date of the employee's hire as long as the employee is at least 18 years of age. The Plan was also amended to allow participants to increase or decrease their contribution rate as of the first day of each calendar quarter (January 1, April 1, July 1, or October 1) of each year. The Plan was amended to adjust the vesting scheduling to a 6-year vesting schedule, thus vesting starts at 20 percent at 2 years of service. Finally, the Plan was amended to add a force out distribution payment for terminated participants whose account balance is between \$1,000 and \$5,000, with their funds being rolled into an individual retirement account (IRA) on their behalf, without consent needed.
