INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Groves Academy Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Groves Academy Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated September 21, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements of ERISA Section 103(a)(3)(C).

GROVES ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Groves Academy Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan adopted by Groves Academy (the "Organization"). The Plan was amended and restated effective September 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Organization has a Finance Committee that determines the appropriateness of the Plan's investment offerings and monitors investment performance, and reports to the Organization's Board of Trustees.

The trustee of the Plan is Delaware Charter Guarantee and Trust Company (d/b/a), Principal Trust Company and the custodians of the Plan are Teachers Insurance and Annuity of America ("TIAA") and College Retirement Equity Fund ("CREF").

Principal Life Insurance Company is the recordkeeper for the Plan.

Pursuant to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act and Setting Every Community Up for Retirement Enhancement ("SECURE") Act, the plan operationally adopted certain plan provisions. The Acts require the plan to be formally amended by December 31, 2025.

[2] Eligibility:

Employees, other than employees who normally work less than 20 hours per week or student employees as defined, become eligible for elective deferrals as soon as administratively feasible on or after the Employee's first day of employment. To be eligible for employer matching contributions an employee must first complete a year of service, defined as 1,000 hours of employment with the Organization during the 12-month period following the date of hire.

[3] Contributions:

Participants may elect to make pre-tax salary deferral contributions not to exceed the amount allowable under Section 415 of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization's matching contributions are based on a fixed tiered schedule in which 100% of a participant's salary deferrals between 2% and 5% are matched.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in an age-appropriate target date fund based on the participant's age until changed by the participant.

Participants whose salary deferrals are less than 10% of their compensation will automatically have their deferrals increased 1% each September 1 until their deferrals equal 10% of their compensation. Participants may elect not to have their deferral increase automatically.

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Participant accounts:

Each participant's account is credited with the participant's contribution and the Organization's contributions, as well as allocations of Plan earnings. Participant accounts are charged with Plan losses and an allocation of administrative expenses that are paid by the Plan. Plan earnings and losses are allocated based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Vesting:

Participants are always 100% vested in their pre-tax salary reduction contributions, employer matching contributions, and related earnings.

[6] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1.00%. Interest rates on outstanding loan balances range from 4.25% to 8.00% and 4.25% to 6.50% at December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions with maturity dates through July 2025. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[7] Normal retirement:

Normal retirement age is 65.

[8] Payment of benefits:

A participant or a participant's beneficiary is entitled to 100% of the account balance in the event of permanent disability or death, or their vested balance at retirement. In addition, participants may obtain hardship withdrawals, as defined by the Plan. Benefits are distributed to participants through lump-sum or installment payments pursuant to the Plan document. In the event of the death of a participant, the participant's account balance will transfer to the participant's beneficiary. Upon termination of employment, the participant's eligible vested account balance may remain in the Plan if the balance is over \$5,000. If the vested balance is \$5,000 or less, the account balance will be automatically distributed to the participant. The Plan requires minimum distributions required to begin at age 72 (73 if a participant reaches age 72 after December 31, 2022).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting in accordance with accounting standards generally accepted in the United States of America.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

GROVES ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[2] Subsequent events:

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees/custodians. See Note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

The Plan's expenses are paid either by the Plan or the Organization, as provided by the Plan document. Expenses that are paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net realized and unrealized depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) and Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), the trustees/custodians of the Plan, have certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and supplemental schedule of assets (held at end of year) as of December 31, 2022.

GROVES ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - INVESTMENTS AT CONTRACT VALUE

The Plan's Stable Asset Fund I (the "Fund") is a benefit-responsive collective trust fund sponsored by Standard Insurance Company. The Fund is reported at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct either the withdrawal or transfer of all or a portion of their account balance at contract value. The guaranteed crediting rate is declared in advance and is reset quarterly. The declared crediting rate will never be below 1%. The value of the Fund was \$182,694 and \$164,464 at December 31, 2022 and 2021, respectively.

The TIAA Traditional Benefit Responsive contract is a contract sponsored by TIAA. The contract is reported at contract value. Contract value represents accumulated cash contributions, interest credited, and transfers in less and withdrawals and transfers out. Participants may direct either withdrawal or transfer of all or a portion of their account balance at contract value. The contract provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. The value of the contract was \$62,918 and \$62,761 at December 31, 2022 and 2021, respectively.

Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1st. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The TIAA Traditional Annuity is fully benefit responsive and is reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the contracts, and transfers, if any, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

GROVES ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - INVESTMENTS AT CONTRACT VALUE (CONTINUED)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term; the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change from level 1 to level 2 for pooled separate accounts as of December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Valued at quoted prices valued daily on the NASDAQ website.

CREF Registered Investment Companies – Valued at the quoted market prices held by the Plan at year-end.

GROVES ACADEMY DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

TIAA Traditional Non Benefit Responsive Contract – The TIAA Traditional Non Benefit Responsive contract is valued at fair value. The contract is not available for sale or transfer on any securities exchange. The value of the contract equals the accumulated cash contributions, interest credited to the contract, and transfers, if any, less any withdrawals and transfers, if any. The fair value is the amount the Plan participants would receive currently if they were to withdraw or transfer funds within the Plan. The crediting rate is supported by the investment performance of a large, diversified portfolio (TIAA's General Account), is correlated with quality debt security yields, and is adjusted for contract liquidity. A twenty-year analysis of crediting rates for TIAA traditional annuity contracts suggests a rate of return that is representative of a risk-adjusted market rate for this type of product; thus, application of observed rates would yield a discounted cash flow which approximates contract value and therefore is valued using the discounted cash flow method. The contract requires cash withdrawals and transfers to be spread over 10 annual installments. Accordingly, transactions in similar investment instruments are not observable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Level 3 Investment Assets for the Year Ended December 31, 2022

	TIAA Traditional Non Benefit Responsive Contract
Balance – beginning of year	\$ 497,873
Earnings and net realized and unrealized gains (losses)	20,781
Sales	<u>(32,287)</u>
Balance – end of year	<u>\$ 486,367</u>

Level 3 Investment Assets for the Year Ended December 31, 2021

	TIAA Traditional Non Benefit Responsive Contract
Balance – beginning of year	\$ 514,420
Earnings and net realized and unrealized gains (losses)	18,221
Sales	<u>(34,768)</u>
Balance – end of year	<u>\$ 497,873</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in value of investments in the statement of changes in net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

NOTE F - TAX STATUS

The Plan has adopted a 403(b) Volume Submitter Plan sponsored by BPS&M, LLC. On March 31, 2017, the Internal Revenue Service ("IRS") stated in an opinion letter that the 403(b) Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and therefore, the related accounts are exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is a trustee/custodian of the Plan, therefore transactions with Principal Trust Company qualify as party-in interest transactions. For the year ended December 31, 2022, fees incurred and paid by the Plan for services with Principal Trust Company and affiliates were \$31,402. The remaining plan expenses for the year ended December 31, 2022 were for advisory and audit expenses.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance companies. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
