INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Star Plastics Manufacturing Group LLC 401(k) Plan
Millwood, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Star Plastics Manufacturing Group LLC 401(k) Plan (the "Plan"), formerly known as SDR Plastics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [(ERISA Section 103(a)(3)(C) audit)]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Star Plastics Manufacturing Group LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Star Plastics Manufacturing Group LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Star Plastics Manufacturing Group LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Star Plastics Manufacturing Group LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Star Plastics Manufacturing Group LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

Supplemental Schedules Required by ERISA (Continued)

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAR PLASTICS MANUFACTURING GROUP LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description

The following description of Star Plastics Manufacturing Group LLC 401(k) Plan (the Plan), formerly known as SDR Plastics, Inc. 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Star Plastics Manufacturing Group LLC, SDR Plastics, LLC and Star Plastics, LLC (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective July 1, 2022. The restatement included Plan name change to Star Plastics Manufacturing Group LLC 401(k) Plan, formerly SDR Plastics, Inc. 401(k) Plan. The restatement also included changes to eligibility and vesting. Employees are eligible to participate in the Plan after 1 month of service.

Contributions

Participants may contribute any percentage, up to 75%, of their annual compensation on a pre-tax or after-tax basis. If a deferral election is not received, participants will be automatically enrolled to defer 3% of their compensation on a pre-tax basis. The Company makes employer matching contribution of 50% of the participant's matched employee contributions that are not in excess of 6% of the participant's plan compensation. Additional discretionary employer matching contributions are permitted by the Plan. The Company may make discretionary non-elective contributions to the Plan for all eligible participants at the option of the Company. There were no discretionary non-elective contributions for 2022. The Plan also allows for rollover and catch-up contributions.

Participant accounts

Each participant's account is credited with the participant's and employer's contributions, and allocations of the Plan earnings and forfeitures of terminated participants' nonvested accounts and charged with an allocation of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from salary deferrals and rollovers a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. A participant may not have more than two loans at a time. The loans are secured by the balance in the participant's account. At December 31, 2022, interest rates on loans ranged from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions.

(Continued)

STAR PLASTICS MANUFACTURING GROUP LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description (Continued)

Forfeitures

Forfeited amounts are available to reduce the Company's contributions and administrative fees. As of December 31, 2022 and 2021, forfeited account balances were \$2,780 and \$9,215, respectively. During 2022, \$8,876 of forfeitures were used to reduce the Company's contribution.

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Effective July 1, 2022, participants will be 100% vested in employer contributions after three years of service. Anyone terminated prior to July 1, 2022, will maintain the prior vesting schedule (six year graded vesting schedule). All employees hired before July 1, 2022, who terminate employment with two years vesting service shall be 20% vested.

Benefit payments

Upon termination of service, a participant whose vested account balance is equal to or less than \$1,000 is entitled to receive a lump-sum payment. If the vested portion of a participant's account balance is greater than \$1,000 but less than \$5,000, the participant may either elect to receive the distribution in cash or to roll over the distribution to an IRA or qualified plan of a new employer. If the vested amount exceeds \$5,000, the participant must consent to any distribution. If death occurs before the distribution of account begins, distribution must be completed by December 31 of the calendar year containing fifth anniversary of death unless the participant's spouse is the primary beneficiary. The Plan also includes provisions for in-service distributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Tax status

The Plan has adopted a pre-approved plan sponsored by Metro Benefits, Inc., which has obtained its most recent opinion letter from the IRS dated June 30, 2020. The Plan Sponsor believes the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

STAR PLASTICS MANUFACTURING GROUP LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefits are recorded when paid.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and related notes. Accordingly, actual results may differ from those estimates.

Subsequent events

The date to which events occurring after December 31, 2022, have been evaluated for possible adjustment to or disclosure in the financial statement is October 6, 2023, which is the date the financial statements were available to be issued.

Note 3. Information Certified by Custodian

Certain information was certified as complete and accurate by Empower Annuity Insurance Company of American and Empower Trust Company, LLC, the Plan's custodian. The information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)
- Notes receivable from participants

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Net asset value (NAV) per unit equivalent is used as a practical expedient to estimate fair value. Investments that are measured at net asset value as a practical expedient are not classified in the fair value hierarchy. These investments consist principally of accounts which invest in a single target retirement date mutual fund. Each underlying mutual fund is a "fund of funds" which seeks to achieve as high a total return over time as is considered consistent with prudent investment risk, preservation of capital, and recognition of its current asset allocation, for investors who expect to retire at age 65 around a given year. These accounts have no unfunded commitments, redemptions can be made daily, and there are no other restrictions or penalties.

Assets measured at fair value on a recurring basis consisted of the following at December 31:

	<u>2022</u>	<u>2021</u>
Measured at net asset value:		
Separate Pooled Accounts	\$ <u>5,556,237</u>	\$ <u>5,953,473</u>

Note 5. Fully Benefit Responsive Investment Contracts

The Plan's investment in the guaranteed investment account is a traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer set in advance for a six-month period. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- 2) Premature termination of the contracts
- 3) Plan termination or merger
- 4) Changes in the Plan's prohibition on competing investment options
- 5) Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- 1) An uncured violation of the Plan's investment guidelines
- 2) A breach of material obligation under the contract
- 3) A material misrepresentation
- 4) A material amendment to the agreement without the consent of the issuer

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that additional changes in the values of investment securities will occur in the near term and that these could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee received compensation from the Plan.

The Company pays certain administrative fees on behalf of the Plan, including legal, accounting, trustee, and administrative fees and provides certain administrative services to the Plan at no cost. In addition, the Plan invests in certain proprietary funds of the custodian. Investments in funds issued by the trustee are considered related party transactions. Fees paid by the Plan for investment management and custodial services amounted to \$2,510 for the year ended December 31, 2022.
