Independent Auditor's Report

Plan Administrator
StoneAge 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of StoneAge 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) and schedule of delinquent contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the StoneAge 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established by StoneAge, Inc. (the Company or Plan Sponsor) on January 1, 2015 as a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The assets of the Plan are maintained, and transactions therein are executed, by Newport Trust Company, the Plan's trustee. An employee is eligible to participate in the Plan if they are not a member of a union in which retirement benefits have been subjected to collective bargaining, or leased, part-time, temporary or seasonal employees. An employee must be at least 18 years of age and complete one (1) consecutive month of service with the Company to be eligible for employee deferrals and the employer safe-harbor match.

Contributions: Upon becoming eligible, participants may make voluntary pre-tax (traditional) or post-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to Internal Revenue Service (IRS) limitations for the Plan year. If participants do not make an initial election to make contributions at the time they are initially eligible to, participants shall be deemed to have made an initial election to have contributions made on their behalf at the rate of 5% of their compensation, and deferral elections are subject to automatic escalation annually by 1% of compensation up to a maximum of 10% of compensation, as defined in the Plan document. Participants who meet certain age requirements are eligible to contribute additional catch-up contributions subject to certain dollar limits. In addition, participants may contribute amounts representing distributions from other qualified plans. Participants must direct contributions into various investment options as made available and determined by the Plan Administrator.

The Company is required to make matching contributions equal to 100% of participant contributions not to exceed 3% of compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of compensation but that do not exceed 5% of the participant's compensation.

Participant accounts: Each participant account is adjusted for the participant's contributions, the Company's contributions, if any, and Plan earnings thereon, and charged with an allocation of the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their tax-deferred, safe-harbor employer match and rollover contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A maximum of one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates of two percentage points over prime interest rate as determined by the Plan document. Principal and interest is paid ratably through payroll deductions.

Benefit payments: A participant or his or her beneficiary, upon termination, death, or retirement, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum. Employees may withdraw their vested interest in the Plan upon attainment of age 59½. Additionally, the Plan has provisions for an active participant to make hardship withdrawals from his or her voluntary contribution account, subject to limitations and restrictions.

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Transfers: Participants in the Company's Employee Stock Ownership Plan (ESOP), based on ESOP rules, may direct a portion of their Company stock account to be liquidated and rolled over to an IRA or another qualified plan, including the participant's account in the Plan. During the year ended December 31, 2022, transfers from the ESOP into this Plan were \$341,849.

Forfeited accounts: There are no forfeitures as participants are 100% vested in employer contributions.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Expenses of the Plan are paid by the Company or the Plan, at the discretion of the Company.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Newport Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 12,977,718	\$ 13,463,655
Notes receivable from participants	\$ 71,341	\$ 42,828

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2022:

Interest and dividends	\$ 330,865
Net depreciation in fair value of investments	\$ (2,582,674)
Interest income on notes receivable from participants	\$ 2,475

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,977,718	\$ -	\$ -	\$ 12,977,718
Total assets in the fair value hierarchy	\$ 12,977,718	\$ -	\$ -	\$ 12,977,718

2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,463,655	\$ -	\$ -	\$ 13,463,655
Total assets in the fair value hierarchy	\$ 13,463,655	\$ -	\$ -	\$ 13,463,655

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 3.

Notes to Financial Statements

Note 5. Tax Status

The Plan has adopted a volume submitter plan sponsored by Newport Group Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Newport Group is the recordkeeper and custodian of the Plan, and Newport Group is an affiliated entity of the Plan's trustee, Newport Trust Company. Therefore, the transactions with the Newport Group qualify as party-in-interest transactions. The administrative expenses paid to the Newport Group amounted to \$14,453 for the year ended December 31, 2022.

Note 7. Prohibited Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit \$41,717 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. During 2022 and 2023, the Plan Sponsor remitted \$76 and \$148, respectively, in lost earnings to the Plan for these late deposits. The Plan Sponsor also filed Form 5330 and paid the applicable excise tax, which were made from the Plan Sponsor's assets and not from the assets of the Plan.

Independent Auditor's Report

Plan Administrator
StoneAge 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of StoneAge 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) and schedule of delinquent contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the StoneAge 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established by StoneAge, Inc. (the Company or Plan Sponsor) on January 1, 2015 as a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The assets of the Plan are maintained, and transactions therein are executed, by Newport Trust Company, the Plan's trustee. An employee is eligible to participate in the Plan if they are not a member of a union in which retirement benefits have been subjected to collective bargaining, or leased, part-time, temporary or seasonal employees. An employee must be at least 18 years of age and complete one (1) consecutive month of service with the Company to be eligible for employee deferrals and the employer safe-harbor match.

Contributions: Upon becoming eligible, participants may make voluntary pre-tax (traditional) or post-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to Internal Revenue Service (IRS) limitations for the Plan year. If participants do not make an initial election to make contributions at the time they are initially eligible to, participants shall be deemed to have made an initial election to have contributions made on their behalf at the rate of 5% of their compensation, and deferral elections are subject to automatic escalation annually by 1% of compensation up to a maximum of 10% of compensation, as defined in the Plan document. Participants who meet certain age requirements are eligible to contribute additional catch-up contributions subject to certain dollar limits. In addition, participants may contribute amounts representing distributions from other qualified plans. Participants must direct contributions into various investment options as made available and determined by the Plan Administrator.

The Company is required to make matching contributions equal to 100% of participant contributions not to exceed 3% of compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of compensation but that do not exceed 5% of the participant's compensation.

Participant accounts: Each participant account is adjusted for the participant's contributions, the Company's contributions, if any, and Plan earnings thereon, and charged with an allocation of the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their tax-deferred, safe-harbor employer match and rollover contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A maximum of one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates of two percentage points over prime interest rate as determined by the Plan document. Principal and interest is paid ratably through payroll deductions.

Benefit payments: A participant or his or her beneficiary, upon termination, death, or retirement, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum. Employees may withdraw their vested interest in the Plan upon attainment of age 59½. Additionally, the Plan has provisions for an active participant to make hardship withdrawals from his or her voluntary contribution account, subject to limitations and restrictions.

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Transfers: Participants in the Company's Employee Stock Ownership Plan (ESOP), based on ESOP rules, may direct a portion of their Company stock account to be liquidated and rolled over to an IRA or another qualified plan, including the participant's account in the Plan. During the year ended December 31, 2022, transfers from the ESOP into this Plan were \$341,849.

Forfeited accounts: There are no forfeitures as participants are 100% vested in employer contributions.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Expenses of the Plan are paid by the Company or the Plan, at the discretion of the Company.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified and Provided by Newport Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 12,977,718	\$ 13,463,655
Notes receivable from participants	\$ 71,341	\$ 42,828

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2022:

Interest and dividends	\$ 330,865
Net depreciation in fair value of investments	\$ (2,582,674)
Interest income on notes receivable from participants	\$ 2,475

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,977,718	\$ -	\$ -	\$ 12,977,718
Total assets in the fair value hierarchy	\$ 12,977,718	\$ -	\$ -	\$ 12,977,718

2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,463,655	\$ -	\$ -	\$ 13,463,655
Total assets in the fair value hierarchy	\$ 13,463,655	\$ -	\$ -	\$ 13,463,655

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 3.

StoneAge 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Tax Status

The Plan has adopted a volume submitter plan sponsored by Newport Group Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Newport Group is the recordkeeper and custodian of the Plan, and Newport Group is an affiliated entity of the Plan's trustee, Newport Trust Company. Therefore, the transactions with the Newport Group qualify as party-in-interest transactions. The administrative expenses paid to the Newport Group amounted to \$14,453 for the year ended December 31, 2022.

Note 7. Prohibited Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit \$41,717 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. During 2022 and 2023, the Plan Sponsor remitted \$76 and \$148, respectively, in lost earnings to the Plan for these late deposits. The Plan Sponsor also filed Form 5330 and paid the applicable excise tax, which were made from the Plan Sponsor's assets and not from the assets of the Plan.
