Independent Auditors' Report

To the Plan Sponsor and Administrator of
Metalor Technologies USA Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Financial Statements
We have performed audits of the accompanying financial statements of the Metalor Technologies USA Retirement and Savings Plan, (the "Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Metalor Technologies USA Corporation and Subsidiaries financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 **and 2021** and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Financial Statements section of our report. We are required to be independent of The Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

mazars

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Metalor Technologies USA Retirement and Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Plan Description

The following description of Metalor Technologies USA Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan, established on January 30, 1989, and restated in October 2017, is a defined contribution plan covering eligible employees of Metalor Technologies USA Corporation (the "Company"), and its subsidiaries Metalor USA Refining Corporation and Metalor Electrotechnics, LLC and is established under Sections 401(a) and 401(k) of the Internal Revenue Code. Full-time, non-excluded employees, who have attained the age of eighteen with three months or 1,000 hours of service, are eligible to participate in the Plan. An employee's entry date into the Plan is the first day the employee satisfies the eligibility requirements coinciding with or following the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. On October 28, 2022, the plan transferred all held assets from Mass Mutual Insurance Company ("Mass Mutual") to Empower Retirement Company ("Empower") as part of the Empower acquisition of Mass Mutual.

Contributions

Participant Salary Deferral
Participants in the Plan may contribute up to 100% of their eligible compensation as pre-tax or Roth contributions provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service each calendar year, which is $20,500 for the year-ended December 31, 2022. Participants may change their deferral percentage each pay period. Employees over the age of 50 can elect to contribute an additional $6,500. Participants may also contribute amounts representing eligible rollovers from other qualified defined benefit or defined contribution plans. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a deferral rate set at 6% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

Employer Discretionary Matching Contributions
Participants are eligible for matching contributions only if the participant makes deferral contributions. For purposes of determining the matching contribution under the Plan, a participant's contributions will include age 50 and over catch-up contributions. Employer matching contributions must be allocated to the participants' accounts within the prescribed legal time limits. Participants are eligible to receive employer matching contributions up to 100% of their first 2% contributed and 50% of the next 4% of contributions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and nonelective contributions, plus actual earnings thereon based on the following schedule:

Years of Service	Vesting Requirement
Less than one year	0%
1 year	33%
2 years	67%
3 years	100%

Vesting under this Plan is based upon the elapsed time method. Hours of service are not counted and instead periods of service are computed. A period of service starts with the date of employment and, generally, ends on the date of termination. Only whole years of service with the Company will be counted to compute the years of service for vesting purposes.

Participant Accounts
Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

Investment Options
Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Forfeitures
Upon termination of employment or distribution of participant balance, prior to becoming 100% vested, a participant's non-vested portion of their balance is subject to forfeiture. Forfeitures are retained in the Plan and may be used to reduce future employer contributions or pay administrative expenses. Forfeitures amounted to $12,151 and gains amounted to $7,899 for the year ended December 31, 2022. There were $21,050 of forfeitures utilized during the year ended December 31, 2022. The unallocated forfeiture balance at December 31, 2022 and 2021, was $12,877 and $10,631, respectively.

Distributions
Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 59½, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment.

Notes Receivable from Participants
The Plan administrator permits participants to borrow from their account a maximum loan to be the lesser of: (i) 50% of the participant's vested account balance or (ii) $50,000, reduced by the highest outstanding loan balance during the prior twelve-month period. Other restrictions that apply in determining the amount that may be loaned to a participant are also contained in the Plan document.

Loans are secured by the balance in the participant's account and bear interest at an interest rate determined by the plan administrator. The interest rate will be established at the inception of the loan and will be set at one percentage point higher than the prime lending rate as posted in the Wall Street Journal (or similar financial publication) when the loan is made. The interest rate will be fixed and will not change for the duration of the loan (rates ranged from 4.25% to 7.25% per annum). Loans shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence in which case the loan can be repaid over a period of up to thirty years. Loans made to active employees are repaid through after-tax payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure at fair value measurements.

Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements while other expenses may be paid from the assets of the Plan. The expenses that are paid from the Plan's assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Plan's Trustee

The following is a summary of the investment information and notes receivable from participants regarding the Plan as of December 31, 2022, and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by Massachusetts Mutual Life Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustees at December 31, is as follows:

	2022	2021
Investments, at fair value	$ 21,540,654	$ 30,586,579
Investments, at contract value	3,935,107	-
Notes receivable from participants	295,423	345,765
	$ 25,771,184	$ 30,932,344

The following was also certified by the trustees for the year ended December 31, 2022:

Net depreciation in fair value of investments	(6,067,961)
Interest income on notes receivable from participants	15,108
Interest and dividend income	1,461,718

Investment Contract with Insurance Company
The guaranteed interest account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Massachusetts Mutual Life Insurance Company ("Mass Mutual"). The contract is reflected in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses), because it is fully benefit-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issue or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

The guaranteed interest account does not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Common collective trust fund: Common collective trust fund is stated at fair value which is determined by the trustee of the common collective trust based on the underlying assets, which represent net asset value ("NAV") of units held by the trust. The common collective trust invests primarily in mutual funds. The common collective trust does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption period notice.

- Registered investment funds: Valued at quoted prices reported in an active market at year end.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment funds	$ 21,531,783	$ -	$ -	$ 21,531,783
Total investments at fair value				$ 21,531,783

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment funds	$ 26,692,255	$ -	$ -	$ 26,692,255
Registered investment funds	-	-	-	-
Total investments in the fair value hierarchy				26,692,255
Common collective trust fund (a)				3,894,324
Total investments at fair value				$ 30,586,579

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related Party Transactions

Plan investments are held by Reliance Trust Company and were administered by Massachusetts Mutual Life Insurance Company Retirement Services Business ("MassMutual") from January 1, 2022 to October 28, 2022, and later by Empower Retirement for October 29, 2022 to December 31, 2022. Fees incurred by the Plan from the Plan's trustee (Reliance Trust Company) are paid by the Plan and are therefore classified as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

6. Tax Status

The Plan is a volume submitter profit sharing plan sponsored by MassMutual. MassMutual has obtained an opinion letter on the volume submitter plan dated March 31, 2014, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2018.

7. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2023, the date the financial statements were available to be issued.
