Independent Auditor's Report

To the Administrative Committee of
the Assembly 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Assembly 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 of the financial statements, the Plan was merged into the Stagwell Marketing Group 401(k) Plan, effective January 1, 2023. Our report is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Assembly 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Plan Description

The following description of the Assembly 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more detailed and complete information of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Assembly, Division of TargetCast, LLC dba Assembly (the “Company”) who have completed 1 month of service and are at least 21 years of age and not deemed to be an excluded employee. Excluded employees are members of a union collective bargaining unit that was excluded under the negotiated agreement, nonresident aliens with no earned income from within the US, leased employees, independent contractors and freelancers or interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective October 15, 2021.

Plan Merger: Effective January 1, 2023, the Company resolved to merge the Plan into the Stagwell Marketing Group 401(k) Plan (the “Stagwell Plan”). As a result of this merger, total net assets of \$32,981,166 were transferred to the Stagwell Plan. The merger is reflected as of December 31, 2022 in these financial statements.

Plan Administration: The Company controls and manages the operation and administration of the Plan. Ascensus Trust Company serves as the trustee of the Plan. The trustee is responsible for investment management and control of plan assets.

Contributions: Each year, participants may contribute up to 100 percent of pretax or after tax (Roth contribution) annual compensation, as defined in the Plan subject to levels determined by the Federal Government each year. Notwithstanding the foregoing, the plan administrator can limit the contributions of all participants or any class of participants to the extent it determines that such limitation is necessary to keep the Plan in compliance with the currently applicable provisions of the Internal Revenue Code. For the years ended December 31, 2022 and 2021, pretax contributions could not exceed \$20,500 and \$19,500, respectively. In addition, participants who have attained age 50 before the end of the calendar year are also eligible to make “catch up” contributions of up to an additional \$6,500 in 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation for each payroll period.

Note 1 – Plan Description (continued)

The Company may make nondiscriminatory matching contributions equal to a discretionary percentage, to be determined by the Company each year, of the participant’s elective deferrals. The match for any individual will not exceed \$4,000. The Company may also elect to contribute a nonelective discretionary contribution to the Plan. If contributed, the nonelective discretionary contribution will be allocated in proportion to Participant’s pay. Total contributions to participant accounts are subject to a maximum of \$61,000 (\$67,500 including catch-up contributions) in 2022 and \$58,000 (\$64,500 including catch-up contributions) in 2021. The investment of all contributions, if any, are participant-directed. Subsequent to December 31, 2021, the Plan’s trust received \$593,523 in discretionary matching contributions related to the Plan year ended December 31, 2021.

Participant Accounts: The Plan offers a number of investment options, and the Company intends to operate this plan in compliance with the requirements for participant investment direction in Section 404(c) of the Employee Retirement Income Security Act (ERISA) and Title 29 of the Code of Federal Regulations Section 2550.404-1. This means that the Plan Administrator will not be responsible for any losses that result from investment instructions given by the participant or beneficiary.

Each participant’s account is credited with the participant’s contributions and Company matching and nonelective discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may allocate their accounts among all available investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant shall have a 100 percent vested interest in his or her employer contribution account upon Normal Retirement, death or disability, or have a vested interest upon termination according to the following vesting schedule.

<u>Years of Service</u>	<u>Vested Interest</u>
1	33%
2	66%
3+	100%

Note 1 – Plan Description (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding loan balance in the prior year) or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commercially reasonable, as determined by the Advisory Committees. A participant may only have two loans outstanding at any one time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to all or a portion of the value of the participant's vested interest in his or her account as soon as administratively feasible. Participant consent is required only if the distribution is over \$5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a full or partial lump-sum distribution.

In-service distributions are permitted after age 59 ½ or upon financial hardship.

Forfeitures: Forfeited nonvested accounts will be used to reduce future employer contributions or to pay Plan expenses. As of December 31, 2022 and 2021, these accounts totaled \$13,165 and \$21,615, respectively. In addition, for the years ended December 31, 2022 and 2021, employer contributions were reduced by \$40,757 and \$277,632, respectively, from forfeited nonvested accounts.

SECURE Act and CARES Act: On December 20, 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was passed, and most provisions in the law became effective on January 1, 2020. The SECURE Act implements key retirement legislation reform for plan sponsors and individuals. These provisions did not have a material impact on the financial statements.

In response to the COVID-19 global pandemic, on March 27, 2020 the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act impact the operation of retirement plans during 2022 and 2021. These provisions did not have a material impact on the financial statements.

Effective May 6, 2020, the Plan adopted the loan provisions of the CARES Act including increasing the maximum amount available for distribution to the lesser of \$100,000 or 100 percent of a participant's vested account balance for qualifying individuals, as well as allowing up to a one year deferment of loan repayments. These provisions were available to qualifying individuals through September 22, 2020.

Assembly 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Plan Description (continued)

Also effective May 6, 2020, the Plan adopted the hardship distribution provisions of the CARES Act including allowing a maximum of \$100,000 to be withdrawn in a coronavirus-related distribution by qualifying individuals, and permitting the repayment of such distribution to the Plan over the following three years to avoid personal taxation. These distributions were available to qualifying individuals through December 30, 2020.

On August 3, 2022, the IRS released Notice 2022-33, which extends the deadline for adopting any SECURE Act plan amendments until December 31, 2025, to provide relief for plan sponsors waiting for final IRS guidance on many of the SECURE Act's provisions. The IRS expects SECURE Act guidance to be issued with the 2023 Required Amendment list. The Notice also extends the deadline for the 2020 waiver in the CARES Act of required minimum distributions until December 31, 2025. These amendments can be retroactively adopted; therefore, the Plan can implement the amendments prior to amending the plan instrument. Similarly, plans may have voluntarily adopted provisions under the CARES Act by placing them in operation without amending the plan as long as the plan management makes the required amendments to plan documents by December 31, 2025.

SECURE 2.0 Act of 2022: The SECURE 2.0 Act of 2022 ("SECURE 2.0 Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the SECURE 2.0 Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. There is no current impact to the Plan and these provisions did not have an impact on the financial statements. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Assembly 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition: The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 – Investments and Information Certified by the Trustee

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus, as agent for Ascensus Trust Company, the trustee, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan’s financial statements and supplemental schedule:

Investments held certified by the trustee:

	<i>As of December 31,</i>	
	<u>2022</u>	<u>2021</u>
Investments	\$ 32,292,079	\$ 38,225,149

	<u>2022</u>	<u>2021</u>
Net appreciation (depreciation) in fair value of investments	\$ (6,665,074)	\$ 4,461,006
Interest and dividend income	601,327	619,508

The following presents select investments, with approximate percentage of the Plan’s net assets, as of December 31, 2022 and 2021.

	<i>December 31,</i>			
	<u>2022</u>		<u>2021</u>	
Vanguard 500 Index Inv Fund	\$ 3,951,623	12%	\$ 4,764,751	12%

Vanguard Target Retirement 2040 Inv Fund	2,462,908	7%	2,945,880	8%
Vanguard Target Retirement 2045 Inv Fund	2,425,037	7%	3,105,072	8%

During the years ended December 31, 2022 and 2021, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by (\$6,665,074) and \$4,461,006, respectively.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Assembly 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 4 - Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Related-Party Transactions and Party-In-Interest Transactions

Management believes that fees paid during the year for administrative, recordkeeping, and managerial services rendered by Ascensus Trust Company, the trustee as defined by the Plan, and Vanguard Retirement, the recordkeeper as defined by the Plan, were based on customary and reasonable rates for such services. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan With CODA plan document sponsored by Ascensus LLC. Ascensus LLC obtained an opinion letter on June 30, 2020, in which the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan With CODA adopted by the Plan, as then designed, qualifies under Internal Revenue Code (“IRC”) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include risks related to pandemics and international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Plan Assets Transferred In (Out)

During the year ended December 31, 2021, \$2,812,326 was merged in from various qualified plans under common ownership of MDC Media Partners LLC.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021
