INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Wynmoor Community Council, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wynmoor Community Council, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wynmoor Community Council, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wynmoor Community Council, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wynmoor Community Council, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wynmoor Community Council, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wynmoor Community Council, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) on page 19 for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WYNMOOR COMMUNITY COUNCIL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the Wynmoor Community Council, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan articles for a more complete description of the Plan’s provisions.

(1) General

The Wynmoor Community Council, Inc. 401(k) Plan (the “Plan”) is a defined contribution pension plan covering substantially all of the full-time employees of Wynmoor Community Council, Inc. (the “Council”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(2) Contribution Policy

A participant may make voluntary contributions by electing to defer a portion of their annual compensation on a pre-tax basis, as defined by the Plan and subject to Internal Revenue Code (IRC) and other limitations. The maximum deferral contribution for any one individual for the years ended December 31, 2022, and 2021 was \$20,500 and \$19,500, respectively. Participants that are at least age fifty (50) by December 31 of the calendar year, may make a special catch-up contribution for the years ended December 31, 2022, and 2021 of \$6,500 and \$6,500, respectively, in addition to the maximum deferral limit. The total contribution limit for participants that are at least age fifty (50) by December 31 of the calendar year, for the years ended December 31, 2022, and 2021 was \$27,000 and \$26,000, respectively.

Beginning January 1, 2009, the Plan is a Safe Harbor 401(k) Plan. The amount of the qualified non-elective employer contribution is equal to 3% of each eligible participant’s gross annual salary in a plan year. The employer may also make a discretionary profit-sharing contribution of 2% of each eligible participant’s gross annual salary in a plan year.

As of January 1, 2010, the plan included an “automatic” deferral feature. The automatic deferral election only applied to employees who become participants on or after January 1, 2011 and who did not enter into a contrary salary deferral election. An eligible plan member automatically had 3% of his plan compensation withheld from each paycheck and deposited such amounts into the Plan as a salary deferral. The automatic deferral amount increased each year by 1% of plan compensation up to a maximum of 6%, unless the participant elected to change the deferral amount. As of April 16, 2012, the Plan had eliminated the provision of increasing the automatic deferral by 1% each year.

(3) Eligibility

A participant is eligible to participate in the Plan on semi-annual entry dates, following satisfaction of the age and service requirements. In order for the participant to be eligible to make contributions and receive applicable employer contributions, the participant must be considered a full-time employee, be of age twenty-one (21) or older, perform 1,000 or more hours of service and complete one year of service.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A – DESCRIPTION OF PLAN (Continued)

(4) Participant Accounts

Participants direct the investment of their accounts into various options offered by the Plan. Each participant account is credited with the participant's contribution and an allocation of (a) the Company's contributions, and (b) Plan earnings, less an allocation of administrative expenses. Allocations of earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(5) Retirement Benefits

A participant may retire and receive normal retirement benefits upon reaching age sixty-five (65). At retirement, a participant may elect to receive either a lump-sum equal to the value of their account, or annual installments over a selected time period.

(6) Death Benefits

The plan provides benefits for spouses and/or children of participants upon their death.

(7) Payment of Benefits

Upon termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a current lump sum. If the balance (not including any rollover account), is equal to or greater than \$5,000, a participant may elect to receive a deferred lump sum.

(8) Forfeited Accounts

Upon participant termination of service, the portion of the participant's account balance that is not fully vested will be forfeited. Forfeitures may first be used to pay plan expenses. Any forfeitures left after paying plan expenses are used to offset employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,979 and \$1,089, respectively. The contribution receivable for the year ended December 31, 2022, was reduced by \$831 because of forfeited funds being applied to the amount due.

(9) Notes Receivable from Participants

Participants may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's account balance derived only from the participant's contributions. The minimum loan amount is \$1,000. Interest on participant loans is based on comparable market rates.

NOTE A – DESCRIPTION OF PLAN (Continued)

(10) Plan Amendments

On February 27, 2019, the Plan was amended. The amendment was effective as of January 1, 2019, and changed the provisions of the plan dealing with hardship distributions. As of January 1, 2019, hardship distributions are available from the following contribution sources: employee pre-tax salary deferral, Roth deferral source, safe harbor employer and matching sources, employer match source, and qualified non-elective and matching sources. If a participant takes a hardship distribution during the calendar year 2022 from the Pre-Tax and/or Roth deferral account, the participant is not suspended from making salary deferrals.

(11) Vesting

All participants are vested immediately in their contributions and rollover contributions to their accounts.

For employer contributions, participants hired on or before January 1, 1987, vested at a rate of 20% per year for service years retroactive to the date of employment. Participants hired subsequent to January 1, 1987, vest as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Beginning January 1, 2009, the Plan is a Safe Harbor 401(k) Plan, Under the Safe Harbor 401(k) Plan, vesting is as follows:

Safe Harbor: 100% immediate, Profit Sharing 5-year graded vesting schedule: 20% after 1 year, 40% after 2 years, 60% after 3 years, 80% after 4 years, 100% after 5 years.

(12) Administrator

The Plan's Administrator is Wynmoor Community Council, Inc.

(13) Funding Policy

The Council makes annual safe harbor contributions and annual profit-sharing contributions to the Plan at the discretion of the Council's Board of Directors. The Council contributed \$318,793 to the plan for the year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(14) Coronavirus Aid Relief and Economic Security Act

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was enacted on March 27, 2020. The CARES Act, among other benefits, provides certain relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan agreement. The Plan Administrator has adopted certain relief provisions included in the CARES Act including those related to hardship distributions and participant loan deferment.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

(2) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(3) Risks and Uncertainties

The Plan utilizes various investment instruments that include funds that are comprised of investment contracts, mutual funds, stocks, and bonds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant’s account balances and the amounts reported in the financial statements.

(4) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

WYNMOOR COMMUNITY COUNCIL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(5) Deemed Distributions

When a participant misses a note receivable payment, such note is considered delinquent. A late loan payment will be issued after the end of the calendar quarter in which the payment is delinquent. If the loan is not paid up to date by the end of the calendar quarter after the calendar quarter in which a payment is first delinquent, the loan will be in default. In that event, the entire outstanding loan balance will be reported to the IRS as taxable income to the participant on a Form 1099-R for the year in which the loan default occurs. Delinquent notes receivable from participants meeting such terms are reclassified as deemed distributions.

(6) Payment of Benefits

Benefits are recorded when paid.

(7) Administrative Expenses

The Plan is charged for certain administrative expenses, in excess of forfeitures. On an annual basis, the Council decides whether the Plan or the Council should be charged with various administrative expenses of the Plan. For the year ended December 31, 2022, certain expenses of maintaining the Plan have been paid by the Council and excluded from these financial statements.

(8) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/Net depreciation includes the Plan's net gains/net losses on investments bought and sold as well as held during the year.

(9) New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which amends certain disclosure requirements of ASC 820, effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Early adoption is only permitted for the eliminated or modified disclosure requirements. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate NAV to disclose the timing of liquidations of an

WYNMOOR COMMUNITY COUNCIL, INC. 401(k) PLAN

DECEMBER 31, 2022 AND 2021

investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing of the Plan or announced the timing publicly. It also clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date.

NOTE C – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan permits loans to be made to participants in the event of need by the participant, within certain limitations as defined in the Plan's provisions. At December 31, 2022 and 2021, loans to participants amounted to \$142,715 and \$146,123, respectively, and bear interest at a rate of approximately 4.25% to 9.00% per annum, maturing through October 2027. The loans are secured by the participants vested account balance in the Plan. For the year ended December 31, 2022, the participant loans earned interest of \$7,832. For the year ended December 31, 2022, the Plan recorded \$12,338 of loan distributions.

NOTE D – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2019.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, Wynmoor Community Council, Inc. has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Council may determine.

NOTE F – INVESTMENTS AND INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan has a trustee, Empower Trust Company, LLC ("Trustee"). Empower refers to the products and services offered by Empower Annuity Insurance Company of America and its subsidiaries in the retirement markets. Empower, in conjunction with its related subsidiary companies, provides enrollment,

recordkeeping, and investment allocation services for participant directed defined contribution retirement plans. The information with respect to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, and reportable transactions for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified by the Trustee as being complete and accurate. The plan administrator obtained the certification in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Amounts held in the general account are interest bearing at rates established periodically by Empower. The valuation of the amounts held in the general account is based on the contract value reported by Empower, which reflects contributions made, application of amounts for payment and benefits or purchase of annuities, transfers to other accounts and interest credited.

NOTE G - FAIR VALUE MEASUREMENTS

FASB ASC No. 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

WYNMOOR COMMUNITY COUNCIL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables sets forth the Plan's investments at fair value in the Statements of Net Assets Available for Benefits and the respective levels to which the fair value measurements are classified within and outside of the fair value hierarchy as of December 31, 2022 and 2021:

Investment Category	Total as of December 31, 2022	Fair Value Hierarchy			Investments measured at net asset value per share as a practical expedient
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

WYNMOOR COMMUNITY COUNCIL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

The following information is related to the investments measured at net asset value per share as a practical expedient, as noted in the above tables:

Collective Trust Funds also known as Collective Investment Fund (CIT) are investments created by a bank or trust company primarily for employee benefit plans, such as 401(k) plans, that pool the assets of retirement plans for investment purposes. A CIT is not registered with the Securities and Exchange Commission (SEC); therefore, it is not subject to the Investment Company Act of 1940 and is not a mutual fund. CITs are maintained by a bank as trustee and are subject to federal and state banking regulation and ERISA fiduciary standards. CITs are generally priced and traded daily, subject to annual financial statement audits, and may benefit from their pooled structure that aggregates investor funds and can provide greater diversification than individual accounts.

(a) This CIT includes investments in an underlying fund that primarily consists of equity securities issued by U.S. mid-capitalization companies with above-average earnings growth potential. Management of the CIT may also invest in other types of equity and equity-related securities, and securities of non-U.S. issuers denominated in U.S. dollars or non-U.S. dollar currencies. The fair values of the investments in this class have been estimated using the net asset value per share of the investments.

(b) This CIT includes investments in an underlying fund that seeks to deliver long-term growth of capital and employs a strategy of highly disciplined stock selection process that marries in-depth fundamental research with quantitative analysis to identify high-quality, rapidly growing smaller capitalization companies with earnings growth potential that appear likely to outpace market expectations. The fair values of the investments in this class have been estimated using the net asset value per share of the investments.

(c) This CIT includes investments in an underlying fund that seeks to deliver capital appreciation by investing in value-oriented common stocks of small sized U.S. companies. The initial securities are comprised of U.S. listed companies with a market capitalization of less than \$5 billion and less than \$1 million in average daily volume. The fair values of the investments in this class have been estimated using the net asset value per share of the investments.

(d) Stable Value Funds are an investment fund that seeks to preserve principal, provide consistent returns and liquidity. Stable Value Funds include collective investment funds sponsored by banks or trust companies and contracts issued by insurance companies. The objective of the Fund is to provide a guaranteed rate of return and a return on principal that is backed by Empower Annuity Insurance Company of America f/k/a Great-West Life and Annuity Insurance Company general investment account. The fair value of the investments in these funds has been estimated using the net asset value per unit of the fund. Units of each Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Fund's Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per unit is computed by dividing the total fair value of the assets of each Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each Fund and included in the determination of unit values. The Funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV of the Funds determined as of the close of business each day. The Funds require a plan sponsor to provide advance

written notice of five business days for plan sponsor directed withdrawals which will exceed \$1 million of the assets invested in each Fund.

NOTE H - GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the Plan's ability to transact at contract value with the insurance company; such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value. The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 and 2021 was 1.37% and 1.40%, respectively. The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the plan's quarterly interest rates. The average for 2022 and 2021 was 1.37% and 1.40%, respectively.

NOTE I - EXEMPT PARTY-IN- INTEREST TRANSACTIONS

The group annuity contract is managed by Empower Annuity Insurance Company of America. Empower Trust Company, LLC is the plan trustee for the Plan. Empower Annuity Insurance Company of America and Empower Trust Company, LLC are affiliated companies under the Empower brand and, therefore, these transactions qualify as exempt party-in- interest transactions.

Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE K – COVID - 19

In December 2019, a novel strain of coronavirus (“COVID-19”) was reported to have surfaced in China. The World Health Organization has declared COVID-19 to constitute a “Public Health Emergency of International Concern” and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements, and travel restrictions in connection with the COVID-19 outbreak. The spread of this virus began causing business disruptions domestically beginning in January 2020 that are anticipated to continue for the foreseeable future. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE L – DATE OF MANAGEMENT’S REVIEW

The Plan has evaluated material events and transactions that have occurred after the balance sheet date and concluded that no subsequent events have occurred through October 11, 2023, the date the financial statements were available to be issued, that require adjustment to or disclosure in these financial statements.
