INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
CHC Solutions, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CHC Solutions, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHC SOLUTIONS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the CHC Solutions, Inc. (the "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective January 1, 2017 and most recently restated effective February 8, 2021. The Plan covers virtually all eligible employees of the Company and participating employers who have attained age 21 and completed six months of service, except for employees covered by a collective bargaining agreement and nonresident aliens. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions - Eligible participants may contribute a portion of their compensation each year to the Plan, subject to annual limits prescribed by the Internal Revenue Code. Eligible participants automatically defer 3% of their compensation into the Plan, increasing 1% each year until a deferral amount of 6% is attained. As further detailed in the adoption agreement, participants are able to make affirmative elections to contribute less or more than would be automatically deferred. Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

The Company, at the discretion of management, may make matching contributions equal to a discretionary percentage determined by the Company. The Plan also allows for discretionary employer profit sharing contributions. Employees must complete six months of service (defined as at least 1,000 hours) and be employed on the last day of the Plan year to be eligible for profit sharing. The matching contributions are defined as 100% of elective deferrals up to 1% of eligible compensation and 50% of elective deferrals between 2% and 6% of eligible compensation. Employer matching contributions were \$295,514 and \$265,366 for the years ended December 31, 2022 and 2021, respectively. There were no profit sharing contributions for the years ended December 31, 2022 and 2021.

Notes Receivable from Participants - Participants are able to borrow up to the lesser of \$50,000 or 50% of the present value of their vested account balance. The amount of the loan is required to be at least \$1,000. Loans are generally required to be repaid over a five year period in equal bi-weekly installments with interest typically at a rate equal to prime plus 2% at loan inception. Deemed distributed loans of \$21,939 and \$11,031 are included in benefit payments for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, the interest rate on outstanding loans ranged from 5.25% to 9.50%.

Risks and Uncertainties - Plan assets are composed of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statements of changes in assets available for benefits.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the trustee determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the undistributed realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Dividends are recorded on the ex-dividend date. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in the fair value of investments.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Quoted prices (unadjusted) in active markets for identical assets or liabilities; |
| Level 2 | Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and |
| Level 3 | Unobservable inputs that reflect the reporting entity's own assumptions. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodology for the Plan's investments, which consist of a money market fund and mutual funds, is based upon the quoted price of the respective fund at year end (Level 1 measurement). There have been no changes in the methodology for the years ended December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Accounts - Participants direct the investment of their account balances and contributions and may change such at any time. Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting of employer matching contributions and earnings thereon occurs according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Vesting of discretionary employer profit sharing contributions and earnings thereon occurs according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeitures - Forfeitures represent the portion of non-vested benefits remaining in the Plan for all current-year terminated employees. Forfeiture balances are applied to cover administrative expenses, with any remaining amounts serving to reduce employer contributions. Forfeitures were \$5,955 and \$3,052 for the years ended December 31, 2022 and 2021, respectively. Forfeitures available to be applied toward expenses or employer contributions were \$1,240 and \$1,627 at December 31, 2022 and 2021, respectively.

Payment of Benefits - Benefits are reflected when they have been approved for payment and are paid by the Plan. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her accounts. All distributions are subject to the provisions of the Plan agreement.

Participants who break service with an account balance of \$5,000 or less will automatically receive a lump-sum distribution of their account balance.

Administrative Expenses – Either the Company or the Plan may pay the Plan's expenses as provided by the Plan agreement.

Subsequent Events - Management has evaluated subsequent events through October 12, 2023, the date which the financial statements were available to be issued.

2. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

3. INCOME TAX STATUS

The Plan is a prototype plan for which the custodian has obtained a favorable opinion letter dated November 30, 2014 in which the Internal Revenue Service states that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has since been amended, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt.

Management believes that there is no liability related to uncertain tax positions at December 31, 2022 or 2021. The Plan is no longer subject to tax examinations for years before 2019.

4. CERTIFIED FINANCIAL INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss), as shown in the statements of changes in assets available for benefits for the years ended December 31, 2022 and 2021.
- The accompanying schedule of assets held for investment purposes as of December 31, 2022.

5. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

AdvisorTrust, Inc., the trustee, provides access to certain investments and, therefore, is considered a party-in-interest.

Neither the Company nor the employees involved in the administration of the Plan receive any compensation from the Plan.
