Independent Auditors' Report

The Plan Administrator and Participants Vanasse Hangen Brustlin, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vanasse Hangen Brustlin, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

The Plan Administrator and Participants
Vanasse Hangen Brustlin, Inc. Retirement Plan
Page 3

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4(a) - Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 and Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the Financial Statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements.

The Plan Administrator and Participants
Vanasse Hangen Brustlin, Inc. Retirement Plan
Page 4

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Vanasse Hangen Brustlin, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all employees of Vanasse Hangen Brustlin, Inc., VHB Engineering, Surveying and Landscape Architecture, P.C. and VHB DC, LLC (collectively the "Employer"), who are at least 20 years of age and prior to a Plan amendment effective January 1, 2022, required a 30 day service requirement, except cooperative education students, summer interns, residence of Puerto Rico, and employees whose employment is governed by a collective bargaining agreement ("Participants"). Summer interns may become eligible if they complete one year of service, defined as 1,000 hours of service during the twelve-month period beginning on their date of hire. Upon meeting eligibility requirements, employees' entry date is the following first day of the month. Employees have 30 days to opt out or will be automatically enrolled on the following payroll or as soon as administratively possible. Effective January 1, 2022, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively "Empower") provides trustee and asset custodian services to the Plan. Reliance Trust Company ("Trustee") and Great-West Life & Annuity Insurance Company ("Insurance Company") provided trustee and asset custodian services to the Plan as of December 31, 2021. Empower Retirement, LLC provides recordkeeping services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are Participant-directed.

Participant Deferral Contributions

Each year, Participants may defer a minimum of 1% of their eligible compensation, as defined by the Plan, not to exceed a dollar limit established under the Internal Revenue Code (the "Code"). Participants may make pre-tax, Roth, or non-deductible after-tax voluntary contributions to their accounts. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollover Contributions").

Employees are automatically enrolled to defer 8% of their eligible pre-tax compensation on the first day of the first pay period that occurred on or after the 30th day following the date the employee became an eligible employee or the date the employee was provided notice of such automatic deduction. On January 1 of each subsequent year, the automatic elective deferral contributions are increased by 1% up to a maximum of 10%. A Participant may choose not to defer or choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the MassMutual Select T. Rowe Price Retirement funds based upon the employee's expected retirement date. The automatic enrollment pre-tax deferral election and the default investment option remain in effect until the Participant changes them.

Employer Contributions

The Employer, at its discretion, may elect to contribute a matching contribution. For the year ended December 31, 2022, the Employer elected to match 50% of elective participant contributions up to the first 8% of eligible compensation.

Vanasse Hangen Brustlin, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan *(continued)*

Employer Contributions (continued)

The Employer, at its discretion, may make profit sharing contributions to the Plan as determined by its Board of Directors. Profit sharing contributions are allocated to each Participant in the ratio that each active Participant's compensation bears to the total compensation paid to all eligible active Participants for the Plan year. To be eligible, Participants must have reached the age of 20, completed at least 1,000 hours of service during the Plan year and be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2022, the Employer elected not to make a profit sharing contribution.

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, the respective Employer contributions and an allocation of the Plan's investment earnings or losses and is charged with an allocation of certain administrative expenses. Allocations are based on Participant compensation or account balance, as defined. The benefit, to which a Participant is entitled, is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in their respective participant deferral and rollover contributions plus allocated earnings thereon. Participants begin vesting in Employer matching and profit sharing contributions plus actual earnings after one year of service and become fully vested after two years of service. Upon death, disability, or attainment of normal retirement age, a Participant is fully vested in all of their accounts.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made or 50% of their vested account balance reduced by any outstanding loan balance. Loan terms range from one to five years (or up to 10 years for the purchase of a primary residence, with the exception of loans rolled over from the GMB Engineers & Planners, Inc. Employee 401(k) and Profit Sharing Plan, a previously acquired firm by the Employer, which may not exceed 30 years for the purchase of a primary residence). All loans rolled over from the GMB Engineers & Planners, Inc. Employee 401(k) and Profit Sharing Plan were paid off in full subsequent to year end. Loans are secured by the vested balance in the Participant's account and bear interest at 2% over the prime interest rate. No more than two outstanding loans may be taken by a Participant at any time. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is made in accordance with the Plan document. Notes receivable from participants have interest rates ranging from 5.25% to 9.00% at December 31, 2022 and 5.25% to 7.50% at December 31, 2021, and mature at various dates through December 2034.

Vanasse Hangen Brustlin, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan (*continued*)

Payment of Benefits

Upon termination of service due to death, disability, voluntary termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum distribution or installment payments in an amount equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution to the Participant or beneficiary or a tax free rollover to an individual retirement account or another qualified plan. If a Participant's vested account is more than \$1,000 but less than \$5,000, the Plan administrator, after notification, may distribute the benefit into an individual retirement account. If the vested account balance is less than \$1,000, the Plan administrator, after notification, may distribute the account balance to the Participant or beneficiary in a lump-sum distribution. In service withdrawals from certain Participant's vested account balances are permitted upon reaching age 59 ½. Additionally, in service withdrawals are permitted due to financial hardship, as defined in the Plan document. Participants must have obtained all distributions, other than a hardship withdrawal, before financial hardship withdrawals are allowed. Hardship withdrawals may be taken from the Participant's contributions account or rollover account and are subject to a \$500 minimum.

Forfeitures

A Participant who is no longer employed by the Employer forfeits any non-vested balance. At the Employer's discretion, forfeited balances may be used to pay administrative expenses, reduce Employer contributions or restore accounts of former participants if re-employed prior to five consecutive one-year breaks in service, as defined. For the year ended December 31, 2022, the Employer utilized the forfeiture balance to reduce Employer matching contributions and pay for administrative expenses in the amounts of \$19,062 and \$62,335, respectively. At December 31, 2022 and 2021, unused forfeited non-vested amounts totaled \$141,763 and \$174,668, respectively.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual Participant accounts may be charged directly for all administrative expenses, if not paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Vanasse Hangen Brustlin, Inc. Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies *(continued)*

Investments, Investment Valuation and Income Recognition

The Plan follows GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Guaranteed interest account: The Plan has a guaranteed interest account contract with Empower. The guaranteed interest account is reported at contract value. Contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for information on the guaranteed interest account.

Pooled separate accounts: Pooled separate accounts invest in various investment options (i.e., common stock, mutual funds, short term securities, REITs) and are valued at their accumulation unit value ("AUV"). The AUV is determined daily based on the net asset value ("NAV") of shares of the underlying fund, the fund's dividends and the separate account charges. NAV is a readily determinable fair value and is the basis for current transactions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. See Note 5 for discussion of the investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unit Values

Individual Participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Vanasse Hangen Brustlin, Inc. Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Loans to Participants are reported as notes receivable from Participants at the unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from Participants is recognized on the accrual basis of accounting. Related fees are recorded as administrative fees and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefits Paid

Benefits to Participants are recorded in the period in which they are paid.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements as of December 31, 2022 and 2021, and ERISA-required Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) including investments held and notes receivable from participants as of December 31, 2022 and 2021, interest income on guaranteed interest account, interest income on notes receivable from participants, and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, the Trustee and the Insurance Company.

4. Investments

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

5. Guaranteed Investment Contract

The Plan holds a fully benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Participant withdrawals and administrative expenses. The guaranteed investment contract ("GIC") issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants invest in the GIC through a guaranteed interest account.

As the GIC is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the GIC. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate as of December 31, 2022 and 2021 was 3.21% and 2.83%, respectively. The crediting interest rate is based on a formula agreed upon with Empower. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Participants are probable of occurring as of the date of these financial statements.

6. Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The global and economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effect of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

7. Party-In-Interest Transactions

Plan investments include a guaranteed interest account and shares of pooled separate accounts managed by Empower and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of \$203,388 were paid to Empower during 2022. Notes receivable from participants also qualify as exempt party-in-interest transactions as defined by ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, Participants become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

9. Tax Status

The underlying volume submitter profit sharing plan with cash or deferred arrangement has received an opinion letter from the Internal Revenue Service, dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the Code and that the plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and that the Plan is qualified and the related trust is tax-exempt as of the date of these financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan as of December 31, 2022 or 2021.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Delinquent Participant Deferral Contributions

During 2022 and 2021, certain Participant deferral contributions and loan payments were not remitted to the Plan by the Employer on a timely basis as required under DOL 2510.3-102. Under ERISA, such delinquent contributions are considered prohibited transactions and are reported on Schedule H, Part IV, Line 4(a) of Form 5500. During 2022 and 2023, the Company funded the lost earnings on the delinquent contributions to the effected Participants' accounts.
