Plan Administrator
Sunset Park Health Council 403(b) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunset Park Health Council 403(b) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sunset Park Health Council 403(b) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Sunset Park Health Council 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Copies are available from the Plan sponsor.

General

The Plan was established effective January 1, 2018. Sunset Park Health Council, Inc. (“SPHC”) is the sponsor of the Plan. The Plan is subject to the provisions of *Employee Retirement Income Security Act* (“ERISA”).

The Plan is a defined contribution 403(b) plan available to all employees of SPHC. Employee participation begins according to employment status with SPHC. For purposes of employer contributions, each eligible employee’s participation begins on the first day of the month following the completion of 90 days of full-time employment and after one year of service for part time employment. Employees who are considered interns, student, residents, fellows, and per diem are not eligible.

The Plan assets are held by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (“TIAA-CREF”), as the insurance companies of the Plan. TIAA, FSB is the custodian and trustee for the nonannuity assets, including mutual funds. TIAA is a nonprofit, legal reserve life insurance and annuity company. CREF is an open-end diversified management investment company. Plan assets can also be invested in mutual funds and a money market fund managed by The Vanguard Group (“Vanguard”). Vanguard is an investment management company that offers mutual funds and a money market fund and financial products and services to both individual and institutional customers.

The Plan allows participants to purchase unallocated insurance contracts through TIAA. The Plan also allows participants to purchase unallocated investments, notably a pooled separate account and variable annuity contracts through TIAA and CREF, and mutual funds through Vanguard.

The balance in each participant’s account consists of SPHC’s contributions made on their behalf, the participant’s contributions and investment return less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions

The employer contribution rate is 6% of the employees eligible compensation, as defined in the Plan document. An employee may make participant contributions by making a salary reduction election directly with TIAA-CREF, the custodian and recordkeeper.

Contributions for any year may not exceed the limitations as specified in the Internal Revenue Code (the “Code”). Pre-tax contributions may not exceed the 2022 pre-tax limit of \$20,500 as established by the Code. Participants age 50 and over are eligible to contribute extra pre-tax contributions (“catch-up contribution”) above the annual Internal Revenue Service (“IRS”) limitations up to \$6,500 in 2022. Participants can elect an amount to be contributed from each paycheck as their catch-up contribution. This amount will be in addition to the pre-tax and post-tax contribution percentages that participants have elected.

In August 2021, SPHC announced that a one-time discretionary employer contribution would be applied to each eligible employee’s 403(b) account in the first quarter of 2022. Eligible employees are defined as nonunion employees that are eligible for the 6% employer contribution. The discretionary employer contribution was made as a one-time lump sum contribution. This contribution is 1% of the

Sunset Park Health Council 403(b) Plan

Notes to Financial Statements

December 31, 2022 and 2021

employee's eligible annual 2021 base pay and totaled \$480,082. This discretionary employer contribution is not guaranteed in future years and is subject to the Plan's vesting schedule. There was no discretionary employer contribution for the year ended December 31, 2022.

Rollover Contributions

A participant may make a rollover contribution to the Plan, or cause a direct rollover to the Plan, upon a demonstration satisfactory to the Plan Administrator that the amounts are eligible for rollover to the Plan under the Code. The Plan Administrator may limit the annuity contracts or custodial accounts to which amounts may be contributed or the types of rollovers that will be accepted by the Plan.

Vesting

All participants are fully vested in their account balance for contributions they made immediately upon entering the Plan. Vesting in SPHC's contributions plus actual earnings thereon, is based on years of continuous service. Employees will earn a year of vesting service for each calendar year in which the employee is credited with at least 1,000 hours of service. A participant is 100% vested after five years of credited service as follows:

<u>Years of Service</u>	<u>Applicable Nonforfeitable Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts

Where a participant's employment with SPHC is terminated before they are 100% vested in employer contributions, the unvested portion of their employer contributions will be forfeited upon the earlier of the distribution of their vested Plan benefits or the expiration of five consecutive calendar years in which they are not credited with at least 501 hours of service. If they return to employment with SPHC before the expiration of that five-year period, their forfeited account balance will be restored (without interest). The balance in the forfeiture account will be used first to restore returning employees whose balances were forfeited or to fund employer contributions required to be made to the Plan. SPHC utilized \$43,262 of forfeitures to reduce employer contributions and fund administrative expenses in 2022. As of December 31, 2022 and 2021, the amounts available in the forfeiture account totaled \$600 and \$38,726, respectively.

Notes Receivable from Participants

Beginning April 1, 2021 participants became eligible to borrow against their annuity contract or custodial account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their individual vested account or \$50,000 and are secured by the balance in the participant's account. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

At December 31, 2022 and December 31, 2021, participant loans in the amount of \$286,724 and \$183,481 are included in notes receivable from participants on the statements of net assets available for benefits. For the participant loans outstanding, the range of interest rate was 4.25% to 8.50% for December 31, 2022 and 4.25% for December 31, 2021.

Sunset Park Health Council 403(b) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Plan Loans

Beginning April 1, 2021, participants are no longer permitted to obtain Plan loans directly from TIAA-CREF. Previously, participants were allowed to request loans not to exceed the lesser of 50% of their individual vested account or \$50,000. Plan loans outstanding at April 1, 2021 are not impacted by this change and will be repaid in accordance with the payment terms and schedule established at loan origination. Loan terms may not exceed five years, except for loans used to acquire the participant's principal residence (10 years). The interest rate charged on a loan must be at least equivalent to the prevailing interest rate charged by persons in the business of lending money which would be made under similar circumstances. Principal and interest are paid ratably either monthly or quarterly depending on the election of the participant. Participants make payments directly to TIAA-CREF. Each loan is fully secured by the participant's interest in their TIAA Traditional Annuity account. To secure a Plan loan, a participant must transfer 110% of the requested loan into the TIAA Traditional Annuities to be held as collateral. As of December 31, 2022 and 2021, there were \$92,087 and \$166,571 respectively, of Plan loans with TIAA-CREF with plan assets of \$101,296 and \$183,228 respectively, of plan assets designated as collateral for these loans. If a Plan loan goes into default, the collateral associated with the loan would not be distributed to TIAA-CREF unless the participant was otherwise eligible for a distribution. The active plan loan interest rates ranged from 4.00% to 5.18% as of December 31, 2022, and ranged from 4.00% to 4.45% as of December 31, 2021.

Payment of Benefits

On termination of service due to a participant's retirement, death, or termination of employment at SPHC, Plan benefits may be paid. Participants have many withdrawal options including a lump sum withdrawal, a series of partial withdrawals, an annuity payout of equal monthly payments for a designated period, an annuity payout for the lives of the participant and the beneficiary, an annuity payout of monthly payments for life with a guaranteed minimum number of years for the participant and his/her beneficiary, or a combination of partial withdrawals and an annuity.

Investments

Upon enrollment in the Plan, participants allocate contributions made on their behalf between the investment options in whole percentages to purchase accumulation units or annuity contracts. The number of units purchased is based on the net asset value ("NAV") per unit on the day their contributions are received. Investment return is allocated to participants' accounts based upon the number of units the participant owns in each investment.

The Plan allows participants to direct the investment of their accounts into the TIAA Traditional Annuity, the TIAA Real Estate Account, CREF Variable Annuity contracts, Vanguard mutual funds and Vanguard money market funds. Participants may change their investment options at their discretion.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates and such differences could be material.

Sunset Park Health Council 403(b) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Valuation of Investments and Income Recognition

The Plan's investments are held by TIAA-CREF and are stated at fair value except for the fully benefit-responsive investment contracts that are stated at contract value. Shares of mutual funds and money market funds are valued at daily closing price as reported by the fund. These are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded. Investments in pooled separate accounts and variable annuities are valued at current fair value, which represents the net asset value of the units held at year end. Investments in nonfully benefit-responsive investment contracts are valued at fair value based on discounted cash flows as more fully described in Note 4. Investments in fully benefit-responsive investment contracts are valued at contract value which equals the accumulated cash contributions and interest credited to the contracts less any withdrawals.

Contributions to the TIAA Traditional Annuities are used to purchase a guaranteed amount of future retirement benefits. TIAA provides annuities, which are considered unallocated contracts. The TIAA Traditional Annuities are guaranteed annuities which guarantee principal and pays a guaranteed minimum interest, currently 3% during the accumulation phase and 2.5% during the payout phase. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis. When declared, the additional amounts remain in effect for the declaration year that begins each March 1 and are not guaranteed for future years. Together the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. TIAA groups premium dollars received over defined periods into vintages for the purposes of determining the crediting rate for the applicable declaration year during the accumulation period. The crediting rate for non-fully benefit-responsive annuity contracts in the accumulation phase ranged from 4.00% to 6.25% in 2022. For fully benefit-responsive contracts in the accumulation phase, the crediting rate ranged from 3.25% to 5.50% in 2022.

TIAA Traditional Annuity investments are offered through the Retirement Annuity ("RA") contracts (\$623,761 at December 31, 2022 and \$482,724 at December 31, 2021) and Group Supplemental Retirement Annuity ("GSRA") and Supplemental Retirement Annuity ("SRA") contracts (collectively \$2,218,210 at December 31, 2022 and \$1,862,760 at December 31, 2021). The TIAA Traditional Annuity holdings within the RA contracts have restrictions, are nonfully benefit-responsive and are reported at fair value. The TIAA Traditional Annuity holdings within the GSRA and SRA contracts contain no liquidity restrictions, are fully benefit-responsive, and accordingly are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments over a period of nine years plus one day, through Transfer Payout Annuities.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the net unrealized appreciation on those investments less expenses. Net appreciation (depreciation) in fair value of the TIAA Traditional Annuities is classified as interest income.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Sunset Park Health Council 403(b) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Expenses of the Plan

Custodian-related expenses are deducted from the net assets of each account each valuation day for investment management, administration, and distribution.

Investment management and operating expenses charged to the Plan for investments in mutual funds and money market funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management and operating expenses are reflected as a reduction of net appreciation in the fair market value of such investments.

Other fees incurred for administration of the Plan, such as audit fees, are reflected separately as administrative expenses on the statement of changes in net assets available for benefits.

Risk and Uncertainties

The Plan invests in various types of investment securities, including mutual funds, money market funds, variable annuities, a pooled separate account, and fixed-dollar annuity contracts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Certified Financial Data

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) is complete and accurate:

	2022	2021
Statements of net assets available for benefits		
Investments, at fair value	\$ 36,887,956	\$ 35,617,465
Investments, at contract value	2,218,210	1,862,760
Total investments	<u>\$ 39,106,166</u>	<u>\$ 37,480,225</u>
Notes receivable from participants	<u>\$ 286,724</u>	<u>\$ 183,481</u>

Net investment income (loss) for the year ended December 31, 2022 consisted of the following:

Statement of changes in net assets available for benefits

Net investment income (loss)	
Interest and dividend income	\$ 1,257,668
Net depreciation in fair value of investments	<u>(7,517,397)</u>
Net investment income (loss)	<u>\$ (6,259,729)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. The framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The levels of the fair value hierarchy are described below. Authoritative guidance on fair value measurements, Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure the fair value of investments:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2022.

The following tables provide a summary of investments measured at fair value, by classification within the fair value hierarchy, at December 31, 2022 and 2021:

	Active Markets Level 1	Observable Inputs Level 2	Unobservable Inputs Level 3	Total 2022

1. This category includes investments in CREF variable annuities. In an effort to reduce market timing and excessive trading, shareholders are not permitted to make electronic transfers back into the same account with a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within the account is made within a 60-day period.
2. This category includes investments in a pooled separate account investing in real estate and real estate-related investments. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides a liquidating guarantee to meet participants' redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of this investment are limited to one per quarter. Internal transfers into the TIAA Real Estate Account are prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed \$150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term. There are no redemption notice periods required nor significant fees imposed by the insurance companies should the Plan choose to no longer allow Plan assets to be invested in a particular variable annuity or pooled separate account. Trade settlement terms are one to three days.

There were no transfers between Level 1, Level 2, or Level 3 during the year ended December 31, 2022.

There were no unfunded commitments as of December 31, 2022 or 2021.

Level 3 Investments

The Level 3 investment assets consist of the TIAA Retirement Annuity contracts. The classification of an investment within Level 3 is based upon significance of the unobservable inputs to the overall fair value measurement.

	Level 3 Investment Assets at Fair Value as of December 31, 2022	
Balance at January 1	\$	482,724
Purchases		122,196
Sales		(2,444)
Investment return		21,285
Balance at December 31	\$	623,761

Notes to Financial Statements

December 31, 2022 and 2021

The following tables present information about significant unobservable inputs relating to the Plan's investments in assets categorized as Level 3 at December 31, 2022 and 2021:

As of December 31, 2022:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Retirement Annuity-RA	\$ 623,761	Discounted cash flow	Risk-adjusted discount rate applied	3.70% - 6.25%

As of December 31, 2021:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Retirement Annuity-RA	\$ 482,724	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 3.80%

5. Plan Termination

Although the Plan has not expressed any intent to do so, SPHC has the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA and the Code. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). SPHC believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related (custodial) accounts (and tax-deferred annuities) are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Party-In-Interest and Related Party Transactions

Certain assets of the Plan, as noted in the Schedule H, Line 4i, are investments managed by TIAA-CREF and, therefore, these transactions qualify as party-in-interest. The total fair value of such investments managed by TIAA-CREF was \$4,813,596 and \$4,486,841 at December 31, 2022 and 2021, respectively. The Plan Administrator and the Plan's counsel believe that the Plan's transactions with related parties are permitted by the U.S. Department of Labor's prohibited transaction exemptions.

Notes to Financial Statements

December 31, 2022 and 2021

8. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Plan sponsor remitted all employee contributions to the Plan, contributions of \$20,587 were not remitted within the required time period for the year ended December 31, 2022.

9. Subsequent Events

SPHC evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued and has determined that no events occurred that would require recognition or disclosure in the financial statements.
