## Independent Auditor's Report

The Retirement Plans Subcommittee of the Finance,  
Investment & Retirement Plans Committee  
Guiding Eyes for the Blind, Inc.  
Guiding Eyes for the Blind, Inc. Pension Plan  
Yorktown Heights, New York

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of the Guiding Eyes for the Blind, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (liquidation basis) as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits (liquidation basis) for the years then ended and statement of accumulated plan benefits and statement of changes in accumulated plan benefits (liquidation basis) as of and for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter - Plan Termination and Use of Liquidation Basis of Accounting***

As further discussed in Note 1 of the financial statements, Guiding Eyes for the Blind, Inc. approved a resolution on September 28, 2021 to terminate the Plan effective December 31, 2021. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting to the liquidation basis of accounting for all periods presented in the financial statements. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental Schedule H (Form 5500), Line 4j - Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of Plan

The following brief description of the Guiding Eyes for the Blind, Inc. Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for the complete information.

#### *General*

The Plan was a noncontributory defined benefit pension plan sponsored by Guiding Eyes for the Blind, Inc. (GEB or Employer). All employees are included in the Plan on the January 1 nearest the completion of one year of service, or 1,000 hours of service, and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### *Plan Amendment and Adoption of 403(b) Plan*

The Plan administrator adopted an amendment to the Plan that froze the Plan with respect to eligibility and benefit accruals, effective January 1, 2015. The Plan was amended to reflect the following: (1) no employee shall be eligible to become a participant in the Plan after December 31, 2014; (2) the benefit accruals shall not be credited for any service or employment for any participant after December 31, 2014; (3) a participant who is not 100% vested will continue to vest after December 31, 2014, so long as the participant is still employed after December 31, 2014 and is working at least 1,000 hours, while part-time employees will continue to vest after December 31, 2014 based on a percentage of hours worked on an annual basis; and (4) final average earnings shall not include any compensation earned by the participant after December 31, 2014.

Effective January 1, 2015, GEB established a 403(b) plan into which GEB will make contributions. Accordingly, employees also will be able to make contributions to the 403(b) plan. The 403(b) plan's information is not included within these financial statements.

#### *Plan Termination and Use of Liquidation Basis of Accounting*

The Employer approved a resolution on September 28, 2021 to terminate the Plan effective December 31, 2021. In accordance with the basis of accounting as further described in Note 2, the Plan has changed its basis of accounting from the accrual basis of accounting to the liquidation basis of accounting for all periods presented in the financial statements. The distribution of benefits to participants will be done in accordance with Plan provisions, ERISA and all other applicable legal regulations.

During 2022, the following transactions were effected to distribute all of the Plan's net assets available for benefits (liquidation basis) and to satisfy all of the plan's accumulated plan benefits:

- Lump sum and rollover distributions were made to eligible participants totaling \$12,918,805 in August 2022.
- In August 2022, a nonparticipating single premium group annuity contract was purchased from Principal Life Insurance Company (Principal) at a cost of \$12,441,481, which was paid from plan assets to provide for future monthly benefit payments to annuitants and future annuitants.

## Notes to Financial Statements (Liquidation Basis)

---

As of December 31, 2022 the Plan had no remaining net assets available for benefits and the Employer will be responsible for any expenses that become known or due after December 31, 2022 for the Plan.

### ***Funding Policy***

GEB contributes amounts as calculated by the actuary using the projected unit credit actuarial cost method. The amount of the contribution may vary from year to year, depending on, for example, participant turnover, benefit payments, and investment gains or losses. This method and the actuarial assumptions referred to in Note 2 have been designed to provide sufficient funds to pay benefits as they become payable under the Plan.

During 2022, as a result of the annuity purchase, lump sum pay out processes and volatile market conditions, there were contributions of \$1,140,001 into the Plan. During 2021, there were no contributions made to the Plan.

### ***Pension Benefits***

Employees other than trainers are entitled to pension benefits on the later of their 65<sup>th</sup> birthday or the fifth anniversary of the date their participation commenced. Trainers are entitled to pension benefits at the earlier of the following:

- The later of their 65<sup>th</sup> birthday or the fifth anniversary of the date their participation commenced.
- The later of the participant's 55<sup>th</sup> birthday or the tenth anniversary of the date their participation commenced.

During 2008, the Plan was amended and the accrued benefit formula was changed as follows:

Prior to the Plan amendment—the sum of (1) plus (2) where:

- (1) Equals 1.5% of past service compensation times years of credited service as of December 31, 1991, where past service compensation equaled the average of annual compensation over the five consecutive years of credited service preceding January 1, 1997.
- (2) Equals 1.5% of annual compensation for each year of credited service on or after January 1, 1992.

After the Plan amendment—the sum of (a) plus (b) where:

- (a) Equals 1.5% of past service compensation times years of credited service as of December 31, 1996, where past service compensation equals the average of annual compensation over the five consecutive years of credited service preceding January 1, 2008.
- (b) Equals 1.5% of annual compensation for each year of credited service on or after January 1, 1997.

The normal benefits under the Plan are (a) single-life annuity, (b) joint and survivor annuity, or (c) life annuity with a ten-year guarantee that is payable monthly upon retirement or termination. If the single-sum actuarial equivalent of a participant's vested pension benefit is equal to or less than \$5,000, a single lump-sum payment shall be made as soon as reasonably possible following the participant's termination of employment.

## Notes to Financial Statements (Liquidation Basis)

---

### ***Death Benefits***

If a participant dies before retirement, the surviving spouse or beneficiary shall be entitled to receive a survivor annuity equal to the monthly amount the spouse would have received under the joint and 50% survivor annuity option. If a participant dies after retirement, the same form of pension benefit payment will be payable to the beneficiary if there is no surviving spouse.

### ***Vesting***

Section 411(a)(5) of the Internal Revenue Code (the Code) provides that a year of vesting service is any year in which an employee works more than 1,000 hours. The Plan's years of vesting service chart is outlined below:

Hours of Service Credited	Percentage of Full Year of Service Credited (%)
0-200	10
201-400	20
401-600	30
601-800	40
801-999	50
1,000 and above	100

A participant shall be vested in accordance with the following table:

Years of Service	Vested (%)
Less than 3	-
3 but less than 4	20
4 but less than 5	40
5 but less than 6	60
6 but less than 7	80
7 or more	100

### ***Rollover Distributions***

A participant may elect to directly roll over all or any portion of a lump-sum distribution to an eligible retirement plan. A direct rollover is a payment by the Plan to the eligible retirement plan specified by the participant.

The Plan amended Section 6.9(d) to lower the threshold from \$5,000 to \$1,000 of a direct rollover to a non-located participant to comply with provisions of the Economic Growth Tax Relief Reconciliation Act of 2001 (EGTRRA).

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2013-07, *Presentation of Financial Statements (Topic 205) - Liquidation Basis of Accounting* and Accounting Standards Codification (ASC) 205-30, *Liquidation Basis of Accounting*, require an entity to prepare its financial statements using the liquidation basis of accounting when liquidation has occurred or is imminent. As of December 31, 2021, it was determined liquidation of the Plan was imminent. Therefore, the accompanying financial statements have been prepared on the liquidation basis of accounting for all periods presented.

#### *Investment Valuation and Income Recognition*

The Plan's investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold, as well as held, during the year.

#### *Fair Value Measurements*

The Plan's investments are stated at fair value. Accounting principles generally accepted in the United States of America (GAAP) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable.

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

### *Actuarial Present Value of Accumulated Plan Benefits*

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered through the freeze date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries or employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances—retirement, death, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered through the freeze date to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's independent actuary discounting back the actual lump sums paid in August 2022, annuities paid between January 1, 2022 through December 31, 2022, and the premiums paid to the annuity provider (Principal) for the annuity purchase in August 2022, using the 1-year Treasury rate as of December 31, 2021.

At December 31, 2022, the foregoing actuarial assumptions reflected the Employer's intention to terminate the Plan, via a combination of lump-sum payments to participant and the purchase of an irrevocable group annuity contract from Principal. At December 31, 2022, the accumulated plan benefits were zero due to the benefits being paid to plan participants or the obligation being transferred to the purchase of the group annuity contract.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Plan. Administrative expenses paid by the Employer for the Plan are excluded from these financial statements. Transaction fees, such as distribution, withdrawal, and investment buying or selling fees, are paid by the Plan and charged directly to the Plan.

### *Use of Estimates*

The preparation of the Plan's financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenue, and expenses, as well as the disclosures of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. These estimates include the fair value of investments. Actual results could differ from those estimates.

## **3. Risks and Uncertainties**

The Plan invests in various investment securities. These funds are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (liquidation basis).

# Guiding Eyes for the Blind, Inc. Pension Plan

## Notes to Financial Statements (Liquidation Basis)

---

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Additionally, the liquidation basis of accounting requires estimates of accrued interest expected to be earned through the end of liquidation, accrued expenses expected to be incurred through the end of liquidation, contributions expected to be received in liquidation, and payouts of lump sums and annuities upon liquidation of the Plan. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

### 4. Fair Value Measurement

A description of the valuation techniques to the Plan's major categories of assets measured at fair value is as follows. There have been no changes in the methodologies used at December 31, 2022 and 2021.

#### *Pooled Investment Vehicles*

The Plan's assets are invested in pooled investment vehicles. The pooled investment vehicles invest directly in designated mutual funds. The pooled investment vehicles own and hold the underlying mutual funds, which are valued daily at their net asset value (NAV). The Plan's investment strategy is to invest in pooled investment vehicles which will invest in 40% or less in equities and 60% in fixed income, alternative investments, and cash. Rather than directly owning the mutual funds themselves, the Plan owns units of the pooled investment vehicles.

The accumulation unit value (AUV) is the value of each unit in the pooled investment vehicles, and the pooled investment is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the NAV of the shares of the underlying fund, the fund's dividends, and the pooled investment's account charges. Investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient are not categorized using the fair value hierarchy. As such, the Plan's holdings in the pooled investment vehicles are exempt from fair value hierarchy categorization. Holdings can be redeemed daily. There are no unfunded commitments.

The valuation methods, as described above, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies, or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### 5. Information Certified by JPMorgan Chase Bank, N.A.

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JPMorgan Chase Bank, N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule are complete and accurate:

# Guiding Eyes for the Blind, Inc. Pension Plan

## Notes to Financial Statements (Liquidation Basis)

---

- Investments at fair value, reflected on the accompanying statements of net assets available for benefit (liquidation basis) as of December 31, 2022 and 2021.
- Net appreciation (depreciation) in fair value of investments reflected on the accompanying statements of changes in net assets available for benefit (liquidation basis) for the years ended December 31, 2022 and 2021.
- All investment information reflected on the supplemental Schedule H (Form 5500), Line 4j - Schedule of Reportable Transactions as of December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

### 6. Plan Termination

As discussed in Note 1, the Employer terminated the Plan, effective December 31, 2021. The Employer had the right, under the Plan, to discontinue its contributions and to terminate the Plan, subject to the provisions set forth in ERISA. Upon termination, the assets of the Plan were distributed to Plan participants and beneficiaries or will be distributed under the terms of the annuity contracts with plan participants in accordance with applicable provisions of ERISA and the Plan document.

### 7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by an updated letter dated February 19, 2013 that the Plan is designed in accordance with applicable sections of the Code. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

### 8. Party-in-Interest Transactions

The Plan's investments are managed and certified by JPMorgan Chase Bank, N.A. Therefore, transactions with JPMorgan Chase Bank, N.A. qualify as party-in-interest transactions.

### 9. Subsequent Events

The Plan has performed subsequent events procedures through October 13, 2023, the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements.
