INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Gate 1, Ltd. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gate 1, Ltd. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gate 1, Ltd. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gate 1, Ltd. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gate 1, Ltd. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gate 1, Ltd. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gate 1, Ltd. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at the End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Gate 1, Ltd. 401(k) Profit Sharing Plan (the “Plan”) is provided for informational purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan adopted on January 1, 1996, covering substantially all employees of Gate 1, Ltd. (the “Company”). The Plan, most recently restated on February 18, 2022, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is intended to qualify under the applicable sections of the Internal Revenue Code (“IRC”) of 1986, as amended.

Eligibility Requirements

Employees become eligible to participate in the Plan at age 21 and upon completion of three months of service. Any employees who are included in a unit of employees covered by any collective bargaining agreement or that are nonresident aliens are excluded from eligibility.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, subject to certain limits established by the Internal Revenue Service (“IRS”). Participants have the option to designate elective deferral contributions as Roth contributions. Participants are automatically enrolled upon meeting the eligibility requirement to defer 4% of eligible compensation unless the participant elects a different percentage to defer. If a participant does not elect a different percentage, the amount will be automatically increased by 1% each January 1 up to a maximum percentage of 8%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other tax qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective with the February 18, 2022, restatement, Plan provisions allow the Company to make discretionary employer matching contributions (“matching contributions”). Starting April 1, 2022, the Company instituted matching contributions equal to 50% of a participant’s contribution up to 8% of the respective employees compensation.

Plan provisions also allow for discretionary contributions. The Company did not make any discretionary contribution for the year ended December 31, 2022.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and an allocation of Plan earnings and is charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on the participant’s account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Gate 1, Ltd. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Eligible participants are immediately 100% vested in their contributions and actual earnings thereon. Vesting in the Company's matching contributions and discretionary contributions, plus earnings thereon, is based on years of service in accordance with the following schedule:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more years	100%

Payment of Benefits

Upon attaining normal retirement age or upon death, disability, or termination of employment, a participant may elect to have his or her account balance paid in a lump-sum payment in cash equal to the entire value of the funds allocated to the participant's vested account. The Plan allows for hardship withdrawals of vested participant balances based upon circumstances outlined in the Plan agreement.

Forfeited Accounts

Forfeitures are maintained in the Plan and are allocated to each person who is an active participant on the last day of the Plan year. As of December 31, 2022 and 2021, nonvested forfeiture accounts amounted to \$4,983 and \$12,689, respectively. Forfeitures in the amount of \$6,882 were used to reduce employer contributions during the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts in amounts ranging from a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed five years except for the purchase of a participant's principal residence and bear interest equal to local prevailing rates as determined by the Plan administrator at the time of origination. Notes receivable from participants outstanding at December 31, 2022, bear interest between 5.25% and 9.50% and mature at various dates through 2026. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Gate 1, Ltd. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Valuation of Notes Receivable from Participants

The notes receivable from participants are valued at cost plus accrued interest, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions in accordance with the terms of the Plan agreement.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sale of investments are based on the average cost method. The net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the total change in unrealized gains (losses) of investments held at year-end plus realized gains (losses) on investments sold during the year. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred by the Plan are substantially absorbed by the Company. Administrative expenses paid by the Plan amounted to \$7,753 for the year ended December 31, 2022. In addition, certain investment-related expenses have been offset with net investment income (loss) and are not readily determinable.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The custodian of the plan is Principal Trust Company ("Principal" and the "Custodian"). Accordingly, as permitted under such election, the Custodian has certified the completeness and accuracy of all investments and notes receivable from participants as of December 31, 2022 and 2021, in the accompanying statements of net assets available for benefits, as well as the supplementary schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022, and the net depreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2022, in the accompanying statement of changes in net assets available for benefits. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodian, except for comparing such information with the related information included in the financial statements and supplementary schedules. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021.

December 31, 2022 and 2021

4. FAIR VALUE ACCOUNTING

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented in these financial statements.

Common/Collective Trusts: Investments in common/collective trust funds are valued on the net asset value of shares held by the Plan at year-end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. Participant transactions (purchases and sales) may occur daily. There were no significant unfunded commitments or restrictions on redemption.

Registered Investment Companies: Valued at quoted market prices, which represent the daily closing price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ 5,318,345	\$ -	\$ -	\$ 5,318,345
Registered investment companies	3,192,100	-	-	3,192,100
Total investments at fair value	<u>\$ 8,510,445</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,510,445</u>

	2021			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ 5,785,527	\$ -	\$ -	\$ 5,785,527
Registered investment companies	4,043,948	-	-	4,043,948
Total investments at fair value	<u>\$ 9,829,475</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,829,475</u>

5. INVESTMENTS AT CONTRACT VALUE

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021, was \$684,400 and \$599,738, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and such rate is reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal Life. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Gate 1, Ltd. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are investments managed by Principal Trust Company, the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2022, administrative expenses paid to the Custodian by the Plan amounted to \$7,753. Investment related fees are reflected as an offset of net investment income (loss) and are not readily determinable. Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

7. INCOME TAX STATUS

The Plan is qualified under provisions of the IRC and is exempt from federal income taxes. The IRS has determined and informed the Company by a letter dated March 31, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

8. RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, all participants' accounts will become fully vested and will be distributed in accordance with the provisions of the Plan.

If the Plan is terminated, assets will be allocated in accordance with ERISA to the extent the assets are available to provide benefits to participants and beneficiaries. Any residual assets of the Plan remaining after distribution in accordance with ERISA will be distributed to the Plan sponsor, provided that all liabilities of the Plan to participants and beneficiaries have been satisfied and the distribution does not contravene any provisions of law.

The Plan had a partial plan termination during the years ended December 31, 2021 and 2020. In accordance with ERISA provisions, all affected individuals were provided automatic vesting in Plan benefits.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

United States DOL regulations require that salary deferrals to a 401(k) plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month following the month in which the participant contributions are withheld.

During the year ended December 31, 2022, the Plan inadvertently failed to remit to the Plan's Custodian certain employee contributions and loan payments totaling \$333,838, within the period prescribed by the DOL regulations. The Plan remitted the delinquent employee contributions during 2022 and completed the correction by submitting the appropriate lost earnings and interest on such earnings during 2023.
