INDEPENDENT AUDITOR'S REPORT

Board of Directors and Plan Participants
Jones Companies Retirement Plan
Humboldt, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jones Companies Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule of Assets (Held at Year End) and the Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Jones Companies Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for more complete information.

General

The Plan was established as of January 1, 1975, and has been amended and restated as of July 1, 2022. See Note 4 for further discussion of Plan amendments. The Plan is a safe harbor defined contribution profit-sharing plan sponsored by Jones Companies, LLC ("JCL" or "Plan Sponsor"), operating as Jones Companies Ltd prior to January 1, 2020. The Plan covers all full-time employees of JCL, Jones Fiber Products, LLC, Jones Consolidated, LLC and Rontex America, Inc. (collectively, the "Company" or the "Employer"), who have one year of service and have been credited with at least 1,000 hours of service at the end of the twelve-month period from the date of hire, are age eighteen or older and are not covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to defer, through salary reductions, up to the maximum amount allowed by law. Beginning on January 1, 2022, new participants admitted into the Plan are automatically enrolled into the Plan once eligible at 3 percent and this deferral rate increases 1 percent per year up to a maximum of 5 percent unless elected otherwise. Participants who will have reached 50 years of age by the end of the Plan year are eligible to make catch-up salary reduction contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans. The Company contributes a safe harbor match equal to 100 percent of each participant's elective deferrals not exceeding 3 percent of the participant's compensation plus 50 percent of each participant's elective deferrals in excess of 3 percent but not in excess of 5 percent of the participant's compensation. The Plan also allows for an additional discretionary contribution, which is determined by the Company's Board of Directors and is allocated among participants in amounts equal to each participant's elective deferrals, not to exceed 2 percent of participants' eligible compensation. To be eligible for discretionary contributions, participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the year. As of December 31, 2022 and 2021 the Company made safe harbor matching contributions of \$158,085 and \$92,822 respectively. There were no discretionary contributions in 2022 and 2021. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor match contributions and allocations of the Company's discretionary contributions, Plan earnings or losses and forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled to is the amount that represents the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer safe harbor matching and discretionary contributions vest immediately. Vesting in the Employer's nonelective discretionary contribution portion of their account is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Interest Vested</u>
Less than 2 years	-0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon termination of service prior to normal retirement age, a participant may generally elect to receive either a lump-sum amount equal to the vested interest in his or her account, or annual installments over a period not exceeding his or her life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Normal retirement age is 62 or can be achieved sooner with 30 years of credited service. A participant is eligible for immediate distribution of both employee deferral and employer balances when termination is due to retirement, death, disability or is involuntary. Upon voluntary termination, an employee is eligible for immediate distribution of employee deferrals and the vested portion of employer balances. Active participants that have completed 30 years of service may elect an in-service distribution.

Forfeitures

Forfeited balances of terminated participants' discretionary accounts may be used to pay Plan expenses or may be reallocated among the remaining participants in the proportion that each participant's compensation for the year bears to the total compensation of all participants for the year. As of December 31, 2022, and 2021, forfeited nonvested accounts totaled \$18,322 and \$15,055 respectively. During the year ended December 31, 2022 and 2021, forfeitures totaling \$58 and \$2 were used to pay Plan expenses and there were no forfeitures reallocated among participants.

Note 2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

JONES COMPANIES RETIREMENT PLAN
December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

NOTES TO FINANCIAL STATEMENTS

Note 2. Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants or beneficiaries are recognized when paid.

Administrative Expenses

Various expenses related to the administration of the Plan are paid by the Plan and partly by participants. A participant's share of these expenses may be allocated pro rata based on the value of the participant's account balance over the total assets in the Plan or may be charged equally to each participant. Administrative expenses totaled \$33,713 for the year ended December 31, 2022.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had an immaterial effect on the previously reported Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets.

Note 3. Information Certified and Provided By Principal

The information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2022 and 2021, and net depreciation in the fair value of investments and dividend income for the year ended December 31, 2022 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company ("Principal").

For the Year Ended December 31, 2022

NOTES TO FINANCIAL STATEMENTS

Note 4. Plan Amendments

The Plan was amended on January 1, 2022, to provide an auto-enrollment feature for employees hired on or after January 1, 2022. The quarter following initial eligibility, employees will be auto enrolled at 3 percent, subject to increases of 1 percent per year up to a maximum of 5 percent unless elected otherwise.

Also effective January 1, 2022, the Plan was amended to approve the merger of Rontex America, Inc. into the Plan. This resulted in a transfer of assets into the Plan totaling \$1,170,689, recognized in the Plan's Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts and Plan assets will be used solely to provide benefits for participants.

Note 6. Income Tax Status

The Company has adopted a volume submitter plan sponsored by Jones Companies Ltd., which received its latest advisory letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan document has been amended and restated since receiving the advisory letter. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8. Related Party Transactions

Certain Plan investments are shares of common collective trusts managed by Principal Trust Company. Principal, the current trustee of the Plan, received compensation during 2022 totaling \$33,713. These transactions qualify as party-in-interest transactions.

Note 9. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common collective trusts: The Plan invests in various common collective trusts ("CCT's"), including a stable value collective investment trust (Level 2).

CCTs invest in a collective trust fund as well as a variety of separate accounts and mutual funds that seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. These are valued at NAV per unit held by the Plan at year-end as reported by the custodians, which is based on the fair value of the underlying investments held by the fund less its liabilities. As of December 31, 2022 and 2021, there were no unfunded commitments.

JONES COMPANIES RETIREMENT PLAN
December 31, 2022 and 2021 and
For the Year Ended December 31, 2022

NOTES TO FINANCIAL STATEMENTS

Note 9. Continued

Stable return funds ("Fund") invests in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The objective of the Fund is to provide preservation of capital and relatively stable returns. The Fund is valued at NAV, as reported by the investment managers of the Fund and are supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date resulting in a readily determinable fair value.

Participant transactions and redemptions (purchases and sales) may occur daily. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require twelve months advance written notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,654,824	\$ -	\$ -	\$ 3,654,824

Note 10. Nonexempt Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit \$7,406 of participant deferrals within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor intends to reimburse impacted Plan participants for lost interest. The Plan Sponsor also intends to file Form 5330 and pay the applicable excise tax in 2023.
