INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Jewish National Fund
403(B) ERISA Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

I have performed audits of the accompanying financial statements of the Jewish National Fund 403(B) ERISA Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Jewish National Fund
403(B) ERISA Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

I have performed audits of the accompanying financial statements of the Jewish National Fund 403(B) ERISA Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following is an abbreviated description of the Jewish National Fund 403(B) ERISA Tax Sheltered Annuity Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

- A. **General** - The Plan is a participant-directed defined contribution plan sponsored by Jewish National Fund (the "Organization"). Effective January 1, 2018, all employees are eligible to make voluntary compensation deferrals immediately upon hire. Employees classified as professional employees may begin to participate in the employer contributions portion of the Plan (described below) upon attaining the age of 18 and completion of one year of service with the Organization. Employees classified as clerical employees may begin to participate in the employer contributions portion of the Plan upon attaining the age of 18 and completion of two years of service with the Organization. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Sections 401(a) and 401(k) of the Internal Revenue Code.
- B. **Contributions** - Participants may contribute an amount equal to 1% to 100% of their compensation on a pre-tax basis. The total contributions to the Plan may not exceed the dollar limit for tax-deferred contributions set by the IRC. The contribution limit was \$20,500 for the year ended December 31, 2022. Participants who have attained age 50 before the end of the plan year are eligible to make "catch-up" contributions not to exceed \$6,500 for 2022. Additionally, the Plan allows any member who has worked fifteen years or more with the Organization to make an additional special catch-up contribution of \$3,000. Participants may also choose to make Roth salary deferral contributions on an after-tax basis. Any amount of the available salary deferral limit for a plan calendar year may be designated as Roth salary deferral contributions.

Employer matching contributions are made on a discretionary basis and are subject to change annually. The Plan was amended in 2018 to allow the maximum contribution permitted under IRC Code section 415(c) for the applicable plan year for the Chief Executive Officer. Other employer matching contribution percentages are as follows:

NOTE 1 – DESCRIPTION OF PLAN (continued)

B. Contributions (continued)

<u>Employee Class</u>	<u>Service Requirement</u>	<u>%</u>
Professional	1 year	10.5%
Clerical	2 years	4.5%

- C. ***Participant accounts*** - Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants direct the custodian as to their respective investment asset allocations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. ***Vesting*** - Participants' accrued benefits from voluntary salary reduction contributions, interest and dividends and investment gains and losses are 100% vested at all times. For employer matching contributions, effective January 1, 2018, clerical employees are immediately 100% vested and all other participants vest after three years.
- E. ***Forfeitures*** – Participants forfeit any part of their account which is not vested. Forfeitures may first be used to pay Plan expenses. Any forfeitures left after paying Plan expenses are used to offset future employer matching contributions.
- F. ***Payment of benefits*** - Participants can begin receiving benefit payments (either in the form of a fixed or variable annuity or a lump sum) equal to the total value of their vested account balance at the earlier of retirement (age 59-1/2), death, or termination of employment. During employment and in the event of hardship, participants may request payment of part or all of their account values.
- G. ***Notes receivable from participants*** - Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested fund balance. Loan terms range up to a maximum of 60 months, with the exception of loans for the purchase of a participant's principal residence which have a maximum term of 30 years. Principal and interest are paid ratably through payroll deductions. Such loans are fully secured by the participant's vested interest in the Plan at the time of the loan. The loans bear interest at a rate not less than the current rate of interest charged for similar loans at commercial banks. The interest rate charged on loans outstanding at December 31, 2022 was 4.25% - 8.50%. The interest rate charged on loans outstanding at December 31, 2021 was 4.25% - 6.50%. There is no allowance for uncollectible loans at December 31, 2022 and 2021.

NOTE 1 – DESCRIPTION OF PLAN (continued)

- H. ***Plan amendment or termination*** - The sponsor expressly reserves the right to amend or terminate the Plan at any time.
- I. ***Rollover contributions*** - The Plan accepts rollovers and transfers from other qualified plans, but only for those employees eligible to participate in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the New York Life Guaranteed Interest Account is recorded at contract value. Contract value represents contributions made under the contract, plus a minimum rate of interest earned, at rates determined by The Vanguard Group Inc., less withdrawals and transfers to other accounts. This account does not have any liquidity restrictions and is benefit-responsive (see Note 5).

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on each participant's proportionate interest in the investment option.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits – Benefits are recorded when paid.

Corrective distributions – Corrective distribution amounts are netted against employee contributions received in the statement of changes in net assets available for benefits and accrued in the year applicable.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans that go into default or otherwise violate the provisions of the Plan documents are deemed to be distributed to the participants.

Administrative expenses - Administrative expenses of the Plan are paid by the Organization, except for contract administrator and investment management fees (see Note 6) and those expenses resulting from Plan payments to participants, or loans, which are deducted from the Plan and allocated to the respective participants' account.

Transfers Between Fair Value Hierarchy Levels - Transfers in and out of level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Uncertainty in income taxes - The Plan has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. Periods ending on or after December 31, 2019 remain subject to examination by applicable taxing authorities.

Subsequent events - Subsequent events have been evaluated through October 6, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – DISCLOSURES ABOUT FAIR VALUE OF PLAN ASSETS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is hierarchy of three levels of inputs that may be used to measure fair value:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 3 – DISCLOSURES ABOUT FAIR VALUE OF PLAN ASSETS (continued)

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 process, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets or liabilities
- Level 3** Unobservable inputs supported by little or no markets activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair market value measurements of assets recognized in the accompanying statements of net assets available for the benefits measure at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

NOTE 3 – DISCLOSURE ABOUT FAIR VALUE OF PLAN ASSETS (Continued)

The following is description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with a similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curved, interest rates, volatilities, prepayments, default, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified with in Level 3 of the hierarchy.

NOTE 4 – INVESTMENTS AND INFORMATION CERTIFIED BY ASSET CUSTODIAN

As permitted by Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected the alternative method of compliance with respect to the required audit of the financial statements. As a result of adopting this method, Vanguard Fiduciary Trust Company, the custodian for all Plan assets, who also maintains the primary records of the Plan, certified to the Plan administrator that the statements of the custodian were complete and accurate and that the reported assets were under their control.

The financial information in the accompanying schedule of assets held at end of year was also certified by the custodian:

For the year ended December 31, 2022, the following information in the statement of changes in net assets available for benefits was also certified by the custodians:

Net depreciation in fair value of investments:	\$ <u>(6,684,714)</u>
Interest and dividend income	\$ <u>1,296,844</u>
Interest income on notes receivable from participants	\$ <u><u>11,647</u></u>

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into a traditional fully benefit-responsive guaranteed interest account with New York Life totaling \$1,374,383 and \$1,829,417 respectively. The contributions for this investment are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average yield earned by the Plan is the yield earned (i.e., interest credited). The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer.

**JEWISH NATIONAL FUND
403(B) ERISA TAX SHELTERED ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Changes in future interest crediting rates will not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully-benefit responsive investment contracts from fair value to contract value as fair value is considered book value less withdrawal charge. The net crediting rate for the guaranteed interest account during 2022 and 2021 was 2.35% and 1.475%, respectively.

The contract meets the benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligation. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

**JEWISH NATIONAL FUND
403(B) ERISA TAX SHELTERED ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

- An uncured violation of the Plan’s investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by The Vanguard Group Inc. During 2021, The Vanguard Group Inc. provided recordkeeping, administrative and consulting services to the Plan. Fees paid by the Plan in 2022 for these contract administrator services were \$43,687. Investment management fees, advisory fees and legal fees paid by the Plan were included as a reduction of the investment return on each fund. These transactions qualify as party-in-interest transactions, which are deemed to be “exempt” from prohibited transactions rules as defined by Department of Labor regulations.

NOTE 7 - TAX STATUS

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit risks and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, based upon the markets’ fluctuations, and that such changes could materially affect participants’ account balances and the amounts reported in the Plan’s statement of net assets available for benefits.

**JEWISH NATIONAL FUND
403(B) ERISA TAX SHELTERED ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE 9 - PLAN TERMINATION

Although it has not expressed intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE 10 – CONTINGENCIES

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, which may negatively impact investment income and other Plan transactions. Other financial impacts could occur, though such potential impacts are unknown at this time.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 (“SECURE Act”). Many of the provisions of the SECURE Act were effective on January 1, 2020 and required significant changes to Plan administration and record keeping.

In December 2022, the SECURE 2.0 Act of 2022 was passed into law. This Act builds on and expands the SECURE Act to improve retirement-savings opportunities. The SECURE 2.0 Act contains new provisions including automatic 401K enrollment, increase to the RMD age and significant tax benefits for employers. Subsequent to year-end, the Plan document will be amended to include any adopted SECURE 2.0 Act provisions.

As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES ACT”) that included numerous employees benefit plan provisions to assist plan sponsors and participants. The Plan Sponsor elected not to adopt any of these changes.
