Independent Auditors' Report

The Plan Administrator
Publix Super Markets, Inc. 401(k) SMART Plan:

Opinion

We have audited the financial statements of the Publix Super Markets, Inc. 401(k) SMART Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for plan benefits for the years then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not

a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan and Summary of Accounting Policies

The following brief description of the Publix Super Markets, Inc. 401(k) SMART Plan (the Plan) provides only general information. Participants should refer to the Plan document or the summary plan description for a complete description of the Plan provisions.

(a) General

The Plan is a voluntary defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees of Publix Super Markets, Inc. and its wholly owned subsidiaries, Publix Alabama, LLC, Publix Asset Management Company and Publix North Carolina Employee Services, LLC (the Company or Publix) are eligible to participate in the Plan six months after their hire date, if they are at least 18 years of age. The Plan year is a calendar year.

(b) Plan Amendments

On July 30, 2021, the Plan was amended effective January 1, 2020 to comply with the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and to formally adopt coronavirus-related distributions and loan assistance as permitted under the Coronavirus Aid, Relief and Economic Security (CARES) Act. On July 2, 2021, the Plan was amended to sunset the provision that had previously included “Coronavirus Approved Absences” in the definition of “Hour of Service.”

(c) Contributions

Eligible employees may contribute up to 30% of their eligible annual compensation to the Plan, subject to the maximum contribution limits established by federal law. Participants direct the investment allocations of their contributions and the earnings thereon among 12 investment fund options offered under the Plan. A participant’s investment allocation is limited to no more than 25% in the Publix Stock Fund.

The Company may make a discretionary annual matching contribution to the accounts of eligible participants of the Plan as determined by the Company’s Board of Directors. During 2022 and 2021, the Company’s Board of Directors approved a match of 50% of an eligible participant’s annual contributions up to 3% of eligible annual compensation, not to exceed a maximum match of \$750 per participant. The match is determined as of the last day of the Plan year and funded by the Company in the subsequent Plan year. The match was paid by the Company in cash and invested in accordance with eligible participants’ investment allocations at the time the match was funded.

(d) Participant Accounts

Two separate accounts are maintained for each participant, a Savings Contributions Account and a Matching Contributions Account (the Accounts). Plan earnings are allocated and credited to the Accounts as of each valuation date. Each participant's share of earnings is determined by the Plan Administrator, on a weighted average basis, so that each participant receives a pro-rata share. Forfeitures of non-vested Matching Contributions Accounts of participants and of Accounts of separated participants or beneficiaries that cannot be located after two years are used to reduce future Company matching contributions. Forfeitures totaled \$1,128,283 and \$1,380,726 as of December 31, 2022 and 2021, respectively. Forfeitures, and earnings thereon, totaling \$1,124,172 and \$1,367,127 were used to reduce the Company matching contributions for the 2022 and 2021 Plan years, respectively.

(e) Vesting

Participants are immediately vested in their contributions and earnings thereon. Company matching contributions and earnings thereon are generally 100% vested upon completing three years of credited service, reaching age 60, total disability or death. Matching contributions cannot be withdrawn or distributed until vested.

(f) Notes Receivable from Participants

All actively employed participants with available account balances may apply for a loan from their Accounts. The minimum amount a participant may borrow is \$1,000. The maximum amount a participant may borrow is the lesser of: 1) 50% of the balances in the participant's Savings Contributions Account and vested Matching Contributions Account; or 2) \$50,000, less the participant's highest outstanding loan balance during the previous 12 month period. However, the value of any shares held by the participant in the Publix Stock component of the Publix Stock Fund cannot be borrowed. Participants may initiate one loan each year and may only have one outstanding loan at a time. All administration costs incurred as a result of a loan are paid by the participant. The interest rate is determined by Voya Institutional Plan Services, the third-party Plan Administrator, as of the first business day of each calendar quarter based on the United States (U.S.) prime interest rate as published in the Wall Street Journal. The interest rate on a loan is fixed for the term of the loan. Participant loans are classified as notes receivable from participants in the statements of net assets available for plan benefits and measured at their unpaid principal balance plus any unpaid accrued interest.

A participant can choose a repayment term of up to five years. Repayments of principal and interest are made through after-tax payroll deductions each pay period. Repayments of principal and interest are credited pro-rata to the participant's Savings Contributions Account and Matching Contributions Account from which the loan was originally funded and reinvested according to the participant's current investment allocations. Upon separation of employment, all unpaid principal and unpaid accrued interest on any loan outstanding is immediately due and payable. Participants may repay a loan in total at any time after the loan has been in effect for at least 90 days and participants must wait 30 days between paying off one loan and initiating a new loan.

(g) Distribution of Benefits

Benefits are recorded when paid.

A participant who reaches age 59½ and who is actively employed by the Company may elect to withdraw all or a portion of his/her Savings Contributions Account and the vested portion of his/her Matching Contributions Account.

Upon separation of service, retirement, disability or death, a participant or his/her beneficiary may elect to receive full distribution of his/her Savings Contributions Account and vested Matching Contributions Account as of the valuation date immediately preceding the date of distribution, subject to certain restrictions on the sale of Publix Stock. If the value of a participant's vested Accounts is \$1,000 or less, the participant generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of a participant's vested Accounts exceeds \$1,000 and the participant is not 62 years of age or older, the participant may elect to defer distribution. Payment of a deferred distribution must be made to a participant no later than April 1 of the Plan year immediately following the Plan year in which the participant reaches age 62.

If the value of a deceased participant's Savings Contributions and Matching Contributions Accounts is \$5,000 or less, the participant's beneficiary generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of a deceased participant's Accounts exceeds \$5,000, the beneficiary may elect to defer distribution. Payment of a deferred distribution must be made to a beneficiary other than a surviving spouse by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the beneficiary is the participant's surviving spouse, distribution can be deferred until the participant would have reached age 72.

(h) Termination of Plan

The Company intends to continue the Plan indefinitely, but is not contractually obligated to do so. The Company reserves the right to discontinue its contributions at any time and the right to amend or discontinue the Plan at any time. If the Plan is ever terminated, participants will be fully vested in all amounts credited to their Matching Contributions Accounts.

(i) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

PUBLIX SUPER MARKETS, INC.
401(k) SMART PLAN
Notes to Financial Statements

(j) Investments

The Plan's investments are stated at fair value. Quoted active market prices are used to value shares of mutual funds. The Publix Stock Fund is comprised of two components: Publix Stock and cash awaiting investment in Publix Stock. Cash awaiting investment in Publix Stock is invested in a short-term fixed income funding vehicle, State Street Institutional U.S. Government Money Market Fund (Premier Class), a mutual fund. Investment in Publix Stock represented 75.9% and 74.5% of the Plan's net assets available for plan benefits as of December 31, 2022 and 2021, respectively. Because Publix Stock is not traded on an established securities market, the market price of Publix Stock is determined by the Trustee responsible for maintaining custody of the Publix Stock component of the Publix Stock Fund. As part of the process to determine the market price of Publix Stock, an independent valuation is obtained. The process includes comparing the Company's financial results to those of comparable companies that are publicly traded (comparable publicly traded companies). The purpose of the process is to determine a value for Publix Stock that is comparable to the stock value of comparable publicly traded companies by considering both the results of the stock market and the relative financial results of comparable publicly traded companies. Valuation effective dates are generally March 1, May 1, August 1 and November 1. Readily determinable fair value is used to value the Plan's interests in collective investment funds. There are no unfunded commitments or restrictions on redemptions by participants of the collective investment funds.

Purchases and sales of Publix Stock are recorded on the applicable valuation effective date for Publix Stock. Purchases and sales of all other securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

(k) Investment Risk

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the Accounts of participants and the amounts reported in the financial statements and supplemental schedule of the Plan.

(l) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(m) Stock Split

On April 1, 2022, the Company filed Articles of Amendment to its Restated Articles of Incorporation in order to effect a 5-for-1 stock split of Publix Stock, par value \$1.00 per share, and an increase in the number of authorized shares of Publix Stock from 1,000,000,000 to 4,000,000,000 shares, effective as of the close of business on April 14, 2022. The Articles of Amendment were approved by the Company's Board of Directors on April 1, 2022. The shares of Publix Stock reported in the financial statements, notes to financial statements and supplemental schedule of the Plan have been retroactively adjusted to give effect to the stock split.

(2) Administration of the Plan

Voya Institutional Trust Company, the Primary Trustee for the Plan, is responsible for the investment funds and other assets in which the employee contributions are invested, excluding Publix Stock. Tina P. Johnson is the Trustee responsible for the Publix Stock component of the Publix Stock Fund. Voya Institutional Plan Services serves as the third-party Plan Administrator. Officers and employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. The Plan administration costs are paid by the Company, except as follows:

- Loan processing fees of \$947,175 and \$611,825 during 2022 and 2021, respectively, were deducted from the Accounts of participants who received loans and were paid to the third-party Plan Administrator.
- Administrative fees of \$768,028 and \$649,530 during 2022 and 2021, respectively, were deducted from the Accounts of former employees and beneficiaries and were paid to the third-party Plan Administrator.
- Florida stamp taxes of \$203,216 and \$155,706 during 2022 and 2021, respectively, were deducted from the Accounts of participants who received loans in the state of Florida and were paid to the third-party Plan Administrator. The third-party Plan Administrator is responsible for reporting and remitting Florida stamp taxes to the Florida Department of Revenue.
- Expedited check fees of \$218,350 and \$168,429 during 2022 and 2021, respectively, were deducted from the net distribution, loan and withdrawal proceeds issued to participants who elected overnight delivery of their checks and were paid to the third-party Plan Administrator.

(3) Investments

The Plan's investments [including (losses) gains on investments bought and sold, as well as held during the year] (depreciated) appreciated in value by (\$39,101,563) and \$732,994,194 during 2022 and 2021, respectively.

The fair value of investments is based on market prices using the following measurement categories:

Level 1 – Fair value is determined by using quoted prices in active markets for identical investments. Investments included in this category are mutual funds.

Level 2 – Fair value is determined by using other than quoted prices. By using observable inputs (such as similar securities), the fair value is determined through the use of models or other valuation methodologies (such as benchmarking of similar securities and using readily determinable fair value where the fair value per share is determined and published on a regular basis on a non-active market and is the basis for current transactions). Investments included in this category are Publix Stock and collective investment funds.

Level 3 – Fair value is determined by using other than observable inputs. Fair value is determined by using the best information available in the circumstances and requires significant management judgment or estimation. No investments are included in this category.

(4) Employer Contribution Receivable

The 2022 and 2021 Plan year matching contributions, net of forfeitures, were \$45,830,620 and \$43,588,501, respectively. The matching contribution was recorded as a receivable as of the Plan year end and funded by the Company in the subsequent Plan year. These matching contributions were paid in cash and invested in accordance with eligible participants' investment allocations at the time the matching contributions were funded.

(5) Party-in-Interest and Related Party Transactions

Certain Plan investments are collective investment and mutual funds managed by State Street Global Advisors (State Street), the investment management division of State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian for the Plan under the direction of Voya Institutional Trust Company. Voya Institutional Plan Services serves as the third-party Plan Administrator.

In addition to Publix Stock, the transactions involving State Street investments qualify as party-in-interest transactions. Certain administration costs paid to Voya Institutional Plan Services also are considered party-in-interest transactions.

The Plan received cash dividend payments on Publix Stock of \$110,479,026 and \$96,705,708 during 2022 and 2021, respectively. Such dividends were invested in the cash component of the Publix Stock Fund. The number of shares of Publix Stock held in participant Accounts totaled 316,038,824 and 330,221,684 with fair values of \$4,598,364,887 and \$4,543,850,377 as of December 31, 2022 and 2021, respectively.

(7) Tax Status

The Plan, as amended and restated as of January 1, 2013, received a favorable tax determination letter, dated April 3, 2014, from the Internal Revenue Service (IRS) under Internal Revenue Code (IRC) Section 401(a). As such, the Plan's design is exempt from federal income taxes under IRC Section 501(a). Though the Plan has been amended since January 1, 2013, the Plan Administrator believes the Plan continues to be qualified and the Plan has been and is currently being operated in compliance with the applicable requirements of the IRC and the Plan document.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Report of Independent Registered Public Accounting Firm

To the Plan Administrator and Plan Participants
Publix Super Markets, Inc. 401(k) SMART Plan:

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for plan benefits of the Publix Super Markets, Inc. 401(k) SMART Plan (the Plan) as of December 31, 2022 and 2021, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for plan benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Accompanying Supplemental Information

The Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

(1) Description of Plan and Summary of Accounting Policies

The following brief description of the Publix Super Markets, Inc. 401(k) SMART Plan (the Plan) provides only general information. Participants should refer to the Plan document or the summary plan description for a complete description of the Plan provisions.

(a) General

The Plan is a voluntary defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees of Publix Super Markets, Inc. and its wholly owned subsidiaries, Publix Alabama, LLC, Publix Asset Management Company and Publix North Carolina Employee Services, LLC (the Company or Publix) are eligible to participate in the Plan six months after their hire date, if they are at least 18 years of age. The Plan year is a calendar year.

(b) Plan Amendments

On July 30, 2021, the Plan was amended effective January 1, 2020 to comply with the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and to formally adopt coronavirus-related distributions and loan assistance as permitted under the Coronavirus Aid, Relief and Economic Security (CARES) Act. On July 2, 2021, the Plan was amended to sunset the provision that had previously included “Coronavirus Approved Absences” in the definition of “Hour of Service.”

(c) Contributions

Eligible employees may contribute up to 30% of their eligible annual compensation to the Plan, subject to the maximum contribution limits established by federal law. Participants direct the investment allocations of their contributions and the earnings thereon among 12 investment fund options offered under the Plan. A participant’s investment allocation is limited to no more than 25% in the Publix Stock Fund.

The Company may make a discretionary annual matching contribution to the accounts of eligible participants of the Plan as determined by the Company’s Board of Directors. During 2022 and 2021, the Company’s Board of Directors approved a match of 50% of an eligible participant’s annual contributions up to 3% of eligible annual compensation, not to exceed a maximum match of \$750 per participant. The match is determined as of the last day of the Plan year and funded by the Company in the subsequent Plan year. The match was paid by the Company in cash and invested in accordance with eligible participants’ investment allocations at the time the match was funded.

(d) Participant Accounts

Two separate accounts are maintained for each participant, a Savings Contributions Account and a Matching Contributions Account (the Accounts). Plan earnings are allocated and credited to the Accounts as of each valuation date. Each participant's share of earnings is determined by the Plan Administrator, on a weighted average basis, so that each participant receives a pro-rata share. Forfeitures of non-vested Matching Contributions Accounts of participants and of Accounts of separated participants or beneficiaries that cannot be located after two years are used to reduce future Company matching contributions. Forfeitures totaled \$1,128,283 and \$1,380,726 as of December 31, 2022 and 2021, respectively. Forfeitures, and earnings thereon, totaling \$1,124,172 and \$1,367,127 were used to reduce the Company matching contributions for the 2022 and 2021 Plan years, respectively.

(e) Vesting

Participants are immediately vested in their contributions and earnings thereon. Company matching contributions and earnings thereon are generally 100% vested upon completing three years of credited service, reaching age 60, total disability or death. Matching contributions cannot be withdrawn or distributed until vested.

(f) Notes Receivable from Participants

All actively employed participants with available account balances may apply for a loan from their Accounts. The minimum amount a participant may borrow is \$1,000. The maximum amount a participant may borrow is the lesser of: 1) 50% of the balances in the participant's Savings Contributions Account and vested Matching Contributions Account; or 2) \$50,000, less the participant's highest outstanding loan balance during the previous 12 month period. However, the value of any shares held by the participant in the Publix Stock component of the Publix Stock Fund cannot be borrowed. Participants may initiate one loan each year and may only have one outstanding loan at a time. All administration costs incurred as a result of a loan are paid by the participant. The interest rate is determined by Voya Institutional Plan Services, the third-party Plan Administrator, as of the first business day of each calendar quarter based on the United States (U.S.) prime interest rate as published in the Wall Street Journal. The interest rate on a loan is fixed for the term of the loan. Participant loans are classified as notes receivable from participants in the statements of net assets available for plan benefits and measured at their unpaid principal balance plus any unpaid accrued interest.

A participant can choose a repayment term of up to five years. Repayments of principal and interest are made through after-tax payroll deductions each pay period. Repayments of principal and interest are credited pro-rata to the participant's Savings Contributions Account and Matching Contributions Account from which the loan was originally funded and reinvested according to the participant's current investment allocations. Upon separation of employment, all unpaid principal and unpaid accrued interest on any loan outstanding is immediately due and payable. Participants may repay a loan in total at any time after the loan has been in effect for at least 90 days and participants must wait 30 days between paying off one loan and initiating a new loan.

(g) Distribution of Benefits

Benefits are recorded when paid.

A participant who reaches age 59½ and who is actively employed by the Company may elect to withdraw all or a portion of his/her Savings Contributions Account and the vested portion of his/her Matching Contributions Account.

Upon separation of service, retirement, disability or death, a participant or his/her beneficiary may elect to receive full distribution of his/her Savings Contributions Account and vested Matching Contributions Account as of the valuation date immediately preceding the date of distribution, subject to certain restrictions on the sale of Publix Stock. If the value of a participant's vested Accounts is \$1,000 or less, the participant generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of a participant's vested Accounts exceeds \$1,000 and the participant is not 62 years of age or older, the participant may elect to defer distribution. Payment of a deferred distribution must be made to a participant no later than April 1 of the Plan year immediately following the Plan year in which the participant reaches age 62.

If the value of a deceased participant's Savings Contributions and Matching Contributions Accounts is \$5,000 or less, the participant's beneficiary generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of a deceased participant's Accounts exceeds \$5,000, the beneficiary may elect to defer distribution. Payment of a deferred distribution must be made to a beneficiary other than a surviving spouse by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the beneficiary is the participant's surviving spouse, distribution can be deferred until the participant would have reached age 72.

(h) Termination of Plan

The Company intends to continue the Plan indefinitely, but is not contractually obligated to do so. The Company reserves the right to discontinue its contributions at any time and the right to amend or discontinue the Plan at any time. If the Plan is ever terminated, participants will be fully vested in all amounts credited to their Matching Contributions Accounts.

(i) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

PUBLIX SUPER MARKETS, INC.
401(k) SMART PLAN
Notes to Financial Statements

(j) Investments

The Plan's investments are stated at fair value. Quoted active market prices are used to value shares of mutual funds. The Publix Stock Fund is comprised of two components: Publix Stock and cash awaiting investment in Publix Stock. Cash awaiting investment in Publix Stock is invested in a short-term fixed income funding vehicle, State Street Institutional U.S. Government Money Market Fund (Premier Class), a mutual fund. Investment in Publix Stock represented 75.9% and 74.5% of the Plan's net assets available for plan benefits as of December 31, 2022 and 2021, respectively. Because Publix Stock is not traded on an established securities market, the market price of Publix Stock is determined by the Trustee responsible for maintaining custody of the Publix Stock component of the Publix Stock Fund. As part of the process to determine the market price of Publix Stock, an independent valuation is obtained. The process includes comparing the Company's financial results to those of comparable companies that are publicly traded (comparable publicly traded companies). The purpose of the process is to determine a value for Publix Stock that is comparable to the stock value of comparable publicly traded companies by considering both the results of the stock market and the relative financial results of comparable publicly traded companies. Valuation effective dates are generally March 1, May 1, August 1 and November 1. Readily determinable fair value is used to value the Plan's interests in collective investment funds. There are no unfunded commitments or restrictions on redemptions by participants of the collective investment funds.

Purchases and sales of Publix Stock are recorded on the applicable valuation effective date for Publix Stock. Purchases and sales of all other securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

(k) Investment Risk

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the Accounts of participants and the amounts reported in the financial statements and supplemental schedule of the Plan.

(l) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(m) Stock Split

On April 1, 2022, the Company filed Articles of Amendment to its Restated Articles of Incorporation in order to effect a 5-for-1 stock split of Publix Stock, par value \$1.00 per share, and an increase in the number of authorized shares of Publix Stock from 1,000,000,000 to 4,000,000,000 shares, effective as of the close of business on April 14, 2022. The Articles of Amendment were approved by the Company's Board of Directors on April 1, 2022. The shares of Publix Stock reported in the financial statements, notes to financial statements and supplemental schedule of the Plan have been retroactively adjusted to give effect to the stock split.

(2) Administration of the Plan

Voya Institutional Trust Company, the Primary Trustee for the Plan, is responsible for the investment funds and other assets in which the employee contributions are invested, excluding Publix Stock. Tina P. Johnson is the Trustee responsible for the Publix Stock component of the Publix Stock Fund. Voya Institutional Plan Services serves as the third-party Plan Administrator. Officers and employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. The Plan administration costs are paid by the Company, except as follows:

- Loan processing fees of \$947,175 and \$611,825 during 2022 and 2021, respectively, were deducted from the Accounts of participants who received loans and were paid to the third-party Plan Administrator.
- Administrative fees of \$768,028 and \$649,530 during 2022 and 2021, respectively, were deducted from the Accounts of former employees and beneficiaries and were paid to the third-party Plan Administrator.
- Florida stamp taxes of \$203,216 and \$155,706 during 2022 and 2021, respectively, were deducted from the Accounts of participants who received loans in the state of Florida and were paid to the third-party Plan Administrator. The third-party Plan Administrator is responsible for reporting and remitting Florida stamp taxes to the Florida Department of Revenue.
- Expedited check fees of \$218,350 and \$168,429 during 2022 and 2021, respectively, were deducted from the net distribution, loan and withdrawal proceeds issued to participants who elected overnight delivery of their checks and were paid to the third-party Plan Administrator.

(3) Investments

The Plan's investments [including (losses) gains on investments bought and sold, as well as held during the year] (depreciated) appreciated in value by (\$39,101,563) and \$732,994,194 during 2022 and 2021, respectively.

The fair value of investments is based on market prices using the following measurement categories:

Level 1 – Fair value is determined by using quoted prices in active markets for identical investments. Investments included in this category are mutual funds.

Level 2 – Fair value is determined by using other than quoted prices. By using observable inputs (such as similar securities), the fair value is determined through the use of models or other valuation methodologies (such as benchmarking of similar securities and using readily determinable fair value where the fair value per share is determined and published on a regular basis on a non-active market and is the basis for current transactions). Investments included in this category are Publix Stock and collective investment funds.

Level 3 – Fair value is determined by using other than observable inputs. Fair value is determined by using the best information available in the circumstances and requires significant management judgment or estimation. No investments are included in this category.

(4) Employer Contribution Receivable

The 2022 and 2021 Plan year matching contributions, net of forfeitures, were \$45,830,620 and \$43,588,501, respectively. The matching contribution was recorded as a receivable as of the Plan year end and funded by the Company in the subsequent Plan year. These matching contributions were paid in cash and invested in accordance with eligible participants' investment allocations at the time the matching contributions were funded.

(5) Party-in-Interest and Related Party Transactions

Certain Plan investments are collective investment and mutual funds managed by State Street Global Advisors (State Street), the investment management division of State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian for the Plan under the direction of Voya Institutional Trust Company. Voya Institutional Plan Services serves as the third-party Plan Administrator.

In addition to Publix Stock, the transactions involving State Street investments qualify as party-in-interest transactions. Certain administration costs paid to Voya Institutional Plan Services also are considered party-in-interest transactions.

The Plan received cash dividend payments on Publix Stock of \$110,479,026 and \$96,705,708 during 2022 and 2021, respectively. Such dividends were invested in the cash component of the Publix Stock Fund. The number of shares of Publix Stock held in participant Accounts totaled 316,038,824 and 330,221,684 with fair values of \$4,598,364,887 and \$4,543,850,377 as of December 31, 2022 and 2021, respectively.

(7) Tax Status

The Plan, as amended and restated as of January 1, 2013, received a favorable tax determination letter, dated April 3, 2014, from the Internal Revenue Service (IRS) under Internal Revenue Code (IRC) Section 401(a). As such, the Plan's design is exempt from federal income taxes under IRC Section 501(a). Though the Plan has been amended since January 1, 2013, the Plan Administrator believes the Plan continues to be qualified and the Plan has been and is currently being operated in compliance with the applicable requirements of the IRC and the Plan document.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.
