INDEPENDENT AUDITORS' REPORT

Employee Benefits Plans Administrative Committee
NV Energy 401(k) Plan
Reno, Nevada

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of NV Energy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of NV Energy 401(k) Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NV Energy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NV Energy 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NV Energy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NV Energy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of NV Energy 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1984, and covers qualified employees of NV Energy and its subsidiaries (the Company). The Plan has been restated and amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2017, and amended effective January 1, 2020 to exclude severance pay, service awards, and retention bonuses from earned income. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

The Employee Benefits Plans Administrative Committee has the overall responsibility for the operation and administration of the Plan. The Berkshire Hathaway Energy (BHE) Investment Committee is responsible for investment offerings and fund performance.

Eligibility and Entry Date

Management, professional, administrative and technical employees (MPAT), Local 396 union employees, and Local 1245 union employees are eligible to participate in the Plan on the first day of the first full pay period following date of hire. Temporary employees are eligible to participate in the Plan after completing one year of service and having worked at least 1,000 hours in that year, or a rehired temporary employee who was formerly a Plan participant.

Contributions

Each year, participants may elect to contribute, on a pre-tax or post-tax basis, a fixed whole percentage of their annual compensation up to 100%, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For those employees who meet the eligibility requirements but fail to elect out of the Plan or do not elect a deferral percentage, the Plan provides for an automatic enrollment feature of 6% of compensation (3% for Local 396). MPAT participants' elective deferrals will be increased by one percentage point annually until the deferral rate reaches 15% of the participant's compensation, or the Internal Revenue Service (IRS) limit, whichever is less. Such increase shall be allocated to pre-tax contributions. Participants have the option to opt out of the automatic increase.

Participants may choose to contribute to a Roth 401(k) account, in which contributions are post-tax, and the distributions at retirement or termination are tax free. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

For MPAT and Local 396 union participants as well as those Local 1245 union employees hired on or after July 1, 2007, the Company matching contribution is 100% of the participant contribution, not to exceed 6% of the participant's gross wages as defined in the Plan. For those Local 1245 employees hired prior to July 1, 2007, the Company matching contribution is 50% of the participant's contribution, not to exceed 6% of the participant's gross wages as defined in the Plan.

However, the Company will increase its matching contributions from 50% to 100% of the participant's contribution, not to exceed 6% of the participant's gross wages as defined in the Plan, if the participant elects to irrevocably waive the employee discount on electrical and gas services during election periods designated by the Company.

The Plan includes a fixed Company contribution of 4% of an eligible MPAT, Local 396, and Local 1245 employee's gross wages as defined in the Plan. Eligible employees are those MPAT employees hired or rehired by the Company on or after January 1, 2015, on or after January 1, 2016 for Local 396 employees, and on or after January 1, 2017 for Local 1245 employees. Effective January 1, 2018, eligible employees also includes participants in the Cash Balance component of the NV Energy Retirement Plan who elected during a specified election period to waive future earnings credits under the NV Energy Retirement Plan and instead receive a fixed Company contribution under the Plan in an amount equal to the earnings credits that would have been earned under the NV Energy Retirement Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Company's fixed contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and Company matching contributions, plus actual earnings thereon. MPAT, Local 396, and Local 1245 participants whose employment date or reemployment date is on or after January 1, 2017 are 100% vested in their fixed Company contributions plus actual earnings thereon after completion of three years of vesting service. A year of vesting service is a Plan year in which the MPAT, Local 396, or Local 1245 participant has one or more hours of service.

A participant who is an MPAT employee whose employment date or reemployment date is before January 1, 2017 shall be fully vested in all fixed Company contributions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled (in thousands) $248 and $195, respectively. These accounts will be used to reduce future employer contributions or offset Plan expenses. There were no forfeitures used to reduce employer contributions during the years ended December 31, 2022 and 2021. During the years ended December 31, 2022 and 2021, Plan expenses paid from forfeited nonvested accounts were (in thousands) $20 and $21, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds from the note were used to acquire the participant's residence, in which case the loan terms can range up to ten years. A participant may have no more than two outstanding notes at any one time.

Benefit Payments

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or in monthly, quarterly, or annual installments as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated participant with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 must elect their form of distribution as a lump sum or rollover, otherwise their vested account balance will be paid by the Plan to a qualified Individual Retirement Account (IRA) selected for the participant by the Plan administrator. Distributions may be made at the participant's election prior to termination upon attainment of age 59 1/2 or hardship as defined in the Plan document. A participant still has the right to request that the amount be distributed directly, or to request that it be rolled over to an IRA provider or another retirement plan eligible to receive rollover contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires (U.S. GAAP) management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statements of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administrative Expenses

The compensation or fees of consultants, accountants, counsel and other specialists, and any other cost of administering the Plan, will be paid by the Plan unless, at the discretion of the Company, paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan (primarily annual loan maintenance fees and distribution fees) are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Vanguard Fiduciary Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants information reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 and the statements of changes in net assets available for benefits for the years then ended.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: CCT): Valued at fair value based on the net asset value (NAV) of units held of the collective trust. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. For certain CCTs, the NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions (Level 2). For other CCTs, the NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds, common stock, and corporate bonds. Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded. Common stock is valued on the basis of at the closing price reported on the active market on which the individual securities are traded. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuer with similar credit ratings.

The BHE Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and other third parties.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31 (in thousands):

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 558,027	$ -	$ -	$ 558,027

Self-Directed Brokerage Accounts	33,242	117	-	33,359
Total Investments at Fair Value	$ 748,448	$ 308,033	$ -	$ 1,056,481

Transfer between Levels

For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, currency, liquidity, inflation, horizon, and credit risks. Due to the level of risk associated with certain investment securities, near-term changes in the values of the investment securities are reasonably possible and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants remain 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on a determination letter dated November 21, 2014 received from the IRS indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a common collective trust fund, along with shares of exchange traded funds in its self-directed brokerage option, that are managed by an affiliate of Vanguard Fiduciary Trust Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

During 2022 and 2021, certain employees transferred employment between NV Energy and NV Energy's affiliate, MidAmerican Energy Company (MEC). As a result of those employment transfers, $701 and $7,421, respectively (in thousands), of net assets were transferred from the Plan to the MEC Plan. Also during 2022 and 2021, certain employees transferred employment between NV Energy and NV Energy's affiliate, PacifiCorp (PAC). As a result of those employment transfers, $66 and $-0-, respectively (in thousands), of net assets were transferred from the Plan to the PAC Plan and $395 and $473, respectively (in thousands), of net assets were transferred to the Plan from the PAC Plan.

NOTE 9 VOLUNTARY COMPLIANCE RESOLUTION

In October 2017, the Company filed an application for a compliance statement from the IRS under the voluntary correction program for the NV Energy (NVE) Retirement Plan proposing corrective contributions to the NV Energy 401K Plan for specified nonhighly compensated active employees. The compliance statement was sought to correct nondiscrimination testing failures for plan years 2015, 2016 and 2017. In 2013, NVE was acquired by Berkshire Hathaway Energy (BHE) and became part of the BHE qualified separate lines of business (QSLOB). Prior to this acquisition, the NV Energy Retirement Plan was subject to independent nondiscrimination testing. Due to transition relief provided under IRC Section 410(b)(6)(C), the 2015 plan year testing was the first year in which the Retirement Plan was subject to nondiscrimination testing with respect to BHE QSLOB. For the 2015, 2016 and 2017 plan years, nondiscrimination testing was performed under a variety of scenarios, including alternative plan aggregations, testing methodologies and permitted disparity approaches. The permissive aggregation of the Plans produced the most favorable results, but the NV Energy Retirement Plan still did not satisfy the nondiscrimination requirements of IRC Section 401(a)(4). By a letter dated July 15, 2019 the Company was informed by the IRS that their application for a compliance statement was accepted. Due to the complexity, size, and scope of the of calculations, the corrective actions for 2015, 2016 and 2017 were completed in March 2020, however this was outside of the 150-day correction window as required by the IRS. A request for an extension of time was filed in March 2020. The IRS denied this request in April 2020. (The proposed corrective action for 2018 was completed in April 2020 prior to receiving the denied extension request). In August 2020, the Company refiled an application for a compliance statement from the IRS which included the previously filed 2015, 2016 and 2017 plan years with the addition of the 2018 plan year. Approval was received in a letter dated March 2, 2021.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31 (in thousands):

	2022	2021
Net Assets Available for Benefits Per Financial Statements	$ 877,126	$ 1,069,316
Deemed Distributions of Notes Receivable from Participants in the Current Year	(47)	(36)
Deemed Distributions of Notes Receivable from Participants Related to Prior Years	(302)	(266)
Net Assets Available for Benefits Per Form 5500	$ 876,777	$ 1,069,014

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of notes receivable from participants per the financial statements at December 31 (in thousands):

	2022	2021
Note Receivable from Participants Per the Financial Statements	$ 12,197	$ 12,054
Deemed Distributions of Notes Receivable from Participants	(349)	(302)
Notes Receivable from Participants Per Form 5500	$ 11,848	$ 11,752

The following is a reconciliation of total deductions per the financial statements for the years ended December 31 to total expenses per Form 5500 (in thousands):

	2022	2021
Total Deductions Per the Financial Statements	$ 275,059	$ 97,128
Change in Deemed Distributions in the Current Year	47	(15)
Net Depreciation Classification on 5500	(192,670)	-
Rounding	(1)	(1)
Expenses per Form 5500	$ 82,435	$ 97,113

Delinquent notes receivable from participants are included in the notes receivable balance on the Plan's statements of net assets available for benefits in accordance with the provisions of the Plan document. However, such notes receivable have not been included on the Plan's Form 5500 as a Form 1099-R has been issued to each participant for each delinquent note receivable and, as such, are reflected in the Form 5500 as a deemed distribution of the note receivable. Net depreciation is included in the income section per the Form 5500, but is reflected as a deduction in the financial statements.
