HSP DIRECT 401(K) PLAN

SCOPE AND NATURE OF THE ERISA SECTION 103(A)(3)(C) AUDIT

We have performed the audit of the accompanying financial statements of HSP Direct 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of HSP Direct 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

OPINION ON THE DECEMBER 31, 2022 FINANCIAL STATEMENTS

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION ON THE DECEMBER 31, 2022 FINANCIAL STATEMENTS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HSP Direct 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT – CONTINUED

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HSP Direct 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HSP Direct 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HSP Direct 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT – CONTINUED

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HSP DIRECT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the HSP Direct 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of HSP Direct, LLC (the Company) who meet eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to the maximum percentage of annual compensation, as defined in the Plan or such dollar limit established by the Internal Revenue Service, whichever is less. A participant may elect to classify all or a portion of an elective deferral as a Roth elective deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a safe harbor match where the Company matches 100% of elective deferrals up to 3% of pay plus 50% of elective deferrals between 3% and 5% of eligible compensation. The Company may also make a profit-sharing contribution to the Plan at its discretion. The Company elected to not make a profit-sharing contribution for the year ended December 31, 2022.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of Plan earnings. Investment earnings are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their accounts among available investment options.

Vesting – Participants are vested immediately in their contributions and Company safe harbor match plus actual earnings or losses thereon. Participants are 100% vested in the Company's discretionary match after six years.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants cannot have more than one loan outstanding. The loans are secured by the vested balance in the participant's account. At December 31, 2022, the interest rate of participant notes receivable ranged from 3.25% to 8.00%. Principal and interest are paid through payroll deductions.

Payment Of Benefits – A Plan participant or beneficiary may receive lump-sum distributions equal to the value of the participant's vested interest in his or her account through eligible in-service distributions, termination of services or under specific situations of financial hardship.

Forfeited Accounts – Forfeitures of employer contributions resulting from the termination of participants with less than fully vested rights under the Plan shall be used to reduce future contributions. During 2022, \$32,373 of forfeitures were utilized to fund employer contributions. At December 31, 2022 and 2021, approximately \$64,500 and \$34,000, respectively, of forfeitures were available for future use.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis Of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

HSP DIRECT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation And Income Recognition – Investments in pooled separate accounts and registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan holds a fully benefit-responsive group fixed annuity contract with Lincon Financial Group as a stable value option. Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the price participants would receive if they were to initiate permitted transactions under the terms of the Plan.

See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits – Benefits are recorded when paid.

Plan Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions from the Plan are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Use Of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan evaluates the events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 12, 2023, the date the financial statements were available to be issued.

NOTE C – CERTIFIED ASSETS

Lincoln National Life Insurance Company, the current custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2022, the supplemental schedule of assets (held at end of year) as of December 31, 2022, and its related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022. Empower Trust Company, LLC, the prior custodian of the Plan, has certified to the completeness and accuracy of all investment and note receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2021 and its related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan applies generally accepted accounting principles which define fair value and establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 – inputs to the valuation methodology include quoted prices for identical or similar assets and liabilities in active or inactive markets; inputs that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts - These investments are accounts maintained by an insurance company for the collective investment and reinvestment of assets contributed thereto from employee benefit plans maintained by more than one employer or controlled group of corporations. They are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021, by caption on the statements of net assets available for benefits within the valuation hierarchy.

*In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE E - INVESTMENT CONTRACT

The Lincoln Financial Group Stable Value Account is a fixed annuity contract and is reported at contract value which is the principal plus accrued interest and is provided by Lincoln Financial Group. Contributions received in any quarter will earn interest at the portfolio rate. The portfolio rate is declared for the quarter and is in effect only for that quarter. The contract can be discontinued at any time by giving Lincoln written notice and will be paid in a market value lump sum.

This Stable Value Option Investment is backed by the general account of Lincoln Financial Group and is fully benefit-responsive based on the following characteristics:

1. The Stable Value Option investment choice is a non-tradable obligation of Lincoln Financial Group. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Lincoln Financial Group.
2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Lincoln Financial Group. However, if an event should occur such that realization of full contract value for a particular investment contract is no longer probable – for example, a significant decline in creditworthiness of Lincoln Financial Group, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.
3. The terms of Lincoln Financial Groups Fixed Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan.
4. Because the Stable Value Option investment choice is an obligation of Lincoln Financial Group, the occurrence of an event that limits the ability of the investment to transact at the contract value between Lincoln Financial Group and a participant holding the investment is not probable.
5. The Stable Value Option investment choice allows a participant reasonable access to their assets.

NOTE E - INVESTMENT CONTRACT - CONTINUED

While Lincoln Financial Group Trust Company guarantees a minimum interest rate and backs the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the trust company. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Lincoln Financial Group Trust Company may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The credited interest rate is backed by the income received from assets held in the general account. The Stable Value Option investment is not considered a Guaranteed Interest Contract (GIC). Contract charges may reduce this return.

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Lincoln Financial Group, which is a related party as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain participants of the Plan have outstanding loans with the Plan at December 31, 2022 and 2021. These loans are considered party-in-interest transactions according to the Department of Labor guidelines. Total outstanding loans as of December 31, 2022 and 2021 were \$191,929 and \$33,967, respectively.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial Plan terminations, participants would become 100% vested in their employer contributions.

NOTE H - TAX STATUS

The Plan has adopted a qualified (tax-exempt) prototype plan sponsored by DWC – The 401(k) Experts. The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE I - RISKS AND UNCERTAINTIES

The Plan's investments include financial instruments which are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of financial instruments will occur in the near term that could materially affect the participants' account balances and the amounts reported in the accompanying financial statements.
