REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator and Participants of the
Albany Law School Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Albany Law School Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

As described in Note 8 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Albany Law School Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Service ("IRS") Code Section 403(b) defined contribution plan covering all Albany Law School (the "School") employees, except non-resident aliens, employees who normally work less than 20 hours per week, student employees, leased employees, and adjunct faculty members who normally work less than 20 hours per week. Eligible employees can participate in the Plan upon their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan utilizes Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (collectively, "TIAA and CREF") and The Variable Annuity Life Insurance Company ("VALIC") as its custodians. TIAA is the recordkeeper of the Plan. Effective September 23, 2017, no new contributions can be made to VALIC.

Contributions

Participant Contributions

Beginning on their employment date, participants may elect to contribute a discretionary amount of their annual eligible compensation, as defined by the Plan, provided the participant's contribution does not exceed the maximum dollar amount determined by the IRS each year. Participants that have attained age 50 may defer up to an additional \$6,500 as catch-up contributions. Participants who have completed at least 15 years of service with the School may be eligible to defer additional amounts, subject to current IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions

Participants are eligible to receive discretionary employer contributions starting on the first day of the first full month of employment. For the years ended December 31, 2022 and 2021, the discretionary contribution authorized by the Board was set at an amount equal to 5% of eligible compensation for all eligible plan participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, school contributions, and investment earnings thereon, and charged with investment losses thereon, withdrawals and an allocation of administrative fees, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is fully vested in the balance of their account at all times.

Albany Law School Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Investment Options

Participants direct the Plan custodians to invest their account balances in one or more investment options available under the Plan. During the years ended December 31, 2022 and 2021, participants could choose from registered investment companies (including mutual funds and money market funds), a pooled separate account, and unallocated annuity contracts.

Plan Loans

Prior to January 1, 2020, plan loans were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Contract (the "Traditional Annuity") account balance was reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. See Note 3 for discussion of the Traditional Annuity. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

At December 31, 2022 and 2021, participants had outstanding plan loan balances due to TIAA of \$112,278 and \$165,645, respectively. These loans were collateralized by Traditional Annuity account balances of \$123,506 and \$182,210 as of December 31, 2022 and 2021, respectively.

Plan loans were also available through VALIC. Plan loans were issued directly from the funds owned by VALIC and loan proceeds were not removed from a participant's account balance. Participants receiving a loan from VALIC were required to pledge 100% of the loan amount in their overall account balance. As of December 31, 2022 and 2021, participants had outstanding plan loan balances due to VALIC of \$254,378 and \$324,327, respectively.

Participant Loans

Starting with calendar year 2020, TIAA no longer issued plan loans in an effort to enhance their services to participants. The plan loans were replaced by participant loans. Participant loans are available to active employees subject to certain limitations. Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of two loans outstanding at any time. Loan terms range from one to five years. In the event of a home loan, the term is no more than 10 years. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates at the time of issuance, as determined quarterly by the Plan administrator. Principal and interest must be paid by the borrower ratably at least quarterly. Participant loans are offered with a fixed rate of interest based on the prime rate plus 1% and funded through the active participant's retirement account. Principal and interest are paid back to the participant's account based on the investment allocation for contributions. At December 31, 2022 and 2021, participants had outstanding participant loan balances of \$94,401 and \$110,611, respectively.

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, in response to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. As part of the relief, the Act allows for retirement plan participants to have greater access to their savings if they are impacted by the coronavirus. The Plan administrator has elected to adopt certain provisions of the CARES Act and will amend the Plan pursuant to IRS regulations. Please refer to the following section for further descriptions of the benefit distribution provisions adopted by the Plan administrator.

Albany Law School Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Effective July 12, 2022, the Plan was amended in conjunction with the SECURE Act and the CARES Act to allow for certain COVID-19 crisis related distributions, participant loan relief and minimum distribution requirements.

Payment of Benefits

Distributions, as defined by the Plan, are permitted under the following circumstances: (i) termination, retirement, death or permanent disability; (ii) attainment of age 65; and (iii) qualified domestic relations order. Additionally, in-service distributions of elective deferrals only are permitted at age 59½. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations. Under the CARES Act, qualified Plan participants were permitted to withdraw penalty-free distributions of up to \$100,000. Distributions of a participant's account are made in the form of installments or lump-sum payments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with TIAA and the TIAA Stable Value fixed-rate annuity contract are reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals (see Note 3). All other plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by its trustees and custodians. In determining fair value, the Plan uses various valuation approaches including the observability of prices and inputs as well as net asset value ("NAV") per share, its equivalent, as the practical expedient. See Note 5 for additional fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Albany Law School Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant loans are reclassified as benefits paid to participants on the statement of changes in net assets available for benefits in accordance with the provisions of the Plan.

Administrative Expenses

Expenses of maintaining the Plan may be paid directly by the Plan or by the School. Those expenses paid directly by the School are excluded from the financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 3 - FULLY BENEFIT-RESPONSIVE INVESTMENTS, AT CONTRACT VALUE

The Traditional Annuity is a guaranteed fixed annuity contract that is available to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Supplemental Retirement Annuity ("SRA") and the Group Supplemental Retirement Annuity ("GSRA"), which are fully benefit-responsive. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the Traditional Annuity (accumulation phase of the contract), they may elect at retirement to purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

All SRA and GSRA contracts provide for full participant directed liquidity. When a participant's accumulation in the Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The TIAA Stable Value, also a fully benefit-responsive contract, is a fixed-rate annuity contract backed by the assets of TIAA's general account. The TIAA Stable Value Contract is reported at contract value, which equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Funds are credited at a stated rate to the participant's account. The contract guarantees principal and a minimum interest rate, and provides the opportunity for additional amounts in excess of the guaranteed rate.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, nor limit the ability of the Plan to transact at contract value with its participants.

NOTE 4 - INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VALIC and TIAA and CREF, insurance companies and issuers of certain annuity contract investment assets of the Plan, have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate (this certification extends to investments that were record kept by TIAA, but were held by TIAA, FSB (formerly known as TIAA-CREF Trust Company, FSB) as directed trustee or custodian:

- Investments, at fair value and fully benefit-responsive investments, at contract value as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Albany Law School Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- *Mutual Fund and Money Market Fund Investments:* The Plan's mutual fund and money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- *Registered Investment Companies:* The Plan's variable annuities related to investments in CREF annuities are valued at quoted market prices, representing the NAV of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.
- *TIAA Real Estate Account:* (a pooled separate account) the fair value is based on the fund's daily NAV. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions. There are no unfunded commitments from participants in the Plan who invest in this account.
- *VALIC Fixed Accounts: the Fixed Account Plus and the Short-Term Fixed Account:* These assets are invested to provide fixed-rate earnings and guarantee the safety of the principal. The guarantees are backed by the claims-paying ability of VALIC. The minimum guaranteed interest rate for participant accounts set up prior to December 1, 2003 is 3.00%. For those accounts set up on or after December 1, 2003, the minimum guaranteed interest rate is 2.00%. VALIC Loan Collateral Fund balances are invested in these fixed accounts.
 - The Fixed Account Plus is valued based upon the cash flow due to the contract holder under the surrender provisions of the contract, discounted according to risk-adjusted market rates. Withdrawals from this account are restricted to 20% per year. The Fixed Account Plus investment is not a fully benefit-responsive contract. This investment is classified within Level 3 of the fair value hierarchy.
 - The Short-Term Fixed Account is valued at contract value, which approximates fair value. Contract value is deemed to approximate fair value based on observation of recent participant investments and withdrawals at contract value. It is credited with interest at rates set by VALIC, which may be lower than the rates credited to Fixed Account Plus. The account is guaranteed to earn at least a minimum rate of interest shown in the Plan's contract. The crediting interest rate was 1% as of December 31, 2022 and 2021. Deposits will be credited with a different rate of interest depending on the time period in which it is accumulated. This investment is classified within Level 3 of the fair value hierarchy.
- *TIAA Traditional Annuity:* The TIAA Traditional Annuity is a fixed-rate contract-based investment for which observable prices for identical or similar investments do not exist, and is classified as Level 3. The Plan's TIAA Traditional Annuity investment is offered through a variety of contract types, one of which is the Retirement Annuity ("RA"), a non-fully benefit-responsive contract. Investments in the TIAA Traditional Annuity earns a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The accumulated crediting interest rate was approximately 6.3%, net of annual fees for the year ended December 31, 2022 and approximately 3.8% for the year ended December 31, 2021. The crediting interest rate is calculated on a daily basis. The RA does not allow lump-sum cash withdrawals and transfers and these distributions must be distributed over 10 annual installments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 6 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan invests in shares of registered investment companies (including mutual funds), a pooled separate account and investment contracts managed by VALIC and TIAA and CREF, the custodians. Therefore, transactions in such investments qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA. The Plan also permits notes receivable from participants. Therefore, transactions pertaining to these investments qualify as party-in-interest transactions. Certain administrative expenses paid by the Plan Sponsor qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan or its custodians. Consequently, the financial statements have been prepared based on available records analyzed by the Plan administrator. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, in all material respects, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued, and determined that there were no circumstances that warranted recognition or disclosure in the financial statements as of December 31, 2022.
