INDEPENDENT AUDITOR'S REPORT

The Plan Sponsor and Plan Administrator of
Webb-Mason, LLC 401(k) Profit Sharing Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Webb-Mason, LLC 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial Statements section of our report. We are required to be independent of Webb-Mason, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Webb-Mason, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Webb-Mason, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Webb-Mason, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEBB-MASON, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

A. Description of Plan

The following description of the Webb-Mason, LLC 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- 1. General.** The Plan is a defined contribution plan covering substantially all employees of the controlled group who attained age 21 and completed three (3) months of service, with certain exclusions. For participation in the 401(k) arrangement, employees become eligible on the first day of each plan quarter, coincident with or next following the date on which eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative and Investment Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During 2022, SupplyLogic, LLC acquired Webb Mason, LLC (formally, Webb Mason, Inc. or Employer or Plan Sponsor) and following amendments were made to the Plan:

- Effective as of July 5, 2022, the Plan Sponsor name was updated to Webb-Mason, LLC and the Plan name to Webb-Mason, LLC 401(k) Profit Sharing Plan. The amended Plan continued to cover the employees of the controlled group members, Webb-Mason, LLC and Webb Mason Commercial, LLC.
- Demand Bridge LLC (DB) was permitted to adopt the Plan and continue as a non-controlled group participating employer until October 1, 2022. The net assets of DB's employees remained in the Plan, but all participant activity was suspended until the transfer out of the Plan was completed in January 2023.
- Effective as of January 1, 2023, SupplyLogic, LLC dba SLWM became the successor Plan Sponsor and Plan Administrator to the Plan. The Plan name was changed to SLWM 401(k) Plan.
- Effective as of March 1, 2023, the net assets of SupplyLogic 401(k) Plan merged with the SLWM 401(k) Plan. All participants of the merged-in plan became participants of the Plan.

- 2. Contributions.** Contributions are subject to certain Internal Revenue Service (IRS) limitations. Each year, participants may contribute up to 100% of pretax annual compensation up to the maximum allowed by law or \$20,500 (in 2022; thereafter as adjusted by the U.S. Secretary of the Treasury) in a calendar year. Participants who have obtained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make Roth elective deferrals and contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of the contributions into various investment options offered by the Plan. The Employer may make discretionary contributions, as well as a Safe Harbor contribution of no less than 3% if the Plan is amended in the Plan year. During 2022 and 2021 (as of July 15, 2021), the matching formula was 100% up to 3% of pay contributed. Effective January 1, 2023 the matching formula is 50% up to 6% of pay contributed.

A. Description of Plan (continued)

- 3. Participant Accounts.** Each participant's account is credited with the participant's contributions and matching contributions, as well as allocations of any employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4. Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon, as well as qualified matching contributions, safe-harbor contributions and any other qualified non-elective contributions. Vesting in the Employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six (6) years of credited service or upon reaching normal retirement age, death or becoming disabled while an employee.

The years of vesting service is determined as follows:

Years of Service	Vesting
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

- 5. Notes Receivable from Participants.** The Plan allows for loans to participants. Generally, the loan amount may not exceed \$50,000 or 50% of the participant's vested account balance, and the term of the loan may not exceed five years unless the proceeds are used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the market rate ranging from 5.0% to 9.50%. Principal and interest payments on the outstanding loans are made through payroll deductions. Loans are considered in default if any scheduled loan repayment is not made as required.
- 6. Payment of Benefits.** On termination of service due to death, disability or retirement, participants (or their designated beneficiaries) who have a balance greater than \$5,000 may elect to receive the total vested balance in a lump sum distribution or installments or may leave the balance in the Plan until minimum distribution is required. A participant with a vested balance of less than \$5,000 will receive a mandatory lump sum distribution. A distribution of vested balances between \$1,000 to \$5,000 will be rolled over to an IRA unless the participant makes an affirmative election to either receive or roll over the distribution. Balances under \$1,000 will be paid as a lump sum distribution.

In-service distributions are allowed for participants upon attainment of age 59 ½. Financial hardship withdrawals are permitted as set forth in the Plan to satisfy an immediate and heavy financial need.

A. Description of Plan (continued)

- 7. Forfeited Accounts.** At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,667 and \$57, respectively. These accounts can be used to restore forfeitures, reduce the Employer's contribution or offset Plan expenses. No employer contributions were funded from these accounts during 2022. For the year ended December 31, 2022, \$14,338 of plan expenses were paid from forfeited nonvested accounts.
- 8. Fee Recapture Account.** Under the Retirement Plan Services Agreement between Northwest Plan Services, Inc. (NWPS) and the Plan Sponsor, NWPS established a separate Fee Recapture Account (FRA) for deposits of revenue sharing payments by the trustee. The payments are provided by the Plan's investment funds to the trustee who deducts its compensation for collecting these payments before depositing the remaining amounts in the FRA. The payments are used to offset ERISA-qualified administrative expenses of the Plan and may be allocated to participant accounts to offset participant expenses under the Plan. The FRA balances are invested in Federated Capital Preservation Fund. At December 31, 2022 and 2021, the Plan's FRA had a total balance of \$782 and \$0, including interest, respectively. For the year ended December 31, 2022, the Plan received \$3,828 in revenue sharing credits and paid \$3,056 of Plan expenses from the FRA.

See Note H Related Party Transactions and Party-In-Interest Transactions.

9. Plan Amendments.

Effective June 8, 2022, the Plan was amended and restated for the legislative and statutory changes in Plan provisions.

See also Note A. Description of Plan – 1. General.

B. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts (FBRICs), which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued): Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Notes Receivable from Participants: Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based on the terms of the Plan.

Corrective Contributions: Corrective contributions include qualified nonelective contributions or other plan corrections and are generally recorded in the year of the event as 'other employer contributions' in the statement of changes in net assets available for benefits. Any associated receivable is presented as 'other employer contribution receivable' as of the Plan's year-end.

Corrective Distributions: Corrective distributions include Plan corrections that are generally recorded in the Plan year deemed payable to participants. Corrective distributions may also be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are netted against contributions in the statement of changes in net assets available for benefits and the associated liability is presented as 'excess contributions payable' as of the Plan's year-end.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Generally, the Plan's administrative fees and expenses are shared by the Plan and the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. The Plan's individual account fees and expenses are charged directly to participant accounts. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

C. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Company, LLC (the trustee of the Plan).

D. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual funds, which are actively traded, are valued at quoted market prices on nationally recognized securities exchanges and represent the net asset value (NAV) of shares held by the Plan at year-end and are classified as Level 1 within the valuation hierarchy.

Collective Trust Funds: The Plan is invested in a stable value fund investment option, Federated Capital Preservation Fund (the Fund). The Fund seeks to provide investors stable principal and high current income and invests in FBRICs. The Fund's underlying investments are comprised of guaranteed investment contracts, separate account guaranteed investment contracts, synthetic guaranteed investment contracts, money market mutual funds, and other stable value products. The Fund is valued at the NAV of the units owned and the NAV is used as a practical expedient to estimate fair value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The Fund includes FBRICs at contract value in determining the NAV.

D. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$23,755,980	\$ -	\$ -	\$23,755,980
Total assets in the fair value hierarchy	\$23,755,980	\$ -	\$ -	\$23,755,980
Investments measured at net asset value (a)				2,859,851
Investments, at fair value				\$26,615,831

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$33,150,022	\$ -	\$ -	\$33,150,022
Total assets in the fair value hierarchy	\$33,150,022	\$ -	\$ -	\$33,150,022
Investments measured at net asset value (a)				1,946,367
Investments, at fair value				\$35,096,389

(a) In accordance with ASC Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the NAV per Share as a Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust	\$2,859,851	N/A	Daily	12 Months

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

E. Plan Termination and Partial Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions allocated to their accounts. As a result of a reduction of the Plan Sponsor's workforce in 2023, the SLWM 401(k) Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. All affected employees who were participants in the SLWM 401(k) Plan became fully vested at the time of the partial plan termination.

F. Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Related Party Transactions and Party-In-Interest Transactions

During 2022 and 2021, Charles Schwab Trust Company, LLC was the trustee of the Plan and Northwest Plan Services, Inc. (NWPS) was the recordkeeper of the Plan. The financial statements include recordkeeping and trustee expenses and fees paid by the Plan. See also Note A. Description of Plan – 7. Forfeiture Account and 8. Fee Recapture Account. Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Plan issues notes to its participants, which are secured by the participants' balance.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.
