INDEPENDENT AUDITORS' REPORT

To the NBA Retirement Plan Committee and Participants
of the NBA Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NBA Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NBA RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The NBA Retirement Plan (the “Plan”) is a multiple-employer defined contribution plan that was established to allow employees to contribute a percentage of their regular compensation (as defined under the Plan), subject to statutory limitations of the Internal Revenue Code (the “Code”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is administered by the NBA Retirement Plan Committee (“Committee”).

All regular full-time, part-time and limited-time employees of (a) the National Basketball Association (the “NBA”); (b) NBA Properties, Inc. and its participating subsidiaries; (c) NBA Development League, LLC (“G League”) and its participating affiliates (except highly compensated employees); (d) NBA Media Ventures, LLC; (e) NBA 2K League, LLC and any participating subsidiaries; (f) NBA Foundation; and (g) WNBA, LLC or its participating subsidiaries (collectively, the “Company”), who are age 21 and over (except as described below) and who are not in an excluded group under the Plan, are eligible to participate in the 401(k) portion of the Plan.

Participants are eligible to make a combination of pre-tax and Roth (after-tax) contributions equal to 1% to 75% of their regular compensation per payroll period. The Plan accepts rollovers from other qualified retirement plans. All employee contributions are withheld through payroll deductions. Unless they elect otherwise, newly eligible employees, except for G League Players, NBA 2K League Players, WNBA Referees, and G League Referees, will be automatically enrolled to participate in the Plan at a deferral rate of 3% on the first day of the month following fulfillment of eligibility criteria. Generally, on the first day of each year, this automatic deferral rate will increase in 1% increments up to a maximum of 6%, unless otherwise elected by the participant. Effective January 1, 2023, the Plan was amended to increase the maximum automatic deferral rate to 10%.

G League Players who otherwise satisfy the Plan’s eligibility requirements are eligible to participate in the Plan upon attaining age 18 rather than age 21. The Plan provides a matching employer contribution for G League Players who are employed by NBA Development League, LLC and its affiliates. The matching employer contribution is calculated at 25% of participant contributions per payroll period, provided that participant contributions in excess of 4% of such participant’s compensation for each payroll period are not taken into account. Effective April 1, 2020, pursuant to the Seventh Amendment to the Plan, G League Select Players who are signed under a Select Player Contract and who are Highly Compensated Employees, are excluded from being eligible to participate in the Plan.

An individual employed by the NBA Development League, LLC and its participating affiliates as a G League Referee (other than any such individual who is a resident of Canada for income tax purposes) is eligible to participate in the 401(k) portion of the Plan regardless of the age of the G League Referee or whether the G League Referee is a highly compensated employee and is eligible to receive matching contributions under the Plan. The matching employer contribution is calculated at 100% of participant contributions per payroll period, provided that participant contributions in excess of 2.5% (3% effective November 1, 2022) of such participant’s compensation for each payroll period are not taken into account.

An individual employed by WNBA Development, Inc. (a wholly owned subsidiary of WNBA, LLC) as a WNBA Referee is eligible to participate in the 401(k) portion of the Plan regardless of the age the WNBA Referee and is eligible to receive matching contributions under the Plan. The matching employer contribution is calculated at 100% of participant contributions per payroll period, provided that participant contributions in excess of 2.5% of such participant’s compensation for each payroll period are not taken into account.

Individuals employed by NBA 2K League, LLC as Players who have reached age 18 and who are not highly compensated employees are eligible to participate in the 401(k) portion of the Plan. The Plan provides a matching employer contribution for NBA 2K League Players. The matching employer contribution is calculated at 25% of an NBA 2K League Player’s contributions per payroll period, provided that an NBA 2K League Player’s contributions in excess of 4% of such NBA 2K League Player’s compensation for each payroll period are not taken into account.

All employees who are eligible to participate in the 401(k) portion of the Plan, with the exception of (a) G League Players; (b) G League Referees; (c) WNBA Referees, and (d) Players of the NBA 2K League LLC, are automatically eligible to participate in the profit sharing contribution portion of the Plan as of the January 1 or July 1 that follows the first six-month period in which the participant completes 500 hours of service.

NBA RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

The profit sharing contribution is credited to each eligible participant's account annually on the last day of the Plan year, calculated at 1½% of eligible compensation times the number of Plan years during which the employee was credited with a year of service, up to a maximum of 15% of the eligible compensation and subject to certain limitations imposed by the tax law. Since the maximum percentage is 15%, the Plan will not count in excess of ten Plan years of service. Participants earn a year of service upon being credited with 1,000 hours of service. Pursuant to the Fifth Amendment to the Plan, effective January 1, 2019, certain employees of NBA Development League LLC and its subsidiaries who are not eligible to participate in the profit sharing contribution portion of the Plan (G League highly compensated employees, Players or Referees), who transfer to a position in which they become eligible to participate in the profit sharing contribution portion of the Plan, do not get credited with 1,000 hours of service for services performed while in an ineligible position, nor is that employee's service considered credited service to determine years of credited service under the Plan, for purposes of determining such employee's profit sharing contribution once they become eligible.

All of the Plan's investment programs are participant directed. Participants can direct contributions into any of the Plan's investment options. Each participant's account is adjusted by a proportionate share of income earned, or losses incurred, from the fund in which it is invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their voluntary contributions and actual earnings or losses thereon. Participants become vested in their profit sharing contributions and, if employed as a Player of the G League or NBA 2K League LLC, in their matching employer contributions after three Plan years of service. The matching contributions received by WNBA and G League Referees become fully vested upon the earlier of (i) the Referee being credited with one year of Referee service (officiating as a Referee for at least one game), or (ii) the Referee being credited with three years of service (based upon 1,000 hours per year) in any capacity and with any participating employer in the Plan.

Forfeitures available as of December 31, 2022 and 2021 were \$42,491, and \$63,299, respectively, and may be used to pay administrative expenses of the Plan, as a credit toward any Qualified Nonelective Contributions to be made under the Plan or to offset future employer contributions, or if applicable, matching contributions made under the Plan. In 2022 and 2021, forfeitures of \$66,927 and \$52,308, respectively, were used to pay administrative expenses and offset employer contributions.

The Plan has a fixed per-participant fee structure, whereby participants are charged an annual administration fee, and if the participant invests in any funds that incorporate administrative fees as part of their expense ratio, this amount will be credited back to the participant as a revenue credit. For the years ended December 31, 2022 and 2021, fees charged directly to participants for annual administration fees were equal to \$166,074 and \$151,579, respectively. Participants who invested in funds that incorporate administration fees as part of their expense ratio received revenue credits from such funds in the aggregate amount of \$384,717 and \$355,611, respectively, which is included in net (depreciation)/appreciation in fair value of investments on the statements of changes in net assets available for benefits. For the years ended December 31, 2022 and 2021, fees charged directly to participants included \$7,929 and \$6,518, respectively, for participants who requested a loan or had a loan outstanding during the applicable year.

Although it has not expressed any intent to do so, the NBA has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their company contributions.

Upon retirement, permanent disability, or death, 100% of the value of a participant's vested account is paid to that participant or to that participant's beneficiary in a lump sum (or in the case of profit sharing contributions in lump sum, installment, or annuity payments), or any other form of payment permitted under the Plan. On termination of

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

employment, disability, or retirement, distribution of vested account balances in excess of \$5,000 may be deferred by the participant until April 1 of the calendar year in which the participant attains age 72.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their voluntary contributions and rollover accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their eligible account balance, whichever is lower. The Plan allows for a maximum of two loans to be outstanding at any point during the year. Loan terms range from six months to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest as determined by the Committee at rates commensurate with local prevailing rates. Principal and interest is paid ratably on at least a quarterly basis for the life of the loan. Interest rates on outstanding loan balances range from 4.25% to 7.25%, with maturity dates ranging from 2023 to 2027. Loan repayments can be made through payroll deductions or directly by participants. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions as well as suspension of required minimum distributions ("RMDs") for anyone required to receive an RMD in 2020. The Committee has implemented the following provisions of the CARES Act and the Plan was formally amended in an amendment executed December 23, 2022.

Participants, who met specific conditions, were eligible to take a coronavirus ("COVID-19") related distribution up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions could be taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments are treated as tax-free rollovers into the participant's account.

The Committee elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the CARES Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan.

The foregoing description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Committee to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

[6] Subsequent events:

Pursuant to the Tenth Amendment to the Plan, National Basketball Association Social Justice Coalition and Basketball Services Mexico Inc. became participating employers in the Plan effective January 1, 2023.

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - INVESTMENTS AT FAIR VALUE

Financial Standards Accounting Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Observable inputs such as quoted prices in active markets.

Level 2 – Inputs, other than quoted prices in active markets that are observable either directly or indirectly. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments.

Level 3 – Unobservable inputs in which there is little or no market data. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which determination of fair value required significant management judgment or estimation. This category generally includes certain private debt and equity instruments and alternative investments.

NBA RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - INVESTMENTS AT FAIR VALUE (CONTINUED)

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund - A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables summarize the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	December 31, 2022		December 31, 2021	
	Level 1	Total	Level 1	Total
Investments:				
Mutual funds	\$ 470,027,069	\$ 470,027,069	\$ 561,068,366	\$ 561,068,366
Stable value collective trust fund*	-	32,408,895	-	27,425,857
Total investments	<u>\$ 470,027,069</u>	<u>\$ 502,435,964</u>	<u>\$ 561,068,366</u>	<u>\$ 588,494,193</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NBA RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - TAX STATUS

The Plan has received a favorable determination letter from the IRS dated September 20, 2013, stating that the Plan as amended and restated on December 20, 2012, generally effective as of January 1, 2012, is qualified under Section 401(a) of the Code and that the related trust for the Plan is exempt from taxation under Section 501(a) of the Code. The Plan has been amended since receiving the favorable determination letter. The Committee believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Committee has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, liquidity, and market perception risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 and 2021 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE G - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - DELINQUENT DEPOSIT OF PARTICIPANT CONTRIBUTIONS

During a certain payroll period in 2022, participant contributions amounting to \$290 were not remitted to the Plan on a timely basis under applicable guidelines of the DOL. The lost earnings on such participant contributions, which were minimal, were calculated and the Plan sponsor contributed such lost earnings through contribution of the amounts that were not remitted timely, as well as the lost earnings on such amounts.

NOTE I – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity is the trustee of the Plan. Certain Plan investments are shares of mutual funds and the stable value collective trust fund managed by affiliates of Fidelity. Therefore, these transactions qualify as party-in-interest transactions.

For the years ended December 31, 2022 and 2021, loan recordkeeping fees paid by participants to Fidelity amounted to \$7,929 and \$6,518, respectively, and annual administrative fees paid by participants to Fidelity for the years ended December 31, 2022 and 2021 amounted to \$166,074 and \$151,579, respectively.
