Independent Auditor's Report

To the Plan Administrator and Participants
New York Stem Cell Foundation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of New York Stem Cell Foundation 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is a regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H – Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (continued)

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

General

The following description of the New York Stem Cell Foundation 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a qualified 403(b) plan covering all eligible employees of the New York Stem Cell Foundation (the “Foundation”). All employees of the Foundation are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan Administrator is responsible to oversee and ensure compliance with the Plan document.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

Contributions

Each year, participants may make pre-tax elective and Roth contributions to the Plan subject to certain Internal Revenue Code (“IRC”) limitations. The Foundation may contribute a discretionary match, after a participant’s completion of 90 days of employment, and a nonelective contribution to the Plan.

Participants may also contribute rollover amounts representing distributions from another qualified retirement plan.

Participant accounts

Each participant’s account is credited with the participant’s contribution and investment earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 – Description of Plan (continued)

Investment options

Each participant may direct the investment of his/her account into certain available investment options. The assets of the Plan are allocated to the applicable funds at the direction of the participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Foundation's matching and nonelective discretionary contributions portion of their accounts plus actual earnings thereon.

Payment of benefits

Upon termination of service, retirement, death, or total permanent disability, a participant or their beneficiary may elect to receive a distribution of his or her entire accumulated Plan balance. Distribution options include a single lump-sum payment or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-1/2. Participants may also elect in-service withdrawals of their elective deferral account balances in the case of a financial hardship or should they incur a disability. Minimum required distributions are required for participants who have reached an age established by the Internal Revenue Service ("IRS").

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lower of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions or payment by check over no longer than a five-year period. The five-year period may be extended to a longer term if the participant is borrowing to purchase a principal residence. Participants are limited to two outstanding loans at a time.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared using the accrual basis of accounting, except for benefits paid which are recorded on a cash basis.

Note 2 – Summary of significant accounting policies (continued)

Investment valuations and income recognition

The Plan's investments are stated at fair value, or contract value for fully benefit-responsive investment contracts.

Realized and unrealized gains (losses) and interest and dividend income from the assets in each account are credited to or charged against each participant's account. Purchases and sales of securities are recorded on a trade date basis.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year is reflected as net appreciation (depreciation) in the fair value of investments for the year.

Management fees and operating expenses charged to the Plan for investments are deducted from individual investments and are not reflected separately. Consequently, management fees and operating expenses are reflected as a reduction of return for such investments.

Fair value measurements

For assets measured at fair value on a recurring basis, accounting standards require quantitative disclosures about the fair value measurement separately for each major class of assets. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets.
- Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.
- Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

On the following page is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022.

Mutual funds

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments at fair value

The following table sets forth the Plan's investment assets at fair value as of December 31, 2022 and December 31, 2021 by level within the fair value hierarchy:

	<u>2022</u>	<u>2021</u>
Mutual funds – Level 1	<u>\$8,392,972</u>	<u>\$8,962,320</u>

Contributions

Contributions from participants are recorded as they are withheld from the participants' wages. Contributions from the Foundation are recorded as earned.

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and December 31, 2021.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses.

Certain administrative functions are performed by employees of the Foundation. No such employee receives compensation from the Plan.

Note 2 – Summary of significant accounting policies (continued)

Risks and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits at December 31, 2022. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with investments. Any defaults on notes receivable from participants are treated as taxable distributions to the participants.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 28, 2023, which is the date the financial statements were available to be issued.

Note 3 – Investments, at contract value

The Plan holds an investment contract that is comprised of an insurance company general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Note 4 – Information certified by the Plan’s Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company and Nationwide Life Insurance Company, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and December 31, 2021 and the Supplemental Schedule H – Part IV– Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 5– Party-in-interest transactions

All of the Plan’s investments are shares of mutual funds or an investment contract that is comprised of an insurance company general account managed by Nationwide Trust Company and Nationwide Life Insurance Company. Nationwide Trust Company and Nationwide Life Insurance Company is the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

In addition, certain investment and administrative fees related to the Plan were paid by the Plan or by the Foundation and qualify for the party-in-interest exemption, as defined by ERISA. Personnel and facilities of the Foundation have been used by the Plan at no additional charge to the Plan.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue and terminate the Plan at any time, subject to the provisions of ERISA. Should there be a partial or full termination of the Plan, participants become 100% vested in their accounts.

Note 7 – Tax status

The Internal Revenue Service has determined and informed the Plan in a letter dated March 31, 2017 that the Plan is designed, in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.
