Independent Auditors' Report

To the Plan Administrator
Apollo, Inc. 401(k) Profit Sharing Plan
Kennewick, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Apollo, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Apollo, Inc. 401(k) Profit Sharing Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103 (a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apollo, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Apollo, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apollo, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information,

are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Apollo, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information of the Plan's provisions.

General

The Plan is a participant directed, 401(k) salary deferral and profit sharing plan covering substantially all employees of Apollo, Inc. and Apollo Sheet Metal, Inc. (collectively, the Company) and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by Apollo, Inc. and administered by an outside party.

Effective January 1, 2022, the Plan was amended and restated in order to comply with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the 6 -year pre-approved plan restatement cycle).

Eligibility

Employees who have reached age 21, and completed one month of service, are eligible to voluntarily make contributions to the Plan. Participants are able to enter the Plan the first day of each month of the Plan year after becoming eligible.

Employees who have reached age 21, and have completed one year of service, including at least 1,000 hours, are eligible to receive employer contributions. Employees must be employed on the last day of the Plan year in order to receive employer contributions.

Ineligible employees are: (1) employees whose employment is governed by the terms of a collective bargaining agreement; (2) employees who are nonresident aliens and do not receive any earned income from the employer that constitutes income from sources within the United States; and (3) leased employees.

Contributions

Participants may contribute up to 100% of qualified compensation, as defined by the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). The elective deferral contribution can be on a pre-tax (traditional 401(k)) or an after-tax (Roth 401(k)) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless the employee makes a contrary election. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Deferrals are not scheduled to automatically increase.

The Company may elect to make discretionary matching and discretionary nonelective contributions to the Plan. These contributions will be designated by the Company to be allocated to each participant group. Participant groups consist of participants employed at Apollo, Inc. and Apollo Sheet Metal. The amount allocated to one group does not bear any relationship to other groups, and one participant group may be allocated employer match and nonelective contributions in one year while another group may not. Nonelective contributions are allocated to participants in the same proportion as a

participant's compensation bears to the total of all participants in that group. The Company will contribute the amount elected annually by September 15 of the following year. Matching contributions amounted to $1,106,018 for the year ended December 31, 2022. Nonelective contributions amounted to $775,121 for the year ended December 31, 2022. The amount paid by the Company was reduced by forfeitures of $88,626, for a total of $686,495.

Contributions are subject to regulatory regulations.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contributions, the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. The Company's discretionary contributions are allocated to each participant's account in the same proportion that each participant's compensation bears to total compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time, which is determined at the time the loan is made but not to exceed fifteen years. Under the terms of the Plan document, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2022, the rates of interest on outstanding loans ranged from 5.25% to 9.00% with various maturities through July 2028.

Vesting

A participant is 100% vested in his or her contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to reduce future Company employer contributions with any remaining amount unused to pay Plan administrative expenses. As of December 31, 2022 **and 2021**, there were no nonvested forfeited accounts, respectively. For the year ended December 31, 2022, forfeitures in the amount of $88,626 were used to pay employer contributions.

Payment of Benefits

Upon termination of service due to retirement, disability, death, termination or other reasons, a participant or their beneficiary may elect to receive a distribution equal to the vested balance in his or her account. Benefits are paid under various options as defined in the Plan document. Withdrawals due to "financial hardship" are permitted. The Plan also allows for in-service distributions from participant elective deferral accounts if a participant reaches age 65. In-service distributions are subject to plan provisions.

Plan Termination

Although it has not expressed intent to do so, the employer has the right at any time to terminate the Plan and discontinue its contributions, subject to provisions of ERISA. In the event of Plan termination, participant accounts become fully vested.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as certified by the Plan's trustee, Charles Schwab Trust Bank. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments consists of both realized gains or losses and unrealized appreciation or depreciation of the investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transactions fees are paid by the Plan participants.

3. Risks and Uncertainties

The Plan provides for investments in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur near term and that such changes could materially affect a participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs without quoted market prices that are observable for the assets or liability, and inputs that are derived from corroborated observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31:

Registered Investment Companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective Trust Fund - Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value:

	As of December 31, 2022			
	Level 1	Level 2	Level 3	Fair Value
Registered investment companies	$ 47,876,880	$ -	$ -	$ 47,876,880
Investment measured at NAV (practial expedient)				1,812,228
Investments, at fair value				$ 49,689,108

	As of December 31, 2021			
	Level 1	Level 2	Level 3	Fair Value
Registered investment companies	$ 54,732,008	$ -	$ -	$ 54,732,008
Investment measured at NAV (practical expedient)				1,773,871
Investments, at fair value				$ 56,505,879

5. Information Certified by the Charles Schwab Trust Bank

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and cash reflected on the accompanying statements of net assets available for benefits as of December 31, 2022.
- Net depreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2022.

The plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

6. Tax Status

The Plan document is a defined contribution prototype volume submitter plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Fees paid to Plan service providers totaled $157,481 for the year ended December 31, 2022. The Plan also holds notes receivables from participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits, per the financial statements	$ 52,112,457	$ 58,809,655
Other receivables	2,473	-
Other liabilities	(86,801)	(11,085)
Net assets available for benefits, per the Form 5500	$ 52,028,129	$ 58,798,570

The following is a reconciliation of the changes in net assets available for benefits between the financial statements and the Form 5500 during the year ended December 31, 2022:

Decrease in net assets per the financial statements	$ (6,697,198)
Prior year other receivables and liabilities	11,085
Current year other liabilities	(84,328)
Decrease in net assets per the Form 5500	$ (6,770,441)

9. Subsequent Events

Plan management has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued, and concluded no events have arisen which require disclosure.
