Independent Auditor's Report

Plan Committee and Participants
L&M Radiator 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of L&M Radiator 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—Schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of ADDITIONAL analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

L&M Radiator 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of L&M Radiator 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of L&M Radiator, Inc. (the Company or Plan Administrator). Employees 18 years of age or older are eligible to participate in the Plan on the first day of the month after one month of service. Nonresident aliens, consultants, interns, leased employees and union employees, unless required by a collective bargaining agreement, are not eligible for the Plan. Seasonal employees whose regularly scheduled service is less than 1,000 hours of service during a year are not eligible for the Plan. For the purpose of the Company's discretionary matching contribution, eligibility occurs when the employee is 18 years or older, has completed one month of service, and is employed on the last day of the Plan year. For the purpose of the Company's discretionary profit sharing contribution, eligibility occurs when the employee is 18 years or older, has worked 1,000 hours during a Plan year, is employed on the last day of the Plan year, and does not participate in the L&M Radiator, Inc. Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator has appointed Newport Trust Company as trustee of the Plan. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

Contributions: Participants may contribute up to 100% of their eligible compensation according to the Plan's provisions up to the maximum dollar amount allowed by the Internal Revenue Code (IRC). Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute, as rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans and certain individual retirement accounts. Participants direct the investment of Plan contributions into various investment options offered by the Plan.

The Company may elect to make a discretionary matching contribution to the Plan. The Company made a discretionary matching contribution equal to 20% of employee deferrals up to 4% of eligible compensation for the year ended December 31, 2022.

The Company may also elect to make a discretionary profit sharing contribution to the Plan. The Company made a discretionary profit sharing contribution equal to 4% of eligible compensation for the year ended December 31, 2022.

Participant accounts: Each participant's account is credited or charged with the participant's contributions, the Company's contributions, if any, and an allocation of investment results and administrative expenses that are paid by the Plan. Allocations are based on the participant's account balances, compensation or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their participant and Company matching contributions and the investment earnings thereon. Company profit sharing contributions and the investment earnings thereon are subject to a vesting schedule based on years of credited service. A participant is 50% vested after two years of credited service and is 100% vested after three years of credited service, upon attaining retirement (age 65) or early retirement (age 55) during the term of employment, or upon death or total and permanent disability.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Note transactions are treated as transfers between the investment fund and the note account. Note terms range up to five years, or longer if the note proceeds are used by the participant for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear a fixed rate of interest. Interest rates at December 31, 2022, ranged from 5.25% to 7.50%. Principal and interest are paid ratably through regular payroll deductions or remitted directly by participants.

Payment of benefits: On termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of single lump sum or installment payments. The Plan also allows for in-service withdrawals at age 59½ or in the case of financial hardship, subject to certain restrictions. If the value of a participant's vested benefit is less than \$1,000, the benefit may only be paid in a single lump sum, and the participant's consent is not needed. Balances \$5,000 or less distributed without participant consent are rolled over into an individual retirement account designated by the Plan Administrator for the benefit of the participant.

Forfeitures: There were approximately \$29,000 and \$34,000 of forfeited nonvested accounts at December 31, 2022 and 2021, respectively. These accounts were used to partially fund Company contributions to the Plan. The Company profit sharing contribution for 2022, which was paid to the Plan in 2023, was partially funded by approximately \$29,000 of forfeited nonvested accounts. The Company profit sharing contribution for 2021, which was paid to the Plan in 2022, was partially funded by approximately \$34,000 of forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, trustee, and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default in accordance with Plan provisions, the participant note balance is reduced and a benefit payment is recorded.

Notes receivable from participants are classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain other administrative expenses are paid directly by the Plan. Certain asset management and administrative expenses of the Plan are charged against the Plan's investment results.

Subsequent events: On June 15, 2023, the Company was sold to an independent third party. The Company intends to merge the Plan with the Wabtec Corporation Savings Plan on January 2, 2024.

The Plan Administrator has evaluated subsequent events through October 12, 2023, the date these financial statements were available to be issued.

Note 3. Information Certified or Provided by Newport Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Newport Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule relating to the following assets:

	2022	2021
Investments, at fair value:		
Mutual funds	\$ 10,725,403	\$ 12,494,078
Collective trust fund	1,416,266	1,623,428
Notes receivable from participants	247,844	334,702

Newport Trust Company also certified to the completeness and accuracy of \$2,859,422 of net depreciation in fair value of investments, \$631,710 of interest and dividends related to the aforementioned investments, \$45,495 of other income, and \$15,126 of interest on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued based on the publicly quoted active market prices of the shares of funds held by the Plan at year-end.

Collective trust fund: The collective trust fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value (NAV) of the shares of the fund held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the fund advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

L&M Radiator 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets carried at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,725,403	\$ -	\$ -	\$ 10,725,403
Investments measured at NAV (a)				1,416,266
Total investments at fair value				\$ 12,141,669

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,494,078	\$ -	\$ -	\$ 12,494,078
Investments measured at NAV (a)				1,623,428
Total investments at fair value				\$ 14,117,506

(a) Certain investments that were measured at NAV per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table presents additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as a practical expedient, when fair value is not readily determinable, as of December 31, 2022 and 2021:

	Fair Value Estimated Using NAV Per Share as of December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective trust fund	\$ 1,416,266	\$ 1,623,428	\$ -	Daily	None

Notes to Financial Statements

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Newport Group, Inc. Newport Group Inc has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

Newport Trust Company is the trustee of the Plan. Transactions with the aforementioned trustee qualify as party-in-interest transactions. The Newport Group is the record keeper for the Plan and provides administrative services; therefore, these transactions qualify as party-in-interest transactions. Certain expenses paid by the Plan to the trustee as well as other service providers are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities have occurred or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.
