INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of
Crum & Forster Employee Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Crum and Forster 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Crum and Forster 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crum and Forster 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crum and Forster 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of
Crum & Forster Employee Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Crum and Forster 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Crum and Forster 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crum and Forster 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crum and Forster 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Crum & Forster Employee Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Crum & Forster Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, which legally governs the Plan, for a more complete description of the Plan’s provisions.

General

The Plan is a participant directed, defined contribution plan covering eligible employees of Crum & Forster and Subsidiaries (the “Company”). The Plan is a profit-sharing plan with a cash or deferred arrangement that is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”) of 1986, as amended. Participation in the Plan is voluntary and eligible employees are permitted to contribute to the Plan systematically through payroll deductions. All regular employees, as defined in the Plan document, are eligible to contribute to the Plan. Eligible participants are automatically enrolled in the Plan after their hire date, unless the participant opts out. Participants may contribute on a pre-tax or after-tax basis, or combination of both. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective January 1, 2021, PetHealth Software Solutions (USA) Inc. and its subsidiaries became “Related Employers” as defined in the Plan document, however these employees were excluded from the Plan for the period January 1, 2021 through December 31, 2022.

Administration

The Plan is administered by the Employee Benefits Committee (the “Committee”), whose members are appointed by the board of directors of the Company. The Committee administers or delegates such duties that are required to maintain the financial records of the Plan. Vanguard Fiduciary Trust Company (“Vanguard”) is the Trustee of the Plan (see Note 3).

Contributions

Eligible employees may contribute to the Plan between 1%-50% of their annual pre-tax and after-tax compensation, as defined by the Plan, up to the IRC maximum allowance of \$20,500 in 2022. Eligible participants who attain age 50 in a particular calendar year may elect to make additional catch-up contributions up to \$6,500, increasing the maximum allowance to \$27,000 for 2022. Catch-up contributions are also eligible for Company matching contributions. Employees that are automatically enrolled initially contribute at a rate of 4% of their annual pre-tax compensation, unless the participant opts out. Participants that are contributing less than the maximum matchable amount (currently 6% of salary) will have their pre-tax contributions level automatically increased by 1% annually until the maximum matchable amount of 10% is reached, unless the employee elects not to participate in the automatic increases. The Plan allows for after-tax Roth contributions.

Company contributions (collectively, the “Employer Contributions”) include: (i) a discretionary contribution at the end of the Plan year equal to a certain percentage of salaries, as defined by the Plan document, for all employees on the last day of the Plan year or who terminated their employment during the Plan year due to retirement, death or disability (the “Company Basic Contribution”) and (ii) a matching contribution equal to 75% of the participants’ pre-tax and Roth contributions, up to a maximum amount of 6% of deferrals (the “Company Matching Contribution”). In total, the Company’s Basic Contribution was \$8,084,879 and the Company’s Matching Contribution was \$10,525,044 for the year ended December 31, 2022 .

Participants direct the investment of their contributions and Employer Contributions into any of various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer Contributions and Plan earnings. Withdrawals by or distributions to the participant, as defined in the Plan document, and Plan loans, reduce a participant's account.

Vesting

Plan participants are 100% vested in the account balance attributable to their voluntary contributions and actual earnings thereon.

Participants who are active or were hired on or after January 1, 2019 become vested in Employer Contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 or more	100%

Participants terminated prior to January 1, 2019 vest in Employer Contributions under the prior vesting terms as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 or more	100%

A participant becomes 100% vested in Employer Contributions if the participant becomes totally disabled, dies, or reaches age 65 while employed by the Company.

Payment of Benefits

Upon termination of service or death, the participant, or the designated beneficiary, may elect to receive a single lump-sum payment in cash or to transfer their vested benefits to another qualified plan or to an individual retirement account. The Plan also allows for certain distributions after a participant attains the age of 59-1/2 or in the event of certain hardships.

Rollovers

The Plan allows eligible participants to make rollover contributions from other qualified plans.

Forfeitures

Forfeitures of non-vested Employer Contributions are used to reduce future Employer Contributions. For 2022, the Plan did not use forfeitures to reduce Employer Contributions. At December 31, 2022 and 2021, the forfeiture balance was \$485,614 and \$225,513, respectively.

Notes Receivable from Participants

At the discretion of, and subject to, the terms as set forth in the Plan, loans may be made to a participant of up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's total vested balance. Interest will be charged at a rate equal to one point above the prime rate at the date of the loan and, in general, repayment must be made over a period not to exceed five years, except for loans used to purchase a principal residence, in which case the repayment period may not exceed twenty years. At December 31, 2022 and 2021, interest rates on outstanding loans range from 4.25% to 8.5% for each year.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants under the Plan at the date of termination or discontinuance shall be non-forfeitable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies consistently applied in the preparation of the financial statements of the Plan.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, changes in net assets available for benefits during the reporting period, and the disclosure of any contingencies. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The brokerage option fund allows participants to select from shares of mutual funds and investments in common stocks and corporate bonds, which are valued at the closing price reported in the active market in which the individual securities are traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Upon default, these receivables are deemed to be a distribution to the participant.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incidental to the purchase and sale of investments are reflected in the cost or net proceeds of sale, as applicable. Generally, the Company pays the administrative fees charged by the Trustee to maintain the Plan accounts of active participants and fees necessary to be in compliance with ERISA and the IRC.

During the year ended December 31, 2022, a significant portion of the Plan's expenses were paid by the Company, however, the Plan reserves the right to have certain Plan expenses to be paid directly from the assets of the Plan. Expenses paid directly from assets of the Plan totaled \$166,455 for the year ended December 31, 2022. Investment related fees are reflected as an offset of net investment income and are not readily determinable.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan's investments are maintained in participant directed accounts, which are held and administered by the Trustee, Vanguard. All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year, including investments and notes receivables from participants held at December 31, 2022 and 2021, net depreciation/appreciation in fair value of investments, interest income from notes receivables from participants, and investment and other income for the year ended December 31, 2022, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee. Accordingly, no audit procedures were performed with respect to such information, except for comparing such information, with the related information included in the financial statements.

4. FAIR VALUE MEASUREMENTS

In accordance with GAAP, each of the Plan's fair value measurements are categorized as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Mutual funds held by the Plan are investments registered with the Securities and Exchange Commission and are valued at the registered investment company's Net Asset Value ("NAV") as reported by the fund. These funds are required to publish their NAV and to transact at that price. The NAV is based on the value of the underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding calculated as the close of business on the New York Stock Exchange. The mutual funds held by the Plan are deemed to be actively traded.

Brokerage Option Fund: Investments included in the brokerage option fund are primarily comprised of cash, common stocks, mutual funds, and exchange traded funds. Common stocks and exchange traded funds are valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds are valued at the NAV as reported by the fund and are deemed to be actively traded.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments, at fair value	<u>\$ 507,030,574</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 507,030,574</u>

5. TAX STATUS

The Plan adopted a prototype non-standardized profit-sharing plan sponsored by Vanguard, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties reflected on these financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds and brokerage option investments managed by the Trustee as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants are granted and administered by the Trustee and, therefore, these loan transactions qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

7. RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds and has a brokerage option fund. These investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the financial statement date through the date of September 19, 2023, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred, other than what is disclosed below, which require adjustment to or disclosure in the financial statements.

Effective July 21, 2023, the Company transferred assets in the amount of \$493,943 for certain employees, of a former affiliated entity, from the Company's 401(k) Plan Trust at Vanguard to the RiverStone Plan Trust at Bank of America Merrill Lynch.
